The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

Christmas is over, many a song has been sung around the wassail bowl, Junior's toys have had their workover by Dad, gifts have been taken back to stores and exchanged for the right sizes, mother still sputters over the Christmas tree making such a mess in the living room, but one wouldn't miss it all for worlds. Now, we can all settle down and look forward to the New Year . . . Hope that we do not get New York's snow storm up Charlevoix way. That is one thing we would just as soon see going some other way . . .

What do you consider the biggest thing that happened in Charlevoix the past year and also what was Charlevoix's greatest loss? . . . Thinking back over the year some prominent folks in the national eye passed away during 1947, namely Henry Ford, Grace Moore, W. C. Fields, F. H. LaGuardia, N. M. Butler, Harry Carey and Al Capone . . . A note from Henry and Edna Hammond now at Lakeland, Fla., tells that they were several days on the road getting to their destination. Writes Mrs. Hammond, "We were several days on the road as we went to Grand Bay, Ala. It rained nearly all of the time and rain started here just as we arrived. Yes and today the sun has been shining, but it is really cool. The poinsettas are beautiful, also several other shrubs." . . . Heavens, we are just getting used to the new look idea and now comes along, the "closed-look." What are fashion designers going to do next to tease us away from our old clothes, 'n things. The closed look is found in the way of shoes. Open toed shoes may not be the last word now, but just the same a lot of us will be wearing them for some time . . .

Just learned from the State Department of Health that Michigan had the lowest death rate in '47 of any year in its history . . . That's good news!! . . . My two big thrills of the week was reading the many, many Christmas cards, notes and letters that found their way to our door and going to call on Mrs. Tom Kovar, who just returned from Czechoslovakia. While there she dressed me up in one of the native costumes she had brought each of her five daughters. Such beautiful materials and embroidering! I didn't even recognize myself when I looked in the mirror. Looked as though I had stepped out of a box straight from Europe. It was a real tingly thrill!!

January 10 will be a big day in Los Angeles, in Sycamore Grove out North Figuroa St., for the annual Michigan picnic will be held then. Picnicers will come with their baskets and be seated at tables according to the Counties they hail from. Wonder how many Charlevoix County folks will be present? As a feature of the day the Chairman has written and asked for newspapers from folks' home town, so some copies of the Courier have been sent to give the news of home for someone from this section who might be there . . .

One of the nicest things about Charlevoix is the music of our three songsters, the Charlevoices. During the Christmas season they have been more than gracious in singing wherever and whenever asked. The other night, it's a safe bet that Esther Hawley's brother up in Bessemer, Mich. got a real thrill for he was given a long distance call and the Charlevoices serenaded him, as it was his birthday. Bet that is the best present he has had in many a day . . . Mrs. Shirley Post, daughter, Sally, and son, John, spent the Christmas holiday in Charlevoix with the Freedman family. Mrs. Post, who is from Cincinnati is a sister of Gordon Freedman . . .

Power Squadron Winter Classes Start January 7

The Charlevoix Power Squadron elected the following officers at the December regular meeting:

Ronald J. Abfalter, Commander Joseph Arvilla, Lt. Commander; Clarence Wood, Ist. Lieutenant; James Bellinger, Treasurer; W. C. Bellinger, Secretary.

Board of Admission: Joseph Arvilla, Chairman; Ronald Abfalter, James Bellinger.

Board of Advanced Grades: James Bellinger, J. N., Chairman; W. C. Bellinger, J. N.; John Nordrum, A. P.

The regular free classes in piloting will start Jan. 7 in the high school. These classes are for anyone interested in boating, each of the eight sessions covering some important phase of that subject. There will be enough instruction to enable anyone who completes the course to get his boat around the Great Lakes safely and intelligently.

East Jordan, Petoskey Picked for Spring Cage Tournaments

Locations for district and regional competition in the 1946 state high school basketball tournament were announced last week in Lansing by Charles E. Forsythe, state athletic director.

Approximately 675 high schools represented by more than 10,000 players, will participate in the tournaments. For the first time since 1943 class B, C, and D regional qualifications in the Upper Peninsula will compete in the state basketball tournament in the Lower Peninsula.

Sixty-three Lower Peninsula and 9 Upper Peninsula meets will take place March 3 to 6. On the following week-end, March 10-13, there will be 20 regional tournaments in the Lower Peninsula and 2 in the Upper Peninsula. The quarter finals will be played March 17 in centrally located cities to be selected after the regional qualifiers are decided. The semi-finals and the championship games will be played March 19 and 20 at the Jenison Fieldhouse at Michigan State College.

The centers in this area selected for the district play include: Houghton Lake (C), Mesick (D), Manistee (D), Traverse City (C-D-E), Grayling (C-D), Alpena-St. Anne (C-D), East Jordan (C-D), Petoskey (C-D).

The centers chosen for regional play include Petoskey (B-C-D).

Cribbage Tourney Starts Jan. 5

An old rivalry of 16 years standing will be resumed Monday evening when the cribbage players of the Odd Fellows and Masonic Lodges meet at the Masonic Hall.

Last year the Odd Fellows won the ten weeks tournament. Once again, the play will be on Monday evenings for ten weeks and will wind up with the losers banqueting the winners.

Joe Williams is the secretary-treasurer of the tournament.

Mrs. Theresa Woods Succumbs Sunday

Mrs. Theresa Woods, 79, widow of the late William A. Woods who died on Sept. 22, passed away at the home of her daughter, Mrs. Clifford Colley in Petoskey Sunday following a heart attack.

She had been in failing health for several years.

Born in St. Johns, Newfoundland on May 18, 1668, Theresa O'Brien was married to Mr. Woods on Oct. 10, 1687 and came to Chicago the following spring. In 1890 they came to Charlevoix and have resided here since except for winters spent in Petoskey. She has resided with her daughter, Mrs. Colley, since Mr. Woods death last fall.

She was a member of St. Mary's church and was active in the Altar Society.

She is survived by four daughters, Mrs. James Payne, Mrs. Lewis Reid, and Mrs. Hugh Kenner of Detroit, and Mrs. Colley of Petoskey; two sons, William P. of Grand Rapids and John J. of Chicago; 34 grandchildren and 26 great-grandchildren. Two daughters, Mrs. Homer Brady and Mrs. Mose Zess preceded her in death.

A Requiem High Mass was said at St. Mary's church at 9 a. m. Wednesday with the Rev. A. V. Ulanowicz of Newaygo, Rev. Fr. Hugolinus O.F.M., of Petoskey, and Rev. Leo Zeilinski officiating. Burial was in the Catholic cemetery.

Post Office Finds Set of Real Teeth

No fooling this time, some one did leave or lose a set of teeth at the Post Office.

Just before Christmas it was a fake plate made of beans and bubble gum. But this time Percy Durance found a small box, originally from a Detroit dental supply company, and inside was an upper and lower. The box is at The Courier.

St. Mary's to Have New Year's Service

St. Mary's church will have the traditional New Year's Eve services Wednesday night.

The Holy Hour of Adoration will be from 7:30 to 6:30 p. m. It will be in thanksgiving for all the graces and blessings received during 1947.

New Cadillac Displayed Here

Believed to be the first Cadillac ever stocked by a Charlevoix County dealer, a new 62 sedan is on the display floor at the Auto Electric Service now.

H. O. Krahnke says he thinks his agency is the first and only one in the county to handle a Cadillac, at least in recent years.

Country Fair Raises $400 For Hospital

More than $400 was raised Saturday night for the Charlevoix Hospital by the Country Fair put on at the school gymnasium.

Some cash still remained to be turned in Tuesday but there was no question the net return would be above $400, according to William Supernaw. He with Bob Miles and Stewart Henner were the committee planning and directing the Fair.

The organizations which took part, and their concessions, were:

Congregators, auction and raffle.

Mary Burns circle, fish pond and fortune telling.

Garden Club, rummage sale, fortune telling, fish pond.

VFW, penny pitch, ring toss.

Rebekahs, cake walk.

Methodist Young Adults, coffee and hot dog stand.

Eastern Star, candy sale.

St. Mary's Altar Society, cake sale.

SPEBSQSA, penny pitch.

Girl Scouts, penny pitch and candy stand.

Episcopal Youth Society, coke and refreshment stand.

Basketball teams, basket shooting.

The auctioneer was Chief Clarence Heise. Winner of the raffled electric oven was Mrs. Archie Livingston; of the radio, Mrs. Leo Allard.

Credit for the success of the Fair, according to the Congregators who suggested it, goes to the businessmen of Charlevoix who contributed and to the various organizations who donated time, material and work.

The money raised will be turned over to the operating fund of the Charlevoix Hospital.

Income Tax Man To Be Here Jan. 5

A Deputy Collector of Revenue will be at the Charlevoix Post Office Jan. 5 to assist taxpayers in preparing their current income tax returns. There will be no charge for this service.

Shot Fractures Leg Of Wilbur Wells, 17

A bunch of boys, a cabin in the woods, 22 rifle, a ricocheting bullet.

Saturday afternoon these added up to a fractured leg for Wilbur Wells, 17, son of Mr. and Mrs. Wilbur Wells.

The boys are a group from junior and senior high school. Their cabin is one they have built out toward South Point.

Saturday afternoon they were out there, shooting happily away. A bullet struck the stove pipe, ricocheted and hit the upper leg of young Wells. He was taken to the Hospital where a cast was put on the leg Tuesday.

After lengthy investigation State Police and Sheriff Floyd Ikens say they believe the shot was fired by Charles Krahnke but that all the boys were equally at fault.

Tyron Denied Motion For New Trial

William L. Tryon, 36, Boyne City CIO leader who is now serving a life sentence in Southern Michigan Prison for the first degree murder of his wife on Dec. 2, 1946, was denied a motion for a new trial in a letter filed with County Clerk Fenton R. Bulow on Dec. 27.

The denial came a month after Tryon's attorneys appeared before Judge Karl K. Leibrand, of Bay City, who presided at the trial in April, to petition for a new trial.

In the denial filed with Mr. Bulow and in a copy sent to County Prosecutor C. M. Bice, Judge Leibrand stated that in his opinion the testimony well warranted the verdict rendered and it would be an abuse of discretion to tamper with and set aside this verdict."

In a whirl of last minute filings, nominations were made Monday afternoon for all but one of the city and county offices to be filled this spring.

The one exception is the third ward supervisorship. C. B. Meggison's petition was not in the city clerk's office by 4 p. m., but he says he will seek renomination on slips.

Ray S. Hamilton, city clerk for 21 years, and Jesse Smith, former alderman, filed for mayor. Karl Erher, mayor for two terms, declined to run again.

Hugh Mayne is the only nominee for the clerk's post. Nelle A. Hammond filed for city treasurer.

In the first ward, William Heering will be unopposed for alderman. Incumbent Kenneth McFadden did not file. George A. Haggard in the first and Arthur Bergeon in the second both are candidates again for supervisor.

Four men filed for alderman in the second, Harold Dutcher refusing to run again. They are Carl F. Kohler, Milo E. Wakefield, Robert E. Wexstaff and Drew E. Young.

In the third the nominees are W. E. Goss, incumbent, Ralph S. Hamilton and John Boss, Sr.

Any nominee who does not want his name to appear on the ballot for the Feb. 16 primary has until Friday afternoon to withdraw it.

Norman Ketchman Leads Rifle Match

Norman Ketchman once again led the scores in last Sunday's shoot of the Junior Rifle Club at the indoor range at the Auto Electric Service.

Three top scorers were: Norman 55; Bradford Foster, 48; Spike Goss, Jr., 42. The shoot is open to any Charlevoix boy. Rifle and ammunition are available at the range.

New Korth Locker Plant Combines Storage, Processing, Quick Freeze Facilities

After months of delays caused by material shortages, Charlevoix's new, complete locker plant now is in full operation.

Built by Lawrence Korth at his plant on US-31, it is being run by Mr. and Mrs. Carl Korth.

The plant offers four services.

It can store and age meat in a bacteria free room.

It smokes and cures meats and poultry.

It cuts up and packages meats and, in season fruits and vegetables.

It provides quick freeze and storage facilities both on a commercial and family scale.

At the front of building on the circular drive is a door notched at the top for an overhead carrier track. Quarters of beef, hogs, deer are hooked to this and rolled into the 10 by 20 foot storage room.

A wierd looking place, the only light comes from five bluish light tubes spaced evenly along the ceiling. These are the ultra violet units developed by Westinghouse and a grocery chain

NEW YEAR IS HERE!

When the old year with his flowing robe and long whiskers gives way to the new year cherub with his telescope set on a fruitful year ahead, we are always sure that the new twelvemonth will be better—and it generally is!

Young Mr. 1948 will prove no exception, we are sure, and so we again greet you with the hope that the traditional faith and good will which always mark the advent of the New Year will bring their reward in the form of an improved community this year.

and Employees

• It may be a good thing, as some maintain, to stop and take stock at the end of the year, to review, to analyze, and to resolve greater accomplishments in the New Year.

• With 1948 immediately ahead of us, let us remember only the best, forget the worst, and look confidently ahead. May this year hold for you more blessings than any that has gone before.

company which kill bacteria. A blower at one end circulates air so that the room is kept virtually germ free.

Meat hung in here can be aged to suit the customer. The usual time is one to two weeks before cutting up. The room likewise is used for storing smoked meats, poultry, smoked turkey.

Smoking and curing is done the old fashioned, slow way. No chemical smoke is used. The meat is pickled, worked over and finally smoked in the new square separate building. Five to six weeks are required for this; the cost is figured by the pound of meat cured.

The packaging equipment is all in place. It consists of a meat block, wrapping counter, sausage and hamburg machine, power meat saw, and a five foot rack of rubber stamps.

Meat is wrapped in plofilm, a tough paper coated on one side with a plastic film. On each package is stamped what is inside. The name of the owner, his locker number and the date are written on each also so that there is no danger of mixup or loss of packages.

When a locker patron brings or sends in meat, his order is taken on how he wants it handled—what cuts, the size of each. In this way bother, leftovers and inconvenience in the home are avoided.

When the food is put up and marked, it is taken out to the freezer unit in large wire baskets—one person's packages to a basket. The unit is a large, white enamel case at one end of the 18 by 38 cold room. Inside at a temperature of 15 to 20 below,

One aisle in the locker room taken from the quick freeze unit section.

the food is quickly frozen hard.

From there it is transferred to the patron's locker where he can get it when wanted. There are 276 of these.

The part of the cold room holding the quick freeze unit is fenced off from the locker section. In here commercial quantities of foods can be stored in cases or baskets.

Korth is planning one more addition. In the spring he plans to install a meat display case at the plant for handling retail meats and poultry.

And, he says, he also hopes to put in a line of fine and fancy cheeses such as are stocked by the cheese stores at Pinconning.

Omer McCann of Detroit is spending the holidays with his mother, Mrs. M. J. McCann.

Mrs. Ella Shea Dies At Home Here

Mrs. Ella Shea, 79, wife of Thomas Shea, died Thursday at her home at 503 West Garfield Ave. Although she had been in failing health for three years, her death was unexpected.

Ella Thorp was born at Mt. Forest, Ont., on June 12, 1868 and came to Charlevoix as a child. After her marriage to Albert A. Case in 1889 she lived in Ellsworth. She was married to Richard Hammond in Grand Rapids and a short while later they came to Charlevoix where he died in 1915. In 1920 she went to Lansing where she married Mr. Shea in 1926. They returned here to make their home in 1939.

Besides her husband she is survived by a daughter Mrs. Lillian Cotton of Lansing; three step-children, Mrs. Lillian Francis, Mrs. Roxie Anders, and Richard Hammond all of Grand Rapids; two sisters, Mrs. Margaret Rogers of Lansing and Mrs. Susann Marsae of Detroit; three brothers, John of Detroit, Robert of Big Bay and Thomas of Lansing; three grandchildren and four great-grandchildren.

Funeral services were held at the See Funeral Home at 2 p. m. Monday with the Rev. W. D. Wood officiating. Burial will be in the Brookside cemetery.

Speigl-Ager Nuptials Celebrated Monday

St. Mary's church was the scene of the marriage of Miss Clara E. Speigl, daughter of Mr. and Mrs. Jake Speigl of Bay Shore, and Frederick G. Ager, son of Mrs. Edna Ager and Henry Ager of this city, at 9 a. m. Monday.

Rev. Leo Zeilinski read the single ring service.

The bride, given in marriage by her father, selected an old gold gabardine suit, brown accessories and a corsage of white pompoms and red roses for her wedding.

Mrs. Herbert Moore was her sister's only attendant and wore a beige suit.

Danford Gallagher assisted the bridegroom as best man.

Mrs. Speigl chose a royal blue dress, matching accessories for her daughter's wedding.

A wedding breakfest was held at the home of the bride's parents for 20 guests. At 2 o'clock a reception for 50 guests was held at the home of the bridegroom's grandmother, Mrs. Fred Hull.

After a short wedding trip the couple will make their home here.

The bride attended the Petoskey high school. The bridegroom graduated from the Charlevoix high school and in Sept. 1946 was discharged from the Army Air Forces after serving more than three and a half years.

Shakespeare Club holds Party At Harold Miller Home

The Harold Miller home was festive looking in its Christmas decorations and an ideal spot for the members of the Shakespeare Club to hold their annual Christmas party.

Roll call turned into a scavenger hunt with scrambled words which led to the Christmas present under the tree. Christmas games and stunts were other features. The Charlevoiees sang three selections and then the group found their way to the tea tables for tempting refreshments.

The first meeting of the New Year will be held Jan. 5 at the home of Mrs. Leo Carey.

CARD OF THANKS

We wish to express our sincere appreciation to all who extended kindness and sympathy in our recent bereavement. We especially wish to thank Reverend Howard Moore for his comforting words, John Bos for his singing, the pallbearers, and all who helped us in our time of sorrow.

Mrs. Joseph Holecheck and family.

When the stork alights with that brand-new year, he is bringing 525,600 minutes in that precious package. May each of these passing minutes of 1948 add its mite to your happiness and welfare, and may you have a moment, now and then, to spare for old friends over here.

NEW HOPE · BEST WISHES

Time, the one monarch to whom the whole world pays obeisance, poises his scythe to sweep back another year into history's pages.

Few tears mark the death of the old year, but there is gladness at the advent of a new era, which man feels is to prove better and more fruitful than the old one.

May new faith and new courage be your lot in 1948.

★ As Father Time closes the book on 1947, places it on the shelf with its predecessors and gingerly turns the fly leaf of 1948, we pause for a moment to express the hope that the New Year will shower all its blessings on you, that health, happiness and prosperity will be yours to unbounded measure. Drop in and see us any time.

Why do people say:
"He's MY Doctor"?

People are quite possessive about their doctors, and for a very deep-rooted American reason. People are brought up to be individualists in this country — they know that it means something vital to be an individual "with certain inalienable rights." Their health is a very personal thing to them, and they want the mental satisfaction and peace of mind that comes from the individual choice of their medical doctors. There is both dignity and importance vested in the inalienable right to select one's doctor with a free will — and to refer to him as "my doctor." It is too much of a priceless right to be tampered with by any impersonal socializing, don't you think?

Many Farmers Must File Tax Report On Income

Income tax time is here again! Every individual who has a gross income of $500 or more is required to file a return. Of course, this does not mean that everyone filing a return will have a tax to pay.

Farmers will use forms identical to those used last year. Form 1040 ES, called, "The Declaration of Estimated Income Tax," will be used if an "estimate" instead of the "final" return is to be made by Jan. 15. Form 1940 F, "Schedule of Farm Income and Expense" will be necessary as before in order to compute and report the net farm profit. Form 1040, "individual Income Tax return" will also be needed as it was in previous years to compute and report the amount of income tax due.

Every farmer required to report must either file an "estimate" or the "final return" on, or before Jan. 15, 1948, or 15 days after the close of his accounting year. If possible, the final return should be filed at this time. Then it will not be necessary to make an estimated return. The entire amount of the tax or estimated tax must accompany the return at this time. If only an estimate is filed, the final return is due March 15, 1948, or on the 15th day of the third month following the close of the accounting year.

There are two changes in procedure this year that may affect tax returns. One concerns the expenditures in the preparation and development of farms and orchards, and the other deals with Michigan's new community property law. Better check to see if either of these regulations will affect your return this year.

FREEDMAN ARTCRAFT ENGINEERING CORPORATION

December 31, 1947

To All Charlevoix:

Traditionally the coming of the New Year is the time to take a forward look and plan for the future.

It is especially fitting that this company do so at this New Year.

Our new factory is virtually completed. While we have been in full production ever since starting here in 1946, the new plant will enable us to expand production and add still more to our payroll.

Shortly we plan to have an Open House at the factory to which everyone is invited to see what we make and how it is done.

And for 1948, we further pledge ourselves to work in every way for a better and more beautiful Charlevoix.

Sincerely yours,

Gordon L. Freedman

News of folks, your neighbors and mine . . . but did you know that—

There has been a general exodus of all the college students this week-end, back to their respective schools and the town seems a bit quieter . . . New Year's parties, holiday egg-nog parties and general get-togethers marked the holidays in Charlevoix . . . Others were busy entertaining Virus "X", the unknown flu bug that seems quite prevalent at present.

Hope that Lower Michigan is back to normal after its terrific storm of snow, sleet and ice. It pays to live in Charlevoix for we missed that . . .

The George B. Houstons are back at their home on Michigan after holidaying in Detroit. Speaking of Mrs. Houston, we promised several folks who attended the Christmas Kid party of the Cooperators that we would print the rule for the Date Pudding that Mrs. Houston baked for the occasion. Well, here 'tis: 1 cup dates, packed tightly, 1 2/3 teaspoon soda, 1 cup sugar, 2/3 cup nut meats, 1 1/3 cups cake flour, 1 cup boiling water, 3 tablespoons butter, 1 egg, 1 teaspoon vanilla. Put dates and nuts through the food chopper. Combine with water, soda, butter. Let cool. Beat egg until foamy. Add sugar, date mixture, flour and vanilla. Bake 25 minutes at 375 degrees. Topping for pudding: 1 cup dates, ½ cup boiling water, ½ cup nut meats, 1 cup sugar, vanilla. Cut dates into small pieces, boil dates, sugar, water for three minutes. Add nut meats and vanilla. Let cool and spread on top of pudding. Serve with whipped cream. Serves 15.

With the passing of Mrs. Theresa Woods, Charlevoix lost one of its town characters. Mrs. Woods was a well-known personage. For years she ran the refreshment stand at the golf course and was famed for her Irish blarney. John Woods of Chicago was here for the funeral. John, by the way, lives at 1416 Astor in Chicago and said that he would enjoy seeing his Charlevoix friends when they come down his way.

Wasn't the Michigan-Southern California game a thrill no end on New Year's Day. With that 49 to 0 score Michigan really did themselves proud out in California and Rose Bowlers will remember that game for some time. Charles Emrey and his son, Bob, former Charlevoix folks, now at Glendale, had ringside seats for the game.

Word from the Ray Faulkners tell of the wonderful time they are having at Palo Alto with their son, Raymond and family. They are enjoying the mountains, the many birds who live around the Faulkner home, as well as going places and doing things. They plan to return late in January to Charlevoix . . . With so many seed catalogs coming to folks about town these days, can spring be too far behind? . . . The popular spot about town is the ice-rink at school. The place is really crowded some days and this year the skaters have music as well. Some of the Charlevoix gals surely cut a pretty figure, for example, Nancy Kipke, both figuratively and literally speaking!

Daisy and John Dutcher who spent the holidays with their parents, Mr. and Mrs. Del Dutcher, have returned to their home in Detroit . . . Louise Young returned to school down in Wheaton, Ill. She will graduate in June . . . The Earl A. Youngs have received word from the West Coast that a fine and healthy young son has arrived to Mr. and Mrs. John Dubas. Mrs. Dubas is remembered as Virginia Young . . . Mrs. Joel Johnston left Monday to spend three weeks in Cleveland . . . Marian Benninghoff returned to her work at the Dental School of the University of Michigan, after spending the holidays with her sister and family, the L. E. Towes.

Mr. and Mrs. Tom Hines, who were so seriously injured in an automobile accident many weeks ago, are now at their home on Clinton street. They are mighty grateful that they are alive and found such wonderful friends in Charlevoix. Folks showed kindnesses to them in so many ways while they were confined to their beds at the hospital, and since their arrival at home.

Services Discontinued

The Lutheran church services held at the City Hall will be discontinued during January because of the pastor's vacation, but will be resumed Feb. 1.

West Michigan Tourist Leaders To Visit City

Charlevoix will be host to four of the officers of the West Michigan Tourist & Resort Association Jan. 15.

The four men are coming here then to hold an open meeting on resort business and things West Michigan can do to advance it. They are:

Joe Bachunas, president, of Tabor Farms.

Chester White, new secretary.

Roland White, field representative.

Edward Dreier, publicity director.

The meeting in the City Hall will be for all citizens and businessmen, whether directly connected with the resort business or not. President Bachunas says the purpose is to get ideas, criticisms and suggestions on what the Association does or can do.

Charlevoix will end a four meeting series planned by the association officers. The other sessions are at Big Rapids, Petoskey and Boyne City.

Susan Lake Will Be Closed to Spearing

Susan Lake will be closed to spearing this winter Officer Ed Starback announces.

Last winter spearing was permitted in the lake and to use Starback's words: "fish hogs took so many that it will be several seasons before it is back where it should be."

Since Susan Lake is one of the best pike lakes in the area, and a prime tourist attraction in the summer, the Conservation Department feels that its chief value is to provide sport and not meat.

Hook and line fishing will be permitted this winter, Starback says, and adds that he believes such fishing alone can keep the fish population at the required level without spearing. A yearly check will be made by Conservation experts.

Assemblies of God To Hold Services

A new church will start holding services here next Sunday at the home of the pastor, Rev. R. B. Warner.

The Assemblies of God services will be at 603 Bridge street. Rev. Warner formerly was pastor of the Glad Tidings church at Harbor Beach before coming here and purchasing the former Charlecote.

He has announced this weekly schedule for his church: Sunday, 10 a. m. Sunday School; 11 a. m. morning worship; 8 p. m. evangelistic service. Tuesday, 8 p. m. cottage prayer service. Thursday, 8 p. m. regular service.

New Officers Are Installed by Club

New officers were installed and two new members inducted by the Kiwanis Club Monday night at Shady Corner.

Ralph Hamilton and Dick Edwards are the new members, and were received into the club by Supt. Roy Bennett.

Dr. F. F. McMillan paid tribute to the outgoing officers and F. R. Bulow served as installing officer. Howard Brumm is the new president. Rev. W. D. Wood was given a past president's pin.

Rink Attracts 125 Skaters Daily

More than 125 skaters has been the daily average at the ice rink on the school grounds since the season opened Christmas week.

The city and school split the total cost. Leslie Everts is in charge. The VFW supplied the amplifier for the music and the Dahlquist store hos donated a number of records.

The skaters wear off an average of a half inch of ice a day, Everts says.

Michigan Cleaners Win More Games

Charlevoix's independent basketball team, the Michigan Cleaners, have continued their victorious sweep.

The last two games were against Boyne City, played there, and Bensley's Cleaners of Traverse City here. The scores were 48 to 27 and 43 to 35.

Frozen Gull Freed; Heads for Florida

Florida seemed to be the destination of one of the two gulls frozen to the Belvedere pier and chopped loose by Bob and Keith Miles.

The other one, shown above, had too much ice still clinging

to his feet and so merely flopped barkwards a foot and into Lake Charlevoix, where it melted loose in a short time.

The first bird didn't fool, according to Bob Miles who took the picture. Just the moment he was hacked free of the ice he started due south and kept going.

Mrs. D. C. Maltby's Mother Swears In Circuit Judge

Charles L. Brown was sworn in as circuit judge of the Grand Traverse-Leelanau-Antrim-Charlevoix circuit at a testimonial dinner held at the Park Place Hotel in Traverse City Friday evening. Mrs. Laura Mohrmann of Bellaire, veteran Antrim county clerk, and mother of Mrs. D. C. Maltby, of this city, swore in Judge Brown.

Judge Brown was elected to the office last spring to succeed Judge Parm C. Gilbert who had served as 13th Judicial District judge since 1924. Judge Gilbert has been inactive since Oct. 24, 1945.

Karl Detzer was the principal speaker at the dinner which also honored Leslie G. McCain, Jr., AMM, who was presented with a gold star in lieu of a fourth air medal.

Those from Charlevoix who attended were C. M. Bice, F. R. Bulow, Rex Davis, Clarence Meggison and George Haggard.

Chief Hunts Hay For Hungry Camels

No getting around it, Chief of Police Clarence Heise has a soft heart.

Monday a friend asked him where he was going in a hurry. The Heise answer approximately was:

"Out in the country for some hay. Somebody left three camels up here on State Street in this weather and they're cold. One of 'em's all huddled up against a tree to get out of the wind. I'm going to see that they're fed."

(For the benefit of the out-of-town readers, the camels are the life-sized Christmas models in front of the Congregational church.)

New Bus Schedule Takes Effect Jan. 8

Effective Jan. 8, a new schedule will be adopted by the North Star Lines, according to Mrs. Frank Courier at Brown Motors. It will be:

Leave Charlevoix—11:55 a. m. by way of Traverse City to Grand Rapids. Connections to Ludington and Muskegon.

Leave Charlevoix—5:20 p. m. by way of Fife Lake and Cadillac to Grand Rapids.

Arrive from Grand Rapids—3:25 p. m. by way of Traverse City.

Arrive from Grand Rapids—9:25 p. m. by way of Fife Lake and Cadillac.

Liquor Advertising To Be W.C.T.U. Topic

The Perils of Liquor Advertising will be the topic discussed by Rev. Gaylord Howell Friday before the regular meeting of the W. C. T. U.

It will be held at the home of Mrs. Susan Milner.

Higher Scores Made By Junior Riflemen

High scores are being made by the members of the Junior Rifle Club sponsored by the Rod & Gun Club.

Last Sunday's three high boys were Jerry Left, 72; Jim Bowman, 71; Bill Blissett, 65.

Community Bank Deposits Larger Than Year Ago

Charlevoix folks, if bank deposits are a valid indication are somewhat better off financially than a year ago.

Statements as of Dec. 31 from both banks appeared Jan. 2, and are reprinted in full in this issue.

A comparison with the Dec. 31, 1946 statement shows slightly larger totals. Both banks shared proportionately in the gain. The figures are.

Smith Withdraws From Mayor Race

There will not be any competition for city mayor this spring.

Friday, Jesse Smith, former supervisor and Fair Board member now, withdrew the petition on file for him at the City Hall. He didn't file it, he explained, and wanted Ray Hamilton to get the job. He added he appreciated the compliment paid him.

The petition for John Boss, Sr., as aldermanic nominee from the third ward also was withdrawn. This leaves Ralph Hamilton opposing W. E. Goss there. All the other candidates' names will appear on the primary ballot in February.

Hospital Gets $421.52 From Fair

Final amount turned over to the Hospital by the Country Fair was $421.52, according to General Chairman William Supernaw.

One organization's name unfortunately was omitted last week from the list of cooperating groups. It was the American Legion which operated the big bingo game in the center of the floor and turned in a sizable part of the $421.52.

E. D. Hawley served as treasurer for the Fair.

Brother of Citizen Killed On Guam

The death of 1st Lt. Sidney L. Clarke in the crash of a P-47 on Dec. 17 on Guam was revealed in a wire to the flyer's father, John Clarke of Pellston last week.

A former Charlevoix resident and graduate of the local high, Clarke resided in Detroit until he enlisted in the army.

He was a veteran of 24 combat missions over Europe during World War II.

He is survived by his father, John W. Clarke of Pellston; his mother, Mrs. Alice Symons of Grosse Pointe Woods; his wife, Theresa and daughter, Anne of Detroit; two brothers, Channing of Detroit, and John of Charlevoix and one sister, Mrs. Patricia Riley of Detroit.

Hubert Brady Gets Navy Discharge

Hubert Brady has been discharged from the service after four and a half years in the Navy.

He received his discharge at the Y B 1 Separation Center on Dec. 16. He was a water tender, seeond class, at the time. During the war he served in the Pacific aboard the carrier SS San Jacinto, C. V. L.-30 and the USS Cowpens CVL-25 and at the time of his discharge was on the USS Alshain A. K. A.-55.

Start for Florida

Mr. and Mrs. Dallas Henry, Donna and Jon, left here last Friday for St. Petersburg, Fla. Traveling by auto and house trailer, they may stay in the South until April.

Gets New Cadillac

Harry Turner Tuesday bought the new 62 Cadillac sedan at the Auto Electric, which already has another Cadillac on hand.

C. & O. Martin, U. S. McCoy *Unlimber Heavy Guns in Feud*

Charlevoix's perennial Martins and McCoys are really unlimbering the heavy ortillery in this section's oldest and bickerin'est feud.

Usually the row is over some measley little detail. But this time it's really big potatoes, $150,000 worth.

C. & O. Martin, instead of just writing letters or yelling, has gone into court and is asking U. S. McCoy to hand over that $150,000. In fact, he did this some nine months ago. He'd asked for it before but U. S. had turned him down. So he started lawin'.

The latest argument goes back to July, 1946 when U. S.'s little nephew, Coast Guard McCoy, took his ice crusher SUNDEW and smacked C. & O.'s railroad bridge here.

C&O says is was just plain incompetent landlubberly bungling and because Coast Guardsmen brag about their seamanship they ought to pay up. Especially since C. & O. has had to spend plenty rebuilding the bridge and besides losing four days of service in the middle of the tourist season.

U. S., instead of letting his little Nephew CG do his own fighting, went to court himself. An old hand at the business, he rolled with C&O's legal punch. He told what a noble war record the SUNDEW had. (But he didn't deny that it also could smack railroad piers three feet out of line.)

Further, Uncle contends that C&O's bridge had no business being where it was. He cited figures: the channel is supposed to be 90 feet and is only 84; that the guard pilings cut this to 76. Uncle also says that these guard piles were so old and rotten that they snapped when the 180 foot crusher smacked them.

So there the matter rests in court with both parties getting ready for the second round. The fight is something new to Grand Rapids. But up here it is pretty old stuff.

For years C&O, or rather his grandpappy PM Martin, and CG McCoy have been fightin' and feudin'. PM would put in permanent rails for the winter and in the spring McCoy would want them out at least a week before PM said they should. They've rowed over whose responsibility was what, slowness in opening the bridge, early closing and almost everything except the color of the bridge operator's hair.

The day of the big smash, there was a strong, gusty wind and fast current. The SUNDEW swung faster than expected and before the engines could stop the vessel she had been swung against the south pier.

Harbor Springs Is Here Friday

Harbor Springs basketball team will come to Charlevoix Friday night for its first game here this year.

It also will be the first game since the school holidays. As usual, both the Reserves and first team will play.

Ice Crusher Plows Path for Island Ferry At St. James

Blocked from entering St. James harbor Friday by ice which had formed that day, the North Shore had a channel plowed for it Monday by the Coast Guard's Mackinaw which came over from Cheboygan.

The Mackinaw took 25 minutes to ram a path through the ice and out again. The North Shore planned to sail again Thursday morning for the Island.

Beaver Islanders got a big laugh out of the published report that the North Shore was a rescue ship bringing needed food to keep folks from starving. Stores and homes there are well stocked for the next three months.

On the Lyons boat were two cars, four caskets, 20 barrels of oil, two stoves, 3000 pounds of coal, five cases of food fats, ten boxes bread, 15 sacks of feed, four cases tobacco, 19 cases liquor, 300 cases of beer and ten cases of wine.

Advertising Scenes Shown to Council

Three things sell Charlevoix to the touring public, S. E. Coleman told the City Council Monday night.

They are cleanliness, service and advertising. In connection with the last he showed the Council new colored pictures which the Board of Commerce is placing in various cities throughout the Midwest this winter.

Coleman also thanked the city for the cooperation given on the Christmas promotion program.

The Council saw a colored movie of a snow loader in operation.

Senior Scouts Go On Camp Outing

Seven senior Boy Scouts and Scoutmaster Joe Strayer had a double overnight outing Friday and Saturday.

At 2 p. m. they went to the Scout cabin at Mt. McSauba, returning Sunday noon. The Scouts were Bill Blissett, Bruce Barber, Neil Suomela, Bradford Foster, Greg Bryant, Don Gill and Vane Smith. Greg was official cook.

IOOF Cribbagers Take First Round

The Odd Fellow team proved better or luckier players Monday when they won the opening round of the annual ten week tourney.

They scored 19,855 to the Mason's 19,453. Sam Sorenson, 951, and Lee Sneethen, 944, were high for the IOOF. Junior Supernaw and Robert Richards, 949 and 942, led the Masons.

Mrs. Sutton Honored On 81st Birthday

Mrs. Emmo Sutton, who observed her eighty-first birthday anniversary Monday, was honored at o party at her home.

A social hour and refreshments were enjoyed by the following: Mrs. D. E. Ingalls, Mrs. Harley Ochs, Mrs. George Ver Snyder, Mrs. Plenny Geneit, Mrs. Joe Williams, Mrs. Earl W. Miller, Mr. and Mrs. J. C. Marshall and son, Bobby, Mrs. C. Y. Marshall, Mrs. Harry Hammond, Lois Alford and Shirley Sauri.

Dean of Supervisors Is Buried Tuesday

Funeral services for John H. Parker, 70, of Boyne City, who died Saturday following a heart attack, were held at St. Matthews church, Boyne City, at 9 a. m. Tuesday. Burial was in the Maplelown cemetery.

A resident of Boyne City for for 40 years, he operated a store there and was manager of the Northern Auto Co., for 15 years. He retired six years ago. He held the distinction of serving as Supervisor for 29 years.

He is survived by his wife, the former Mrs. Inez Logan of Petoskey, whom he married in Jan., 1947; two daughters; a sister; one brother and two grandchildren. His only son, Harry Parker, owner of the Parker Motor Freight, was killed in an auto accident south of Charlevoix on Nov. 24.

Those from Charlevoix who attended the funeral were Fenton R. Bulow, Floyd Ikens and C. B. Meggison

Magazine to Publish Ratigan's Story

Friends of William Ratigen have awaited with interest the Jan. 9 edition of the magazine "Adventure".

A novelette written by the Charlevoix gentleman started with that issue.

The story is entitled "Captain McCargo's Quartet." The scene is the Great Lakes.

Essenburgs Back, Buy Home Here

Charlevoix proved too good to stay away from and so Mr. and Mrs. Andrew Essenburg are back and have bought the John Bissell home at 202 West Lincoln.

They will take possession Saturday.

Oct. 15 they left here, after selling their former home, and headed West. They went first to California, then back by the southern route to Florida and finally home.

Adventure Film On Alaska Will Be Shown Jan. 15

"Alaskan Adventure" is the title and subject of the color and sound movie which will be presented Jan. 15 by the Rod and Gun Club.

The showing at the school at 8 p. m. will be free and open to the public. The school's new projection equipment will be used.

The movie was taken by Philip T. Rich, publisher of the Mid-land Daily News and outdoor enthusiast, on three recent trips to the Alaskan wilds. The film shown here is the choice 2100 feet selected from more than 8000 he brought back. The sound track is Rich's own description of what happens.

Included in the picture are scenes of the Inland Passage, Matanuska Valley, Alaskan birds and wild animals, fishing there. Among the animals photographed are caribou, deer, moose, sledge dogs, mountain sheep, goats, and bear. The film ends with the picture story of one of Rich's successful bear hunts.

Dykstras Are Given Farewell Presents

Rev. and Mrs. Ellsworth Dykstra gave their farewell service at the Barnard Reformed church Sunday afternoon.

Accompanied by their daughter, Lois, they plan to leave about Jon. 21 for their new pastorate at the Central Reformed church at Oskaloosa, Iowa.

After the Christmas program at the church the couple were presented with a living room chair, a gift from the congregation, and an end table from the Sunday School. On Monday evening the members of the local Ministerial Association honored the couple at their regular meeting and presented them with a chrome-well and tree platter.

Medical Society Will Meet Here

Dr. L. E. Grate, secretary of the Northern Michigan Medical Society, left Monday for Cleveland to attend the midwinter meeting of the A. M. A.

He will return Thursday in time to attend the regular meeting of the Society being held at Ranger's in Charlevoix and will give a report of the convention at that time.

Wives of the doctors attending the medical meeting will gather at the Grate home for a potluck supper and will be joined later by their husbands.

Red Cross Offers Home Nursing Course

If there is enough interest manifested by Charlevoix persons, a course in Home Nursing will be given in the near future.

The class will be a 24 hour course, given in twelve two hour sessions. It will be given by a registered nurse and will deal with sick and infant care.

Any interested persons are asked to fill out the registration blank found elsewhere in the Courier and send it to the the American Red Cross at Boyne City, or call Mrs. W. D. Wood of Charlevoix.

Thad's Feet Hurt

After a long, hard day's work on the farm, Thad's idea of how to spend an evening is to take off his shoes, and relax with a mellow glass of beer.

But his missus has other ideas. After being in the house all day, she's all for walking to the village, if it's only for a soda. Likes to see people, catch the latest gossip. But Thad says, no, his feet hurt! Began to cause unpleasantness in Thad's home.

Then Bill Webster comes up with an ides. If Thad takes the missus to Andy's Garden Tavern. Thad can relax with his glass of beer, and the missus can also chat with all the neighbors there. Each gets his (or her) own way.

Worked, too! In fact, now the missus likes an occasional temperate glass of beer herself. And Thad finds it's pleasanter to enjoy his beer with good companions, rather than alone. In fact, his feet stopped hurting too!

Ironton News
By Mrs. Ross Alexander

Mr. and Mrs. Ralph Price spent the holidays with their daughter, Nancy in Dayton, Ohio, and are now visiting relatives and friends in Peoria, Ill.

Mr. and Mrs. Pete Bennett and son, Don, spent the past week with friends in southern Michigan among whom were Mr. and Mrs. George Hanson and son, Paul, former residents in our community.

Mr. and Mrs. Don Feagan and daughter, Nancy have returned home after enjoying the holidays with relatives in Cleveland.

"Bill" Sanderson has returned to his studies at Michigan State College after his two week's vacation at home with his parents, Mr. and Mrs. William Sanderson.

Sam Alexander, Jr., spent his holiday vacation with his parents, Mr. and Mrs. Ross Alexander and also his sister, Mrs. Jane Friend in Petoskey. He has returned to Central Michigan College to resume his studies.

The ferry is still operating although there is ice all around. Several fish shanties are in Orvis Bay. The only thing being caught at present are perch.

Mr. and Mrs. Clyde Ogden are spending the winter in Charlevoix.

Mr. and Mrs. William Sanderson walked over Sunday to attend Sunday School.

Mr. and Mrs. Frank Milward are living in Charlevoix again this winter.

Mrs. George Glados, Mrs. Hilda Nettleton and mother, Mrs. Grace Myers of Charlevoix called on San Alexander, Sr., last Monday.

Mr. and Mrs. Glen Williams entertained a group of friends New Year's Eve.

Sam Alexamder Sr's. condition remains about the same. He has enjoyed seeing his friends and neighbors since returning home.

Bay Shore News
T. Johnson, Reporter

Miss Lela Johnson of Bay City spent the holidays at the home of her sister, Mr. and Mrs. William Taylor, Jr. of East Jordan. John Johnson, Jr., of Petoskey was also dinner guest at his sister's.

Mr. and Mrs. William Taylor, Jr., and family of East Jordan, Mr. and Mrs. Allen Niswander and family of Petoskey, Mr. and Mrs. Fletcher Johnson and family and Mr. and Mrs. Ernie Dietze Jr., and son of Bay Shore, Mr. Robert Johnson of Caro, Mr. John Johnson, Jr., of Petoskey were New Year's dinner guests at the home of their parents, Mr. and Mrs. John Johnson of Charlevoix.

Mr. and Mrs. Dick Brown and family spent Christmas Day at the home of their parents, Mr. and Mrs. M. Brown of Petoskey.

Joseph Deschermeier is spending a few weeks in Florida.

BEAVER ISLAND

The Island as a whole is encrusted in ice. There was a wide span of open water in the harbor up until Friday, then like magic, the entire harbor became solid with ice.

Mary Margaret and Teddy Wojan were in Charlevoix for a few days after Christmas. They returned to the Island by plane and sent their car home via the North Shore.

The harbor has been ideal for skating in the vicinity of the mill. The children have been having a wonderful time trying out their skates. Friday night, the young srowd built a huge fire on the ice. To see them skating around in the red glow of burning timber was thrilling.

Archie LaFreniere, Sr., returned on Wednesday's boat decked out in city clothes. Well, it wont take him long to don his standard Island outfit—plaid wool shirt, high top boots, and woolen cap.

Diets are in order after the holidays. After being wined and dined in Detroit, Mrs. Arthur Miller declares she is going to live on thin soup for the next three weeks.

Jimmie "Tight" Gallagher, Chicago, was a recent visitor to the Island.

At Gus Mielke's mill, there are over a thousand logs decked up ready for sawing this spring.

Johnny Green has a number of virgin hemlock logs at the mill, which were gotten out by Johnny and his son, Don.

Truman Ramsey and his crew have gotten out 1049 logs for the Hanley-Allen project.

Mrs. Christie Gallagher is spending the winter in Chicago.

King Strang advocated bloomers for women, but Ed Joseph advocates Air Corps flight trousers. He bought his wife a pair for Christmas.

Speaking of outfits, Irene LaFreniere looked very festive during the holidays in her new fur trimmed red cloth coat.

The New Year on the Island began with a new sense of law and order. Those who have caused a disturbance in the village have been taken care of properly by village authorities and this is a step in the right direction.

Kroger

Good Citizens 125%

To the 1947 Community Chest drive in Cincinnati, Ohio, chain store employees contributed 125% of their quota—the largest oversubscription made by any business or industrial group. And a Kroger man was in charge of soliciting these contributions. As a company, Kroger also contributed. Indeed, Kroger—always a good citizen—contributes to Community Chests and similar campaigns in every one of the 1,500 cities it serves.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Hanley

(Dec. 30 Letter)

Beaver Island almost missed having a white Christmas this year. Christmas morning there was very little snow—just patches here and there. By afternoon, snow began to fall, thick and fast and we no longer had to dream about a white Christmas.

No matter how long one starts to prepare for Christmas, there's always that last minute rush. On the Island, so much depends on the last boat before Christmas.

When the North Shore arrived Christmas Eve afternoon, the Post Office was jammed, all eagerly waiting to find out if those orders sent out weeks ago had arrived. Our Post Master and his assistant were two hours assorting parcel post packages and Christmas greeting cards.

Hospitality is the keynote of the Christmas holidays on Beaver Island. During the past week there have been rounds and rounds of family gatherings, "pop" calling and spreading cheer to those who need it.

Gus Mielke is trying to talk Archie LaFreniere out of a very comfortable chair and ottoman that Santa left at the LaFreniere home. Gus says he received an unusual thermometer that registers the temperature inside and outside and he would like to sit in comfort during the winter months and watch the mercury go up and down.

By hook or crook, Beaver Islanders away from home manage to return for Christmas.

Rolland McCann, Jr., a student at Providence College, Providence, R. I., returned to spend the holidays with his parents.

Mr. and Mrs. Emil Pischner, and three children of Charlevox spent Christmas week-end on the Island.

Bertha and Mary Ellen McDonough, daughters of Mr. and Mrs. Bill McDonough returned for Christmas. Bertha is employed in Detroit while Mary Ellen is a student nurse in Bay City.

James McCauley, Alfred and Henry Ricksgers, all employed in Pontiac, are home for the holidays.

Robert and John Gillespie, sailors, returned home just before Christmas.

Roger Ricksgers is back on the Island. Roger has been working on the car ferry at Ludington.

Ed Joseph just made it home in time for Christmas. Joe McPhillips delivered him to the Island Christmas Eve. Mrs. Victoria Dudley, who traveled all the way from Seattle, Wash., to spend Christmas with her children and parents, arrived on the same plane.

Margie Gatliff came home for the holidays.

Christmas afternoon, Francis O'Donnel's coupe skidded off Hall Hill and turned up side down No one was hurt.

The Sodality of Our Lady sponsored a dance in the Parish Hall Dec. 26. Mr. and Mrs. Lloyd McDonough and Mr. and Mrs. Burt McDonough acted as chaperones. The Beaver Island Trio, Jewell Gillespie, piano; Buddy Left, banjo; Joe Sendenburg, harmonica, furnished the music.

Grace Marie McCann looked as pretty as a Dresden doll the night of her recital in her white and red formal.

Mrs. Mary Cull Self, Winter Park, Fla., recently fell and broke her hip. She will be confined to the Florida Hospital and Sanitorium for five or six weeks. Mrs. Self, sister of Mike Cull, was a visitor to the Island this past summer.

Andrew R. Gallagher, Park Ridge, Ill., spent Christmas with his father, Dominic Gallagher.

Dan Green, Bernard O'Donnel, Florence Burke and Lila Lee Connaghan returned to Chicago Saturday.

Lillian, Catherine and Jack Connaghan have returned to Detroit.

Dear old Santa has come and gone and what are the results? Living rooms littered from one corner to another—mothers wondering if the house will ever be straight again—children having a wonderful time.

Grace Marie McCann Presented In Recital

Grace Marie McCann was presented in her second piano recital by her teacher, Mrs. Russell Palmer, at the Palmer residence Dec. 23.

The evening opened with the Melody Choir—Janet and Eleanore Gallagher, Kay and Rosie McDonough — leading the guests in singing Silent Night and The First Noel. A ecompaniment was by F. L. Spaulding and Grace Marie McDonough.

Among the numbers played by Grace Marie were: Londonderry Air, Schubert Serenade, Chopin Prelude, Tarentella, China Town, Tina Waltz.

Others of Mrs. Palmer's pupils who took part in the program were Kay McDonough, Rosie McDonough, Janet Gallagher, Eleanor Gallagher.

A bouquet of white and yellow mums was given Grace Marie. Mrs. Norman Gallagher and Mrs. Lloyd McDonough helped serve refreshments.

Do You Read and Understand Your Insurance Policy

? ? ?

Below is the first of a series of Insurance Quizzes, prepared and presented by Chas. A. Hamlin, and designed to show how your insurance can be of more value to you.

THE $5,000 QUESTION

Your home is insured for $5,000. You have a $1,000 loss and settlement is made. Later you have a total loss. How much can you expect to receive?

ANSWER

$4,000. The first loss is deducted even though repairs have been made, unless the $1,000 has been reinstated on your policy. Exception: Losses of $250 or less are automatically reinstated.

Vacation Party Given Mr., Mrs. Edwards

Mr. and Mrs. Arlo Wickersham entertained with a dinner party at their home on New Year's Eve honoring Mr. and Mrs. Albert Edwards who left Monday on an extended vacation trip to California.

After the dinner the guests enjoyed card games with Mrs. Roy Meyers and Fred Willis winning the prizes.

Others present were Mr. Meyers, Mrs. Willis, Mr. and Mrs. Frank Novotny, Mr. and Mrs. Joe Williams.

Marilyn Tucker Married In Chicago

In a ceremony performed at 4 p. m. Sunday at the Ambassador East Hotel in Chicago, Miss Marilyn Lee Tucker, daughter of the Preston Tuckers of Chicago and granddaughter of Mr. and Mrs. Charles M. Holmes, of this city, became the bride of Roy M. Parson, Jr., son of Mr. and Mrs. Parson of Branson, Mo.

A reception was held afterward at the hotel.

After a wedding trip to Florida the couple will make their home in Columbia, Mo. where the bridegroom will be an instructor at the University of Missouri after completing a post-graduate course in Journalism. The bride will be graduated from Stephens College in Columbia in January.

The bride is well-known here, having spent many vacations at her grandparents' home on River street.

Betty Jane Mock Weds Army Flier

In a quiet ceremony at the Methodist parsonage on New Year's Eve, Miss Betty Jane Mock former Detroit resident now living here, became the bride of Pfc. Thomas E. Jackson of the U. S. A. A. F., of Chanute Field, Ill.

Rev. Gaylord Howell read the service in the presence of the bride's immediate family. The bride is the daughter of Mr. and Mrs. E. A. Mock of this city and the bridegroom's parents are Mr. and Mrs. Edmund L. Jackson of Auburn, Calif.

The bride selected a soldier blue suit, white and black accessories and a corsage of red roses and white carnations for her wedding.

Her only attendant, Mrs. Edwin Gregory, wore a white suit dress. Edwin Gregory assisted the bridegroom as best man.

The bride's mother chose a gray suit, blue accessories and a corsage of pink carnations.

Immediately after the ceremony a reception for relatives and friends was held at the home of the bride's parents at 505 Petoskey ave.

After a brief wedding trip to southern Michigan, the couple will hake their home in Rantoul, Ill.

Recent guests at the home of Mr. and Mrs. Edward Fochtman were Mr. and Mrs. Joseph Sibary and two children of Muskegon.

THE PRESENT SHORTAGE OF TANK CARS is the limiting factor in our production of fuel oil, gasoline and other petroleum products . . . and back of that is the currently short steel production.

The oil companies of the nation, including ours, have fought relentlessly to meet the increased demand . . . and to a certain degree we have been successful. Up to the present time our distributors have been adequately supplied with gasoline and motor oil without limit. But fuel oil remains in short supply.

However every one of our fuel oil customers is getting his share of the available oil. Just when we can fully meet your requirements is uncertain at present. We hope it will be soon.

In the meantime we are sparing no effort or expense to meet your needs as quickly as possible.

Your understanding and continued friendship will help us to carry on the fight.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

With perfect weather for a sleigh ride party, two hig bobs were loaded with members of the Congregators last Wednesday night. Then there was a big round-up at the Congregational church with good things to eat and more fun for the evening . . . Mrs. Howard Griffin is in Boston, Mass., called there by the illness of her mother, Mrs. Oliver Ruffly. She expects to be gone at least a month . . . More praises for our basketball team and for the fine game they played Friday night.

Was in Abbey's store the other day when a woman-about-tawn came in and started busying herself at the necktic counter. Then she said, "I am picking out o necktie for my husband. Imagine a Christmas and no ties, although he got three new shirts." Well, guess Santa missed the boat in that house! Barney Englehart says they are not snowed in at Camp Charlevoix. Sunday goests were out and everyone went cutter riding. More fun!!

Inventory work is over for most of the stores and income tax reports are getting filled out . . . Florine Stelter is having herself a grand time down in Galveston, Texas . . . Jesse Smith is playing the role of one-arm-Ike these days. Last week he had the misfortune to chip a bone in his right arm when a mail sack got caught in the door of a railroad car. But he is on the job just the same.

Surely do not want to miss the movie "Alaskon Adventure" the Rod and Gun Club is showing Thursday night at the school house. The man responsible for the movie is Phil Rich, editor of Midland Daily News. He is a great Alaskan enthusiast. He and his wife are good newspaper friends of the Charlevoix editors and it is many an "off the record" talk we have had with the couple at their home and newspaper conventions on Alaska.

Charlevoix is unique in another way. We are the ONE and ONLY Charlevoix on earth. Something like Penn-Yan, N. Y. Seems that a letter just addressed to Charlevoix, U. S. A. will find its way to our local post office . . . The Frank Couriers are looking forward to a winter vacation soon and are planning to go places and see things. Lucky folks! . . . The hills out at the Belvedere Golf Course are plenty popular with folks skiing and initiating those Christmas toboggans . . . Have you been watch the winter sunsets? Summer ones are beautiful, but it is really something when those purply sunsets throw long shadows on the white snow. It's a picture that one doesn't forget.

Mrs. Seymour Bennett is up and about the house again after being confined to her bed for the past two weeks . . . The Meyer Levinsons are enjoying life at Los Angeles.

Mr. and Mrs. Marsh Meek of the Colonial Club left Monday afternoon for the home of Mrs. Meek's sister, Miss Laura Kunz at Wheeling, W. Va., where they will be for an indefinite time. Spring will bring the couple back to Charlevoix . . . The big question is: are you weary in your work or weary of your work? There is a difference and the understanding of this one point may make a big difference between success or failure of your job . . .

Would truly like to see Cornelia Otis Skinner in the stage production of "Lady Windermere's Fan." With her heading the cast, the play could not help but be excellent. The Bert Huestons had the good fortune to see the play while they were in Detroit.

Norm Houck is planning an interior decorating job at The Chatterbox, including a new floor. Another improvement for Charlevoix's Main street . . . It's getting azalea time down at the Cypress Gardens near Charleston, S. C., as well as the Ballingrath Gardens, below Mobile, Alabam'. Did you ever do that 17 mile Azalea Trail trip in Mobile? It's fun as well as being most beautiful.

Don't throw away your old Christmas cards when you have finished with them. Learned through Mrs. Mabel Goddard they are welcome messages of cheer to the lepers at Molokai Colony in Hawaii. A bundle of them sent to the Superintendent of the Leper Colony would find its way to the men and women . . . Mrs. Arthur Beasley, who lives across

New Army, Navy Store Will Open Here Friday

The new Charlevoix Army & Navy Store will open Friday at 113 Antrim.

Owning and managing it will be Edward Harwood, formerly of Detroit, who with his family has been a Charlevoix resident for two months.

The Antrim street store has been cleaned, display equipment installed and stock is now being made ready for the Friday opening.

Only Army and Navy surplus will be stocked. On hand now is clothing, smaller hardware items, and sporting goods. Included in the clothing are work clothes of many kinds, sports outfits, shoes, socks and gloves. The hardware consists of such things as small tools and flashlights. Harwood has tents, rubber boats and rafts, and fishing equipment.

Also available through the store, he says, is any kind of surplus.

Alaska Adventure Film to Be Shown Twice Thursday

There will be two showings Thursday of the color and sound movie, "Alaska Adventure" by the Rod & Gun Club at the high school gym.

The first will be at 8:00 p. m. and the second at 9:30. The picture consists of 2100 feet of sound and color film, taken by Phillip T. Rich of Midland, on his three hunting and fishing trips to Alaska. The narration is by Rich, who is an outdoor enthusiast.

The Rod & Gun Club has obtained the movie and is putting it on as part of its conservation work. There will be no charge.

The original plan was to have only one showing. Then it developed that there was an unavoidable conflict with a meeting here with the West Michigan Tourist officials the same evening. The second showing was arranged so those going to the resort meeting can also see the picture.

Percy Durance Dies Suddenly Tuesday Night

Percy Durance, at the post office here for the past 18 years, died suddenly at his home Tuesday night.

He had been to his physician Tuesday and was scheduled to have a heart test at the hospital Wednesday.

He was born here in Charlevoix, the son of Mr. and Mrs. Jone Durance, on May 14, 1897. Except for service in the Army during World War I, he lived here all his life.

On Sept. 29, 1926 he and Miss Doris Black were married.

They have one daughter, Donna Ann. Also surviving are his father, Jone; a brother, Ned of Flint; and one sister, Mrs. Irving LeRue of Detroit.

Funeral services will be at 2 p. m., Friday at the See Funeral Home with Rev. W. D. Wood officiating. Burial will be in Brookside cemetery.

Grange Meeting Jan. 23 Will Start County Contest

Charlevoix County Pomona Grange will meet Jan. 23 at the Wilson Grange Hall.

A potluck supper will be served at 7 p. m. Visiting Grangers are requested to bring a dish to pass. The business meeting and program follow.

W. J. Brake of Bellaire, a State Grange official, will appear on the program. A short chalk talk will also be given. This is the first of a series of nine meetings in the County Contest. The Grange with the most points at this meeting will win a banner for the month.

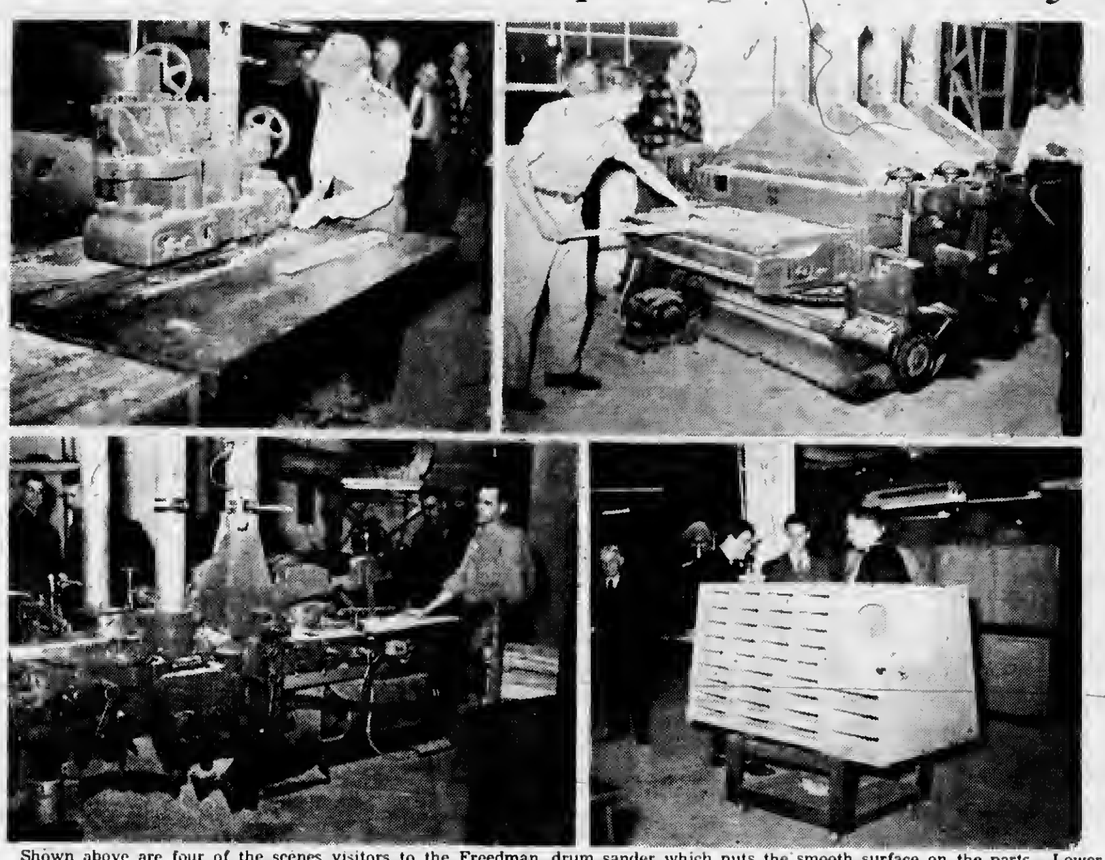
Club Plans Scout Event, Amateur Show

Two coming events are being planned by the Kiwanis Club.

First will be a Housewarming ceremony in the school gym, tentatively set for Feb. 9, as part of National Boy Scout Week. Open to the public, Senior Scouts, Boy Scouts and Cubs will take part.

The second annual Amateur Show will be held in April.

Freedman Company Invites Public to Inspect Its Modern Plant, Line at Open House on Sunday



Shown above are four of the scenes visitors to the Freedman Arteraft Engineering plant will see at the Open House Sunday. Top left, Robert Pearl is feeding display rack parts to a rip saw. Below, Lee Mason is putting these same pieces through a four sided sticker. Top right, Leroy Heckman and Pearl are operating a three drum sander which puts the smooth surface on the parts. Lower right, Joseph Strayer is explaining one of the new record and player cabinets to E. D. Hawley and Frank Ochs, while Arthur Bergeon looks on. Partly assembled greeting card cases are in the right background.

An Invitation to all the community to visit Charlevoix's newest and busiest factory has been extended by the Freedman Artcraft Engineering Co.

The Open House will be from noon to 6 p. m. Sunday Many of the firm's staff will be on hand to explain the operations, machines and the products.

A preliminary open house was held Thursday night when members of the City Council, directors of the Board of Commerce and city employees were invited out to go through the plant; also the Kiwanis Club were guests Monday night.

Gordon Freedman, president, welcomed the 20 men and conducted them around. His invitation for the Open House and history of the plant here appears on page four.

Modern in appearance, efficient in plan, and designed for the comfort of the workers, the Freedman factory now is producing three items with a fourth as a possibility. The three are a double deck greeting card display case, a vacuum cleaner display rack and a record player cabinet for music stores. The new item now being tried out, is a business office desk.

Lumber for the plant comes in at the end nearest U. S. 31 where it is unloaded on factory trucks. On these it can be rolled to storage tracks or into the two unit dry kiln.

This, built on a plan developed during the war, cures green lumber in six to ten days and does a better job than the older air drying combined with kiln drying. From here the lumber when needed goes to the various machines. Cut-off saws trim it to lengths and clip out knots.

A sticker surfaces four sides at once and can make some 20 different parts needed in the various cabinets. Sanders smooth and finish these parts. Other machines cut mortises or tenons. A router, rotating 20,000 times a minute, cuts inch thick plywood in a complex outline faster than a band saw could.

The assembly line works much like that in an auto factory. Ends and drawers are assembled in jigs. Then the whole cabinet is put together in a big frome which assures its being square and true. When assembled, the display racks and cabinets are rolled to the finishing room on small trucks where they receive three coats of laquer, with a hand sanding between each coat.

When finished, they are rolled to the packing section, crated and sent out.

Saving of heat is a striking feature of the plant. Ordinarily in wood working factories, dust laden air is blown outside. Not so here. Instead the dust from saws, planers and other machinery is carried to a factory sized vacuum cleaner which collects the dust but keeps the heated air inside.

VFW Auxiliary To Be Hosts to District Rally

The regular 9th district rally of the Veterans of Foreign Wars and their Auxiliaries will be held in Charlevoix on Jan. 25.

Representatives from 38 posts and their auxiliaries will be present for the one day meeting to be held at the V. F. W. hall and the IOOF hall.

Oscar Stark of Alpeno, district commander will be in chorge of the meeting. A dinner at noon will be followed by business sessions for the V. F. W. in their hall and for the Auxiliary in the IOOF hall at 2 p. m.

Howard Griffin is commander of the Charlevoix post which will he host at the rally.

Junior Farm Bureau Will Be Host to Senior Directors

Directors of the Charlevoix County Farm Bureau will be guests of the Junior Farm Bureau Jan. 27 at a party in the Juniors' new club house at Ironton.

The affair is scheduled to start at 8 p. m. The club rooms in the basement of the Williams Brothers Garage have been a major project of the Junior Bureau.

The Junior Bureau is planning to send 20 Charleviox young people to the Youth Conference at Gaylord Jan. 23. Sponsored by the State Junior Bureau, this conference will be a one-day school for recreational leaders.

Hayes Farm Bureau Completes Pledge

The Hayes Township Farm Bureau met at the Town Hall Jan. 8 with 20 members present.

The usual business was transacted under the leadership of the chairman, George Smith. Those present paid their pledges of $1.00 per membership to complete our share of the Hospital Benefit started last summer at the County Rural Booth.

Fred Willis acted as discussion leader in the absence of the regular leader. The discussion centered around the topic of parity price control on farm products. No resolutions were voted as the group felt there should be further study of the topic.

Each member pledged himself to contact prospects for membership to endeavor to reach our quota. After adjournment the host and hostess for this meeting, Mr. and Mrs. Tripp served lunch.

March of Dimes Drive Starts; Dance Is Jan. 30

The Annual March of Dimes drive will be on here during the rest of this month.

Under the chairmanship of William Supernaw, canisters will be placed in the stores and $1 memberships will be sold. A membership also will serve as a ticket for one couple to attend the March of Dimes at the Argonne on Jan. 30.

The owners of the Argonne are donating their hall to the Infantile Parolysis Fund for that night.

Masons Win Second Round of Tourney

Although the Masons won the cribbage match Monday, the Odd Fellows still lead by 238 points.

The Masons ran up 17,934 points in the IOOF 17,708, but had a 402 point lead to overcome. Tip Riley and L. Abbey were high scoring Masons, 983 and 950. William Evers and Fred Christenson led for the IOOF, 941 and 935.

Ban On Liquor Advertising Urged

"The Perils of Liquor Advertising" was the topic discussed by Rev. Gaylord Howell at the regular meeting of the WCTU at the home of Mrs. Thomas Milner on Friday.

He explained a new bill which had been presented in Congress to prohibit interstate liquor advertising in papers and periodicals. He also displayed ads from various popular magazines.

At the business meeting it was announced that plans have been made for Dr. F. F. McMillan to address the high school students on "Temperance" later this month. A report was made on candy and fruit taken to the county infirmary at Christmas time and plans were made for a bake sale to be held on Feb. 12

Annual Meeting Jan. 22

The annual meeting of the Congregational church will be in the church parlors Jan. 22 at 6:30 p. m.

Business Prospects To Be Discussed At Thurday Meeting

All citizens interested in the promotion of the tourist and related business are being invited to the meeting Thursday night at the City Hall at 7.30 when the four top officers of the West Michigan Tourist and Resort Association will be here.

The four are the president, Joe Bochunas; secretary, Chester White; field manager, Roland White and publicity director, Edward Dreier.

The meeting is to discuss promotion of the resort and all other West Michigan business. The four also will give a brief overall picture of the coming season's prospects.

County Has More Weddings, Deaths, Births Than Ever

Charlevoix County had more births, deaths, crime, law cases, and paid more alimony last year than in 1946 (and presumably than in any previous year) according to County Clerk Fenton R. Bulow.

Just compiled are his comparative figures for the two years. In only one field did 1947 show a drop. There were fewer divorces. The figures for the years are:

Births	288	274
Deaths	141	144
Morriages	159	166
Divorces Granted	39	35
Divorce Cases Started	49	40
Criminal Cases Started	14	24
Chancery Caces Storted	5	14
Law Casec Started	6	11

Allimony collected and disbursed, 1946, $10,272.78; 1947, $18,095.20.

Community Farewell Planned for Dykstras

A community farewell service honoring Rev. and Mrs. E. C. Dykstra and family will he held Sunday evening, at the Baptist church at 8 p. m.

All the ministers will participate in the program. Rev. Ansley B. Cloypoole will give the Invocation; the Scripture lesson will be read by Rev. Jackson Turner; followed by prayer by Rev. Gaylord Howell. The sermon will be given by Rev. W. D. Wood.

Special music will be given by the Baptist choir. Rev. Dykstro will give the closing benediction, his farewell to the community.

Boyne City Will Send Team Here Friday Night

The Rayders continued their winning streak by defeating Harbor Springs 38-17 on the local court Friday night.

Charlevoix led all the way in a game which everyone had expected to be a close and fast game. The score at the end of the first period was 10-3 and at the half the Rayders increased their lead to 16-5. With Coach Kipke substituting freely in the third period the score was 27-10 as the game went into the last period.

Bob Carey was high point man for the Rayders with 15 points with Case scoring 6. Bob Shanahan, substitute center, scored 5 points.

The Little Rayders, in a much faster and tighter game, defeated the Harbor Reserves 36-32. Don Hardy scored 12 points and Wallace and Fairbanks 7 each.

Boyne City will play here Friday in what is expected to be the best conference game this week. Boyne is undefeated in conference play and lost to Petoskey last Friday in a close game by a 39-32 score.

Ironton Ferry Closed By Ice, Snow for Winter

The Ironton Ferry is closed for the season.

Wednesday morning Bud Gill, skipper of the Charlevoix, was unable to move the ferry. Snow had drifted in to the channel from the lake and formed slush until the channel virtually was filled with it. Surface ice also had been broken by the ferry going back and forth. This had been pushed to each end of the channel until it was difficult to get the craft up to the pier.

During the past season, Gill says, the ferry carried 63,823 cars. Among the owners was Ralph Edwards of Truth or Consequences.

Cars were registered from every state and from Hawaii, Puerto Rico, Alaska, Canal Zone, Ireland and British Columbia.

Governor Proclaims Farm Co-op Month

PROCLAMATION

Farm Cooperatives in Michigan have proved themselves to be of great value to both the rural and the urban residents of the state.

Some seventy-five per cent of our farm families are members of the 256 farm cooperatives operating in this state. These cooperatives, embracing some 170,000 farm families, did more than $164,000,000 worth of business last year.

The objectives of the farmer-managed cooperatives, which now embrace nearly every phase of agricultural life, are to improve the economic and social position of the family-sized farm through efficient production and marketing; they likewise give the consumer the benefit of improved quality and better business methods, as well as to develop new and more stable outlets for our agriculture. This produces a wholesome effect on the entire economy of our state.

Therefore, I, Kim Sigler, Governor of Michigan, do hereby proclaim January as "Farm Cooperative Month" in Michigan, in recognition of the importance of the farm cooperative movement in this state.

Signed: KIM SIGLER,

Governor, State of Michigan.

President of Freedman Company Tells Story Of Plant, Invites All to Inspect It

(Editor's Note: The following invitation and statement is from Gordon Freedman, president of the Freedman company here.)

We are happy to invite the public to visit our new factory between 12 a. m. and 6 p. m. on Sunday.

Although the new factory has been in operation for the past few months, it has taken until now to complete all the major facilities. In these times, when it is difficult to obtain materials, a few of the minor jobs remain undone; however, we feel that the plant is sufficiently ready to show to you.

We also feel that a brief history explaining our operations since our arrival in Charlevoix will give you a better understanding of our workings.

Freedman Arteraft moved to Charlevoix from Cincinnati in June, 1946. Through the kind cooperation and great help of many people in town we were temporarily housed in many different places. We would have had great difficulty in completing the job without the cooperation of these many people. Included among them are the City Council, City Supt. Angus Leitch, all the other city personnel, and the Board of Commerce.

During the summer and fall of '46, the Company, then known as Freedman Aircraft Engineering Corporation, produced a large quantity of propeller blades for Continental Aviation and Engineering Corp., of Muskegon. experimental propeller blades for a new-type navy airplane, and several experimental propellers being developed by our company.

Several propeller tests were conducted in conjunction with the Civil Aeronautics Administration at the new building in Charlevoix and at Continental Aviation in Muskegon. During this same time we carried out the development of a new style greeting card fixture for Gorwin Inc., of Chicago and the production of fixtures for Sears, Roebuck and Co.

Since that time, production of greeting card fixtures and other types of store fixtures has been gradually increasing. Although the original intent was to produce propellers, store fixtures, related furniture items and office desks, the propellers were discontinued due to the diminishing market and because steel for the new type hub could not be obtained in enough quantity to maintain production. Nor were we able to obtain any assurance from the steel companies that they would be able to furnish a sustaining quantity of steel.

Since we discontinued our aviation activities, our name was changed to Freedman Arteraft Engineering Corp., enabling us to produce any type furniture or product without a disconcerting company name.

We have been steadily shipping various types of store fixtures to Sears, Roebuck and Co. stores in the United States and Hawaiian Islands, through Gorwin Inc. These items consist of a combination record player and listening post, vacudin cleaner display fixtures, greeting card racks. Also through Gorwin Inc., we have been producing and shipping the new Gorwin style dual display greeting card racks and bases, the same as the one displaying greeting cards in the Central Drug Store.

We have been handicapped in building production up to full quantity by the lack of skilled men. A great degree of skill is required in the production of these high quality fixtures. and it has been necessary to spend considerable time in teaching unskilled men. However, because of the caliber of men we have been able to obtain in Charlevoix, it is believed that the expense and time going into the training period has been well worthwhile. We eventually hope to have a productive team second to none in the furniture industry and as our men become more skilled to train additional men, employment in the factory will be further increased.

Since the factory is somewhat off the beaten path for this type of manufacturing it was necessary that it be made as self-sufficient as possible. For this reason, there is a fully equipped machine shop for maintenance and the fabricating of tools, jigs, fixtures, etc. We also are equipped with a modern dry kiln, which enables us to be assured of using top grade dried and seasoned lumber. We are able to buy green lumber and completely cure it in a matter of two weeks.

We are proud of the fact that we have been steadily producing practically since our move into town and that production is ever increasing. Because we feel that you are interested in knowing and understanding our work we are cordially inviting you to an open house where you may view the entire set-up and get a clearer picture of what we are doing. Again we would like to say that we offer our grateful thanks and appreciation to all those that have helped us establish ourselves in Charlevoix and we hope that we shall always be an asset to the community.

Come and see us Sunday.

Tow Line . . .

(Continued from page 1)

the road from the ice rink should keep herself plenty busy. She has opened a little school supply shop and is selling hamburgers, and cokes to the skaters.

A note from Evelyn Hayward states that she is leaving Chicago, where she has been for several weeks with her daughter, and is going to Sioux City, Iowa, for the next few months. She states they have had a great deal of ice in Chicago . . . Bet the Frederick Feehheimers are mighty glad they have escaped the ice and sleet for they are sunning themselves these days at the Arizona Biltmore at Phoenix, Ariz. Just move over folks, we could stand a good sunbath ourselves after our bout with the flu . . .

More birthday congratulations. Saturday Ann Pontious celebrated her 10th birthday. A skating party was followed by a party at the house, plus good things to eat . . . Monday night Charles Krahnke had a skating party followed by the traditional birthday festivities at his house at which time he was host to several of his boy friends. . .

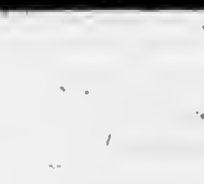
Kroger

Any Little Store Can Grow!



All Kroger stores started from the one little store opened in Cincinnati in 1882. That store grew into many through pleasing the people it served.
And today any little store can grow into a big store — or into many stores — through giving better service and values. That's the American system—the American way. It was—and is—the Kroger way, too.

IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

Thursday, the North Shore came and went for the last time this season. The path made by the ice breaker, Mackinaw, was kept open by the coast guard boat and Cull's fish tug. As the North Shore departed, Many eyes were rivited on the boat that served the Island well during the past nine months.

Joe McPhdlips began delivering mail to the Island Friday.

Snow is no longer "skimpy" on the Island. Thursday evening, the Island's blanket of snow was increased by a foot or more. Friday morning, the snow plow, piloted by Elston Pischner, was out bright and early and during the day made several trips back and forth through the village.

Horse drawn sleighs and jumpers are a common sight now that sleighing is good. With the jumpers, out come the horse hide lap robes and sleigh bells.

Mrs. George Ricksgers, who has been handicapped for transportation due to four flat tires on the family bus, is one person thankful for the snow. The Rieksgers jumper, and horse were in use the first day the snow was good.

Charlie Martin whizzed by the other morning on his dog sleigh. The Martin's dog can really take off down the road.

A few fish shanties are out on the ice. Our appetites are sharpening up for a big platter of fried perch.

Mr. and Mrs. Joe Dillingham, formerly of Wayne, have bought Christie Gallagher's home on Trail Road. The Dillinghams moved here a month or more ago and will make the Island their home.

Mr. and Mrs. Charles Kleinhentz and little daughter have settled on Beaver Island in Gus Mielke's cottage for the winter. The Kleinhentzs are from Garden Island.

Walter Wojan went aeross Thursday for a medical examination. He is being detained at Little Traverse Hospital, Petoskey, minus his appendix. Vera Mae is in Petoskey to be with Walter.

Henry Allen arrived by plane Saturday.

Norbert Gallagher, Muskegon, spent several days with his parents, Mr. and Mrs. James H. Gallagher. Both Allen and Gallagher were scheduled to leave by plane Sunday, but due to a terrifie snow storm, the plane was unable to come.

Mrs. Irene LaFreniere, Mary Margaret Wojan and Rita Elms entertained the members of the Altar Society Thursday evening at the home of Mrs. LaFreniere.

At the meeting, the members were told of the new equipment being installed in the Parish Hall kitchen. A Petgas six burner stove, running water and an automatie hot water heater. The task of cooking for large dinners will be mueh easier from now on.

To help defray the expense of the new equipment, the Altar Society will sponsor a variety of parties at the hall during the winter months. The first of these parties will be held Thursday.

The unsightly piles of cans and junk that were dumped promiscuously around the Island will be no more. Both townships went together and bought a stretch of land from Christie Gallagher for a city dump. The dumping grounds have been fenced in and a fenced in driveway marks the passage from King's Highway to the dump. The dump was purchased and fenced this fall.

Beaver Island Club to Have Chicago Party

Beaver Island folks now living in Chicago are completing plans for the annual Island Benefit party.

This year it will be at the Moose Hall, 426 W. 63rd street. on Jan. 24. There will be door prizes, dancing and refreshments. Visiting, meeting friends, and talking over old times of course will be the chief attraetion of the evening.

Beatrice Kruithof Weds Junior Boss

Before 100 guests, Miss Beatrice Kruithof became the bride of J. Junior Boss on Jan. 2 in a ceremony at the Franklin Street Christian Reformed church in Grand Rapids.

She is the daughter of Mr. and Mrs. Christian Kruithof; the bridegroom is the son of Mr. and Mrs. John Boss, Sr.

Donald Boss, brother of the bridegroom, before the ceremony sang three numbers; the bride sang "I Love You Truly", before being escorted to the altar by her father. She wore a white brocaded satin gown, fingertip veil, full skirt and train; and carried a white Bible, American Beauty rosebuds and sweetpeas.

Mrs. William H. Scull of Cleveland, as her sister's matron of honor, wore a lavender taffeta gown. Bridesmaids were Mrs. George Kruithof, and the Misses Shirley and Marie DeBoer, who wore gowns of pink taffeta.

Kathy Boss, daughter of Mr. and Mrs. John L. Boss, dressed as a miniature bride, was flower girl and Terry Boss, son of Mr. and Mrs. Franklin Boss, was ring bearer.

Gerald Boss of Charlevoix, assisted his brother as best man. Seating the guests were George Kruithof, Donald Poll and Edward Boss also of this city.

Mrs. Kruithof seleeted a dusty rose gown trimmed with gold sequins. The bridegroom's mother wore a light green erepe gown.

Following the eeremony a reception was held at the Roosevelt Park Community Hall. Mrs. Donald Poll and Mr. Fay Kruithof were master and mistress of ceremonies. Assisting about the rooms were Mrs. Hans Burns and Miss Rhetta Boss of Charlevoix, sisters of the bridegroom, and Miss Wilma Bouwer.

The couple will make their home at 807 Grant St., Charlevoix. They plan to take an extended wedding trip next summer.

Among the out-of-town guests were Mr. and Mrs. John Boss, Sr., Mr. and Mrs. Gerald Boss, Mr. and Mrs. Franklin Boss, Mr. and Mrs. John L. Boss, Mr. and Mrs. Abel Van Stedun, Edward Boss, Mr. and Mrs. Hans Burns, Miss Rhetta Boss, all of Charlevoix; Donald Boss, of this city, student at Hope College, Holland; Mr. and Mrs. William Boss, of Ellsworth.

Mrs. Ikens Heads Past Noble Grands

The Past Noble Grand Club met at the home of Mrs. Fred Bergmann on Thursday evening for a potluck supper and installation of officers.

Mrs. Robert Mitchell as installing officer and Mrs. Grace Geneit as installing marshall installed the following officers: president, Mrs. Floyd Ikens; vice president Mrs. Frank Novotny; secretary, Mrs. Luther Hannah; treasurer, Mrs. George Bergmann; past president, Mrs. Elmer Poole. chaplain, Mrs. Fred Gill; marshall, Mrs. Fred Southwood; installing officer for 1949, Mrs. E. E. Stroud.

It was voted to hold the monthly meetings on the second Thursday of every month instead of the first Thursday as has been the custom for many years.

Mrs. Floyd Ikens, whose birthday anniversary was on Thursday, was honored at the social meeting.

From where I sit ... by Joe Marsh

Who Are We, Anyway?

Subject came up at Bill Webster's, the other day, as we were chatting over beer and pretzels. Just who *are* the folks who make up our town? Where'd they come from?

Well, Doc Hollister's Scotch-English ancestry; Will Dudley's folks were mining stock from Pennsylvania; Skip Powell's family were brewers back in Holland.

Guess our bloodstream's got a bit of every country of the globe—and every section of America. We've still got differences in taste and background—whether they apply to music, history, or beer. Only those differences don't matter—because we're self-respecting people, in a free, united land.

And from where I sit, that's what makes our towns and cities—our America—so strong, progressive, tolerant. Our championship of individual liberties has brought us people from all faiths, all lands—to prove that respect for one another's rights is the greatest bond humanity can know!

Rural Tele-news

QUICK QUIZ: Do you know how much telephone wire Michigan Bell put up in rural areas last year? *Nearly nine thousand miles!* It meant new service for thousands and fewer parties on many rural lines. Michigan Bell now serves 122,000 rural area subscribers—more than double the number in 1941.

STOP THEM WITH THIS ONE: Ask your friends how many telephone companies there are in Michigan in addition to Michigan Bell. It's a treat on you if they guess the right number—*one hundred and sixty.* All connect with Michigan Bell and Bell System telephones.

USEFUL . . . AND FUN: A survey shows that more than half the farm families served by Michigan Bell use their telephones for reaching the doctor, dentist and veterinarian, and for ordering parts, repairs, feed and supplies. "Visiting" with friends and arranging church and social activities are high up on the list too.

Our $13,500,000 postwar rural construction program means more and better rural telephone service.

CHEVROLET and *ONLY* Chevrolet IS FIRST!

FIRST in PRODUCTION, in SALES and in REGISTRATIONS of cars and of trucks . . .

FIRST In Passenger Car Production in 1947—according to published production figures.

FIRST In Truck Production in 1947—according to published production figures.

FIRST In Passenger Car Sales in 1947—according to incomplete but conclusive sales records.

FIRST In Truck Sales in 1947—according to incomplete but conclusive sales records.

FIRST to Produce over a Million Cars and Trucks in a postwar year, 1947—according to published production figures.

FIRST In Total Passenger Car Production and Sales for the total 17-year period, January, 1931 to January, 1948—according to published nation-wide figures.

FIRST In Total Truck Production and Sales for the total 17-year period, January, 1931 to January, 1948—according to published nation-wide figures.

FIRST In Total Number of Cars and Trucks on the road today—according to official nation-wide registrations.

WE, YOUR LOCAL CHEVROLET DEALER—and every other Chevrolet dealer in America—are both proud and happy to make the following report to buyers and prospective buyers of Chevrolet products.

Again in 1947, Chevrolet built and sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history.

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks; and we are determined to do everything in our power to continue to deserve this preference in the future as in the past.

We want to thank each and every person in this community for his friendship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our customers who are awaiting deliveries of new Chevrolets.

Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service, now and at regular intervals.

Missionary Born In China Will Tell of Far East

Recently returned to the United States after 30 months internment by the Japanese in the prison camp at Weihsein, China, Rev. Frederick Merrill Pyke, D.D., missionary of the Methodist church in North China, will be the guest speaker at the Methodist church on Monday, at 8:00 p. m.

Dr. Pyke will tell of his experiences as a prisoner of the Japanese, and of conditions in China as he saw them after his liberation.

Dr. Pyke was born in Peking, China, the son of the late Dr. and Mrs. James Howell Pyke who were pioneer Methodist missionaries in China. Serving in the same communities in which he lived as a boy, and a master of the language of North China, Dr. Pyke has worked as an educator among the people and in the territory which his parents entered as young workers fresh from America.

After receiving his early education in Methodist schools in Peking, Dr. Pyke came to the United States and was graduated from DePaw University; later he received the Master of Arts degree from Harvard University.

In 1939, despite the growing war troubles in China, Dr. and Mrs. Pyke returned to China from furlough in America and resumed their active ministry.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

George and Morguerite Currie of Boston, Mass., will arrive in Charlevoix this week to be with the Earl A. Youngs. George has been transferred from his base at Boston, to Denver, Colo., where they will make their future home . . . Mr. and Mrs. P. R. Ross left Tuesday afternoon, destination Harlingen, Texas, to visit the Jerry Scudders. They plan to cross Lake Michigan, go to Brandon, Wis., where the Franklin Ross family lives. Here P. R. will see the Ross twins for the first time. Then it will be on to Texas. With the Joe Fosters located next door to the Scudders it looks as though a little bit of Chorlevoix will be down in Texas and that will spell FUN . . .

Certainly got a big bang out of a statement recently made by the Duchess of Windsor who has not adopted the new hem line on her clothes. The Duchess declares that her legs are still "see-worthy" . . . A note from the Pete McFarlands down Miami way state they had a good trip. The weather has been cold but they have promise of warmer weather . . . Well, Charlevoix has surely wrapped her ermine cloak of snow about her shoulders. It's beautiful though!

The Ray Faulkners arrived home this week from California. They will find the temperature a bit different from Palo Alto . . . Earl Broussard who is a Lieutenant jg in the Coast Guard has been transferred from Chicago to St. Ignace, which is a cause for great rejoicing for the family get to see him more often.

Congratulations to Gordon Freedman and his staff on their successful Open House held Sunday afternoon. Was so surprised to find that the factory is much larger than one would realize judging from its exterior. Then the plant is already doing consideroble production work. Got a big laugh out of Gord telling of having been down in Dayton, Ohio, recently. One of the vacuum cleaner displays that is made in the Charlevoix plant was in the store. Gord stood looking at it intently and along came a salesman. Almost sold him a new cleaner before he got away.

The weather has been the topic of conservation during the past week. Some folks have left for Florida, Texas or California, others are staying home. Oh, well, some like it hot and some like it cold, so everyone is satisfied . . . One of the biggest shocks that Charlevoix has had in a long time was the sudden death of Percy Durance last week. Folks just could not believe it. Everyone shall miss Percy for he was always on the job at the window in the Post Office. He was the kind of fellow that we always enjoyed waiting on us. Always a gentleman, he possessed a fine sense of humor and was a quiet, but efficient worker.

Have you joined in the March of Dimes parade yet . . . The Tom Hines, who were so badly injured in an automobile accident, went to Grand Rapids last week. The Neilson home they were occupying has been taken over by the Charles Levinsons . . .

Mrs. Amos Webster, who underwent major surgery last week, is now at home, resting as comfortably as possible . . . Don't forget the birds these days. Snow and ice are their mortal enemies and crumbs from your table will surely keep them from hunger . . . the John Schroeders and the Larry Ecklunds had the fun of going to Grand Rapids last week and hearing Spike Jones and his band in person. It was a 2½ hour show and a real demonstration that in order to do foolish things one certainly has to be clever. The men were able musicians as well as being able to play on the corny instruments and get the effects that only Spike Jones' band knows how to do.

Pfc. Harrison Elzinga arrived home for a 45 day furlough with his parents, Mr. and Mrs. Harry Elzinga and his brothers. Harrison has been in Hawaii for a year and before that spent a year in China. This is his first time home in two years and the old home town looked pretty good . . . The Fochtman family have surely had their round of illness this winter. Saturday, Ella Fochtman returned to the hospital for a few days. Said she went to get the bed warm for her daughter-in-law, Frances Fochtman, who entered the hospital Wednesday for surgery.

Married sixty-three years! Mr. and Mrs. Simon M. Rose will celebrate their 63rd anniversary Thursday. He is 85 and Mrs. Rose, the former Lizzie Campbell, is 81. They were married at Elk Rapids and have lived here more than 50 years.

JCC Will Have Charter Night Here January 31

Charter night dinner for the new Junior Chamber of Commerce will be held Jan. 31 at the Argonne.

Plans for this and other activities were made, and officers were elected at the meeting last Wednesday in the City Hall.

Junior Supernaw is the new president. Vice-presidents are Joe Abbey and Tom Coxe. Secretary is Hayward Lesley; Jack Mailhot is treasurer. George LaBlance was chosen as state representative.

Directors for the coming year will be Tom Coxe, Robert Wexstaff, Norman Houck, Drew Young and Wayne Belding.

The JCC is open to anyone between 21 and 35 who is "interested in the development of progressive activities for the city, community and state."

Schroeder & Hovey Team Leads League

Schroeder & Hovey's bowling team is the winner in the first half of the bowling league's winter season.

It was a close race with four of the six teams bunched at the top within six games of each other. The Argonne and Mathews Potato team tied for second with the Courier squad a close third. Full results are carried on page 2.

State Golf Tourney May Be Here Again

The State Amateur golf championship, held last year ot the Black River Country Club in Port Huron, may be moved back to Charlevoix, according to an announcement in a Detroit paper.

James D. Standish, Jr., former district golf president who is chairman of the State Tournament, made the announcement at a meeting of the DDGA.

Mr. and Mrs. Colin McKenzie and their son-in-law and daughter, Mr. and Mrs. George Plum, returned home Saturday from a month's visit in California with their son and daughter-in-law, Mr. and Mrs. Don McKenzie.

Community Chest Goes Over Top

Charlevoix gave $4311.70 to the newly formed Community Chest, thereby endorsing the idea of one combined drive for health and welfare funds instead of a series of separate campaigns.

The community contributed $3581.70 and $730 was received from summer residents who sent in checks.

These figures and conclusions were reported Wednesday night to the directors of the Chest when they met at the City Hall.

"The response from the community shows that the chest is the right idea," Robert Bridge, president, said. "That money was raised because a lot of public spirited citizens gave a lot of time and effort. And other citizens just as public spirited gave generously of their money to carry on worth-while causes.

"All of us feel especially grateful to the summer citizens who sent in checks. They contribute to similar funds in their winter homes. When they give here too, it shows extra generosity, especially in view of all they are asked to do."

At the Wednesday meeting besides hearing the report, the directors voted to make the organization a permanent one and discussed further support for the Boy Scout work in view of the active revival of Scouting here.

Farmers Union Will Elect 1948 Officers At Tuesday Meeting

Officers of the Charlevoix County Farmers Union will be elected next Tuesday.

The onnual meeting will be at the Wilson Grange Hall. Called for 11 a. m., there will be a potluck dinner at noon with the business session in the afternoon.

Elmer G. Lyon is the incumbent president.

Masons Take Lead In Cribbage Tourney

The Mosons are leading now in the cribbage tourney as a result of 422 extra points gathered in the third round Monday.

The Masons' score was 21,374, while the Odd Fellows made only 20,952. The net lead of the Masons is 186 points.

Good Tourist Season In 1948 Foreseen By Head of West Michigan Resort Group

Prospects for 1948 tourist business are good, but 1949 depends largely on ourselves, president Joe Bachunas of the West Michigan Tourist and Resort Association told Charlevoix and East Jordan business folks here Thursday night.

Bachunas reminded those dealing directly with the tourist that Michigan always has had the reputation of giving good value for the dollar. "Let's not start scalping or trying to get rich quick now. It can hurt 1949 and all later years," he said.

The West Michigan association is planning regional meetings this spring for the operators of hotels, resorts, cabins and restaurants. At that time an effort will be made to set standards and general rates so the tourist will be assured of his money's worth and good treatment.

The Association also is checking with a large group of 1947 visitors to see how they feel about the treatment they received while touring West Michigan.

The meeting Thursday in the City Hall was called to enable those interested in the tourist industry to meet the officers of the Association. Besides the president there were Chester Wells, secretary-manager, who outlined the tourist situation; and Harold Vanderploeg, resort operator at Holland.

Vanderploeg outlined a program proposed for Holland which has the endorsement of the Tourist Association. Its aim is to impress the value of the tourist dollar on the community. It does this by supplying all those who do business with the traveling public with small cards. These can be attached to coins or bills without damage to either. Bearing the words, "This is Tourist Money", the cards call attention to the volume of cash brought to a community by vacationists.

McSauba Winter Sports Area Is Ready For Use

The winter sports area at Mt. McSauba is rapidly shaping up and part will be ready for public use Sunday.

The development is being done by the Junior Chamber of Commerce as its first civic service.

Last Sunday the membership was out in full force working on the tobpggan slide. The power tow for both the toboggan run and ski slide will be installed this week. The work of laying out the ski trails also will be started.

The log cabin has been turned over to the JCC for the winter. Hot drinks, and snacks will be served there and a fire kept in the fireplace to warm chilly sports fans.

The JCC members have issued a general invitation to start making use of the sports area Sunday. Toboggans, skiis and snow shoes all can be used. The toboggan run is more than a half mile long ond promises to be one of the fastest in the entire state.

The club is planning to have a winter sports carnival sometime in February. Another related project are lapel buttons advertising the new Mt. McSauba area.

Memorial Book Shelf at Library Sponsored by Club

A Memorial Shelf is to be started at the Charlevoix Library.

Sponsored by the Dickens Club the purpose of the Shelf is to give citizens an opportunity to give books in memory of relatives or friends, and thereby add to the Library.

Four persons have started the shelf with gifts: Mrs. Harry Craig and Mrs. Archie Livingston in memory of their mothers; Mrs. Clair Webster and Mrs. Angus Fochtman in memory of their parents.

A specially designed bookplate has been obtained and one of these will be put on the inside cover. It tells who gave the book and in whose memory. Organizations as well as individuals can give books in memory of members, as can neighborhoods for a friend, or relatives for those who gave their lives during the war.

The Library can supply information if help is wanted as to what book to buy.

The Memorial Shelf Plan has been carried out successfully in other places. In one town of 1300, during eight years 689 books which the public library otherwise could not have afforded were put on the shelves.

Reds Do Little for China, Club Is Told

The Communists of North China cannot lift the low standard of living there, Dr. Frederick Pyke told the Kiwanians Monday night.

Instead of increasing wealth, the party program of seizing and dividing land is distributing proverty, he explained. The section, where Dr. Pyke was born and where he has served as a missionary, already is 75 per cent owned by small farmers and redistributing the few large holdings will help little.

The national government's policy of better land utilization and industrialization (to care for surplus workers) offers much greater hope. China's big obstacle in achieving a good government is her lack of an informed public opinion, due to the high illiteracy.

Dr. Pyke was introduced to the club by Rev. Leslie J. Nevins, district superintendent of the Methodist church.

Dr. Pyke also spoke at the Methodist church where he described life in North China and his experiences in a Japanese prison camp.

City Asks for Bids On Crane At Plant

Bids on a new five ton crane at the power plant are being asked by the City Council.

This crane will be on overhead one required to service the new diesel unit being installed. Its cost was included as part of the total estimate approved by the voters in December, 1946.

Poultrymen to Get Pros, Cons on CoOp Processing Factory

Shown above is a portion of a typical Charlevoix County flock of turkeys. It is to encourage the raising of such birds as these, and to make more profits from them, that a group of poultrymen are investigating a processing plant.

The story of whot a poultry processing plant has meant to the growers of another Michigan community will be told in detail to the turkey and chicken raisers of Northwestern Michigan soon.

It will be the report of the committee of six named by the poultrymen last fall to investigate the pros and cons of establishing a plant in this area. The six are Fred Willis, George Block, Hiram Brock, Eldon Jones, Arlo Wickersham, and Rowley Williams.

They visited Hamilton, Mich., a community of some 250 south of Holland. Under the sponsorship of the Farm Bureau, the poultry raisers there 2u years ago, set up a cooperative processing company and built a plant.

They have just completed a new one and it was this that the committee inspected. It is 40 by 60 feet all on one floor. Poultry is attached to an overhead conveyor, killed, scalded, picked, finished and delivered to the cooling room without being taken from the carrier.

The plant operates two days a week the year around on chickens and full time during turkey season. Ten persons are employed. The equipment used cuts the labor bill in half. The plant also grades, packs and ships eggs.

One piece of equipment particularly impressed the committee. It is a new scalder, which uses a 124 degree spray. "It turns out better looking and better grading birds than any other we've seen," was the consensus

After cooling, the plant packs and markets the poultry under its own brand.

Asked about the comparative natural advantages of the two areas for poultry raising, Chairman Fred Willis said he could see no reason which this section is not just as good. Soil is similar, weather is not much different, a slightly higher freight rate is offset by lower costs in other fields.

The principal conclusion the committee gained from the Hamilton co-op were:

A plant can do a better job than individual can do for himself and will do it much cheaper.

By turning out better grading birds, a plant will get the utmost value from poultry, which now often is lost through lack of equipment or lack of help on the individual farm.

Through volume selling, either by itself or through a marketing organization like the Land 'O Lakes, consistently higher prices for the same birds will be obtained, with more net profit.

The Hamilton plant has made more money for the members, has greatly increased the amount of poultry grown in the section, and has generally resulted in more net farm income.

The committee will meet shortly and draft its formal report and detailed conclusions. It then will call a meeting of all poultry raisers to receive the report and to decide on what shall be done.

Unbeaten Team Leads Conference

Charlevoix's Rayders this week made themselves the unquestioned top team, in both Northern Michigan and the Class C Conference.

Only other undefeated C team was Boyne City which came here Friday only to lose 44 to 29. Tuesday Charlevoix played Mancelona on the latter's handkerchief floor, winning 46 to 26. To date, the Rayders have amassed a total of 362 points to their eight opponent's 182. In every gome Coach Ray Kipke has played most of the second half with reserves, thus accounting for many of those 182 points.

The Little Royders won 33 and 16 at Mancelona.

Tuesday night saw two fairly close games. Petoskey on its home floor won from Harbor Springs 54 to 45. Goylord at Boyne City won 41 to 37. Only other game was Pellston, 41, against Grayling, 20, at Pellston.

Grayling comes here Friday. In the opening game the Rayders won 50 to 23. East Jordan, previously defeated 61 to 16, plays here Tuesday.

The Charlevoix Radyers became undisputed leaders in the Northern Michigan Class C conference Friday by defeating Boyne City 44-29 to topple the Ramblers from the ranks of the unbeaten.

The Rayders, displaying the best ball handling of the season, definitely outclassed the visitors by taking the lead in the opening minutes and holding Boyne to a 9-2 score at the end of the first period. Boyne only scored once, on a free throw, in the second quarter and the score at the half stood at 26-3.

Boyne showed a little more of the spirit the Rayders had been hearing about all week when they scored 11 points in the third period and Charlevoix added 13 more to make the score 39-14. With Kipke substituting freely as the game went into the final period, Boyne City scored 12 points and Charlevoix second stringers scored 5 more to make the final score 44-29.

Bob Carey was high point man for the winners with 13 points and brother Bill second with 11 points. Pat Martin had 10 points having made 6 out of 6 on free throws. Boyne's Everest had 14 points and Delaney and C. Scott 5 each.

The Little Radyers carried on in their usual manner by defeating the Boyne Reserves 23-0. Fairbanks scored 10 and Don Hardy 6.

Mrs. E. C. Sterritt returned home Monday after spending a month in southern Michigan and at Muskegon.

Holiday to Carry Story On Smeltania

The February issue of Holiday magazine will carry a 2000 word article on Smeltania on Lake Charlevoix ot Boyne City.

The story will tell the history of the "largest city on ice", its rise, decline and revival; its wild politics and wilder stories.

Merchants to Give Away $400 in Silver Dollars

Designed to provide cash awards and a lot of fun for their customers, a Silver Dollar Contest is being launched by a group of Charlevoix merchants.

Each week the merchants will give away 100 silver dollars. First award will be for $50. In addition, there will be five awards of $10 each.

In order to obtain one of the weekly awards, the customer must be on hand in the City Park at 2:30 p. m. on the four Saturdays —Jan. 31, Feb. 7, 14 and 21.

Although the Silver Dollar Contest is thus planned for only four weeks, it can be continued after Feb. 21 if the customers and merchants feel it is a success.

Each of the cooperating stores will display a Silver Dollar window eard to identify it. These stores will give a ticket for every 50 cents in trade. However, no more than 200 tickets can be given on any one transaction.

Merchants will start giving away the tickets this Saturday.

Every Saturday noon the store's tickets will be collected, closing the contest for that week, and at 2:30 they will be taken to the City Park.

In order to give all participants and particularly farm customers, an equal opportunity to obtain one of the prizes, no cooperating merchant nor any member of his immediate family can hold tickets nor compete for an award. Similarly, no participant can win more than one award in one week.

Full details of how the plan works can be obtained from any of the cooperating merchants. As of Wednesday, those business places are:

Look For the Label

One of the best dressed men I know is a paper salesman who has been calling on us for a dozen years. The other day, apropos of a handsome tie he was wearing, I made some comment about clothes. One of his remarks is worth quoting:

"Clothes have gone up like everything else. It doesn't pay to buy anything but the best. The nationally advertised lines. They have to be good. You get more wear per dollar out of those than you will from cheaper clothes."

While we are discussing clothes, the same rule holds in other lines today.

The Responsibility Is Ours

Responsibility for peace or war rests with us folks and not with the top men in Washington or London or Moscow.

That was the chief idea which Grove Patterson, editor of the Toledo Blade, told some 350 folks down at Traverse City last Friday. Patterson, one of this country's top editors, pointed out that public opinion alone can make war, or ensure peace. And you and I determine that public opinion.

He said the same about Russia the three other experts I have heard lately have said: The United States needs to have plenty of patience and much more firmness. Patterson also pointed out that Russia, an oriental nation, needlessly is more scared of us than we are of her.

The Marshall Plan is a gamble, but it is our only chance to have a friendly world. We're wagering 17 billions against 300 billions and possibly our national existence.

The occasion at Traverse was the annual Chamber of Commerce meeting. One little statistic given there stuck in my head. Every dollar spent on tourist promotion brought back $5,500 which was left in the area by visitors.

From where I sit ... by Joe Marsh

From Sheepskin to Sheep

There aren't too many college graduates in our town. Good honest thinking, yes... but most folks went from high school into farming.

No harm in that! But I admire veterans like Dick Newcomb... who's 23, but going to college under the G.I. Bill of Rights. Intends to be a sheep farmer—but a better-informed, more scientific farmer, with more know-how!

And veterans like Dick aren't letting anything interfere. What little relaxation they allow themselves is in the form of needed exercise, or books, or conversation and an occasional glass of beer with friends.

Seems as if, just by having their education postponed, they've put a higher value on it... and on things like temperance (that glass of beer, for instance), understanding, and good citizenship. And from where I sit, when Dick gets his sheepskin—he won't have lost much time. He'll be an even better farmer than his Dad. (Exactly what Dad wanted!)

Camp Charlevoix Expects Busy Year

Another successful season is ahead for Camp Charlevoix, according to present prospects.

A folder, "Report to Parents", written by Chief Lewis C. Reimann, says that more than half the quota of boys already is signed up and it urges parents and friends to get in applicants' names early, to be sure of a place.

A camp reunion is planned at Ann Arbor this winter, new improvements are being made at the camp, most of the 1947 staff will be back this year.

The report also tells how the Red Cross inspector rated Charlevoix as one of the top three Michigan camps for its water front equipment and swimming instruction. The inspector for the liability insurance firm "gave us a 100% rating for the absence of hazards and the safety precautions provided in the camp."

Northern Michigan Horse Racing Group To Promote Events

Organization of a harness horse racing circuit which will encompass track activities at fairs from Northern Michigan down into the Thumb district, was effected Jan. 14 at a meeting of some 50 horse owners, racing committee members and state officials at the Park Place Hotel in Traverse City.

The circuit, which will govern harness racing events will extend to an estimated 17 fairs in the lower peninsula. Representatives from 13 fairs were at Traverse City.

Director Charles Figy, of the Department of Agriculture, explained the new state law which provides for distribution of a share of the harness racing money derived from mutuel betting at the Northville track, to various fairs throughout the state. Out of last year's racing meet funds, $180,000 will be available during the coming year. Distribution will be made to fairs on the basis of 100 percent of their 1947 purses with the exception of the stake races.

Increase in purse money, as provided by the new legislative act, will result in a greater field of entries and faster competition in fair meets throughout the circuit.

Among those who attended the Wednesday evening meeting were George O. Haggard, Jesse Smith, Edgar Smith, Ralph Bacot, Joe Duplessis and Floyd Black.

Charlevoix County will receive $1,200 under this plan. Last year's purses totalled that amount. With $2,400 available as prize money, fast races are expected this summer.

Former Resident Dies In Paris Crash

Among the 15 passengers killed Jan. 6 when an Air France DC-4 crashed and burned near Paris was Mrs. Jane Wallace Burrell, 36, of Searsdale, N. Y., who for many years spent the summers on the Belvedere resort with her family.

She was a passenger on the plane when it crashed at Le-Bourget Airfield. Mrs. Burrell was a visa clerk in the United States Embassy in Paris.

Although E. J. Edwards, warden of the Belvedere, has received no word from the family, the photograph of Mrs. Burrell which appeared in a Detroit paper last week has been identified.

Amy Laurie Pedersen Wed In Detroit

In a ceremony solemnized at the St. Paul Memorial church, Detroit, at 7:30 Saturday evening, Miss Amy Laurie Pedersen became the bride of John Porter Boughton.

The bride is the daughter of Mrs. Martin Pederson and the late Mr. Pederson. The bridegroom is the son of the late Mr. and Mrs. John Boughton of Detroit.

Rev. J. H. Widdifield read the service in the presence of 200 guests.

The bride, escorted to the altar by Elmer White, brother-in-law of the bridegroom, selected a light blue crepe dress.

Mrs. Maurice Dixon, of Charlevoix, sister of the bride was matron of honor. Fred Dean assisted his brother-in-law as best man and Kenneth Taylor seated the guests.

A reception followed at the home of Mr. and Mrs. Dean after the ceremony.

After a two weeks' wedding trip to Key West, Fla., the couple will make their home at 1321 Crawford St., Detroit.

The bride is a graduate of the Lansing Business University, Lansing, and the Henry Ford Hospital school of nursing. The bridegroom is a graduate of Michigan State College and attended the University of Michigan for two years. During World War II he served for three years with the Army in Panama. He is now with the Gardner White Furniture Co., in Detroit.

Among the out-of-town guests were Mrs. Pedersen, Mrs. Dixon, of Charlevoix; Mrs. Betty Belfy of Adrian and Don Lane of Blissfield.

Fish Shanties Must Show Who Owner Is

The law requiring names on fish shanties will be strictly enforced this winter, Officer Ed Starback says.

The name and home address of the owner must be painted in letters at least 2 inches high and in waterproof paint. Warrants will be served on persistent violators, he says.

THE PRESENT SHORTAGE OF TANK CARS is the limiting factor in our production of fuel oil, gasoline and other petroleum products . . . and back of that is the currently short steel production.

The oil companies of the nation, including ours, have fought relentlessly to meet the increased demand . . . and to a certain degree we have been successful. Up to the present time our distributors have been adequately supplied with gasoline and motor oil without limit. But fuel oil remains in short supply.

Sold by

W. H. Wallace

However every one of our fuel oil customers is getting his share of the available oil. Just when we can fully meet your requirements is uncertain at present. We hope it will be soon.

In the meantime we are sparing no effort or expense to meet your needs as quickly as possible.

Your understanding and continued friendship will help us to carry on the fight.

Eveline Orchard

By Anne Nasson

The Helping Hand Club met last week with Mrs. Oakley Saunders. The members are making plans for their annual Spring supper at the Rock Elm Grange Hall. The next club meeting will be with Mrs. Frank Lawton Jan. 28.

Thirty members attended the Rock Elm Grange meeting Thursday. Movies on "Strange and Unusual Places Reached by Greyhound" were shown by a Greyhound representative. The Grange is having another pedro and pinochle party Saturday evening.

Mr. and Mrs. John Knudsen and daughter are home from Florida. On their return they stopped at Philadelphia to see their nephew and niece, Mr. and Mrs. Bill Runge. They also visited Mr. and Mrs. Carl Anderson at Muskegon.

Noel Thomson and nephew, Barnard Nichel left for Dayton to return with Mr. and Mrs. Harry Nichel who will make their home here.

Rock Elm News

By Mrs. A. B. Lawton

A letter from Mrs. Jo Whitfield who is spending the winter with friends in St. Petersburg, Fla., states that they have had to have fire in the trailer to keep warm.

Mr. and Mrs. Hiram Brock narrowly escaped losing their house by fire recently. The kitchen and dining room were destroyed but the fire department with the help of neighbors saved the main part of the house, although considerably damaged by smoke and water.

Thursday night the advertising agent for the Greyhound Lines treated the Rock Elm Grangers to a fine set of views of the wonders of this country.

While Jesse Lawton was in his fish shanty watching for fish he had the rather odd experience of having a muskrat pay him three calls, once coming part way up on the floor.

Samuel Alexander, Ferry Operator for 50 Years, Passes

Samuel R. Alexander, 79, who operated the Ironton ferry for more than 50 years, died Friday at his Ironton home. He had been ill since last Spring.

Born near Quincy, Ky., on March 23, 1868, he came to Ironton with his parents at the age of 12 years. As a young man he worked as a fireman for the Pine Lake Iron Co.

In 1890 he became operator of the Ironton ferry, a position he held until his retirement in 1941. It was during those years that he gained national fame when Robert Ripley in his "Believe It or Not" told of Mr. Alexander having traveled more than 20,000 miles without being more than 1,000 feet from his home on the west shore of the South Arm of Lake Charlevoix where the ferry spans an 850 foot channel.

On Jan. 15, 1894, he married Harriet Williams, who died on Aug. 17, 1938.

He was a member of the Ironton Congregational church, the Knights of Pythias and the Maccabee lodge. He served on the Eveline township road commission and the school board.

He is survived by one son, Ross of Ironton; a daughter, Mrs. H. L. Barnum of Lake City; four grandchildren and one great-grandchild.

Funeral services were held at the See Funeral Home at 2 p. m. Monday with Rev. Jackson E. Turner officiating. Burial was in the Brookside cemetery.

Maple Grove Grange Meets

The Maple Grove Grange met at the Hayes Town Hall Thursday evening. After the business session, hamburgers and French fries were served.

Bay Shore Church Elects Officers

Claude Stanley was elected elder for three years at the annual meeting of the Bay Shore church Jan. 13.

Mrs. Helen Yahr was chosen Sunday School superintendent. Mrs. Liddie Stolt is secretary and treasurer of the church, and Mrs. Thelma Johnson, secretary-treasurer of the Sunday School.

Clifford Yahr was named trustee for a three year term.

Veteran Committee Meets

The Charlevoix County Veterans Committee met at the Court House Wednesday night to discuss the matter of a Veteran Counselor for the county.

What Makes Prosperity?

A lot of things go into this business of a prosperous America. There's plenty of just plain hard work . . . energy . . . initiative and common sense. Certainly full employment and high production are essential. And in America—freedom of opportunity is a vital ingredient of a sound and prosperous nation.

But there's a simpler formula for prosperity—a two-word something called "Purchasing Power." Purchasing power makes the wheels go 'round. It's dollar power. It's money in the back pockets of the American people. It's money to buy the food and cars and radios. And keeping our purchasing power high is the secret of national prosperity.

Farm folks are among the nation's most important customers. Their purchasing power has a lot to do with national prosperity. And farm cooperatives are helping millions of American farmers lower operating costs and increase purchasing power.

In more than 80 counties through Michigan—farm folks are increasing their dollar power through cooperative enterprises. In securing farm supplies—in marketing—and in providing the many necessary farm services—more than 100,000 farm families are adding to rural prosperity by working together. These "home-owned" enterprises are increasing farm purchasing power. And that's the ticket to a more prosperous and abundant American economy.

IT HAPPENED ON . . . .
BEAVER ISLAND

By Mrs. J. C. Hanley

Once more, the weather headlined conversation on the Island. They say sunshine is nature's way of smiling—well in that case, Nature has been making some ugly faces at us this past week.

Tuesday and Wednesday, the mercury dropped to around zero, with freezing blasts from the North. Thursday, the wind and snow seemed to be blowing from every direction at once, 40 or 50 miles an hour. My hat goes off to the children who braved the wind and snow to walk to school.

The ice makes and breaks in the harbor according to the wind. The sou-west wind, which blew furiously the first of the week, broke the ice and there was plenty of open water in the central part of the harbor. With the spell of zero weather, the harbor is a solid mass of ice once more.

Joe McPhillips landed his plane on the ice for the first time this season Friday.

Mr. and Mrs. Peter Gallagher, Charlevoix, came across Friday with McPhillips to visit Mel and Frank Gallagher. Frank has been very ill.

Buster Elms has closed the Shillelagh for the winter. Buster is in Ann Arbor working at the University.

Ed Joseph left the first of the week for Chicago where he will work for the next few months.

There are two oil burning furnaces on the Island that are the "last word". One is installed in the Roger Carlisle home and the other in Bussie LaFreniere's home. Quite a number of oil burning stoves have replaced coal and wood stoves.

There are still a lot of us who have got up extra early to shake down the living room stove, and stoke it up, then back to the kitchen to shiver and shake while the range gets started. Speaking of courage—it takes plenty to crawl out from under the covers these frosty mornings to start the fires.

Truman Ramsey reports the mercury dropped to 13° below zero out at camp this week.

Two weeks ago, Jimmie Floyd and Clarence Palmer were on their way walking out to Ramsey's camp when darkness overtook them and they became lost in the woods. The two men had to remain in the woods all night. They managed to keep from freezing by building a fire. The two reached camp by noon the next day, cold and plenty hungry.

Walter and Teddy Wojan have organized their camp and the axes are in full swing.

Archie and Vernon LaFreniere and Carl Keubler flew to Charlevoix Tuesday for Archie's initiation into the Elks at Petoskey.

Archie, Carl, Mr. and Mrs. Burt McDonough plan on driving to Chicago for the Beaver Island party.

The meeting of the Third Order of St. Francis was held Sunday afternoon at Holy Cross church.

This was exam week for the school children.

The pupils of St. James high staged a semester frolic Friday evening. A sleigh ride as far as the church and back was the main feature. Returning to St. James school, the tenth graders, who were in charge of the affair served hot lunch for a small fee.

A number of Island children are shut in on account of mumps.

Son of Pioneers Dies At Home Here

James Edward Graham, 78, retired Marion township farmer, died at his home late Friday afternoon following a long illness.

A solemn requiem Mass was held at the St. Mary's church at 9 a. m. Monday with burial in the Catholic cemetery.

Mr. Graham was born in Marion township on May 27, 1869. His parents were William and Mary Graham, one of the early pioneer families to homestead in this community. He was a member of St. Mary's church, which he helped build. Since 1942 he had resided in Charlevoix.

He is survived by three neices.

Mrs. Emma Bogart, who has been ill for several weeks with pneumonia is able to be up and about again. Tuesday she moved from her home to that of her daughter's, Mrs. Joe Williams. . . . Tough luck! Mrs. Helen Richards teacher at the Charlevoix schools and president of the Charlevoix Girl Scout Council, is really flat on her back for a few weeks. She had the misfortune to fall while at school and injured a vertabrae. She is taking six weeks vacation from school and is spending it in the hospital . . . A quotation on the wall of the dining room at the Park Place Hotel in Traverse held my attention "What a man does for himself dies with him; what he does for his community lives forever."

Mrs. Edward Heise is expected home this week from Adrian, where she has spent the past month visiting her daughter and family, the Charles Robertsons. She also visited in Wyandotte at the home of Mr. and Mrs. Floyd Bettie . . . Bill Seese is the name of the new clerk of the Post Office. The husband of Betty Shores, the young man hails from Detroit . . . Ray Hamilton leaves Thursday morning for Rochester, Minn., to get Mrs. Hamilton who has been there several weeks for observation and treatment. He reports that she is greatly improved in health and is anxious to get back home . . . Andrew Zeitler is on the road to recovery agter a siege of pneumonia.

Birthday congratulations to Dean Boss, another teenager . . . Our sympathy to Betty McClintock in the loss of her father. A retired school teacher and apparently in the best of health, it was a great shock to the family when he suffered a heart attack.

Gloves Tourney Will Be Jan. 27, 28, 30

Many new entries have been made to the Golden Gloves tournament which will be held at Boyne City Jan. 27, 28, and 30.

Traverse City will send 11 entries. Two entries have been received from Gaylord, which was not represented in 1947. Three youths from Boyne Falls will be in the tournament.

General chairman, Kise McCoy, believes the Roscommon entry lists will be considerably larger than last year.

Grayling and Petoskey will have entries while Cheboygan is expected to send 10 hopefuls who are now under training with Mike O'Branovich, Olympic boxing champion.

Any Northern Michigan youth may enter the tournament.

Cleaners Team Is Guest of Legion

Members of the Michigan Cleaners independent basketball team and their coaches were guests last Tuesday of the American Legion at the hall here.

A pancake, maple syrup and sausage supper was served the players. Afterwards there were cards, pingpong and other games.

Charlevoix Veteran Has Lonesome Time

Charlevoix has a war veteran who is having a pretty lonely time of it.

He is Louis G. McSawby, who since Oct. 16 has been at the Gaylord State Sanitarium.

He was in the 7uth Infantry Division for 22 months, 16 of which were spent in Europe.

A letter to the American Legion here from the acting veteran counselor suggests that when anyone from Charlevoix goes to or through Gaylord, a visit to Louis would be a fine thing.

He has few visitors.

The Tow Line

News of folks, yoor neighbors and mine . . . but did you know that—

If there were any folks who thought the Community Chest idea was not good for Charlevoix, (It's granted that the drive just before the holiday seasan was not too good) they had another guess coming when it was learned last week that Charlevoix really went over the top. $3750.00 was asked for the community and when all receipts were checked, $4311.70 was given . . . A letter from Port Orange, Fla., tells of the birthday of Albert Holmes and how his friends surprised him with a party. Mrs. Holmes was let in on the secret and she baked the traditional cake. Those present were Mrs. Holmes' brother and wife, Rev. and Mrs. Chandler, Mr. and Mrs. Guy Moore, Sid Thompson and Mr. and Mrs. Joe Mooro. The Joe Moores have been in Port Orange far six weeks and are going to Maimi next.

Mrs. S. B. Clarke returned to her home in Muskegon Saturday after spending two weeks with her mother, Mrs. Clara Todd and her sister, Mrs. Frances Olmstead. Mrs. Todd accompanied her daughter to Muskegon for an indefinite visit . . . Mrs. Harley Ochs returned Sunday from Detroit after spending the last three weeks there, called there by the illness of her sister; Mrs. Nora Ladd . . . There is a sheep-skin mitten, ladies' size, at The Courier office that someane has lost. Is it yours???

Mrs. Robert McClean, who is visiting her sister, Polly Hempseed in Pasadena, Calif., writes that the weather has been between 80 and 85 degrees. She is having herself a real time. Got there in time far the parade on New Year's Day. . . . Clarence Odmark heard the University of Michigan band recently and declared that without question it is the best college band he has ever heard. Incidentally the U. of M. band is going to make a tour this spring and Charlevoix folks will have a chance to hear them play.

Remember that we are always glad to get your news items. Just write or call the office and then watch yourself break out in print . . . Word has been received from the E. J. Smiths that they are located in Clearwater, Fla., for a few weeks. The Mac McCarthys, Nora Maran and Mrs. James Gaskin, Sr., are also at Clearwater. Since the Smiths have been there they have been visited by the George Priests and the Frank Couriers. Another Charlevoix colony.

A fellow who is showing plenty of pluck is young Billie Wallace who has been at the Charlevoix Hospital far the past two weeks with a kidney infection . . . Have you noticed that strained look on the faces of students about Charlevoix is now gone. Yes, semester exams were last week! Maybe there will be another set nf crestfallen expressions when some get their cards Thursday.

. . . Are you getting your tickets from the merchants for the Silver Dollar Contest?? Don't forget to be at the Park for the next four Saturdays at 2:30 p. m. Ynu stand just as good a chance as the next fellow to win that $50.00 or the five $10.0u, each of those Saturdays . . . No matter the weather, there are always skaters at the ice pond . . . Miss Vida Black has been caring for her sister, Mrs. Percy Durance who is ill.

Mrs. Katie Harti, who has been with the Greenbaum family for a number of years, was in Charlevoix for the week-end. Mrs. Harti was thrilled with Charlevoix in the winter time and declared thot she did not know anyplace where the snow stayed so white except Charlevoix and Europe.

What has happened to our January thaw. Sure could stand one. . . . The Elmer Barbers have just received word that their son, Sgt. Eugene Barber, has been transferred from Denver, Colo., to Mather Field not far from Sacramento, Calif. This is a perfect time of year to be in the Sacramento volley . . .

Belated birthday congratulations to Mrs. Ruth Whitley for she's a jolly, good fellow . . . Understand that a letter received by Chief of Police Clarence Heise supposedly from Gov. Kim Sigler regarding a new gambling club on State Street had him a bit excited one day this week until he suddenly came to and realized the place was his own house. Then he truly started on a man hunt to find the guilty culprits who

Community Chest Will Be Made Permanent Group

Charlevoix's Community Chest will become a permanent, incorporated organization and will continue to serve as a unified center for health and welfare agencies here.

This was voted last Wednesday by the temporary board when it met at the City Hall. Incorporation papers are now being prepared and a simple constitutian drafted. This will provide for public accounting of all funds, staggered terms for directors who shall be elected by the community, and a single drive early in the fall.

The plan is to have the new organization completed before March 15 so as to make contributians to the Chest unquestionably legal deductians.

The directors last week voted to turn over four of the sums set up before the drive. They are: hospital, $1,000; public health nurse, $85u; Boy Scout Council, $400; Girl Scouts, $440.

The Health Nurse money is turned over to the county which disburses it through the District Health Department. In no way does this maney go to the school, which pays its own part of the nurse's salary.

The directors also voted extra money fram the Contingent fund for the Boy Scouts. Charlevoix is part of the Scenic Trails Council. In view of the fact that Bay Scouting once more is active here and the troops are growing; and that a $833 quota had been assigned this community last fall, the directors felt that the extra $433 shauld be turned over.

Mrs. Snider Rites Will Be Thursday

Mrs. Elizabeth Snider, 71, wife of E. L. Snider, died unexpectedly Tuesday marning at the Charlevoix Hospital where she had been admitted far treatment.

Barn Elizabeth Spencer in Huntington, Ont., on Jan. 8, 1877 she came to Coleman in Midland county as an infant. She was married to Mr. Snider on Dec. 25, 1895, at Caleman where they resided far a short time before moving to Munising. They also lived in Cheboygan before caming to their present home in Marion township in 1906.

She was active in community and church affairs and was a member of the Church of God.

Besides her husbnd she is survived by one daughter, Mrs. E. D. Meggison of Detroit; four sans, Alva of Grand Rapids, Raymond of Sheffield, Mass., Louis, of Indiana and Glenn of this city; one sister, Mrs. James Keeler of Alma ond eight grandchildren.

Funeral services will be held ot the See Funeral Home at 2 p. m. Thursday with Rev. W. D. Wood officiating. Burial will be in the Brookside cemetery.

Kiwanis Club to Be Guests of Hospital

The story of the origin of the New Testament was described to Kiwanians Monday night at the regular meeting at Shady Corner by Rev. Gail Hetrick of Boyne City.

The Kiwanis Club will be guests of the Charlevoix Hospitol Board at its next regular meeting Monday.

The Club and Board will meet together at the Hospital, will be served dinner there as a special event, and the club will sit with the directors for their reguior meeting.

Story of Mass to Be Told In Film Feb. 10

A most unusual movie will be shown Feb. 10 at the St. Mary's School Hall by the Holy Name Club.

It is "The Eternal Gift." The picture tells the story of the Catholic Mass. The symbolism and reason for each act and item are explained. This narration is by Msgr. Fulton J. Sheen.

While dealing with a religious subject and rite, the picture is handled so objectively it is interesting to non-Catholics as well.

Have New Station Wagon

Art Dry Cleaners are now using a new Ford station wagon for delivery instead of the Dodge Army truck.

Junior Chamber of Commerce to Receive Charter Saturday

Dr. F. W. Henderson

Dorr Snoyenbos

Charlevoix's new Junior Chamber of Commerce will receive its charter officially Saturday night and thereby be formally launched as an active and civic group.

The ceremony will take place after a formal dinner at the Argonne at 8 p. m. According to Junior Supernaw, the newly elected president, the program will be:

Dinner.

Address, Darr Snoyenbos, state vice-president from Flint.

Junior Bureau Host To Senior Directors At New Club Room

Initiating their new club roam, the Junior Farm Bureau Tuesday night entertained the directors of the senior Bureau.

Robert Crandall, club counselor explained the purpose of the meeting, told of the work done in completing the club roam in the basement of the new Williams garage, and outlined plans for the summer. These include a week's camp at Eastpart.

Wesley Hawley, district representative of the state Bureau, described educational work planned far Northern Michigan. Community singing was led by Crandall. Refreshments, prepared by the Juniors, were served.

The directors present were Mr. and Mrs. Oakley Saunders, Mr. and Mrs. Rowley Williams, Mr. and Mrs. Leo Berg, Mr. and Mrs. George Block, Mr. and Mrs. Leonard Babel.

The Junior members were Jean Russell, Joon ond Cleo Lumley, Ray Williams, Anna Brock, Richard Russell, Joe Rentin, Betty McNeal and Betty Jane Orvis.

Kiwanis Make Plans For Annual Amateur Show In April

Plans are being formulated now for the second annual Kiwanis Amateur Show to be held in April at the school auditorium.

The date, details and rules for the contest will be published later. Entry blanks will appear in The Courier several weeks in advonce of the show.

Inquiries already are being received by committee chairman Dean Davenport. Those who wish to he in the show should give or send their names to the chairman.

Lewis Allards Wed 57 Years On Feb. 4

Mr. and Mrs. Lewis Allard will observe their fifty-seventh wedding anniversary at their home on Wednesday.

The couple, who have nlways made their home in northern Michigan, were married at Petoskey in 1891. Mr. Allard is a retired lighthouse keeper. Mrs. Allard is the former Pauline Cheney.

The couple have one son, Lee, of this city; one granddaughter, Mrs. Robert Herington and three great-grandsons.

House of Jewels Will Close Friday Night

The House of Jewels will be closed Friday evening.

Saturday morning Mr. and Mrs. Tom Coxe plan to leove for Chicago where they will nttend the annual Gift Show at the Palmer House and the Merchandise Mart.

Their son, Terry, will stay with relatives in Traverse City during their absence. They plon to be gone two weeks.

Dance This Friday To End Annual March of Dimes

The March of Dimes collection will end Friday night with the dance at the Argonne.

The committee, headed by William Supernaw, has placed collectian canisters about town and has been selling membership tickets, which also are tickets to the dance.

These likewise are on sale at Schraeder & Hovey's drug store. One half of all money collected is kept in the county for infantile paralysis wark here.

Prompt Action Urged By Health Speaker In Address Here

Wednesday evening the Congregators sponsored a meeting at the City Hall with Rex deGousch of the Michigan State Health Dept. giving a talk on Social Diseases.

Such a meeting was made possible through the work and cooperation of Dr. Earl Faber and Dr. A. F. Litzenberger.

Using as his subject "Too Much That Isn't So" deGousch told how vencreal diseases increased threefold since 1941. He urged all persons who might have contracted the disease to go at once to their doctors. With quick treatment centers at Ann Arbor ond Detroit the diseases can be easily treated and quickly cured.

"Mony persons have received a wrong impression regarding social diseases", he said, "due to a flood of plain spoken materials. Venereal disease strikes more than any other disease and is no respector of social position."

"18,000 persons die in America annually of syphillis and thousands of others are suffering because they did not get to the doctor in time."

A comparison was made between America and Sweden and how that country had educated its people regarding social diseases and how to combat them.

The meeting might be termed a "grass root" meeting for Charlevoix, laying the foundation for other talks on social problems, social diseases and family relationships. Meetings of this nature are being sponsored by the State Department of Health in educating adults as well as teenage students and helping to combot this evil.

East Jordan to Play Cleaners Thursday

East Jordon's independent basketball team will come here Thursday night to meet the Michigan Cleaners squad at the high school gym.

The preliminary game will be between two of the Coleman Cat teams and will stort at 7:30 p.m.

Pictures of the Louis-Wolcott fight will be shown at the game when the Harbor Springs Independents play here. This will be during the first of February. The date will be announced later.

Fair Will Be Bigger; Dates Are Sept. 7-11

A better and larger Charlevoix County Fair is planned for this year at East Jordan.

The dates will be Sept. 7 through 11, Labor Day week. The new officers are Claude Pearsall, president; Jesse Smith, and George Haggard, first and second vice-presidents; C. W. Bowman, treasurer; Ed Rebman, secretary.

George Haggard and Jess Smith of this city, Ed Rebman, county agricultural agent and Claude Pearsall of Boyne City were in Detroit last week to attend the State Fair Association meeting.

While there they engaged a carnival and other entertainment far the fair next fall. The Gallagher and Bennett Carnival will provide four major rides and two kiddie rides as well as sectians of a Midway which follow the carnival.

For entertainment the group again booked with the Gus Sans, and will have Lulu and her elephant act as well as Lulu's dag, acts both of which are now playing with the Shrine Circus.

The committee acquired bands on the carnivol and the acts to be assured of their appearance so the Fair would not be left without entertinment as it has been since it was resumed since the war.

With the increase in the horse races which will bring more horses and better races, Charlevoix caunty should have its Fair back to its pre-war level this year, Haggard says.

Mother, Baby Have Narrow Escape When Home Burns

The cries of three-year-old Jeannie Levinson which awakened her mather, Mrs. Charles Levinson, are credited with saving the lives of the pair when their home at 221 Clinton St., caught fire abaut 8 a. m. Monday.

Dressed only in her night clothes, Mrs. Levinson grabbed the child frnm her crib and fled down the stairs and through the burning living room to the home of Mrs. A. J. Usher who summoned the fire department.

It is believed the fire started from an overheated pipe to a wall register. The living room and dining room of the two story structure and the contents were destroyed ond furnishings and colthing elsewhere in the house were damaged by smoke and water.

Mr. Levinson had fixed the fire and left the house earlier.

The house, which is owned by Peter Neilsen, had been completely redecorated before the Levinsons moved in during the holidays. Fire Chief Charles Marshall would make no estimate of the damage.

New Toboggan Run Is Initiated Sunday

The new toboggan run at Mt. McSauba received a thorough initiation Sunday when between 75 and 100 persons came there to try out and enjoy the sports area.

More than 20 toboggans were in use steadily on the run.

Coffee, doughnuts ond o warming fire were available nt the Scout cabin near the foot of the run.

More work will be done on the slide this week, according to Junior Supernaw, president of the JCC which is developing the sports area.

The JCC asks that all dogs be left at home. Freckles, the George Haggards' bird dog, was badly injured Sunday when hit by a toboggan. "Dogs don't understand about staying off the run," Supernaw says. "The only safe thing to do is to leave them at home. And be sure they stay there."

Odd Fellows Again Leading Tourney

Once more the Odd Fellows are leading the annuol winter cribbage tourney, having won Monday night's session.

Nine and a half tables were in play, with the IOOF coming out ahead by 403 points, giving them a lead of 283.

Robert Stofford with 064 was high for the Odd Fellows with Tip Riley's 938 being high for the Masons.

Rayders Win 35th Straight Victory; Next Opponents Will Be Petoskey, Gaylord

With anly six games left an the season's schedule Charlevoix's Rayders will play the next two on foreign floors.

Fridoy they go to Petoskey to meet the only B team on their list. Next Tuesday's game is at Gaylord.

Charlevoix took their 35th successive game this Tuesday when they refeated East Jordan 65-26 on the local floor.

The Rayders lead the Jordanites 16-6 at the first quarter and 37-8 at the half.

Coach Kipke sent a new team on the floor to apen the third period and the visitors scored 9 points to 5 for the Rayders making the third period score 42-17. The regulars went into the game again in the last period and scored 23 points against 8 for East Jordan.

Bob Carey was again high point man with 21 points and Martin was second with 15. Kolin scared 7 for tho visitors.

The Little Rayders last to the Jordan Reserves 24-13.

This was their second loss of the season. The only other defeat was by Pellston.

Coach Kipke's Rayders added No. 34 to their list of victories by defeating Grayling 53-22 on the local flaar Friday night.

The Rayders met Grayling for the second time this year as they started the second half af the season's schedule. Charlevaix took the lead in the opening plays and led at the quarter 13-3 and at the half 29-13.

Caach Kipke started substituting in the second half and as the game ended no first stringers were on the floor. The score at the end of the third period was 41-20.

Bob Carey scored 23 points to make his total far the first nine games 148. Bill Carey was second with 9. Burns led Grayling with 10 and C. Feldhauser had 5.

Besides the first five, Bill and Bab Carey, Pat Martin, Case and Lagerman, Smith, Shadko, Burke, Shanahan, Coney and Donaldson saw action in the game.

250 Come Here for District Rally of VFW, Auxiliary

Two hundred and fifty members of the V. F. W. and their Auxiliary representing 37 posts in 21 counties attended the ninth district rally at the V. F. W. hall here on Sunday.

State and district officers present for the one-day event were Juniar vice cammander Herbert Devine; Americanism chairman, Roger Buell, editor of Michigan Overseas Veteran, Jerry Kenny; district cammander, Oscar Stark; vice cammander Harold Lamb; Junior vice commander, Luke Chill; chief of staff, Ira Hart; district inspector, Floyd Creghead; adjutant, Jahn Waldera; chaplain, Harry Parter, publicity director, Edward Grace; membership chairman, Ed Johnson, Junior activities chairman, Harry Guild; National Home representative, Charles Dickinson; director of athletics Ray. Eighty-two members af the Auxiliary also were present. District officers present were district president Ila Irish; Senior vice, Margaret Greghead; Juniar vice, Gertrude Hart; secretary, Irene Hoxie, treasurer, Thora Porter, musician, Lyetta Patch.

At the business session it was announced that after May 2 this would be known as the thirteenth district. Maurice Foster was honored for his meritorious work in the V. F. W. and District Junior Vice Cammander made the presentation of the Gold Cross of Malta to the Seniar Vice Commander Clifford Mayhew in the absence of Mr. Foster and the Post Commander Howard Griffin.

A dinner for the visitors was held at the VFW hall at noon and was followed by the regular meetings in the hall and the IOOF hall where the Auxiliary meeting was held.

Charlevoix Scouts Will Stage Big Homecoming Feb. 9

The Scout Homecoming set for Feb. 9 will be a larger affair than was planned at first.

In addition to an evening when the Cubs, Boy Scouts and Senior Scouts will present their work, it also will be:

A Basket Dinner to be served at 6 p .m. in the school. Each family is to bring its own eats, dishes and silver. The dinner committee will provide the beverage.

Ladies Night for the Kiwanians. The club here sponsors the whole scouting program. The committee decided to make this a Ladies Night since most will be there.

Two Positions to Be Filled At Post Office

J. Gordon Dennis has geen promoted to Regular Clerk to fill the vacancy ot the local Post Office caused by the death of Percy Durance.

In addition to serving as substitute clerk and carrier, Mr. Dennis also served as substitute rural carrier on the 3 routes. His promotion to Regular Clerk automatically terminates his position of substitute rural carrier. These positions will be filled by oppointment by the respective rural carriers in the near future.

The promotion of Mr. Dennis leaves the local post-office without a regular classified substitute. The quota allowed the local office is one substituto clerk and one substitute carrier. Upon the retirement last fall of Ray Ashdon, the substitute carrier, Pat J. Moran was promoted to regular carrier.

New Freedman Desk On Display At Smith's

On display at Smith Housefurnishings store is the new office desk being made by the Freedman Artcraft plant.

Not under production as yet, the desk is being tried out as a fourth major item in the company's line.

AN Idea Worth Considering

Mrs. Marian Bridge made a suggestion at the Shakespeare Club last week which is worth further study.

The National Music Camp at Interlochen is one of the outstanding music education centers in the western world. It is only 70 miles away.

We have a high school band (under a talented director) of which we are most proud.

Why couldn't the various clubs, particularly the women's clubs, go together and set up one or two scholarships or awards for outstanding freshmen or sophomore members of the band each summer.

Then this picked youngster or youngsters could attend the two week band clinic and come back the next fall to help spread good musicianship and the team work Interlochen teaches.

It would make for a better band besides doing the young folks good.

Four Great Big Orchids

Four big bouquets need to be passed out here. All are in connection with the successful Community Chest drive.

First one goes to the 453 local contributors. They saw that there was a job to be done and did it with cash.

Second one goes to the 22 summer residents who helped out, folks who are loyal to Charlevoix.

Third goes to the 35 solicitors who tackled a tough, trail-breaking job and did it in fine fashion.

Last one goes to Bob Bridge, Gordon Freedman and Sally Bergeon. They headed the drive, lined up solicitors, kept track of details and generally were the sparkplugs.

I hope Charlevoix folks will take advantage of one feature of the Community Chest. If solicitors come around asking funds before the next Chest drive, the correct answer is that you have given to the Chest and for the solicitor to see the directors.

A second and still more fervent wish is that next year more folks will contribute. This is and should be a community affair; which means all of us should join in on it, no matter how small our cash contribution may be.

The World, the Nation and the State

For 15 years I've been attending press meetings and listening to speeches. In all that time I cannot recall hearing one speaker who called his shots seriously wrong. Sunday night we returned from the 80th annual meeting of the Michigan Press Association. Some of the things I heard there are worth passing on.

Report On the World

The Marshall plan is the only chance left to this nation for continuing its present way of life. If we do not adopt the plan, and promptly, we're inevitably headed for armament and eventual war that neither we nor anyone else can win. More than half of our national income will go for arms, we'll sink to a European or lower standard of living—and wish we had gone sled length on the Marshall Plan.

For if it doesn't succeed, Western Europe will be Soviet-dominated and we shall have to fight alone—or turn Communist.

There is one other big threat facing us—Germany. William Shirer of "Berlin Diary" says Germany can pose as big a threat to free living as she ever did. The German people regret neither starting the war nor being Nazis, only losing it. They are not learning democracy nor peace. German factories still can produce, her resources are intact, her genius and military ambition unchanged.

Only inability will keep her from starting another world war. Shirer suggests that Hoover's plan of a united Germany would be fine—for her and Russia. For us it means inevitable war. His own suggestion is internationalizing the Ruhr, and keeping that heart of German power under outside peaceful control.

Report On the Nation

Even before word of General Eisenhower's refusal came, Blair Moody of Detroit made a forecast. Said he in effect:

There will be a deadlock at the GOP convention. Without question the man who is best fitted for the presidency now is Vandenberg. He doesn't want the job. But for the sake of the nation and the world, he should be drafted. I do not believe he would turn down the presidency if offered on that basis. He and Marshall are two men in Washington today who are genuinely admired and respected abroad.

Report On the State

One of the most interesting sessions I ever attended was Saturday when ten heads of state departments sat on the platform and answered questions by editors. No punches were pulled on either side. Highlights were:

The Bonine-Tripp Labor law is discouraging quick strikes. The unions are making an honest effort to comply with it. The law likely will make for better relations.

Our mentally ill should be given more intensive treatment when first sent to hospitals. Many could be cured right then and long costly hospitalization saved. Better care and not more buildings is the answer now.

State officials are paid too little to attract good men. The state would save money by paying higher salaries and getting better help.

Michigan's fuel oil conservation plan is being copied by most of the other states.

Most departments implied that more and more money is needed. Treasurer D. Hale Brake was about the only one who spoke for the taxpayers. He declared the tax division amendment was wrecking all governmental finances, was returning $8,400,000 to townships which almost without exception did not need it.

Report On Charlevoix

Charlevoix received much publicity at the convention. Colored pictures were displayed and folders given out. The coming convention was announced three times and about a third as many as attended the 1947 meeting at Traverse City already are signed up to come here June 25 and 26.

RECORD OF THE COUNCIL

JANUARY 19,1948

The Common Council of the City of Charlevoix met on the above date with Mayor Erber presiding.

Aldermen present: Bellinger, Dutcher, Goss, Hooker and McFadden. Absent: Ochs.

Minutes of previous meeting were read and approved.

Letter from the City Employees was read and tabled for further consideration.

(47-90) Payroll Approved.

The finance committee having examined bills aggregating $4,961.32, find them correct and recommend they be allowed. Moved by Alderman Bellinger, seconded by Alderman Goss, that the bills be allowed and orders drawn for their amounts. Motion carried by the following Yea and Nay vote:

Yeas: Aldermen Bellinger, Dutcher, Goss, Hooker, McFadden.

Nays: None. Absent: Ochs.

(47-91) Resolution Regarding Traveling Crane for Light Plant.

Alderman Hooker offered the following resolution and moved its adoption, seconded by Alderman Bellinger:

BE IT RESOLVED that specifications and estimates of cost submitted this date for a traveling crane of 5-ton capacity to be installed in the Municipal Light Plant as a part of the new diesel engine generator project, and the same are hereby approved and adopted, and

BE IT FURTHER RESOLVED that sealed bids for furnishing said crane according to said specifications be received at the Office of the City Clerk up to eight o'clock P. M. (Eastern Standard time) on Monday, February 2, 1948, and that the City Clerk be and is hereby instructed to give notice thereof by publication in two issues of the Charlevoix Courier before February 2, 1948.

Adopted by the following Yea and Nay vote:

Yeas: Aldermen Bellinger, Dutcher, Goss, Hooker, McFadden.

Nays: None. Absent: Ochs.

On motion the Council adpourned.

State Law Requires Inspection Before Transplanting Any Native Tree or Shrub

If you plan to do any tree or shrub planting this winter or next spring, better watch out. There are some provisions in Michigan's laws which might catch you.

During the last month The Courier has been having considerable correspondence with the Department of Agriculture over the tree planting rules. It all started when Byron Black, caretaker at the Dr. Louis Rassieur summer home, happened to remark that he had had to take out a $10 tree dealer's license. That didn't sound right and the letter exchange followed. This tree and shrub law seems to be:

If a person wants to beautify his yard, he can go out in the country and get his own shrubs or trees if he wants to, but they first must be inspected by a State Inspector to be sure they are free from diseases.

If a person wants to bring and set in an extra cedar which his neighbor needs, then for that one tree he must take out a $1u dealer's license.

The inspection can be of two kinds as regards cost. If two weeks notice is given Lansing, an inspector will not have to make a special trip and the cost will be about $2. For this he will look over one tree, 100 or a 40 acre swamp. If a special trip is required in a hurry, mileage will have to be paid which can mean anything from $5 up.

In commenting on the reason for the inspections, Director Charles Figy of the Department writes:

". . . . it is necessary for someone from the Department to inspect such trees. While this may seem unnecessary to the ordinary citizen, there are so many insects pests and plant diseases that the average person does not detect, I think it is a good law which requires this inspection."

Cigarette Sale To Minors Illegal

That sale of cigarettes to those under 21 is illegal is being called to the attention of Charlevoix merchants by the WCTU here.

Some time ago the question came up and the local chapter wrote for exact information. Section 12826 of the Michigan laws of 1915 reads:

"Any person within the state who sells, gives to or in any way furnishes any cigarettes in any form to a person under 21 years of age shall be punished by a fine not to exceed $50 or imprisonment in the county jail for not to exceed 30 days for each offense."

The WCTU reports that many Charlevoix merchants are cooperating by refusing to sell to those under 21. Others are selling, they believe, through ignorance of the law.

Expansion of Electricity

More than 300 million dollars have been budgeted by public utilities in the United States to further expand rural electric power.

Irene Sutliff Weds Franklin Cellner

At a quiet ceremony performed Saturday evening at the Church of God parsonage, Miss Irene Sutliff, daughter of Mr. and Mrs. James Sutliff of Boyne City, became the bride of Franklin Cellner, son of the late Mr. and Mrs. August Cellner.

Rev. W. D. Wood read the simple service in the presence of their attendants.

The bride chose an aqua crepe dress, black accessories and a corsage of red roses and white carnations for her wedding.

Miss Beverly Smith of Boyne City was her attendant. Kenneth Cellner assisted his brother as best man.

Immediately following the service, a reception was held at the home of Mr. and Mrs. Gerald Lakies, brother-in-law and sister of the bridegroom.

The couple will make their home in Marion township.

Community Service Honors Dykstras

A packed auditorium at the Baptist church on Jan. 18, paid tribute to the work done here by Rev. and Mrs. E. C. Dykstra.

It was the community farewell testimonial service given them by the other protestant churches. Rev. Ansley Claypoole presided and gave the invocation. Rev. Jackson Turner read the Scripture; Rev. Gaylord Howell gave the prayer and Rev. W. D. Wood preached on "Holding up the Hands of the Pastor." Following the benediction by Rev. Dykstra, Rev. Claypoole called him, Mrs. Dykstra and their daughter to the front of the church. The congregation then filed past to shake hands with them.

Craft Corner Plans To Be Announced

Plans for the Craft Corner are progressing and shortly letters of further explanation will be mailed to all those who have responded to the post cards sent out before the holidays, Mrs. Gordon Freedman reports.

Those who mislaid their cards or did not receive one may still register by calling Mrs. Freedman at 422.

The Craft Corner is to be a benefit project for the hospital, operating all year around. It will feature hand or home-made craft items, such as hand-knit articles, rugs; preserves, choice fruits, baked goods, etc. The work will be either donated or paid for by the shop and the operation of the shop will be by the donation of time in selling items.

The Craft Corner was proposed a community project for the whole Charlevoix community, and open to everyone who will contribute either time, material or work.

Kreighoff Services Held In Detroit

Funeral services for Dr. C. F. Kreighoff, 43, well-known dentist who died in Detroit on Jan. 10, were held at the Healey Funeral Home there on Jan. 13.

Born in Essex, Ont., he received his education in Toronto. He practiced dentistry here late in the 1930s and later was in Boyne City, leaving there in Feb. 1943, to serve in the Army Dentistry Corps. Since his discharge in July, 1946, he has been in Detroit.

He is survived by his wife Helen; his mother, Mrs. Sybil Kreighoff of Detroit and one brother, Robert.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Activity on the Island consists mainly of putting one chunk of wood right after another in the stove, then sitting around talking about the weather.

With the temperature still hovering around zero everyone is staying pretty close to the stove —the good old stove that may look like a monstrosity in this day of new fangled furnaces and push button controls, but there's nothing like backing up to a stove in this kind of weather.

Mail came on regular scheduled trips this week. When the plane lands on the ice, it's like a magnet drawing ears, trucks, sleighs and curious folks around it.

School was dismissed at noon Wednesday upon the advice of Elston Pischner, Captain of the snow plow. He advised the nuns to return home as the snow storm which was raging would make the road impassable in a short time. Thursday was a free day, also, on account of the snow.

Leaving for Chicago to attend the Beaver Island party the first of the week were: Willie John Gallagher, Mrs. George Ricksgers, Mike Cull and son, Jack.

Mrs. Edwin McCann and daughter, Kathy, spent several days in Charlevoix last week. Kathy returned to the Island Sunday while Mrs. McCann continued on to Owosso to visit her sister.

"Shanty Town" hasn't boomed this year. Usually there is a regular village on ice about this time of the year, but until now, there are only seven shanties.

Training a dog to pull a sled takes time and patience, but the reward for the lads who take the trouble pays off double. Michael McCann, Glenn McDonough and Barry Joseph have broken in their dogs and are having wonderful rides and barrels of fun.

For the children, it's sleigh hoppin' time. When a big sleigh enters the village, the children begin to pile on and by the time it goes through town, it's loaded.

Mrs. Tim Lenard came to the village Friday from her Font Lake home sitting in the back of young Paul's sleigh. A good sport for her years, she said the ride was delightful.

Barney Mooney returned to the Island Friday. He has been visiting his sister in Iron Mountain since the holliday season.

Walter Wojan is home and doing fine after his operation in Little Traverse Hospital.

The last boat brought over a new furnace for the Parish Hall. It has been installed, which is another big improvement for the hall.

Friday night ice cream parties are customary among the high school crowd during the winter months. After the boys and girls arrive, they make their own ice cream, which is half the fun. The first of these parties started last Friday evening at the home of Mary Malloy.

One freezing day this past week a Beaver Island family discovered four of their eleven pet chickens had frozen to death. One look at the remaining seven chickens and the family decided something had to be done immediately. The solution was to put them in boxes around the kitchen stove. This was done. The chickens looked so comfortable it was decided to let them remain in the house overnight. Thinking they had their feathered friends safely baracaded for over night, the household retired —chickens and all.

Early the next morning, a bang on the floor and a couple of squawks awakened the family. In a flash, everyone dashed to the kitchen and what met their eyes they will never forget—seven big chickens on the kitchen table going after everything they could peck their way through (one was about to choke with a big gob of oleo). Panic is a mild word to describe what followed.

Upon hearing of this experience Old Timer says "Yes siree, you city slickers have a lot to learn —yep, plenty."

PONTIAC

A FINE CAR MADE EVEN FINER!

A Product of General Motors

GM Hydra-Matic Drive optional on all models!

Today, Pontiac announces a series of notable advancements in the car that has already won the wholehearted endorsement of more than a million owners and friends.

Foremost among these advancements is the great General Motors Hydra-Matic Drive—now offered as optional equipment on all Pontiac cars. Pontiac is the lowest-priced car in the world to provide this great mechanical masterpiece—which shifts gears automatically, and completely eliminates the clutch pedal.

Coupled with this great engineering triumph is a striking improvement in beauty and luxury. New exterior smartness extends from the new radiator grille to the streamlined rear bumper.

Interiors, too, are remarkably improved. Upholsteries are more beautiful and are expertly blended to achieve new attractiveness and charm. Instrument panels are finished in a smart design adapted from quarter-sawed mahogany—and an adroit use of chrome moulding adds a deft touch of modernity.

Engine and chassis have been refined wherever possible—but they remain, basically, the same engineering masterpieces which have become synonymous in the automotive industry with goodness and dependability.

There are many more things we could tell you about the new Pontiac, for there are countless improvements which add to its traditional quality and value. But we feel that, for those who *know* Pontiac, we need only say—

—here is, by far, the most *beautiful* Pontiac ever built

—here is the most *luxurious* Pontiac ever built

—here is the most *dependable* Pontiac ever built

—and it is now available with GM Hydra-Matic Drive—*optional at additional cost.*

We wish only to add that it is here—on display in our showroom—and that you are most cordially invited to see and inspect it.

New Lake Charts Are Issued By U.S.

New editions of one Lake Michigan coast chart and four Lake Michigan harbor charts were made available in December by the U. S. Lake Survey.

These comprise the following: Coast Chart No. 706, east coast encompassing Grand Traverse Little Traverse Bays; No. 725, Head of Green Bay and Fox River below De Pere; No. 728, Sturgeon Bay and Canal; No. 743, Milwaukee Harbor; No. 776, Manistee Harbor and Lake.

Coast Chart No. 716 is drawn to a scale of 1:80,000 and carried insets of Petoskey and Harbor Springs harbors to scales of 1:19,000 and of Traverse City harbor to a scale of 1:15,000.

Each of the charts may be obtained upon order addressed to the U. S. Lake Survey, 630 Federal Bldg., Detroit 26, Michigan.

William J. Gallagher, Jack Cull and Buddy Left of St. James accompanied by Mrs. M. J. McCann left Thursday for Chicago where they attended the annual Beaver Island party on Saturday evening.

J. G. Powers Given Navy Unit Citation

James Gilbert Powers, who served in the Navy for four years during World War II, has received a Presidential Unit Citation as a member of the crew of the USS Petrof Bay.

The citation reads in part: "For extraordinary heroism in action against the enemy Japanese forces in the air, ashore and afloat. In action for 133 days, the U. S. S. Petrof Bay and her attached air squadrons participated in the major campaigns conducted during this period."

Among the battles in which the ship participated were the Western Caroline, Leyte, Luzon, Iwo Jima and Okinawa Gunto operations.

Powers served for 15 months in the Pacific aboard the Petrof Bay as an aviation machinist's mate, second class. He was discharged in Sept., 1945, after returning to this country in July.

Home-owned Business

Main Street—U. S. A. is where the wheels go 'round. And across the broad expanse of America—the home-owned business is an important part of our daily lives. The baker—the butcher—the banker and the druggist on the corner—make up the friendly pattern of American business enterprise.

Home-owned businesses are as American as pancakes. They're the basis of community prosperity and well-being. Under our free enterprise system they are the portals to opportunity and security. On the farms—in the towns and cities of America—home-owned business is the basis of a sound national economy—

Farm cooperatives are home-owned enterprises. They are operated by farmers to better their way of life. Farm cooperative enterprises serving the needs of the rural community are owned in joint by more than one hundred thousand farm families in Michigan. They are stimulating business prosperity in Michigan, increasing the purchasing power of thousands of farm families. Home-owned business is the basis of a sound national economy.

Cold Spell, Wind Traps Tugs Here

The unusual cold spell and westerly winds have filled the bay between North and South points with drift ice and closed the harbor to lake traffic.

A number of tugs which go to more southerly ports along the lake were caught in the harbor and Saturday several tried to make their way through the two miles of drift ice to open water.

The first was the Ludtke tug which worked for more than three hours before making open water at 12:30.

The tug LaBlance with George LaBlance, Sr., in charge tried to follow the path of the Ludtke tug and got caught in a windrow about a half mile out. The tug tried for hours to free itself and was finally assisted by the Coast Guard boat and Raymond Cross' tug and returned to port about 6:30 p. m.

The boats will now wait for the drift ice to leave this side of the lake before going to Frankfort and other ports from which they can fish all winter. The LaBlance was among the tugs which still had nets in the lake.

New Officers Picked By Episcopal Church

Island Game Club Imports Pheasants

The Game Club of Beaver Island met at the Shillelagh Tuesday evening.

The sport of hunting pheasants on the Island will soon be enjoyed. The pheasants have been ordered from Minnesota.

A group of Game Club members will go to Garden Island in a week or so to make bass shelters. The shelters will be placed where the water is around four feet deep and will be made of fallen trees. In the Spring when the ice melts the trees will sink and make a suitable place for bass to seek protection and shade.

Old Morman Printing Office On Beaver Island Is Sold to Mr. and Mrs. Mike Cull

Only structure in Michigan of the United States built under the orders of a crowned and reigning white king, the old Printing Office at Beaver Island has changed hands.

It has been bought by Mr. and Mrs. Mike Cull of St. James. Cull is a commercial fisherman at the Island.

The Printing Office was built by the Mormon Colony in 1850 as the home of the Northern Islander first daily paper in Michigan north of Grand Rapids. Head of the colony of 2500 persons was James J. Strang, spiritual leader, crowned king and state legislator for whom the village is named. His assassination in 1856 brought the speedy breakup of the Colony.

The Printing Office is on the main street, facing the land locked Beaver Harbor. Built of logs and covered with clapboards, the old building is in much better condition than the wooden structures on either side which were built later and added on.

Following the breakup of the Kingdom of St. James; a family named Gibson acquired the building, put on the additions and operated it as the Gibson House until 1903. In 1906 Mr. and Mrs. Joseph Burke bought it for a dwelling. After his death in 1945, the property passed to a nephew who sold it to the Culls.

Cull has made no definite plans for the Printing Office. He plans to tear down the later additions, he terms "fire traps". But if the Office is sound, he plans to leave it alone.

Brown Color Line are offering an extra $5.00 merchandise prize in Silver Dollar Contest. Watch for their advertisement.

Grand Rapids C of C Will Visit Charlevoix

The Grand Rapids Chamber of Commerce will visit this port on their annual summertime cruise, June 14 to 18, Stuart Heyboer, commodore of the cruise, has announced.

The cruise will leave Muskegon the afternoon of June 14; visit Green Bay, Wis., then through the Straits and up the St. Mary's River to the Soo locks. Passing through the locks they will cruise around Lake Superior and then return, stopping at Charlevoix and Traverse City. The cruise will end the morning of June 18.

Girl Scout News

Brownie Troop 3 met and discussed what the committee was to bring for the party to be held at the City Hall on Wednesday.

We also dramatized the story of the Three Bears, played games and had a goodnight circle.

—Carolyn Stoel, scribe.

Girl Scout Troop met in the Club Room and paid their dues. They voted against going on a hike because of the cold weather.

Mrs. Suomela and Mrs. Arvilla helped them with the Virginia reel and because they were not allowed to dance in the Community room, they returned to the club room and practiced to records and a victrola loaned by Charles Marshall.

They also voted to have card shower and purchased a gift for Mrs. Richards, president of the Girl Scout Council, who is a patient at the Charlevoix Hospital.

They will bring articles for their friendship boxes to their next meeting.

233 Kinds of Lake Fish Described

All of the 233 kinds of fish in the Great Lakes are identified and pictured in the new book just completed by two Michigan fish experts.

It is "Fishes of the Great Lakes Region." The authors are Karl F. Lagler of the University of Michigan and Carl L. Hubbs of the University of California.

The book describes such rare possible catches as the six foot paddle fish and the American eel.

3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employes, have refused to accept the offer of the Railroads of a wage increase of 15½ cents an hour.

This is the same increase awarded 1,000,000 non-operating employes by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employes, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employes in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employes, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad employes, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employes.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employes than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employes represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

Type of Employe	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15½ Cents per Hour Added

Many Mich. Accommodations Are Designed To Repel, Not Attract Tourist, Says Writer

A sharp warning to Michigan resort sections has been written by Floyd J. Miller under the title "Time Michigan Woke Up."

Miller is publisher of the Royal Oak Tribune, emeritus director of the National Editorial Association, past president of the Michigan Press Association, University Press Club; has been on half a dozen press trips through Canada and Latin America; generally knows his way around and has a sharp pair of reporter's eyes to appraise what he sees.

Miller says that Michigan is taking dangerous chances with its second largest industry—the tourist business.

He writes:

"Here in Michigan we are so busy handling the thousands of tourists who come to us that we don't have much time to notice what other states do. Or maybe we are just too lazy.

"Anyhow, we could study these other places profitably. A look at some parts of 19 states in the last few weeks has convinced me that Michigan falls down badly in many, many ways.

"In the first place, the accommodations that we offer the visitor in cabins, cottages and tourist courts are disgraceful, compared with the average he can get in other states. Too many of them are unattractive in about every possible way; cheaply thrown together on property that isn't good for anything else; having no beauty in design, being not too well painted, seldom surrounded by enough trees and shrubs, almost never made gay with flowers.

"Yet we expect the people of other states, as well as our own citizens, to keep on patronizing these places. I wonder how long they will stand for it.

"Of course we have a certain summer climate along our Great Lakes shores and our thousands of inland lakes. It is God's gift to the lazy and unenterprising, and we are pushing this advantage to the limit.

"Florida has the same advantage, in the winter. No matter what else it does not have, it does have the climate. It is more consistently warm and comfortable than any other state, taken as a whole. Yet the people of Florida do not push their luck too far. They spend millions to build attractive tourist quarters, to make them more alluring by framing them amid trees, flowering shrubs and lawns. You know the results.

"It's a strange fact, also, that much of this planning and promotion in the South has been done by transplanted Yankees. (Anybody from north of where you live in the South is a Yankee.)

"The net result has been that the states of the South and West are studded with tourist accommodations that put to shame the sorry offerings of Michigan.

"Yes, I know, we have a few good summer hotels and a few good groups of cabins or cottages. But too few.

"There are not many parts of Michigan which I have not visited. I have seen a considerable part of it during the last two summers; and I could write many stories about what was offered me. Vastly more of these tales would be about spider-infested, cramped, bathroom-less quarters in ancient wooden rookeries than of clean, comfortable, modern, tempting ones in structures built within the last 15 years.

"Michigan's tourist business is its second greatest revenue producer. It comes second only to the making of automobiles. How, except for dumb luck in being located in the right climate, we hold this position, is beyond me.

"The more I see of other places, the deeper the mystery grows."

Homes for Farm Workers

One of the lessons learned from farm labor troubles in the past few years is that the farmer with a good tenant house has his pick of the farm workers. The knowledge might have considerable practical value in the future when materials become plentiful and cheap enough so farm buildings can be erected at a reasonable cost. Long-term farm workers want good homes.

for truly fine photographs!

Modern research and development have moved portrait photography a long, long step ahead!

New "strobe" lights, totally without heat or glare, can capture those fleeting expressions which mark the "truly fine" portrait.

Too, "strobe" lights eliminate the discomfort of posing in the heat and glare of usual photographic lights, and by the speed at which they operate, INSURE capturing those expressions so often lost to the photographer who has to say, hopefully, "HOLD IT!"

* * *

Completely equipped with both studio and PORTRAIT "strobe" lighting equipment, with the finest of cameras and lenses, with the ablest of art, retouching and laboratory facilities, and with a wide choice of mounts, frames and holders, we take genuine pleasure in offering to Charlevoix and Northern Michigan our new and complete Photographic Service.

Believing that most of you would prefer to "sit" in the familiar comfort of your own homes, we have arranged our equipment to come there, AT YOUR CONVENIENCE, to make portraits more certain to please you. Mothers will want to know that "strobe" lights not only permit sharp clear pictures of active children, but have NO HARMFUL EFFECTS ON BABY'S EYES.

Our complete photographic services, announced here for the first time, include facilities for all industrial and commercial requirements, in both color and black-and-white, as well as for

From where I sit ... *by* Joe Marsh

Are You "Hobby Happy?"

Funny thing about hobbies... When Ed Carey started making a model of the "Flying Cloud," it was only to rest his eyes from reading. But now he spends every spare moment ship modelling!

Some wives might have resented a husband suddenly shutting himself in the attic every night. But not Ed's Prudence. When she found him working late, she brought him up some beer and crackers... showed a real interest in his hobby ... until finally Ed had her helping with the rigging.

Wasn't long before they were working side by side on Ed's bench, sharing a common interest. Instead of keeping them apart, Ed's hobby brought them more together.

From where I sit, a husband's hobby can often be a wife's as well. In fact, I've got the missus interested in tying trout flies—and, along with that mellow glass of beer, it makes the evenings go by mighty pleasantly.

News of folks, your neighbors and mine . . . but did you know that—

What has become of the bobsleds that Charlevoix folks used to have? A full page from an old rotogravucre section of a Detroit paper was tangible proof that Charlevoix went in for such things. The hill on Bridge Street was used, but the traffic situation bars that now. However, according to some bobsled enthusiasts, Grant Street could be used for such a community event. Then with our slide out on Mt. McSauba there would be room for all and surely a good time would be in store for everyone who wanted a taste of winter sports. . . . Have you glanced at your 1948 calendar for February. If so, you will discover that next week we will have a Friday, the 13th! 'Course if you are not superstitious that will not mean a thing.

Guess the groundhog really saw his shadow this week. Seems like we have that six weeks of cold weather or no, anyway . . . Sorry to learn of the illness of Mrs. Henry Partridge as well as Mrs. Harry Craig. And the doctor says that it is to the hospital for Mrs. Craig . . . Been thinking about what you are planning to give up during Lent? We may give up many material things, but there are some things that would pay big dividends if we could but fast from criticism, faultfinding, grief, anger, greed, jealousy, egotism and thoughts unbecoming to us . . .

Augustive Wabanimkee who has been for the past two years at the Cassidy Lake Technical Training School near Chelsea arrived in Charlevoix Monday after completing his course. Congratulations!! . . . Remember Jack Shockley, who used to attend Charlevoix high school. He made the altar-trek last Saturday with Barry Lees Stuart. The son of Will Shockley, the young man has been making his home in Grand Rapids. The couple will go to Chicago for their new home . . . Mrs. Mildred Ochs was among the guests for the wedding . . . The Coast Guard took their pump out to Mt. McSauba Wednesday and iced the slide for the JCC who have been working like fiends to get the slide completed to the satisfaction of all. And what a slide! Even if you are not a toboggan enthuslast you should go out there. Just to take that walk through the woods is pay many times over. Then one con stop at the Scout cabin and there is a warm fireplace fire owaiting you.

Word has been received from Chicago that Becky Hayward McCaughey gave birth to twin boys last week. One of the babies died shortly after birth. The other twin has been put in a baby incubator in an effort to keep from losing him . . . Well, there are two folks ot least in Charlevoix who are going to celebrate birthdays this year for they were born on Leap Year. One is Mrs. Adah Golden and the other little Jeannette Novak . . . Little Marion Gilberte, the baby daughter of the Leonard Olivers, is now ot home with her new mother and daddy. The second child of the Olivers, one is wondering if the new baby daughter will be blessed with such beautiful curls as little Lawrence Oliver has? Such a handsome child . . .

Dollars to doughnuts one of the most widely read columns in last week's paper was the Swap Ads. What a world of comment we have received and we are wondering if a certain gentleman has received any proposals of marriage . . . Also, make it a habit to read every single ad in The Courier. . . Our merchants ore really doing things!!! . . . Guess Charlevoix air must be healthy. Have heard of more folks tell of how much they have gained since living here . . .

Wonder how many folks remember Grace Lee, who now lives in Miami? Former friends of hers hove received word that she was recently struck by a jeep and she rolled and rolled, and not in a bed of daisies either! . . . A package from Germany, a gift from relatives there, to the Otto Kruegers cost the friends $18.00 in postage. Wonder how many gifts we would be sending out if we had to pay such sums? . . . A thrill we got this week was a first day cover stamp from Coloina, Calif., where the centennial celebration started last week, it being 100 years since Marshall discovered gold at Sutter's mill.

Gaylord, Pellston Next Opponents Of Rayder Team

The Rayders chalked up their eleventh victory this year and their 36th straight win by defeating their only Class B opponent, Petoskey 42-10 Friday at Petoskey.

The score was tied 6-6 at the end of the quarter and was 16 and 9 at the half for a close game. But in the second half Charlevoix pulled away from the Northmen making 13 points in the third period and 14 in the last quarter against 10 in the periods for Petoskey.

Bob Carcy led the scoring with 15 points and Case a close second with 12. Potts was high for Petoskey with 7.

The Little Rayders won over the Petoskey Reserves 34-17. Fairbanks scored 12 points and Don Hardy 10.

The Royders journey to Gaylord to meet the Blue Devils: When the teams met here in December, Charlevoix won by only 4 points. Since then, however, both Mancelona and Grayling, who fell to the Rayders by big scores, have beaten the Gaylord team 34-30 and 39-29 respectively. In spite of this fans are expecting a good game.

In other games Friday night, Pellston defeated Boyne 43-36; Mancelona beat Harbor 44-22; East Jordan in a non-conference game defeated Kalkaska 33-32.

City Pays to Open Road to Dump; Buys New Crane

Citizens of Charlevoix once more can take their garbage and tin cans out to the municipal dump.

Monday night the City Council accepted the offer of the Road Commission to open the road from McKenzie's corners for $50. City equipment will widen and keep the road open from now on, barring another blizzard.

The Council approved the purchase of 700 feet of submarine power cable to replace the line damaged last summer by a pile driver at the Pere Marquette bridge. The old line was not in the right of way where it was suposed to be; consequently the city must replace the cable ot its own expense.

An overhead crane for the new diesel unit at the power station also was bought. Cost of the fabricated crane as submitted hy bidders was high. At the suggestion of City Supt. A. G. Leitch, the Council approved paying $1,213 for the hoist, trucks and steel beams. These will be assembled and put in place by the power plant crew at a saving of $400 under the lowest bid received.

City, County Offices To Close On Feb. 12

Next Thursday will be Lincoln's birthday.

The offices at the City Hall ond Court House will be closed all day, as will the banks. The post office will remain open.

Bridge Crew Pours First Layer of Concrete On South Pier of Bridge Despite Cold

Things on the south side of the new bridge site soon will begin to resemble those on the north.

The south cofferdam is finished, the foundation piles all driven and the concrete plug poured. Next job will be to bring the huge timber brace frame from the Round Lake shore, lift it into the dam and slnk it. Then the water can be pumped out and the work of building forms and pouring concrete started.

Last week the job of driving the 53 foot steel I-beam piles was completed. Original plans called for 190 of these but the state engineer found that they would not supply sufficient bearing to be safe ond so 17 more were brought here from Benton Horbor ond driven inside the cofferdam. These extend about 75 feet below the surface of the water. The five foot thick concrete foundation slab carrying the bridge will rest on cross plates welded to their tops after the cofferdam is emptied.

Before this can be done, a chunk of concrete eight feet thick and completely filling the bottom of the dam was poured underwater. When it has hardened, it will serve as a plug to keep the water pressure from blowing up through the bottom. The steel piles extend through it and the foundation slab proper rests upon it.

One of the trickiest jobs of the operation was completed sucessfully Monday. Since the cofferdom on the north side was completed, a big caterpiller crane has been working on the platform over there hondling steel, timbers and cement bucket. Now the south side has reached the stage where that crane with its long boom is needed.

The crane, weighing nearly 60 tons, could not come ocross the bridge since it was too high. So a slanting track was bulldozed to the channel west of the Argo Mill. A timber pier was built there. Monday the big crane lumbered past the mill, down the track and on to a barge waiting for it. The Leudtke tug pushed the barge into Round Lake where the crane rolled off on the city dock and then up to the platform on the south side where its first big job was handling concrete for the eight foot slab.

New Circuit Judge Will Hold First Session Friday

Circuit court Judge Charles L. Brown, who became judge of the 13 judicial district on Jan. 1, will hold court in Charlevoix county for the first time Feb. 8.

He will be in each of the counties in his circuit once a month to hear motions and has designated the first Friday of every

month as the day he will be in Charlevoix.

Judge Brown, who at 47 is one of the youngest judges in the state, is a native of northern Michigan. Born near Manton, he was graduated from the Manton high school and attended the Detroit College of Law where he was graduated in 1927. Me maintained a law office in Detroit for 15 years and in 1940 opened a branch office in Bellaire, commuting between the two cities in his own plane.

In June, 1942 he entered the Army Air Force as a captain and was o Lieutenant Colonel ot the time of his discharge in June, 1948.

After his discharge from the Army, he purchased o farm near Troverse City, opened a law office in that city and re-opened his office in Bellaire. A little later he decided to run for circuit judge in this district to succeed Judge Parm C. Gilbert, who was retiring when his term expired on Jan. 1, 1948, because of failing health. He won and was installed in office at a dinner at Traverse City on Jan. 2.

Leroy Hardy Is New President of County Farmers Union

Leroy Hardy is the new president of the Charlevoix County Farmers Union for the coming year.

He and the other new officers were elected at the annual meeting Jan. 27 at the Wilson Grange Hall.

Elmer G. Lyon is vice president; Hilbert Hardy, the secretary-treasurer. Legislative secretary is Archie Murphy and cooperative secretary, Gertrude Leist. Organizer is Elmer G. Lyon and Emma Wells, the program director.

The business session followed a dinner served by the Wilson Locol.

Housewarming To Be Big Party For Parents

A formal program, music and some surprise entertainment are planned for the first annual Housewarming of the Charlevoix Scouts next Monday night.

It will be at the school gym. All Cubs, Scouts and Senior Scouts and their parents are to attend. Since the Kiwanis Club is the sponsor here of Scouting, the club is making Monday's event a Ladies' Night.

First event will be a basket supper which will start promptly at 6 a. m. A good idea, according to Chairman Fred Young, is to arrive early with food and dishes Coffee and milk will be furnished by the committee.

Wayne Belding will be master of ceremonies. Clarence Odmark will lead singing and the Scouts will be in charge of the flag ceremony. The MC then will introduce "Important People," after which there will be a recording from Scout Headquarters played. Supt. Roy Bennett will present the charter to the newly organized Senior Scouts.

Cub Time and music by the Sour Note Five come next, followed by the surprise entertainment. Taps and dismissal will close the evening.

Cheboygan Veterans Will Play Cleaners Team Here Thursday

The Cheboygan Veterans team will be coming here Thursday night to meet the Michigan Cleaners, Charlevoix's Independent basketball team at the high school gym.

Coleman's Cats will start the preliminary game at 7:30 p. m. For this game, ladies will be admitted without an admission charge.

The fast Cheboygan team has won the last five games it has played, as have the Cleaners. It will be a fight to see which record stays clear.

Last Thursday the Cleaners met the East Jordan Canners here, winning 41 to 34. Chick Gallagher scored 18 points to lead both teams.

Weather Man Sends Colder January To Start 1948

January didn't do right by us folks at Charlevoix, which along with Norwood is supposed to have the warmest spot on Michigan's western shore.

We moy have had the warmest, but by no means was it anything but cold, and doggoned cold at that. At least as compared to last year's balmy weather, which the old timers say was much more usual than the frigid spell which has started off 1948.

Average temperatures for the two Januarys were:

	High	Low
1947 January	25	15
1948 January	18	7

What pulled the low average down was the near zero temperatures of the last two weeks, and that one 22 below.

Stroboscope Lights Catches Eye Blink, Smashed Bulb

Somehow those pictures in LIFE magazine of o raindrop hitting o pool of water, or a bullet sticking its nose through a bar of Fels Naptha never impressed me as more than just clever pictures.

But when you see the job being done, well, it's something amazingly different.

The other night out at Don Coney's he put his new stroboscope light through some of its paces. It is this strobe light which makes those miraculous pictures.

It consists of a metal box on the table hooked to an ordinary light outlet, and of three rather small lights on standards. They look about like a half grown auto headlight.

The strobe light does just one thing. It makes a light which lasts 1/20,000 of a second but during that time, as far as a photographic plate is concerned, it is several times as strong as sunlight. And due to the speed,

Band to Practice Wednesday

Because of the Scout Homecoming Monday night, the regular band practice will be held at the school Wednesday evening, Director Clarence Odmark announces.

State, National Officers Present Charter to JCC

Charlevoix's new Junior Chamber of Commerce was formally launched last Saturday at a charter presentation dinner held in the north dining room at the Argonne.

Forty-one were there, including representatives from Mt. Pleasant, Flint, Holland, Kalamazoo, Alpena and Lansing. The Argonne served a tried chicken dinner.

S. E. Coleman, as secretary of the Board of Commerce, welcomed the new organization and promised full cooperation in every way for the good of the community.

Maurice Mayer of Lansing presented the new Chapter's charter to President Junior Supernaw on behalf of the national organization. Mayer is a national director.

Dr. H. E. Henderson, state vice president, gave the president's pin to Supernaw. He represented the Mt. Pleasant chapter which sponsored the Charlevoix group.

The official scroll, listing the charter members, was presented to Secretary Hayward Leslie by Willis Welling of Holland, a state vice president.

In recognition of Mt. Pleasant's role in sponsoring Charlevoix, acting State President Dwight Snyder of Kalamazoo, presented a Founder's Plaque to President Robert Heintz of that chapter. Heintz in turn gave President Supernaw the official gavel for Charlevoix.

Dorr Snoyenbos, state vice-president from Flint and o director of educational work at AC Sparkplug, gave the Charter Address. His topic: "We're In; So What!" dealt with the practical running of a new chapter.

L. E. Towe acted as toastmaster. Following the program there was dancing.

County MEA Will Meet Here Feb. 12

The Charlevoix county M. E. A. group will hold a dinner meeting at the Charlevoix high school Feb. 12.

Teachers from Boyne City, East Jordan, Boyne Falls and Charlevoix as well as from the rural schools in the county will attend the meeting.

Mrs. Clifford Morse of Central Lake will speak on "Proposed Educational Legislation." She is a member of Gov. Kim Sigler's Board of 21 which was appointed to propose legislation pretaining to educational matters.

John Smith of East Jordan, president of the group, will preside.

Homemaking Class Girls Enter Cherry Pie Contest; Four to Compete In County Finals

If one had stepped into the Home Economics room of Charlevoix High earlier this week, he would have thought the school had gone into wholesale pie making—there were 57 cherry pies.

The school was taking part in the State Pie Contest as a part of National Cherry Week. Girls of the Freshman and Sophomore classes entered the contest under the direction of Mrs. Alli Gustafson.

Four of the best pies were chosen. Those making them were Theresa Zeltler, Freda Taylor, JoAnn Montgomery and Patricia Murray. Later this week a $5.00 award will be given for the best pie.

Contestants will go to East Jordan to compete with students there and from Boyne City. It will be necessary for the girls to bake the pies before the judges. Awards will be based on four factors, 20% on appearance, 30% on crust, 30% on filling and 20% on personality and poise of the contestant.

Winners of the district will be eligible to go on to Grand Rapids to participate in the State Contest.

The cherries for the pies are being furnished by the East Jordan Canning Company.

Hospital Does Much For Less Than Cost

What the Charlevoix Hospital means to the community was made much clearer to the Kiwanians Monday night when they attended the regular monthly meeting of the Hospital Board.

The club members met there, were served dinner hy some of the nurses and nurse's aids pinch hitting as waitresses. After the meal, the Hospital Board held its regular meeting while the Kiwanians listened, interrupted to ask questions and took down figures.

Highlights of the meeting were:

Under strict economy, the per day cost of caring for a bed patient has been brought down to $9.72. The hospital rates are: private room, $10.00; semi-private, $7.50; ward, $6.00. Thus only the private rooms pay the cost of operation. The others, often taken by those less able to pay, are a definite operating loss.

It is to make up such deficits that help from the public is needed. Dr. G. B. Saltonstall explained that no hospital in the country is paying its own way today; that most Detroit hospitals have a per day cost of $20 a bed.

The hospital employs 29 now, including eight nurses. In January it had 76 paying bed patients, five county and three state patients. Twenty-two babies were born there. Peak load was 29 adults and four babies.

Food for January cost $833.48; heat and lights, $286.34; supplies and operating costs, $1,483.35. The payroll was $3,554.75; a total for the month of $8,157.92.

The January earning were $4,973.20, although total receipts were $6,046.22.

The reports were given by E. J. Edwards, Mrs. Pauline Campbell, Mrs. Ethel Hamlin. At the start of the meeting, Dr. F. F. McMillan gave his definition of a hospital:

"It is a specialized hotel with highly trained help caring for guests who have to come there."

This Mr. Keyes

Down at Lansing at the press meeting I ran into a puzzle. Its name is Lieut. Gov. Eugene C. Keyes.

Up to now, I've been one of the scoffers at Mr. Keyes. Any man who can be an accredited doctor, lawyer, dentist, hospital operator, politican and joiner struck me as being a dilettante, possibly a crackpot or an educated fool. I got my first good look at the man at Lansing and came away with a different idea.

Of a few things I am convinced:

The man is no fool, no crack-pot nor in politics for his own private profit.

He is the most consumate politican I have seen in a long time.

He gives the impression of being a clear and at least moderately deep thinker. He also struck me as being sincere and possibly thinking first of the public welfare.

One thing is certain—the man has the courage of his convictions and when he believes a thing, he isn't afraid to say so. (For instance he told us editors, largely from the rural areas, that the cities were not getting fair representation in the Legislature. He pulled no punches in saying he considered it a political crime).

I came away with a lot of respect for the man. On only two points do I still wonder about him.

There is no question but Mr. Keyes someday would like to be governor. It seemed to me that he might have two serious, perhaps fatal, faults for that job.

First, the governor must head the team. He must have cooperation and support from his administrative staff. Mr. Keyes has not given proof so far that he can lead a team. Possibly as governor he could drive; but a leader is needed. True he has always had to force his way in against opposition of the Old Guard and has had an uphill fight. But I would like to know if he can inspire cooperation and loyalty of associates as well as dislike and obstruction.

Second, Mr. Keyes is very sure of the rightness of his own beliefs. I'd like to know if he can take advice and will reverse himself when he finds he is wrong.

He is an unusual man. One thing is certain—if he ever does become governor, he either will give Michigan one of its best or worst administrations. There's nothing half-way about Eugene C. Keyes.

They've Really Had It Hard

Charlevoix, along with the rest of the country, has really been having a spell of tough weather. Not alone has it been cold, but the snow, wind, and more snow have combined to complicate matters.

Such weather throws greatly increased loads on a lot of men—and some women—whom we are likely to overlook.

There are the road crews of course, who have long hours and a steady strain until the roads are opened.

And the school bus drivers, who have the responsibility of seeing that the youngsters get home safely or are brought back.

And the coal and oil and gas delivery men, who always seem to be called out right at meal or bed time because someone has forgotten to look at the coal bin or oil guage or has neglected to report an empty tank.

And let's not forget the rural teacher, who usually still must see to keeping the one room school warm and the youngsters safely on their way home in the afternoon.

From where I sit ... by Joe Marsh

Do You Have Noisy Neighbors?

A lot of the neighbors were suddenly annoyed by Jeb Crowell's hammering at night. Jeb was building himself a new front porch—and the only time that he could give to it was after sundown.

Finally we decided the best thing to do was all pitch in and help—and get the carpentry over with as soon as possible. We did. Finished the porch next evening—and Jeb gratefully treated us to ice cold beer and cider.

From where I sit, that's what being a good neighbor means. Instead of complaining about the other fellow's *habits*, try to understand and share his *interests*.

So if my practising on the flute annoys you, come on over, neighbor, with your fiddle or guitar and join me! Maybe it will end up in our knowing and appreciating one another better ... in an evening of good fellowship. And I'll promise to provide the beer that *goes* with evenings of good fellowship!

Mr., Mrs. C. V. Miles Celebrate Their 50th Anniversary

Mr. and Mrs. Clarence V. Miles observed their fiftieth wedding anniversary at their home on Saturday. Four of the eight children and their respective husbands and wives gathered at the Miles home for a quiet evening in honor of the occasion. Refreshments included a golden wedding cake made by Mrs. Marie Black and presented to the couple along with other gifts, cards and wires.

Mr. and Mrs. Miles were married at Kansas City, Mo., on Jan. 31, 1898 and in 1900 came to southern Michigan. In 1912 they came to East Jordan and later lived here before going to Muskegon in the early 1920s. They lived there 10 years, returning to Charlevoix about 15 years ago.

Mr. Miles is 73 and Mrs. Miles, the former Edna Appleby, is 70.

The couple have eight children, Walker, Robert, Keith and Lyle, all of Charlevoix; Mrs. Elsie Hinchman and Clair of Detroit, Mrs. Lucille Cutler of Muskegon and Mrs. Janice Workman of Cadillac. They also have 16 grandchildren and one great-grandchild.

Another son, Loren, is dead.

The Walker Miles, the Keith Miles, the Lyle Miles and the Bob Miles and sons, David and Booby, spent the evening at the family home.

Strobe Light Gets Ultra Fast Action

(Continued from page one)

it can catch action as nothing else can.

I looked directly into the light through a camera lens working at 1/200 of a second and could plainly see the pattern of the lens' five leaves in action. Strangely, it doesn't hurt the eyes not startle as much (it seemed to me) as does an ordinary flash outfit like I use for news shots.

Ordinary human action like swiftly moving hands or blinking eyelids is nothing to a strobe light. The camera catches them as though they stood still. A picture of a hammer smashing a light bulb shows the hammer and fragments of glass motionless in the air.

The strobe light is part of the equipment Coney is using in his newly opened photographic service here. Before coming to Charlevoix as representative for Gar Wood, Jr., he operated a photographic studio at Maumee, Ohio.

Beaver Island Issues New Tourist Folder

Beaver Island is ready to tell Michigan and the Midwest of some of the many tourist attractions it has to offer.

Just completed are 5,000 new tourist folders about the Island. Printed on cream paper in brown and green ink, the cover page says "Historic Beaver Island Beckons with its Hunting, Fishing, Romance, Scenery, Relaxation."

On the back pages are a map of the Beaver group showing distances between them; a listing of places to stay, things to do, and an explanation of how to reach St. James.

The inside spread tells how Beaver Island offers year around recreation and shows eight island scenes. These include deer, inland lakes, beaches, woods scenery, historic and romantic spots, fish nets and cottages. With each picture is a brief text.

The folder will be used at the Sports Shows, as mailing pieces and in similar ways.

Banks Here Prepay Intangible Tax

Those who have deposits in the two Charlevoix banks, or who hold their stock, need pay no intangible tax on either.

The state Department of Revenue has just released a list of banks which have paid the intangible tax themselves, thus relieving their depositors and stockholders of that bother and expense.

Chatterbox Again Open for Business

Redecorated inside, the Chatterbox reopened for business Saturday morning.

The place has changed considerable since Mr. and Mrs. Norman Houck took possession on Jan. 1, 1947. Last year they installed all new kitchen equipment except for the refrigerator. This included a new gas range, new deep freeze, cupboards, sinks, work tables and other equipment.

Last week the Chatterbox was closed while the decorating was going on. Chief new item is a complete floor of asphalt tile. In the restaurant part this is gray and black. Maroon is used in the kitchen.

Girl Scout News

Brownie Scout Troop 5 met at the City Hall on Tuesday. We held a business meeting and made plans for a Valentine party and bake sale. The bake sale will be held Feb. 7. Then Mrs. Kelley read from a book about the history of Charlevoix.

—Carol Duerr, scribe.

Girl Scout Troop 2 is planning a Troop Birthday party with potluck to entertain our mothers.

We voted for the pansy as the Troop Crest.

At the next meeting we are going to make Valentines for our mothers. We decided to send a card to Mrs. Richards who is in the hospital.

Sue Beaudoin, scribe.

The Senior Girl Scouts went tobogganing at the Belvedere Club last week and later met at the home of Nita Brumm for refreshments. The girls were accompanied by their leaders, Mrs. Robert McClintock and Mrs. Gordon Freedman.

Mrs. Danford Gallegher Given Stork Shower

Mrs. Danford Gallagher was honored at a stork shower given Thursday evening by Mrs. Lester J. Gallagher and Mrs. Evan Phillips at the home of the latter's mother, Mrs. Peter Gallagher. The guests enjoyed a social evening and refreshments after which the honoree opened her gifts.

Those present were Mrs. Franklin Curtis, Mrs. Herbert Campbell, Mrs. Louis Bourissau, Mrs. J. C. McDonald, Mrs. Gerald Left, Mrs. Peter McCafferty, Mrs. Frank Novotny, Jr., Mrs. James W. Gallagher and Miss Lily Novotny.

Mrs. Hazel Crein and Elmer Youker Wed

Mrs. Hazel Crain of Charlevoix and Elmer Youker of Monroe Center, exchanged their marriage vows at a quiet ceremony performed at 3 p. m. Saturday at the Inland Methodist parsonage.

Rev. George Tennant read the service in the presence of their attendants, Mr. and Mrs. David Youker, also of Monroe Center, brother and sister-in-law of the bridegroom.

The couple plan to make their home on a farm in the Monroe Center district south of Traverse City.

These documents, taken from secret German foreign office files, are available for $1.00 from the Superintendent of Documents, Government Printing Office, Washington, 25 D. C.

One Year Old Runs Up Lot of Air Time

At the rate Kirk E. Faber, son of Dr. and Mrs. Earl H. Faber, is going he'll have plenty of flying time to his credit by the time he reaches the age when he can apply for a license.

The youngster, who celebrated his first birthday anniversary last Thursday, already has logged 7 hours and ten minutes in the air with his dad who learned to fly under the GI training program. That time includes round trips to both Holland and Cadillac.

Mrs. Faber only has 50 minutes more air time than her young son.

Insurance Pays Part of Rent

(Fifth in the Insurance Quiz Series)

You can now apply up to 10% of insurance for dwelling on rental value, but not to exceed 1/12 of the amount for each month the dwelling or apartment, private structure or parts thereof are untenantable.

Example: $6,000 coverege on your dwelling, would allow $600.00 toward rental not to exceed $50.00 per month.

John B. Reinhart Rites Are Thursday

John B. Reinhart, 72, pioneer resident of Charlevoix county, died at his home early Monday morning following several years of ill health.

He was born in South Arm township April 19, 1875, and later lived in Bnyne City where he worked at the old Von Platen Lumber Mill. He lived in Detroit where he worked at Ford's for 22 years. After his retirement, 10 years ago, he returned here to make his home. His first wife, the former Etta Carman, died in 1918.

He is survived by his second wife, the former Birdie Narrett, whom he married about 20 years ago; two sons, Clarence of Mansfield, Ohio, and Wilbur of Detroit; a daughter, Mrs. Vera Penn of Detroit; one brother, Lyman of this city; two sisters, Mrs. Charles Weidenhammer of Charlevoix, and Mrs. Elda Erickson of San Francisco, seven grandchildren, and several great-grandchildren.

Funeral services will be conducted at the See Funeral Home at 2 p. m. Thursday by Rev. W. D. Wood. Burial will be in the Sunset Hill cemetery, East Jordan.

Two Accidents Occur Here Saturday

Bridge street was the scene of two accidents Saturday.

The first occurred at 4:30 at the intersection of Bridge and M66 when a car driven by Don K. Bollinger, of Lakeview, skidded into the path of a second car driven by Mrs. Sam Campbell who was going south on Bridge St. Mrs. Campbell received a bruised knee and other minor injuries. Bollinger was not injured.

Mrs. Gregory Shadko suffered painful bruises and a sprained wrist when the car door became unlatched as the car was turning the corner from Clinton onto Bridge St. The car, driven by Miss Margaret Haggarty, had just picked up Mrs. Shadko at Dr. F. F. McMillan's office.

Mrs. Shadko is being treated at the Charlevoix Hospital.

Only 15 Pupils Are Marooned In City

Charlevoix youngsters and school buses had a much easier time during last week's storm than most communities in this area.

Last Wednesday with reports coming that the snow plows were opening more and more roads, Supt. Roy Bennett kept school in session until the regular closing time. Then all but 15 rural pupils were able to reach home, either by bus or by walking short distances. The 15 were from Barnard and the Maple Grove district. They came back to town and stayed overnight with friends or school teachers.

Rev. and Mrs. Gaylord Howell and Rev. and Mrs. Ansley B. Claypoole attended the Little Traverse Ministerial Association meeting in Petoskey Monday. Rev. Claypoole was named a member of the Committee on Morals and the Program Committee.

Lutheran Services Will Be Resumed

Luteran Church services, which were discontinued during January while the pastor took his vacation, will be resumed Sunday.

They are in the community room at the City Hall. Church service is at 8:45 a. m.; Sunday School at 9:45.

World Day of Prayer Will Be Observed

Charlevoix will observe the World Day of Prayer on Feb. 13 with a community service being sponsored by the women of the Methodist, Congregational, Baptist and Church of God churches.

It will be in the Methodist church. A committee headed by Mrs. Gaylord Howell is planning the program.

IOOF Still Ahead In Cribbage Tourney

With the tournament one half over, the Odd Fellow Cribbagers are leading their Masonic opponents by a narrow margin of only 609 points.

The IOOF has won two sessions in a row, gathering a margin of 332 Monday night. L. Abbey was high Masonic player with 956. Joe Williams led the IOOF team with 959.

Blissett Is High Scorer At Shoot

High scores made last Sunday by the boys of the Junior Rifle Club were:

Bill Blissett, 73; Bud Barber, 61; Jerry Left, 50. The shoot is sponsored by the Rod and Gun Club and is held weekly at the indoor range at the Auto Electric Service.

Baptists Hold Fellowship Supper

The January Fellowship Supper of the Baptist church was held last Thursday at the church dining room.

The Margaret DuBois circle was in charge of the supper with the Carey-O'Brien circle presenting the program. Visiting followed the program.

Supervisors Attend State Convention

Five supervisors from Charlevoix County last week attended the annual meeting of the state Association of Supervisors at Lansing.

They were Barney Milstein and William Bashaw of East Jordan; Orton VanDusen, George Haggard and C. B. Meggison of Charlevoix. They left Monday and returned Thursday.

On the way there Monday the three Charlevoix men were in an accident. Mr. Haggard was driving. This side of Cadillac they slowed down behind a snow plow. While they were on their own side and hidden in a miniature snow storm, a north bound state car rammed them. Damage was more than $5u9 although none of the three men was hurt. They went on by bus.

Alfred Boughton, who is working in Ypsilanti this winter, plans to return in May to resume his ice business.

Mrs. Mary Trayte Now In Florida

A resident of Charlevoix all her life until 1945, Mrs. Mary Trayte is now living in Florida.

A note to The Courier says she is operating a cottage court just off the Tamiami Trail on Route 2 out of Fort Myers. The McCarthys of Charlevoix were recent visitors there.

Tobogganing, Cake Mark Birthday Party

Rheta Mae Boss celebrated her birthday Friday evening with a two-part party.

During the first part her brother-in-law, Ahel Van Stedum, and brother, Gerald Boss, took her and the other guests tobogganing. Then at the home of her sister, Mrs. Hans Burns a lunch was served which was featured by a cake baked by Mrs. Van Stedum.

Other guests were Betty Warner, Barbara Boss, Sharon and Charleen Brock, Pat and Dood Murray.

Dickens Members Exchange Recipes

Annual recipe day of the Dickens Club was held Monday at the home of Mrs. Arthur Ranger with 18 members bringing their favorite dishes along with the rule for making them. The combined dishes formed the day's luncheon.

Due to the absence of Mrs. Harry Craig, the president, who is ill, Mrs. E. B. Bowman presided at the business meeting following the luncheon.

The Feb. 16 meeting will be at the home of Mrs. Minnie Wood.

Brother, Sister Have Double Birthday Party

Robert Sanford, whose eleventh birthday anniversary was Jan. 30 and his sister, Lorian, who was six on Jan. 29, celebrated the occasion with a family party at the home of their grandmother, Mrs. Bertha Sanford on Sunday.

A lighted birthday cake was a feature of the refreshments. Leonard Sanford is the father of the children.

Attend Surgery Course

Dr. Robert McClintock left Sunday for Chicago where he will take a two weeks post graduate course in surgery at the Presbyterian Hospital under Dr. Anderson, head of the surgical department.

City Supt. A. G. Leitch left Charlevoix Tuesday for Ann Arbor. There he is attending a three day seminar for assessors sponsored by the University. He expects to return Saturday.

WCTU to Meet This Friday at Usher Home

The W. C. T. U. will have its regular monthly meeting this Friday at the home of Mrs. A. J. Usher.

The meeting ordinarily would be Feb. 13 but because of the World Day of Prayer it has been changed to this Friday.

Michigan Cleaners will give you guaranteed Moth Proofing.

Medical Advances Described to Club

Mrs. Edward Shanahan was hostess to the members of the Shakespeare Club at her home Monday afternoon. The lesson for the afternoon was given by Mrs. Robert Wexstaff, who spoke on a Medical and Surgical Survey and incorporated into her talk blood tests, polio, cancer, anemia and new vaccines for many diseases.

The next meeting is scheduled to be at the home of Mrs. E. J. Hiller.

Will Receive Discharge

Word comes from the Headquarters of the Eighth Army in Japan that T/5 William Fochtman, son of Mr. and Mrs. Angus Fochtman, is on his way home to be discharged from the Army. He has been serving with the 24th Infantry Division on Kyushu.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Henley

Beaver Islanders, for the most part, continue to hug the stoves. Temperatures dipped to 22° below zero in town and out at the lumber camp, 32° below.

Snow is heaped up along the highway between the village and church in walls of four and five feet.

Wednesday was a bleak, cold day. Strong winds shifted the snow like sand on the desert. It actually seemed to flow along the surface of the ground. School was dismissed for half day due to the drifts on the highway.

It takes rugged men to cut ice out of the harbor on days like Wednesday, Thursday and Friday. James Gallagher and his crew braved the weather to get in a good supply of ice for the coming year.

Those who have returned from Chicago say the Beaver Island party was a big success and a very enjoyable affair. How could it be otherwise? Aren't Beaver Islanders noted for their hospitality?

Rita Elms underwent major surgery at Little Traverse Hospital last Wednesday. Reports say she is getting along very well. Mrs. Irene LaFreniere went to Petoskey to be with Rita.

Mrs. Gus Mielke has been ill during the past week.

Jack Connaghan arrived Friday to visit his parents.

A Recreational Hall has been opened by Joe Gallagher in the former garage building.

A pre-Lenten party for the upper grades was held Friday evening from 7 till 9 at St. James school. It was sponsored by the Catholic Action Cell Group under the supervision of the nuns. Games and a few lessons in square dancing comprised the entertainment. Refreshments were served to top off the party.

Saturday, the sun came out bright and beautiful. With the sunlight striking the frost in the air, it looked as though it was raining diamonds.

Raymond Lewis crossed the ice to Garden Island Saturday, the first man to cross since the ice made this year. Raymond went across on foot, tapping the ice as he went along as a safety precaution.

Mr. and Mrs. Francis Ricksgers and two children left during the week for Grand Rapids where they will make their home.

Cousin Tillie O'Tooley always reads the "Want ads" in the Courier and last week she didn't miss the "Swaps". Cousin Tillie has been debating ever since she read the paper whether or not she should answer Ray Parish's ad. For years, she has been wanting a "talking machine," yes, ever since she won a record of "Who Threw the Overalls in Mistress Murphey's Chowder" in the County Fair's corn shuckin' contest. To get that victrola and a man besides, Cousin Tillie "shore" is tempted.

School News

Report cards have been given out and the following students have a place on the Honor Roll:

High school—Lillian Greene, Margaret Ricksgers, Mary Malloy, Dorothy Lee McCann, Charlotte McDonough, Patricia O'Donnell, Mary LaFreniere, Joy McDonough.

Upper grade room—Margaret Ellen McDonough, Rose Mary Nackerman, Kay McDonough, Grace Marie McCann, Jeanne Van Erkle, Mary Catherine Hanley, Margaret Ann LaFreniere, Audrey Gatliff.

Primary room—Rosalie Bennett, Billy Bennett, Kathleen Gatliff, Rose Mary McDonough, Kathy McCann, Loretta LaFreniere, Brian Gallagher, Jean Catherine LaFreniere.

Farm Topics
By ED REBMAN

Soil Conservation

Many farmers, farm organizations, civic organizations, are becoming interested in soil conservation in Charlevoix county. These people have seen the results that are begining to show in the Soil Conservation District in Antrim county. Charlevoix county likewise has many soil conservation problems: windbreakers, pasture improvement, wood-lot improvement, strip-croping contour farming and terracing are some of the methods used to control plant food loss.

Some of the farm organizations have passed resolutions to organize a Soil Conservation District in Charlevoix county. To foster this end, Guy Springer, District Director of Soil Conservation Services at Traverse City and Leonard Braamse, Soil Extension Specialist, Michigan State College, were in the county last Thursday. Plans are being made to obtain farms and other visual aids to show the purpose and the need of soil conservation. Organization of a District will be discussed. Charlevoix county is losing considerable soil every year and it will take the best efforts of everyone to preserve this natural resource for future generations.

Cattle, Not Grain May Be Principal Demand Soon

Right now the tendency among farmers is to sell cattle and grow more grain.

The demand for export of foodstuffs to Europe is one reason. Another is the comparatively high cost of producing meat. Although the city housewife may doubt the fact when she buys a steak, the cost of feed is making meat production on the average Widwestern farm a marginal and often a losing proposition.

These two factors together are causing more and more farmers to sell their stock and turn to cash crops. Although this seems wise, in the long run it may not be.

This statement and the conclusion that it may pay to keep good foundation herds of cattle and swine are being put forward by more than one agricultural economist today. Their reasoning is this:

Selling too many cattle inevitably will result in a shortage in a couple of years, maybe less. High production of grains, if the export demand drops, will result in cheaper concentrate and feed costs.

Unsound crop rotation, not enough stock to consume homegrown roughages and maintain fertility is shortsighted.

Summed up, the farm economists approve a reasonable cut in herds. But they warn against going too far with it; 1950's farm income may be considerably larger if a few less dollars are realized in 1948.

Bellaire Youth On State Farm Tour

James Williams of Bellaire is one of the 35 young Michigan farmers picked from the 3000 members of the Junior Farm Bureau who are making a 4000 mile tour of the South and East.

The trip is a "Short Course on Wheels." The 35 left Jan. 20 for Lansing. From there the route is through Indiana, Tennessee, Alabama, Mississippi, Louisiana, Florida, Georgia, South and North Carolina, Virginia, Washington, Pennsylvania and Ohio.

On the trip they will study first hand agricultural methods, processing, cooperatives, exports, and related subjects. Going with them are B. F. Hennink, state direstor of the organization, Verland McLeod, vice-president, and Miss Leona Algoe, chairman of the committee.

Williams is taking colored pictures of the trip.

Mr. and Mrs. Frank Ostrum of Grand Rapids spent the week-end with the latter's brother and sister-in-law, Mr. and Mrs. Lester Smith.

Ellsworth Teams Beat Central Lake

Ellsworth—The two basketball teams of the Banks Township high school went to Central Lake Friday night and came back with two victories.

The first team won by a 35-18 score with Conrad Klooster scoring 13 points as high man for Ellsworth and Rehnert scoring 11 points for Central Lake. Score at the half was 16-11 with Ellsworth leading.

The reserves won their twelfth consecutive game by a 19-14 count with Davis as high man for Ellsworth with 8 and Bosworth with 5 for Central Lake. Andrea and Methner of Traverse City were referees.

The Ellsworth Merchants defeated a basketball quintet from the State Hospital at Ypsilanti by a 58-43 score at Community Hall Saturday night in a fast game. Ellsworth led at the half 36-16. For the visitors, Christnor scored 18 points and Johns 17, while Harold Edson led the locals with 21 and Lester Drenth scoring 12 points. Chiak brothers of East Jordan were the referees.

Ellsworth Caucus To Pick Candidates

Ellsworth—A caucus to nominate village officers will be held next Tuesday night at Community Hall.

Terms of trustees James H. Elzinga, George Koster and Emery J. Wilson have expired. Candidates for president, clerk, treasurer and assessor will also be nominated.

McGhan Herd Tops In Testing Group

The Jersey herd owned by LaVern McGhan of Charlevoix was the most efficient producer in the Antrim-Charlevoix DHIA during January.

It averaged a pound of butterfat for every 34 cents worth of feed. Floyd Black's Holsteins were second, averaging 40 cents per pound of fat.

Twenty-two herds, with a total of 267 cows, were tested by Lee Cook, supervisor for the local Herd Improvement Association. Average production was 549 pounds of milk. Average test 3.84, or 21.1 pounds of butterfat.

The returns per dollar of feed cost averaged $1.88. The cost per pound of fat was 57 cents.

Highest producing individual cow, 76.3 pounds was a Jersey belonging to Bernie DeYoung. A Holstein of Jay Williams' was second with 58.6. Williams' herd, averaging 30.8 pounds of butterfat, was high for January.

WHAT PRICE OIL?

Price tags are mighty poor indications of quality where engine oil is concerned. Experts know that oil, to be "good," must dissipate heat and prevent wear under widely different driving conditions . . . and no single engine oil yet discovered will cover the entire range. That's why we offer two entirely different oils. R.O.C. oil for normal driving and NORTHLAND oil for high sustained speeds.

Both of these oils are made from select crude and are designed to do one job better — eliminate costly wear and power loss. There is a slight difference in cost. But this comes from the difference in production cost.

Buy your oil according to your needs. This is true economy.

Michigan Mirror

Non-Partisan News Letter

By Gene Alleman
Mgr. Micnigan Press Association

In nearly every Michigan small town we have visited in the past year or so, one common trend has been evident. It is this:

Country living is enjoying a revival. Industry is decentralizing. It is opening branches in small towns. It is even migrating from the big city. There is more building activity outside the city limits of many towns than there is inside. Those signs are significant, if we are to try to fit them into a common jig-saw mosaic pattern.

Henry Ford II, president of the Ford Motor Company, stated in a recent issue of the Atlantic Monthly that the company is going to decentralize. Why? Because big business, unless broken down into well defined segments, becomes top-heavy and inefficient. Because "many of the social problems of our times are made worse—and in part have been created—by concentrating vast numbers of people in crowded city areas such as Detroit."

John Gunther, in his 979-page report, "Inside U. S. A.", refers to Detroit as the most explosive labor center in the Nation; to the U. A. W., the automobile workers' union, as the "most volcanic union in the country."

Here is a union, centered in Detroit, whose membership has grown from 15,000 to 1,250,000 in only ten years. And here is also a union whose leadership demanded, only a few years ago, the right to inspect the employer's books in order to find out how much profits could be paid to the workers in higher wages.

This confusion over profits is one of the by-products of industrial centralization where the boss and the worker never meet except belligerently around a strike table.

"There seems to be an impression around," said young Ford in the magazine interview, "that for some obscure reason or other, Ford does not have to make a profit. That isn't so. Unless we can obtain a return that enables us to pay reasonable dividends, renew our plant, invest for the future, and meet competition on equal terms, Ford Motor Company will not have any future."

According to one survey, the average investment per job in America is $6,000. Who put up the money? Someone who was willing to risk dollars in the hope of earning a profit.

What happens when technology is ignored, when machinery becomes obsolete and inefficient? The British coal mining industry today is a prime example. British miners produced 259 tons per year per man in 1946; 690,000 of them produced 189 million tons. Now look at the United States where competitive free enterprise still exists: 416,000 miners, by the aid of modern machinery, produced 590 million tons, an average output per man of 1419 tons, six times that of the British miner.

Little wonder, then that the American miner earns more wages than his fellow in England.

Gunther reports also that everywhere in the United States the automobile and its counterpart, the modern concrete highway, is emptying cities of their population. The trend is toward towns where security is rooted in home ownership, food gardens, and friendly living, and where management and labor meet as neighbors.

As American -- As The Mailbox

The mailbox is one of those familiar American landmarks. Like apple pie and movie stars—hot dogs and ham 'n eggs—it is part of the comfortable American scene.

Just so—Farm Cooperatives are a familiar landmark in American community life. Townfolk—for years—have looked to Farm Cooperatives for quality milk—citrus fruits—walnuts—and many fine farm products. The Farm Cooperative is an essential factor in bringing high quality foodstuffs to city consumers at fair prices.

Farm Cooperatives not only help the farmer get his products to market—they often supply him with the goods and services he needs to run his business. Here again the consumer gains—because with lowered operating costs—farmers can supply their customers at more equitable prices.

Farmers and their families own and operate these American business enterprises. Throughout the state there are hundreds of farm-owned cooperatives. They mean teamwork and neighborly cooperation among farmers. They mean greater purchasing power to farmer and rural community alike. And they mean a more efficient and prosperous agriculture to the nation.

Grange Contests Explained At Pomona Session

The January Pomona Grange for Charlevoix County was held the night of Jan. 23 at the Wilson Grange Hall. A potluck supper was served at 7:30.

During the program which followed, Archie Murphy told of the construction and operation of a gutter cleaner in his dairy barn near East Jordan. Litter from the gutter is moved by an endless chain, powered by an electric motor, and emptied directly into a manure spreader for immediate application to the field. Full value of the litter is carried to the field and much time in the spring is saved. This is reported to be the first such equipment in use in Charlevoix County.

W. J. Brake of Bellaire, State Grange Deputy spoke briefly concerning present Grange activities both on the State and National level. R. E. Olds of Lansing, has contributed $950 for prizes in the Song contest in Michigan Granges this year. These contests originated in the Subordinate Grange and winners on the County level in September will go to the State Grange in October which will be held at Traverse City.

Brake also explained the Community Service Contest which is being conducted by the National Grange with prizes running into the thousands of dollars. The Community Service Contest include such projects as community clean-up, planting memorial Groves or Community Parks, schools and church projects such as construction of shelters at school bus stops, property improvements or otherwise cooperating for church or school improvements, Community Health projects, providing rural recreation facilities and organized use of them, initiating and developing agricultural and other activities involving community-wide cooperation.

Interest in the Grange is increasing and membership gains in the past five years are the greatest of any five year period in Grange history with the exception of the time immediately following the organization of this farm fraternity.

Only New Girls' Camp Will Open

Only the girls' camp, Ta-Wa-Ma-Na, on the former Gar Wood property, will be opened this summer according to a letter from W. L. Gunnerson, its director.

Last fall after the new owners, Mr. and Mrs. Arthur B. Mowrey and Mr. and Mrs. Gunnerson, took possession they announced they would open a boys' camp on the Oyster Bay side of the peninsula if the buildings could be put up in time.

1½ MILLION DOLLARS A MONTH PAID BY BLUE CROSS FOR CARE RENDERED MICHIGAN SUBSCRIBERS

BRIEFLY—THE STORY OF THE BLUE CROSS PLAN

NATIONALLY—In 1929 a group of teachers in Dallas, Texas persuaded Baylor University Hospital to agree, for a small sum each school semester to provide 21 days of hospital care for anyone of them who needed such care. The experiment proved successful. Other hospitals learned about the plan and took similar action. Thus Blue Cross was born.

Meanwhile, the medical profession was investigating methods of pre-paying medical care. Studies were made at home and abroad by the Michigan State Medical Society and from this and other research conducted by the medical profession, the present voluntary pre-payment medical care plans were developed.

IN MICHIGAN—The start of Blue Cross in Michigan can be traced to a group of doctors, hospitals, and business leaders who formed what is now known as Michigan Hospital Service—Michigan Medical Service. Special legislation was adopted to enable Blue Cross to function as non-profit corporations and in early 1939 the first hospital care certificate was issued. The medical-surgical Plan—Michigan Medical Service began active operation several months later. Michigan Medical Service was one of the first professionally sponsored medical pre-payment plans in the United States and is credited with developing many of the practices in this field which today are standards for *non-profit* pre-payment plans across the nation.

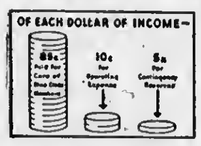
ORGANIZED AND OPERATED BY THE DOCTORS

Blue Cross Medical-Surgical Care Plan (Michigan Medical Service) like the hospitel care plan, is operated by those who render the service—the doctors themselves. It was organized and developed by the Michigan State Medical Society to enable the people of this state to budget against the unexpected costs of medical-surgical care.

AND THE HOSPITALS

Blue Cross (Michigan Hospital Service) is operated in the public interest by the voluntary non-profit hospitals of Michigan. It is the only program in Michigan for the pre-payment of hospital care that is approved by the Michigan Hospital Association and the American Hospital Association.

FOR WHOLLY NON-PROFIT OPERATION AND PUBLIC SERVICE



Blue Cross is operated as a public service without profit to anyone. Blue Cross payments to hospitals and doctors for the care of its subscribers have averaged 85c of each dollar of income, about ten cents is used for operating expenses, the balance is reserved for contingencies. No bonus, dividend, or commission is paid anyone—Blue Cross is truly *non-profit*.

HOW YOU MAY ENROLL IN BLUE CROSS

If you work where five or more persons are employed your group is eligible for Blue Cross protection. Write today to Michigan Hospital Service, 234 State Street, Detroit 20. Our representativs will be happy to call and outline in detail how easy it is for your group to enjoy the benefits of Blue Cross—America's fastest growing pre-payment plan for Hospital, Medical-Surgical Care. If you are self-employed, retired or unable to meet group requirements you may enroll through the Community Enrollment Plan during special enrollment campaigns—watch your local newspapers for campaign dates in your community.

A Report to the People of Michigan from their Doctors' and Hospitals' Own Non-Profit, Voluntary Program for the Pre-payment of Hospital, Medical-Surgical Care.

IN 1939 BLUE CROSS enrolled its first member in Michigan. Since that time the growth of this voluntary, *non-profit* program for the pre-payment of bospital, medical-surgical care has been spectacular. Today 1,200,000 persons share in this community plan—a cooperative effort between hospitals, doctors of medicine and the public to provide hospital, medical-surgical care to everyone without financial strain upon anyone.

Blue Cross is truly a *PUBLIC TRUST*, which by strict adherence to principles of *non-profit* operation, has returned to its members more than $70,000,000 in services for needed bospital, medical-surgical care. From the modest average of $57,000 per month paid to bospitals and doctors in early 1940, the Blue Cross Plans today are paying ono-and-one-half million dollars a month for care rendered to Michigan subscribers. This record of public service is not approached by any other program of its kind in this State.

In spite of rising hospital costs Blue Cross has not deviated from its original policy of providing "Service" not cash. Thus, today Blue Cross protection is moro valuable than ever before. The financial strength and actuarial soundness of the Blue Cross program is reflected in the Statement of Condition summarized below.

The more than 4200 doctors of medicine wbo share in the operation of Michigan Medical Service, as developed by the Michigan State Medical Society, and the 144 non-profit bospitals in Michigan, which operate Michigan Hospital Service are proud of this record of accomplishment and submit to the people of this State a report on their Blue Cross stewardship:

(Continued from page 1)

Remember the day that we stood by the same spot. All that the river now affords is rocks instead of gold nuggets . . .

Charlevoix folks got a thrill Sunday when listening to the "Quick as a Flash" program from New York when they heard the voice of Elizabeth Emery. (A former Charlevoix woman, she now owns and runs a Tea Room in Lowell, Mass.) But Mrs. Emery was in New York and won a wrist watch, $41.00 in money and tickets to Lillan Gish's new play on Broadway. She recognized the voice of the actress and was then introduced to her in person. Wouldn't that be a thrill? . . . Don't forget to bring all your tickets from the merchants this week and be at the park. Some lucky person is elibigle to get $100.00 in cash . . . The William Ratigans are enjoying the sunshine (we hope) at the Gulf Stream Hotel down in Lake Worth.

Met an interesting person who works at the State Library in Lansing last week. She is a former Charlevoix gal, Lucille Bogart Farmer. Three guesses what we talked about!!! . . . Did you give the birds some breakfast today? . . . Already the stores are full of Valentines. Understand that Leap Year didn't go too well in 1944, when men were off at distant military posts and stations. Apparently when a gal sent one of those "Brother, stop wigglin' 'cause you're hooked" messages, she wanted immediate results. Well, here is another Leap Year. Maybe the results will be better.

When you are buying valentines to send to your friends just have the clerk tuck an extra one in your envelope and send it to Louis G. McSawby, who is a pretty lonely fellow at the TB State Sanitarium at Gaylord. I am sure that a valentine card shower would help to make some cold, wintry February days seem like sunny June ones to Louis.

Among scientists nowadays there is a great question for debate: "Are we going into, or coming out of another ice age?" When I popped the question to friend husband the other night he added without hesitation: "Well, the way the weather is now, I should say we are coming into that ice age." Just where would a fellow go nowadays and really find weather according to Hoyle? There seems to be an upset everywhere.

Mrs. Lottie Todd entered the Charlevoix Hospital Friday for a throat operation. Mrs. Ruth Heilig is taking her place temporarily . . . In spite of appearances Art Stoel and Clayton Smith declare that spring is not far away. The other day the two men were down in a cedar swamp over Norwood way and there they saw a robin and he was singing, too. . . . Easter is earlier, too, this year. Lent starts in just 6 more days, Feb. 11. Just recently learned that Lent is related to the Anglo-Saxon word leneten, meaning "long days" or spring . . . Congratulations to the VFW's on their successful district meeting held in Charlevoix Jan. 25. From reports given us it was some affair.

A splendid book that would be wonderful to own is Perry's "Book of Cities" just out in book form. Maybe some of you read some chapters, as they were published in articles in the Saturday Evening Post . . . Some fellow on Main Street had a real bear story to tell. Monday afternoon as I was walking to the Post Office I passed two men engaged in conversation. One was saying "You should have seen our car. When I stopped and looked out there were bears all over it." Sounded like a Yellowstone episode, but then Yellowstone is closed now. Then, I thought of my experience with Mr. Bear when we were there. I'll take my bears at a distance, thank you.

Remember if you have some white elephants, unnecessary articles that might do someone else a lot of good, list them and make up a SWAP ad and send it to The Courier,

Wish there was someone who had one of those old silver casters they would like to swap for something I have. You know the kind that grandmother had on her table that held the vinegar, salad oil, etc. Surely would like one of the things. Wouldn't even care if the cruets were not all there.

Do you readers remember of a story about a month ago in The Courier telling of E. J. Madill of the Department of State's Division of Protective Service in Washington, D. C., and of his splendid aid in helping Mrs. Hazel Moore of Washington trying to find her son, Lieut. Harley Moore, who had been shot down in China behind the Communist lines. Believing her son to be alive Mrs. Moore left for China. It was learned from the Reds that Moore and two Chinese crewmen were killed when their plane crashed and burst into flames behind the lines. Now word comes that two weeks ago Mrs. Moore was taken to a French hospital in Peiping suffering from a nervous breakdown and died of a broken heart. Mr. Madill is the son of Mrs. E. Josephine Madill . . .

Couldn't find the price of butter in The Courier. Just guess it was too high to print. But did find some real Sirloin Steak at Elwards Food Mart for only 59 cents a pound. Asked Bob Foehtman over at the Charlevoix Oil Company, you know, by the end of the New Bridge, what would be the price of a Chevrolet by the pound. Had him stumped at first, but he came back with the answer that including all the gadgets, it would be just 48 cents a pound. What a buy!

But here is a better one . . . a very well located modern home weighing about 200 tons and only $10,000 . . . This is a colossal buy at 2½ cents a pound. Furniture included.

News of folks, your neighbors and mine . . . but did you know that—

"On my honor
I will do my best . . . "

Thus begins the Boy Scout oath, the Scout's pledge to God and his country. We salute the Scouts on their 38ht birthday anniversary. They are doing a real job in the world.

A note comes to us from Bessie Gaskin in Detroit: "According to the Courier I am wintering in Clearwater, Fla. I only wish it were true, but I haven't been out of Detroit since coming down here Nov. 10th." Sorry, Mrs. Gaskins, but somewhere the item got mixed up in the reporting concerning Clearwater. That mistake is nothing compared to what I heard about myself last week. I was reported being in the Charlevoix Hospital having a baby. Instead it was our bookkeeper, Mrs. Todd who went for a throat operation . . . Birthday congratulations to Bob and Bill Carey who celebrated their 18th birthday this week.

A card from E. J. Smith says that he is trying to round up a Charlevoix day down in Clearwater and will send a picture of the mob scene if he can get them together. Sorry we won't be able to make the party. Would be fun, we know . . . Guess the only way a fellow can get any rest in Charlevoix during the winter months is to go away for a few weeks. Feel like General Eisenhower, who said that he wanted to take a rest before starting as President of Columbia. 'I'm going away", he said, "and for the first six weeks I am going to sit somewhere in a rocking chair. Then I'll start rocking."

Some weeks ago I mentioned the fact that Charlevoix was the only Charlevoix on the continent. Since then I have learned that there is another Charlevoix, but it is in Canada. However, we are the only Charlevoix, U. S. A. Jane Barr, down in Miami, Fla. sent us a letter recently and wrote Charlevoix, U. S. A. Guess the Miami mailman did not realize what an important place we were up here in Michigan, and the distinction we claim. Anyway, he fired the letter back to her with a notation "Returned for a better address."

Had a most interesting chat with Roy Ranger the other day. Guess he had seen plenty of years of service with boats. With 50 years on the water, Mr. Ranger has plenty of yarns to spin and are they interesting?

Workmen are busy at the Sugar Bowl redecorating and revamping the interior. Instead of the long counter at the back for those who have to have their coffee, there now awaits a horseshoe counter. Easier on the waitresses and much more modern looking . . . Playing a peeping Tom act through the Levinson windows, there is another revamping job going on in that store . . . Then when Cornelius Geiken gets his candy and gift shop opened, well, Bridge Street will have a "new look" for the summer folks. Remember when I first came from Chicago on the train. Sitting in the club car full of folks headed for Charlevoix, I remember distinctly one fellow asking another, "How does Charlevoix look this summer." "Oh, it's just the same old place," he said. Well, it's not going to be next summer. And when our new bridge and Bell Telephone building get the finishing touches, well, that will be something else to talk about.

Congratulations to Theresa Zeitler and her ability to make cherry pie. Theresa was the gal chosen to go to East Jordan last week and represent Charlevoix in the cherry pie contest. She got third place (just missed being second by one point). While this eliminates her from going to Grand Rapids to compete in the State Contest, still the experience she has had will be invaluable to her. Anyway, she got $5.25 in money. Think a good many folks would make a cherry pie if they collect that much for one. And Theresa had never made a cherry pie in her life until this pie contest came up at school this year. Looks as though a young lady might be following in the footsteps of her mother, who is a corking good cook.

We agree whole heartedly with the editor of the Lake County Star down at Baldwin when he said, "If Petrillo would ban singing commercials on the radio we might forgive him taking away our live music' . . . Glad to see Miss Mary Folander back in cir-

Silver Dollar Award Goes to Norwood Farmer

Ernest Potter of Norwood Township was awarded the $100 prize in last Saturday's Silver Dollar contest held here.

This coming Saturday a total of $100 will be awarded, $50 as the first prize and five $10 prizes.

About a year ago Mr. and Mrs. Potter bought a small place this side of Norwood. Since then they have been fixing it up. On Dec. 22 their baby was born. During January it was necessary for the baby to go back to the hospital for care and treatment.

Saturday before the Contest, Mr. Potter was remarking that he didn't expect there was any chance of getting the first award but it would come in quite handy. That afternoon E. D. Hawley handed him the sack containing 100 cartwheels.

Those who received the five $10 awards were Bonnie Sutton, Mrs. Edwin Gregory, W. A. Cline, Bonita Peas and Kenneth Empey of Norwood. Winner of the special $5 prize offered by Brown Motors was Mrs. Hiram Potter of Marion Township.

In charge of Saturday's contest were Grover Glossenger, of Charlevoix Gas & Appliance and Robert Heller of Charlevoix Lumber.

The committee which will handle this next Silver Dollar Contest will be Smith Housefurnishings, Schroeder & Hovey, and Milton Block.

Pat Martin Listed In State Athletic Hall of Fame

Pat Martin, Rayder guard, appeared this week in the Detroit Times State Hall of Fame which featured outstanding athletes throughout the state.

Pat is listed as "fastest man on the team undefeated in three seasons of league play. Gets his points, too, although he's the man who passes to Carey boys, Bob and Bill."

Another Northern Michigan Class C conference man to be mentioned this week was Grayling's Charles Feldhauser, captain and mainstay of their football team last fall. He is listed as one of the school's best all-around athletes.

W.C.T.U. Has Annual Willard Memorial

The W. C. T. U. held the annual Frances Willard Memorial meeting at the home of Mrs. A. J. Usher on Friday.

Mrs. Ernest Howe, vice president, presided at the meeting and led the devotions.

Mrs. Guy Smith was in charge of the lesson which was on Miss Willard, great educator and temperance worker. She read a communication from Mrs. A. B. Lawton, which told of a meeting Miss Willard had attended at which Mrs. Lawton was present. Mrs. Smith also showed, by means of a chart, the many memorials dedicated to the woman who devoted much of her life to the work of the Union.

Janice Howe concluded the meeting with three vocal numbers.

Campbell's Installs New X-Ray Machine

Campbell's Boot Shop has installed a new X-Ray machine to help in fitting shoes.

The device uses an X-Ray tube and fluorescent screen to show the shape of the foot inside the shoes. Unlike many such machines, which use the same strength ray for all, this one has one strength for children, and more powerful ones for women and men.

Michigan Cleaners Win 11th Victory

Scoring their 11th victory this season, the Michigan Cleaners team Thursday defeated the touted Cheboygan Independents 55 to 23 on the floor here.

Cheboygan had won five straight and came here expecting to take Charlevoix's team into camp. So far the Cleaners have lost only four games.

Supt. Roy Bennett and Fred Willis of the Board of Education, were in Lansing on Tuesday for a Citizens' Conference.

Board of Commerce Sponsors Annual Ice Rink Carnival

S. E. Coleman, secretary of the Board of Commerce, presents Nancy Kipke with the figure skating cup she has won for three consecutive years.

The annual ice carnival sponsored by the Board of Commerce was held at the school rink Wednesday evening.

S. E. Coleman, secretary of the Board of Commerce, was in charge of the event.

Winners in the various events were:

Juvenile boys, 1st. Joseph Etienne; 2nd, Glenn See; 3rd, Glen Ikens.

Junior boys, 1st, Dean Welcheimer; 2nd, Eugene Towsley; 3rd, Thomas LaBlance.

Intermediate boys, 1st, Donald O'Brien; 2nd, Jack Niswander; 3rd, John Nordrum.

Senior boys, 1st, Bob Russell; 2nd, Jack Klein; 3rd, Frank Martin.

Juvenile girls, 1st, Judy Merica; 2nd, Jana Merica; 3rd Camilla Maltby.

Junior girls, 1st, Bennie Kipke; 2nd, Fay Meggison; 3rd, Connie Oleksy.

In the figure skating, Nancy Kipke won top honors in the senior group.

In the Intermediate group, Sonja Nordrum won first place with Amy Kipke winning second and Gail Krahnke, third. Others who won awards were Fay Meggison, Sandra Von Dohlen, Ann Lagerman and Donna Ikens.

Judges for the races were Frank Martin, Drew Young, Jerry Whitley and Robert Carey. Judges in the figure skating event were Mrs. John Nordrum, Mr. Young and Mr. Whitley.

Rod and Gun Club Works to Help Stop Slaughter of Game

The Charlevoix Rod and Gun Club is launching a membership drive now as one way of helping combat the efforts of the recent no-search or seizure ruling of Attorney General Black.

Under his rule that no Conservation officer could search or arrest a citizen, no matter how certain he was of a game law violation, without a warrant. Since by the time a warrant could be obtained the violator would have removed or destroyed evidence, Conservation men feel Black virtually gave a help-yourselves invitation to game hogs and poachers.

The officials had always used surprise search and seizure as their chief weapon against the deliberate, malicious violators.

Conservation men say that now the game slaughterer will have an open season on deer, pheasant and game fish. If the doe killers, the off season or hen pheasant shooter, or fish dynamiter can once get his kill into his car, coat, a box or other contalner, under the ruling he is safe.

The Rod and Gun Club is seeking more members for two purposes. It seeks to arouse public opinion to the danger of slaughtering our game animals and fish, which are a major part of our tourist attraction. Secondly, it seeks a larger membership which will work with and for conservation men and officials to seek new game laws and to aid conservation measures.

Bulow Advises Getting Plates Now

Don't wait until Feb. 28 to get your license plates, warns Fenton R. Bulow, branch manager of the Secretary of State's office.

A lot fewer plates were bought in January than usual, due to the weather, and there will be a big rush the last days unless car owners start getting licenses now. The new ready-printed applications and the car title must be brought in by the owner. If the application has not been received or has been lost, notify the local office in the Court House at once.

Because of the many more persons who are in town Saturday due to the Silver Dollar Contest the Charlevoix office will be open Feb. 21 from 2 to 4 p. m. It also will be open all day Feb. 28, the final day for using the 1947 plates.

As usual this year, the licenses in the county are being sold from three branch offices. Boyne City has plates PW1000 to 2800. Charlevoix has PW2801 to 4400. East Jordan numbers are PW4401 to 5400.

Infantry Chorus To Sing Wednesday

DePaur's Infantry Chorus, composed of 35 veterans who gave 2500 concerts before servicemen during the war, will be at Petoskey next Wednesday.

They are the third number in the winter concert series. High school doors open at 7:45. The concert is at 8:30.

Nickerson Again Heads Sports Club

Bonnie Nickerson was reelected president of the Charlevoix Rod and Gun Club at the annual meeting last Thursday night.

Donald Swinton also was renamed secretary and Glenn Pemberton, treasurer. Glenn Rose was elected vice-president to succeed Pete Scott. Gordon Moeller and Bernie Ward were reelected to the board of directors.

Plans for the second annual Sportsman's Show were discussed and Aug. 15 set as a tentative date. The club also approved preliminary plans for a new log clubhouse which were presented by the building committee headed by Elmer Barber. The clubhouse will be a one story structure with full basement and will be erected near the skeet range north of Charlevoix.

Rev. Claypoole Enters Hospital

Rev. Ansley B. Claypoole, pastor of the Baptist Church, again entered Little Troverse Hospital for surgery on Monday.

Rev. Clare Gleason will preach here this Sunday at both the morning and evening services. Rev. Claypoole will be back in his pulpit on Feb. 22.

Cancer Dressings Now Available

Dressings for cancer patients who are in need of them are now available, Mrs. Art Wexstaff, service chairman, has announced.

The dressings, in all sizes, were made by the Women's Guild of the Lutheran church.

Rayders Win From Pellston, Gaylord Teams

The Rayders chalked up No. 38 Tuesday night when they defeated Pellston 51-7 on the local court.

Charlevoix took the lead, scoring 11 points in the first period and 19 more in the second quarter while allowing Pellston only 5 in the first period and none in the second.

Adding 21 more points in the third quarter, the visitors only made one point on a free throw. With the second five taking over in the last period the Rayders made no points and allowed only one point to Pellston on a free throw.

Bob Carey led the scoring for Charlevoix with 16 points. Hiar was high for Pellston with 4.

The Little Rayders defeated the Pellston Reserves 21-12 with Fairbanks scoring 9 points for Charlevoix and McRae 4 for the visitors.

The Charlevoix basketball team journeyed to Gaylord Friday night to hand the Blue Devils one of the greatest trouncings this year by a 60 to 29 score. The Gaylord team only lost by four points when they played Charlevoix earler in the season and fans were expecting a close game.

Good ball handling and sportsmanship made up for any lack of competition however and the followers were not disappointed. The Rayders took the lead in the opening seconds and led at the quarter 18-3 and at the half 27-12.

Charlevoix kept up their pace in the third period by making 15 points for 4 for their opponents and 18 in the last quarter to 11 for the Blue Devils.

Bob Carey and Cliff Lagerman each scored six field goals and three free shots for 15 points apiece. Quay and McKellop each had 7 for Gaylord.

The Little Rayders took a beating at the hands of the Gaylord Reserves by a 23-9 score.

County Drive On To Immunize All School Children

Already one of the top counties in Michigan as far as immunization is concerned, the doctors and District Health Department are trying to make Charlevoix County youngsters almost 100 percent immune this month.

February was chosen because Gov. Kim Sigler has named it Michigan Immunization Month.

In Charlevoix County, according to Dr. A. F. Litzenberger, director of the District Health Department, about 85 percent of the children have been immunized against smallpox and diphtheria. A somewhat lesser percentage of the babies have been given whooping cough shots.

The aim is to protect all the now unprotected youngsters, and particularly the pre-school group where the danger is greatest. Parents are asked by the Health Department to see their family physician in this regard.

Farmers Protest Garbage Dumping

Farmers and farm groups are protesting about the increased dumping of garbage and trash alongside country roads this winter.

As one farmer expressed it: "How would town folks like it if we unloaded our trash in their front yards?"

Formal protests were voted by at least two rural groups during the last week. The farmers point out that more than just roadside appearance and good will is damaged by such dumping. Most farmers prefer to drive tractors at one side of the road, both for safety and to give autoists the right of way. An unseen piece of broken glass can ruin a tractor tire which means lost time and up to $80 or $90 in value.

Young Peoples Rally To Be Here Monday

A northwest sectional Young People's Rally of the Ambassadors of Christ will be held at the new Assembly of God church here next Monday at 8 p. m.

Rev. Horace Clark of Alpena will be the principol speaker. Rev. R. B. Warner is the pastor of the church which meets at 603 Bridge street.

City Will Choose Next Year's Officers at Annual Primary Election Next Tuesday

City officials for the coming year will be chosen Tuesday when the municipal primary election is held at the City Hall.

Since there is only one ticket being placed before the voters, the winners Tuesday automatically will have no opposition on the April ballot uuless some one decides to run as a sticker candidate at that time. Thus, as is often the case in Michigan, the primary is the important election.

There are contests in only two wards and both for city alderman.

Four are competing for the vacancy in the second ward caused by Harold Dutcher's refusal to run again. They are Carl Kohler, Milo E. Wakefield, Robert Wexstaff and Drew E. Young.

In the third ward, W. E. Goss is a candidate for reelection. He is opposed by Ralph Hamilton.

There is one vacant spot on the third ward ticket. Incumbent supervisor C. B. Meggison did not file his qualifying petition in time. However, he is unopposed and expects to be a write-in candidate.

Ray Hamilton, city clerk for 23 years straight, gave up that position in order to be a candidate for mayor when Karl J. Erger declined to run again.

Hugh Mayne is the new nominee for the clerkship. Nelle A. Hammond, present efficient treasurer, is named again for that post.

In the first ward, George O. Haggard, incumbent supervisor, and William A. Heering, new candidate for alderman, are on the ballot. Heering if elected, will succeed Kenneth McFadden who refused to be a candidate.

Arthur Bergeon again is second ward supervisor candidate.

Joseph Hyland in the third ward is the only candidate for constable.

250 See Scouts Observe Their 38th Birthday

Two hundred fifty Cubs, Scouts, Senior Scouts, parents and Kiwanians Monday night celebrated the 38th birthday anniversary of Scouting in the United States at the high school gym.

Called the House Warming, it was the first public function of the newly reorganized Boy Scouting here, and was sponsored by the Kiwanis Club.

Rev. Gaylord Howell gave the invocation before the dinner which was a potluck affair, Clarence Odmark led in community singing and Wayne Belding, as master of ceremonies introduced various individuals and groups.

A recording from the Scenic Trails Council outlined plans for the coming year, including a combination camp and buffalo barbecue this spring south of Traverse City.

The Cubs of Dens 1, 2, 5, 8 and 8, under the direction of Mrs. Ralph Hamilton, presented four acts on the school stage. Supt. Roy Bennett presented the new Senior Scout Charter to that group, represented by Capt. Hubert Paddock, chairman. He also paid high tribute to Ralph Hamilton, who for ten years has been a leader in Scout work.

Dr. Gerald Gibbons, Cubmaster, praised the Den Mothers for the work they were doing. They are Mrs. Ralph Hamilton, Mrs. P. Curtis, Mrs. Robert Miles, Mrs. G. Dennis and Mrs. L. Swanson. He presented Den Chief Warrants to Leo Allard, Victor Gibbons, Willian Sippel, Charles Krahnke and Stewart Walker.

Cub Advancement Wolf badges were presented Gordon Smith, Paul Foster, Jack Stebe, Quentin Walker, Paul Allers, Norman Brumm and Martin Johnson. Gordon, Jack and Paul also received the Gold Arrow. Martin received both the Gold and Silver Arrows. John Gallington and Henry Pontius received Bear Advancement badges.

The Sour Note Five, composed of Charles Gibbons, Nick Hamilton, Tom Bleha, Bob and Bruce Shanahan, played four numbers. Belding then introduced the Surprise Entertainment of the evening—Kenneth Prevost in a half hour of magic.

Taps, played by Charles Krahnke, closed the progrom.

Judge Fines Car Stealer, Hears Pleas

Judge Charles L. Brown held court for the first time in Charlevoix county on Friday.

He disposed of eight divorce cases, five orders to show cause involving olimony payers who are in orrears and three arraignments.

James R Phillips of Kenosha, Wis., who served aboard the Sundew and who was charged with unlawfully driving away an automobile belonging to Norman Ance pleaded guilty to the charge. He was ordered to pay a $100 fine, $50 court costs and $70.30 restitution to Ance and to the city of Charlevoix whose patrol car he damaged. The incident occurred Nov. 27.

William Haddix of Boyne City who has been held in the Charlevoix county jail on a forgery charge, pleaded not guilty and will be tried by jury at the March term of court. Haddix is charged with forging his father's name to an A. D. C. check for $58.30 on June 3. 1946. Judge Brown appointed Edward Ruchling of East Jordan the attorney for the defendant.

Robert Bradfield of Boyne City, who was returned recently from Prescott, Ariz., pleaded guilty to the charge and will be sentenced in March. He was charged with the non-support of his three minor children who make their home with their mother in Boyne City.

Girl Scouts Plan Summer Day Camp

Mrs. Charles Bleha was in charge of the Council Meeting of the Girl Scouts held Thursday at the City Hall.

There are now 110 active Girl Scouts in Charlevoix and 57 adults. Plans were discussed concerning the day camp for the Scouts which will open the week after school. The place will be announced later.

The Council held a short ceremony of investiture in honor of three new leaders, Mrs. Robert Wexstaff, Mrs. Earl Faber and Mrs. Robert McClintock.

Congress Is Playing With Dynamite

The Republicans in Congress are putting out a lot of publicity these days about this new tax reduction bill and what a great thing it is for our country. To me, that line is a lot of eyewash. The bill, as now drafted, constitutes a major threat to our internal economy.

The biggest economic danger we are facing today is further inflation.

Inflation is caused by more spending money than there are goods to be bought.

Tax reduction will not materially increase our production. But it will toss an added six billion annually into what we can spend.

Since the New Deal, we Americans have forgotten how to save for a rainy day.

The result, as sure as there are little apples, is more inflation unless other factors act to hold prices down.

But Congress never mentions this. All it can talk about is tax reduction. If prices go up 50 percent, a 30 percent tax saving means a dead loss.

Congress isn't looking after the welfare of the American public. All it's looking after is votes.

Appreciating Ourselves

The Charlevoix CoOp has been running a series of ads which have impressed me. The ads call attention to such things as home-owned small business, the purchasing power of the individual, our free enterprise, postal system and rural mailboxes—in fact, a lot of the things which sometimes we are too apt to take for granted.

In addition to their excellence as ads, this series of the Co-op indicates a present current in our American life which is most healthy.

We're beginning to appraise ourselves and to value what is good for what it is worth. Most of us can remember back to the 1920's when it was fashion to belittle our American ways and institutions. H. L. Mecken was the intellectual leader of the bright young minds who could only poke fun and sneer. "Main Street" flayed the small town.

But now, while we still as a nation are giving to unashamed airing of our faults, we're also showing a better balance by beginning to appreciate some of our good qualities. It is a good sign.

"We're having steaming, hot cocoa made with Ecklund's Milk at our Valentine party", points out Molly the Milkmaid. "This way it's the richest, most nourishing cocoa ever. Makes you want to drink more and more. Wish we could give our Ecklund Milkman a cup—he deserves it!"

TIME TO TUNE UP YOUR TRACTOR MOTOR

Farm machinery may be hard to get again this year. If your tractor has to serve another season, it should have a complete check-up and possibly an overhauling.

Our mechanics use the latest type equipment for valve-grinding, compression testing, etc.

A tractor motor overhauled and adjusted in our shop is the nearest thing to a new motor.

Don't delay! We can give you faster service if you schedule your tractor with us now.

City Fishermen Attend Meeting of Two-State Group

The Michigan and Wisconsin Fish Producers Associations held a joint meeting at the Park Place Hotel in Traverse City on Feb. 2-3.

The 70 members from the two states reached an agreement on a program calling for a thorough study of marketing conditions and procedure for the commercial fishing industry.

Under the program, association tags will be placed on each box of fish shipped to market by FPA members. Revenue derived from the tags will be used to further the study of the industry.

They also passed a resolution disapproving an international treaty on fishing regulations, the group favoring the continuation of commercial fishing control by the states.

Other matters discussed included the problem of the lamprey eel damage to the industry and the development of new fish products and by-products designed to increase sales.

F. Applegate, investigator for the Institute of Fisheries Research told the group that lamprey eels are the object of intensive study in an effort to find some method of destroying the pests which are seriously reducing the fish production of the Great Lakes. Weirs across streams are the only means at present which can control the eels. As the cost of the weirs and their upkeep are prohibitive, some other means will have to be devised before they can be controlled, he explained.

Dr. Peter Tack, MSC, informed the group of the latest developments in the college's program to discover new fish products and by-products which will boost market demands.

Other speakers on the program were Dr. John Van Oosten, chief of the Great Lakes division of the Fish and Wildlife Service, Fred Westerman, chief of the Fish and Fisheries Division of the State Conservation, who talked on the decline of trout and the increase of white fish in the Great Lakes as well as the marketing of fishery products; Carl Meyers, secretary-treasurer of the Wisconsin Fish Producers Association; Everett LaFond of Wisconsin; Comm. Williard J. Smith of the Traverse City Coast Guard Air Base, who told the fishermen what the Coast Guard had to offer them in the way of protection and how to utilize the facilities the service made available to fishermen and boatmen.

Among those from Charlevoix who attended the two day meeting were George LaBlance, Jr., Raymond Cross and Ralph Cross.

Russell G. Herrick Death Unexpected

Russell G. Herrick, 53, died unexpectedly Thursday evening at the Charlevoix Hospital where he had been a patient for five days.

Funeral services were held at the See Funeral home at 4 p. m. Saturday with Rev. W. D. Wood officiating. Burial was in the Brookside cemetery.

Born in South Haven, Nov. 30, 1894, Mr. Herrick was reared in Muskegon. On Oct. 10, 1912, he was married to Rose E. Krulik, in Charlevoix, where they made their home until about 1922. They later resided in Chicago and New Brunswick, N. J., where he followed his trade as gilding contractor. During World War II they lived in Detroit where he was engaged in war work. Since their return to Charlvoix in Oct. 1946, has worked as a plumber and carpenter.

Besides his wife he is survived by his mother, Mrs. George Enow and a brother, William Herrick of New Brunswick, N. J.; and a sister, Mrs. Edith Denhoff of Muskegon.

Nephew of J. Howard Gets U. Fellowship

James E. Pierce, son of Mr. and Mrs. E. D. Pierce of Sault Ste. Marie was graduated on Jan. 31, from the University of Michigan School of Dentistry.

Dr. Pierce has been appointed a teaching fellowship in prosthetics at the School of Dentistry and will continue at the University in post-graduate work in that field.

A graduate of the Sault high school in 1942, he entered the University of Michigan that autumn. During the war he continued his education at New York University while serving with the Navy and re-entered the U. of M., following his release from service.

He is a member of the Delta Sigma dental fraternity, the University M club and holds letters in track from New York University and Michigan.

He is the nephew of Capt. and Mrs. Joseph F. Howard of this city. His father is principal of the Soo Junior high school.

From where I sit ... *by* Joe Marsh

Will's Proud of His Big Ears

Will Dudley's mighty proud of his big ears! Best crop of corn he's grown since '38. And Will, like so many other farmers, has plenty of reason to be proud of what he raises.

The farmer has always been a keystone in our economic life, and the key to our national well-being. But from where I sit, he's more important now than ever. He's not only feeding America—but friends of America overseas—building good will for this country at a time when friendship for democracy is most important.

And farmers have willingly shouldered that responsibility. Will spends extra hours in his cornfield . . . comes home tired to a temperate glass of beer and early bed, to be ready for the next day's work.

From where I sit, America can be mighty grateful for her five million farmers . . . for their productivity, hard work, and temperate living—of which Will's moderate glass of beer is proof!

Girl Scout News

Girl Scout Troop 1 held a business meeting. We decided on a sleigh ride and supper for our next meeting. The girls who are earning home-making credits will prepare the supper.

We also started packing Friendship boxes and our leaders offered to help us obtain articles we were unable to buy.

Barbara Bice, scribe.

Troop 2 met at the City Hall club room. We paid our dues. Then we made Valentines, which will be finished next week.

We also worked on a badge. We each drew a name of the person we are going to buy a Valentine for.

Sue Beaudoin, scribe.

Girl Scout Troop 4 met at City Hall, Monday after school. We elected new officers as follows: President, Faye Meggison; vice-president, Roberta Swanson; secretary, June Kirkwood; treasurer, Joan Heilig.

We are earning our safety stars. We played games and closed the meeting with our Girl Scout promise.

Janet Todd, scribe.

Brownie Troop 7 met today and made Valentines. Mary Janice Supernaw is our new treasurer. We planned a potluck supper for our next meeting. It will be in the lunch room at 5 o'clock. After a goodnight circle we went home.

Melinda McEvoy, scribe.

The Senior Girl Scouts met Monday night and had their first lesson in table service and setting for formal dinners in anticipation of summer jobs.

They also made plans for gathering material and supplies for Friendship boxes to be sent overseas.

They will have a sleigh ride next week.

Helen Hamlin to Be Married In August

Mrs. Ethel Hamlin announces the engagement of her daughter, Helen M. Hamlin, to W. Earl Henshaw, son of Mr. and Mrs. William H. Henshaw of St. Louis, Mo.

The bride-elect is a graduate of the Charlevoix high school, class of 1943 and is now a senior at Anderson College, Anderson, Ind., where she is majoring in English.

Mr. Henshaw is a graduate of Beaumont high school, class of 1943, and attended the Hadley Vocational School for three and a half years. He served 39 months in the U. S. Navy and is now a junior at Anderson College and Seminary.

The wedding will take place in Charlevoix in August.

Annual Message Read To Women's Guild

The Women's Guild of the Congregational church held the regular monthly meeting at the home of Mrs. Earl Miller on Wednesday.

Mrs. E. K. Shananan presided at the business meeting. Mrs. Clair Webster led the devotions.

The annual message from Dr. Harold N. Skidmore, state superintendent of the Congregational conference and Frances Dunnette, Superintendent of Woman's Work, were read by Mrs. Jeff Novotny. Mrs. A. F. Novotny gave a talk on Olivet College.

Auxiliary Members Call On Mrs. Ulrich

Mrs. Lillian Ulrich, who has been a shut-in since last September when she suffered a fractured ankle, was pleasantly surprised Tuesday afternoon when several members of the American Legion Auxiliary called on her.

A social hour and potluck lunch were enjoyed by Mrs. John Johnson, Mrs. Edgar Smith, Mrs. Florence Ripley, Mrs. W. E. Goss and Mrs. Martin Pedersen.

Shoes Fitted Expertly

BY X-RAY

Campbell's has just installed a new, modern X-Ray machine . . . To give you and your children a better, more satisfactory fit to your shoes.

The machine shows you the shape of the foot—its fit—inside the shoe!

Shoes from Campbell's have to fit. This is especially important for children . . . for improperly fitted or too short shoes can damage the soft, pliable bones of a child's foot.

You don't depend on feel—you SEE the fit at Campbells.

Judge Brown Sets Precedent In Ruling On Bond Question

A precedent setting decision was handed down here last Friday by Circuit Judge Charles Brown when he held his first session of court at Charlevoix

The case hinged on a law amended in 1947 and on which there were no previous decisions.

The question at issue was whether money posted on a performance bond could be used to take care of a divorced wife and her children. The case was that of Vendelin Faculak who on March 28, after a conviction for non-support, posted a $1000 bond guaranteeing he would pay $20 a week to his divorced wife and two children.

These payments were not made and on Oct. 28, Judge Ward I. Waller ended his probation and imposed a prison sentence.

Friday Prosecutor Bice asked the Court to allow the County to use the $1000 to make up the back $20 payments and for future ones as long as it would last. Charles Faculak, father of Vendelin, through his attorney, Clare Gillett, opposed this.

His contention was that the imposing of a prison sentence terminated the bond and that the money should be returned. Judge Brown, with no previous ruling as a guide, in effect ruled that the money was posted to guarantee performance, and that failure to make the weekly payments made the $1000 available for that purpose. Judge Brown also gave Mr. Faculak 20 days to file an appeal or take any further action he wished.

Newlyweds to Make Home In Charlevoix

Joan Grandmaison, daughter of Mr. and Mrs. Phillip Grandmaison of Bay City, and Edward P. Hansen, son of Mrs. A. C. Hansen of this city, and the late Mr. Hansen, exchanged their marriage vows at a Nuptial Mass at St. James church, Bay City, Saturday.

Rev. Daniel J. Wynne officiated.

For her wedding the bride selected a pale blue satin gown. She carried a cascade bouquet of Johanna Hill roses and blue gardenias.

Patricia Rees was maid of honor and Orplia Lindauer and Ann Grandmaison, sister of the bride, were bridesmaids. They wore identical gowns of pink satin.

Kathleen Bushong, niece of the bride was flower girl.

Richard Sullivan served as best man and ushers were Merrill Holloway and Donald Grandmaison, brother of the bride.

Mrs. Grandmaison selected a light blue gown with black accessories. Mrs. Hansen wore a pale blue print gown.

Following the service a breakfast for 40 was held at Fisher's Hotel, Frankenmuth.

After a wedding trip through southern Michigan, Illinois and Wisconsin the couple have returned to Charlevoix to make their home for the present.

Legion Auxiliary Meets At Allard Home

Mrs. Leo Allard entertained the members of the American Legion Auxiliary at her home on Monday evening with twelve members present.

The short business meeting was followed by a social hour and refreshments served by Mrs. Emerson Hull and Mrs. Leo Powers. A lighted Valentine birthday cake honored Mrs. Harry Glossenger whose birthday is Saturday. Members also exchanged Valentines. Mrs. Edgar Smith won the jack-pot.

Congregators Entertain Methodist Group

With stunts, movies and an indoor seavenger hunt the Congregators entertained the Fellowship group of the Methodist church Wednesday evening in the basement of the Congregational church. Sixty persons were present.

Those in charge of the evening's event and refreshments were Mr. and Mrs. Max Novak, Mrs. Dorothea Badger, Dr. and Mrs. Earl Faber and Mrs. L. E. Towe.

Mrs. Feindt Honored By State Surveyors

Flowers and a lot of attention for being the only woman surveyor in Michigan were showered on Mrs. Mary C. Feindt st Grand Rapids last Friday.

She and Lawrence Feindt, her husband, were there attending the meeting of the Michigan Society of Registered Land Surveyors. They were interviewed by the Grand Rapids Herald, which played up the fact that Charlevoix County has the only woman county surveyor in Michigan.

Surprise Party Given Bill and Bob Carey

Bill and Bob Carey who celebrated their eighteenth birthday anniversary on Sunday were honored guests at a surprise party given by Mrs. Walter Bergeon, after church Sunday afternoon.

Guests were members of the Christ Episcopal church choir. A lighted birthday cake, made by the twins' sister Mrs. S. E. Coleman was a feature of the refreshments.

Blissett Again Tops

Bill Blissett again was high man in the Junior Rifle Shoot at the Auto Electric garage Sunday, sponsored by the Rod and Gun Club. His score was 70. Jerry Left with 62 and Jack Erber with 55 were next.

Peterson Heads New Junior K. of P. Group

The Princes of Syracuse, a junior organization of the Knights of Pythias, is being organized by the K of P Pine Lake Lodge No. 122.

The organization is for boys in the 14 to 20 year age group.

Officers elected last week were president, William Peterson; vice president, Earldean Stephens; secretary, Don Burke; treasurer, Phil Martin.

Betty Preston Now Society Editor In West

Betty Preston, daughter of Mrs. Earl Preston, has just been appointed the society editor of the Glendale, Calif., New-Press.

She is a graduate of MSC and before going West to live with her mother, was editor of the News-Herald at Wyandotte, Mich. Mrs. Preston is the former Lillian Emrey of Charlevoix.

Mrs. A. C. Hansen has gone to Chicago to make an extended visit with her son and daughter-in-law, Mr. and Mrs. A. C. Hansen, Jr.

Personal Property Is Protected!

(Sixth in the Insurance Quiz Series)

QUESTION:

Would your personal property be covered while in transit, in storage, at resort homes and elsewhere?

ANSWER:

Yes. Insured or any member of the family may apply up to 10% of his content coverage while away from the premises anywhere in the U. S., Alaska, Canada and Newfoundland.

• • •

Example — $3,000 content coverage would allow $300 to apply on personal property as mentioned above.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Beginning with Ash Wednesday, social activities will be set aside in favor of Lenten devotions which will be held at Holy Cross church. Wednesday evenings at 7 o'clock will be the recitation of the Rosary, sermon and benediction; Friday evenings at 7 o'clock and Sunday afternoons at 2:30, the stations of the Cross and benediction.

February has brought sunny days which have moderated the weather and given every one the needed "lift."

Beaver Island is very beautiful in the winter time. Minus a lot of soot and dirt, the snow remains clean and undisturbed for the most part, giving the Island a white and winter wonderland appearance.

Lawrence Malloy, who has been visiting his parents since his discharge, left Wednesday for Chicago where he will be employed.

Mrs. Irene LaFreniere and daughter, Mrs. Ted Wojan, returned Thursday from Petoskey.

Charles A. Eagel, district superintendent, Department of Conservation from Gaylord, Ed Starback, conservation officer, Boyne City, flew to the Island Thursday in a plane piloted by Clarence Beechman of Roscommon. They came to visit our conservation officer, Carl Keubler and to talk over the deer situation on the Island.

Snow forts stand high and mighty in some of our front yards. Behind these forts are brave gun totin' lads and lassies fighting for a cause. This fightin' fever was inspired by the movie thriller "Custer's Last Stand", which was shown serially on Wednesday nights for the past two months or more. Mothers are wondering how long this Custer epidemic will last.

The members of the Altar Society met at the home of Mrs. Lloyd McDonough Thursday evening. Assisting Mrs. McDonough were Mrs. Mike Cull and Mrs. J. C. Hanley. As a winter project, the members decided to start making various articles for the fancy work booth which will be part of the August dinner affair.

Thursday afternoon, the Coast Guards, assisted by the school children, cleared a large area in the harbor for a skating rink. Friday, the rink was flooded to obtain smooth ice. Friday night, snow fell, so the clearing job had to be done again.

A. J. Gallagher, son of Mr. and Mrs. Johnny Andy Gallagher, celebrated his 10th birthday Thursday. A number of his school mates gathered at the Gallagher home for games, fun and refreshments.

Rita Elms was dismissed from Little Traverse Hospital Friday and returned home the same day. Buster, who came up from Ann Arbor, accompanied Rita home and remained on the Island until Sunday.

The first heralders of warmer weather to come are the spring and summer catalogues. Last week they were being distributed by our Post Master, much to the distress of the menfolk, who know the sight of a new catalogue is bound to shrink the bank roll.

In his spare moments, Archie LaFreniere is making some beautiful lawn furniture which he hopes to enjoy this coming summer.

Friday evening, the Board of Commerce held a successful meeting at the Shamrock Tavern. The new Beaver Island folders were shown and enthusiastically received.

Shrove Tuesday will be celebrated on the Island with a party at the Parish Hall under the auspices of the Altar Society. Mrs. Vernon LaFreniere, who has planned the evening's entertainment, will be assisted by Mr. and Mrs. Johnny Andy Gallagher, Mr. and Mrs. Elston Pischner, Mr. and Mrs. Burt McDonough.

culation again. She has quite a time playing sick-a-bed lady . . . Another subscriber to our paper who has been reading its columns for the past 42 years is Grant Furgeson out in Hayes township . . . It surely looked like Old Home Week in town Saturday. Farmers were here from all corners of the country mixing with the townspeople on Main Street. It's surely a riot in the stores.

Gee, as one looks at the snow banks it is hard to think that down under that snow the dandelions are planning their summer campaign already . . . Yes, sir, there is a robin over on the south hill and it is a singing despite the weather. This robin, who seems to make his home between the Gebeaus and the Geneits, has stayed here all winter. He has became a real scavanger and he has eaten his three squares whether the chickens up in that neighborhood got their share or not . . . Surely got a bang out hearing about the Ratigan children down in Florida doing their own brand of boosting for Charlevoix. They contend that the boats, cruisers, etc. down there simply do not compare to those we have in Charlevoix . . . Must be that Dorothy and Glenn See spell hospitality at their home with a capital "H" for they are the companiest folks in the county it seems . . . Understand that the housewives over at Horton Bay are wonderful cooks. Guess I'll have to go over in that neighborhood on a recipe hunt . . . New spring hats are out: bonnets, sailors, cloche and toque shapes. There is one thing that a gal has to bear in mind who gets early bonnets, a spring hat does not keep the wearer's head warm, it is to make her beautiful . . . Floyd and Marion Brown are at home again from a vacation. They were in Chicago for a week attending the National Auto Dealers Association meeting. Then in three hours and 37 minutes after they got on a plane in Chicago they were in Tampa, Fla. There are several Michigan folks down there and they saw many. The Browns spent some of their sight-seeing time with Laura and Frank Courier. They also visited the Clifford McGibbons, now of Winter Park. Mr. McGibbon was City Manager in Charlevoix a few years ago . . . Mrs. Allie Moore is back home again after undergoing surgery at the hospital . . .

Mrs. Leo Allard, Leslie and Walter Howe were in Boyne City Sunday to attend the funeral services for their aunt, Mrs. Henry Erfourth.

On-Job Farm Course Is Offered Veterans

Veterans who would like to take an On-the-Job Farm Training Program may have the opportunity.

If 22 applicants in the entire county turn in their names as being interested in such a program before Feb. 17, the farm training will be arranged. Names should be given to Max Novak at the Charlevoix High School or to Edith Bowers, at the Veterans Affairs office in Boyne City.

Feb. 17 has been set as the deadline since the next day John W. Hall of the state Veteran Training office will be in the county and will confer with those in charge at the Charlevoix High School.

Feb. 11 Right Date For Ash Wednesday

Ash Wednesday was yesterday, Feb. 11, as was stated last week in The Courier.

One call came to the office asking if the right date were not Feb. 18. Fr. Leo Zeilinski of St. Mary's says that Feb. 11 is right. Ash Wednesday, he explains, is the Wednesday following Quinquagesima Sunday. That, translated into ordinary English, is the Sunday 50 days before Easter, and this year it came on Feb. 8. Incidentally, Easter is March 28.

Jinx Sure Hunts Bernie's Car

"And the little old Ford rambled right along," can be the theme song of Bernie Jenkins.

Getting his car from Moore's garage last Saturday following wreckage repairs, Bernie felt the "jinx" was really after him Saturday night when his Ford collided with Chuck Meyers' car.

Monday morning it was fixed up. Then Andy Essenberg, Jr., Bonnie Barber and Bernie were in the car, Andy at the wheel. On the other side of Marion Center the car somersaulted in a snowdrift, and Bonnie Barber is nursing a broken collar bone.

But it won't be long before Bernie's car will be rambling right along—looking for another wreck.

Masons Win Card Tourney Monday

Narrowly edging out their Odd Fellow opponents, the Masonic cribbagers won Monday night's tourney by 65 points, the closest score this winter.

The IOOF lead is now 544 with three more weeks to go. Vern Heise was high Mason with 965; George Willis the top Odd Fellow with 952.

Mr. and Mrs. Philo Ostrum of Midland spent the week-end with and Mrs. H. Fales.

News of folks, your neighbors and mine . . . but did you know that—

Evidence that Easter is just araund the corner is beginning to show itself in merchandise in aur stores. We are gaing ta be picking daisies before we knaw it (we hape.) No one is gaing to feel badly when Old Man Winter gets on his way for he has made deep inraads an coal piles, wood pilcs and oil tanks . . . One af the really big joys of winter is wearing bright sport clothes, ski togs, mackinaws, slacks . . . Looks like the January thaw arrived a few weeks late.

Word has been received that Mrs. William B. Klee of Pittsburgh, Pa., has fallen and broken a hip. Mrs. Klee is well known in Charlevaix, having hcen a summer resident here . . . The Earl Johnsons are enjoying life down in Florida, having got their feet into Florida sand as well as water . . . Now word has been definitely received that the Ladd house is wanted by April 1 and the Clarence Odmark family is house hunting . . .

Mrs. Margaret Widdifield is thinking about going down to Chicago to see her son and family. He reports that he is putting in television and that should be a big inducement for mother to "come quickly" . . . A woman about town asked us the other day if we had heard that men had taken to wearing monocoles; said they considered the new look only worth one eyeful.

That Charlevoix gang down in Texas is really having themselves a time. Understand that Phoebe Ross has been up to her old tricks down there, making some of those melt-in-your-moth meals and having the gang in. What a gabble and gobble party that must have been . . . The crowd has even taken in the Freedom Train . . . Bob and Marian Bridge will be leaving in a few days for California . . . Have you been looking at that crescent moon lately! She's a beauty!

The Archie Livingstons are in Pontiac to see a new granddaughter that arrived at the Hahn home . . . Mr. and Mrs. Robert Morgan of Ann Arbor spent Sunday night at the editor's home, enroute to Sault Ste. Marie where Mr. Morgan showed the Rose Bowl game pictures to the University Club there . . .

The Joe Williams had a pretty eyeful Monday afternoon when they saw a doe and her two fawns out near the Point . . . Sir Knights and their ladies, plus guests, had an evening of social and square dancing Monday night at the K of P Hall with music furnished by the Novotny Brothers. A Box Social lunch was the concluding feature of the evening. . . . Now along come a new State ruling in Michigan: NO BINGO.

Edna Miller thought the gremlins were after her 16 months old son, Ricky, on Friday, the 13th. Ricky cut his head open which necessitated a trip to the hospital. Back home again, in about a half hour the young man had the misfortune to pinch one of his baby fingers badly . . . Birthday congratulations to Ed Edwards. Friend wife had a birthday party for him, all of which meant good faod, plus a good time!

Prices are coming down . . . Tough luck for one of our Senior boys, Donald Balmbach, who had the misfortune to break his leg. He will soon be able to get about in a walking iron. Seniors are beginning to count those weeks left, before graduation . . . Understand the $64.00 question up at the Charlevaix Oil Co. is: "And who will wash the dishes." Seems that the boys had to have their coffee. Instead of dashing out, the fellows now get it at the station. Just bring on a few rocking chairs and they can watch how the bridge is coming along at the same time.

Charlevoix's "Glory Road" for the past week has been the dump road. Since it was opened up, folks favorite outdoor sport has been to get the garbage out to the dump before another snow storm comes along . . . Birthday congratulations to Larry Ecklund.

Maybe you don't believe that spring's here but the pussy willaws do. Three weeks ago Mr. and Mrs. Barney Englehart were returning to Camp Charlevoix from Susan Lake. Crossing the swamp by Woods Creek, they found some pussies in bloom. Mrs. Englehart has had them at their home to show the doubters.

4-H Boys Learn by Building Scale Model of Barn

Learning how barns shauld be built by constructing actual scale models is one of the projects now going on every two weeks at the Barnard Grange Hall where the 4-H club there meets.

Shown above looking at the first three gothic bents made for their model are Howard Campbell, Fred Jolliffe, Raymond Weisler, Robert Jolliffe and Stewart Bost.

The frames are made of ⅛" strips of pine, bent into shape and glued together to make the arch. The barn, built to one-twelfth scale, will represent a building 36 by 42. The boys are members of the third and fourth year handicraft club with W. J. McKay as the leader.

About 40 altogether are enrolled now in the 4-H work at Barnard.

Saturday Is Last Dollar Contest

One hundred dollars will be awarded again Saturday which will mark the close of the Silver Dollar Contest here.

Sponsored by 26 co-operating business places, the Contest has provided a lot of entertainment for the Charlevoix trading area. First award Saturday will be $50; five other awards of $10 each will be made.

Last Saturday Edgar Smith was given the first $50. Winners of the $10 were Mrs. Edith Harris; Patty Ann Cox, 6 years old; Shirley Sauri; Beth Geneit; and Walter Howe.

State Farm Union President to Speak At County Meeting

State president Sim Martin of the Michigan Farmers Union will speak at the next meeting of the Charlevoix County group.

The meeting will be Feb. 26 at the Walloon Lake Community Hall. A potluck lunch will be served at noon with the meeting set for 2 p. m.

Besides President Martin, who comes from Stanton, Carl Witte of Ludington also will attend and talk.

Michigan Cleaners Offers Lot Free to Any New Industry

To help in bringing any new industry to Charlevoix, Michigan Cleaners has made an offer to the City through the Board of Commerce.

It is for the lot next to its new plant on West Garfield. The lot is 58 by 120, is in a commercial zone and has city utilities already in. John Knight of the Cleaners says the lot will be deeded to any concern which will bring a light industrial plant to Charlevoix.

Dairy Breeding Meetings Set

Three meetings of interest to farmers will be held next week.

Due to complaints from many farmers about the difficulties they are having with dairy herd breeding, Dr. Glenn Reed of MSC will give two talks in this area.

First meeting will be at the Ellsworth Community Hall Tuesday at 2 p. m. Wednesday he will speak at the Boyne City Library at 2 p. m. These meetings are open to all dairymen.

Friday the State Horticulture Society meets at Traverse City auditorium at 9:30 a. m.

Island Gets Almost Ton of Mail in Day

Almost a ton of mail was hauled over to Beaver Island Feb. 11 by Joe McPhillips, who was busy most of the day hopping back and forth.

In three trips he took mail loads of 880, 560 and 413 pounds. In addition he carried 624 pounds of freight and 4 passengers on other trips.

Mr. and Mrs. Kenneth Forbes were guests Saturday of Mr. and Mrs. Reno Hamilton.

Scouts Will Stage Klondike Derby Here Feb. 28

Something new for Charlevoix is being planned by the Boy Scouts and Senior Scouts.

It will be a Klondike Derby, at which the public can be spectators. Set for Feb. 28, it will be held in the clearing at Mt. Mesauba.

Six Klondike sledges are being built now, four by the Scouts and two by Seniors. Each sledge will be pulled by a team of boys. The field will be laid out like a set of spokes. At the end of each spoke, the team will do some Scout task, such as fire building, signalling or first aid.

Judges will award gold nuggets in proportion to the proficiency shown. The team winning the most nuggets gets the grand Derby prize.

Final plans for all this will be made by the Scout committee when it meets Monday at 7:30 p. m. at the City Hall. No other notice than this will be sent members of the two committees.

Pfc. John H. Jansen Is Being Returned

Ellsworth—The body of Pfc. Henry Jansen, son of Mr. and Mrs. John Hansen of Essex, is expected to arrive the latter part of this week from California.

Pfc. Jansen, the first local man to be killed in World War II, died in an Australian hospital Dec. 15, 1942 after being wounded in action in New Guinea as a member of Co. D. 126th Infantry.

The Jansen-Richardson post, American Legion, named in honor of Jansen and Pvt. Delta Richardson of Norwood, will have charge of military funeral services. All business places will close when the body arrives and on the day of the funeral.

Hospital Staff Elects Officers

The staff of the Charlevoix Hospital, composed of doctors connected with it, met Monday night and elected officers.

Dr. F. F. McMillan is chief of staff; Dr. G. B. Saltonstall is vice chief; Dr. J. VanDellen of East Jordan is secretary. Four doctors from Charlevoix, two from Boyne City and two from East Jordan were present.

The doctors also voted to keep complete medical records of patients at the hospital as well as at their offices. This is a move toward the institution's becoming a member of the American Hospital Association.

Sigler Names Rood To Cherry Board

Ellsworth — Elmer H. Rood, manager of Reid, Murdoch & Co. last week received word of his appointment by Gov. Kim Sigler as a member of the Michigan Cherry Commission for one year.

The Commission, which has nine members, was created by the legislature of 1947 for the purpose of promoting sale of Michigan cherries.

City Elects Four New Officers at Annual Primary

Faur new city officials were chosen Monday by the Charlevoix vaters in the biggest election here in a decade.

The Monday election was the primary, but since there is no other ticket, election virtually is assured at the April voting.

Ray Hamilton is the new mayor, Hugh Mayne succeeds him as clerk. William Heering is first ward alderman and Carl Kohler, second ward alderman.

The only close contest was in the third ward where W. E. Goss, incumbent, nosed out Ralph Hamilton. Also in the third, Clarence Meggison won easily as a write-in candidate for supervisor. Nelle Hammond was again named treasurer.

The vote in the three wards was:

	1	2	3

Bands, Glee Club To Give Winter Concert Wednesday

The Music Department of the high school will present its winter concert next Wednesday.

Four organizations will participate: high school band, glee club, junior band and beginners band. More than 100 students will take part.

Opening the program will be the newly organized Beginners band, making its first public appearance. The Junior band was introduced at the spring concert. This group of 28 pieces will act as a supply or feeder for the senior band next fall.

The Glee Club with 28 members will follow the Junior Band, and will give two groups of numbers.

The Senior Band will close the program. Of its 32 members, 13 are seniors.

Tickets for the concert can be obtained from any school musician or at the door Wednesday. There are no reserved seats. The concert will begin promptly at 8 p. m.

The Senior Band plans to go to Traverse City April 2 for the Qualifying Festival for this district. If it is successful, it will go to the State Festival at MSC on May 1.

Pereh Caught With Eel Attached to Lt

Has anyone else caught a perch with a lamprey eel attached?

A case was reported last Thursday at Iranton. Most sportsmen say it is the first that has come to their attention. About 4 p. m. a Mancelona fisherman was describing his experience to Don Feagan.

He had been fishing at the ferry crossing and caught an eight inch perch. When he pulled it out, a lamprey about six inches long and the size of a fountain pen was still attached.

The eel still was lying on the ice outside the shack when Feagan got it and put in in water. The eel revived.

Income Tax Expert Here Wednesday

Folks wanting help with their income tax reports can obtain it next Wednesday.

On that day a Deputy Collector of Internal Revenue will be at the Post Office to help all applicants who apply.

Opening Dump Road Cost City $13.04

Soil Conservation District Is Being Proposed by Farmers; Petitions to Be Circulated in Charlevoix County

Aim of Plan Is to Increase Farm Wealth Of District; State and Federal Ageneies Bear All Cost of Running Organization

First steps which can lead to the formation of a Soil Conservation district in Charlevoix County are being taken now.

Petitions now are being circulated by a group of interested farmers. These petitions ask that a Soil Conservation District be set up here, and when completed will be forwarded to Lansing.

Although the advantages of such a set-up here have been discussed for some time, first concrete action was taken last Thursday when 24 farmers of this county met at the Leonard Babel home in Eveline Township to talk the matter over.

The decision was that they would circulate the petitions as a necessaary first step. Succeeding steps are established by the state. The petitions, and the groups hopes to line up more than 50 percent of the farmers, will be sent to the State Soil Conservation Committee.

This will order a public hearing in the county to determine if there is a need and a desire for a district. If this hearing is favorable, the state committee sets up its boundaries and conducts a referendum on the proposal.

All land occupiers of three acres or more can vote on this. If the vote is strongly affirmative, then the state committee names two local men as directors, while three others are elected. The five men are the business directors of the local District.

On safeguard is put in—at the end of five years the district can be discontinued by a referendum. Such a district cannot levy taxes, assessments nor issue bonds.

The whole aim of a Soil Conservation District is to improve the fertility, and thereby the rural wealth, of the area. It is formed because soil conservation is one thing where many neighbors working together will accomplish more than their unorganized efforts.

The cost of operating a District is borne by state and federal agencies. The only direct cost to any farmer is for fertilizer, lime, seed or labor done on his own farm.

Body of Lt. Clarke Brought Back; City Unites in Mourning

Military funeral services for First Lieutenant Sidney Loring Clarke, 26, who was killed in a P-47 plane crash on Guam, Dec. 17,1947, were conducted at the See Funeral Home at 2 p. m. Wednesday by the Rev. G. Russell Parker of Northport.

The American Legion and the Veterans of Foreign Wars were in charge of the military rites. Burial was in the Brookside cemetery.

The body arrived from the West

Coast Tuesday and was accompanied by a military escort, Lt. Thomas Kerrigan.

Lt. Clarke was born at Barnard on Jan. 28, 1921 and attended the Charlevoix schools. He later attended the Flint Central high school and was enrolled at the General Motors Technical Institute when he entered the service in Aug., 1942.

He graduated with high honors from A. A. F. Mechanics school, Jefferson Barracks, Mo., and was chosen for air eadet training. He was commissioned a second lieutenant in March, 1944, after training at air bases in California and New Mexico. He went overseas in Oct., 1944, where he participated in the Air Battle of the Balkans, Rhineland and Central Europe and completed 24 missions for which he was decorated with the Air Medal and Oak Leaf Cluster. He was promoted to first lieutenant in April, 1945, and returned to this country in June, 1045. Other decorations he received were the American Theatre ribbon, World War II Victory medal, Good Conduct medal, European Theatre ribbon and one Overseas Bar.

In August, 1946, he left for the Pacific theatre in Guam where he distinguished himself as a good soldier and pilot.

He died Dec. 17 of burns and other injuries received in a plane crash on Guam during a routine flight.

He is survived by his father, John W. Clarke of Levering; his mother, Mrs. William Symonds of Grosse Pointe Farms; his wife, Theresa and daughter, Ann of Detroit; two brothers, John of Charlevoix, and Channing of Lake Orion; a sister, Patricia of Detroit, and a grandmother, Mrs. Joseph Clarke of Muskegon.

Injuries Are Fatal to Eastport Minister

Rev. G. A. Jackson, 82, Baptist minister of Eastport, died Friday evening at the Charlevoix Hospital from injuries received when he was struck by a car on the highway at Eastport Thursday.

Burial was in Eastport on Monday with burial at the Lakeview cemetery.

Feb. 22 Will Be Observed Monday

With Feb. 22 coming on Sunday, Washington's Birthday will be observed Monday.

The county and city offices will be closed, as will the post office and banks.

Rayders Now League Champs

With only two games remaining on the 1948 season's schedule, the Charlevoix Rayders are the undisputed Class C Champions of Northern Michigan.

They clinched the title hy defeating Harbor Springs last Friday. This Friday they go to Boyne City. The final game will be here against Mancelona on Feb. 27.

57-24 was score by which the Rayders took the Harbor Springs team on the Ram's floor on Friday night.

Charlevoix led 17-6 at the quarter and 27-11 at the half. In the last half they scored 14 points in the third period and 16 in the last quarter while holding Harbor to 2 points in the third and 11 in the last period.

Bob Carey and Ross Case each scored 21 points for Charlevoix while the Linehan brothers, Fred and Norman, each scored 4 points for Harbor.

The Little Rayders won the preliminary game by defeating the Harbor Reserves 36-18.

Judge Brown to Talk At Father-Son Banquet Tuhrsday

Charles L. Brown, new 13th judicial district circuit court judge, will be the speaker at the annual Father-Son banquet to be held at the Methodist church dining room at 6:30 p. m. Thursday.

Roy G. Bennett, superintendent of the Charlevoix schools, will act as toastmaster. Several musical numbers and group singing will also be included on the program arranged by Mr. Bennett and Dr. F. F. McMillan.

Firemen Go to East Jordan Blaze

Charlevoix sent its fire department to East Jordan Monday morning to help when the neighboring city lost its own fire equipment, fire station, Legion Hall and a storehouse in a single blaze.

Loss there was $50,000 which included two fire trucks, one of them new last fall and costing $6,500. The Legion Hall had just been remodeled and a new bar installed.

Also at the fire was equipment from Boyne City and Elisworth. All three left hose at East Jordan to be used in case of a fire and until new equipment could be obtained.

Charlevoix also had a fire late Sunday afternoon when a minor explosion in the gas stove started a small blaze in the Bud Heise apartment over the Kibbe Grocery. Damage was slight.

Marion Center Group Has Family Night

Twenty-thee members of the Marion Center Farm Bureau and their families met at the Grange Hall Friday night.

George Block, state director, outlined his duties in that office. Discussion of national farm problems was fallowed by a report of the Road Investigating Committee. The group voted in favor of putting the cost of building McNitt roads on property.

IOOF Is Still In Cribbage Lead

The Odd Fellows still are leading the cribbage tourney by 656 points with only three games left to play.

Monday they gained another 112 points over the Masons. Tom Carey, 930, for the Masons, and Junior Supernaw, 938, for the IOOF, were high scorers.

Boys Hold Rifle Shoot

Top scorers in the weekly rifle shoot held for boys by the Rod and Gun Club on Sunday were Jerry Left, 74; Bill Blissett, 70; Bud Foster, 61. Louis Bourissau, the coach, says no shoot will be held for the next two weeks at the Auto Electric's indoor range.

Coming Events

Feb. 19—Annual Father and Son banquet at Methodist church.

Let's Look to The Future

One of the smartest things this section could do is to form a Soil Conservation District and go about building up our chief agriculture resources in a sound and far-sighted way.

A statement by Secretary of the Interior J. A. Krug last week gives the best reason I have seen so far.

This country is losing arable topsoil at the rate of 500,000 acres annually. It is bringing new land into production at 70,000 acres a year. By 1958 we shall have ten million more population—and less good farm land on which to feed them.

The logic is plain. Those sections which have conserved and built up their farms are going to be in a highly favorable position ten years from now.

Now is the time to get started and to do something.

Things Are Cheap In the U. S.

The real measure of how much a thing costs is the length of time it takes to earn it. The New York Times a while back carried an excellent comparison between prices here and in the workers' paradise of the U. S. S. R. Figures on the time it takes to earn the articles, here are a few comparisons in hours and minutes:

	U. S.	U.S.S.R.
Wheat Bread, lb.	0 7½	1 10
Butter, lb.	48¼	10 42
Veal, lb.	34½	5 15
Salmon Steak	36½	1 59
Milk, qt.	10	1 18
Toilet Soap	5½	1 39
Cigarettes	9	2 4
Men's Wool Suit	25 20	580 15
Men's Shoes	7 15	104 30

There are a lot more items, but that is enough to give the general idea.

There Oughtn't To Be A Law

Directly, the Taft-Hartley Law affects us little in our section. Indirectly, a couple of its provisions can mean a lot.

To my mind, the worst one is the section forbidding labor organizations from taking or financing any political action. That is fundamentally wrong.

Why should any group of American citizens be denied the right to act together, lawfully, for any political ends they deem best? That right is one of the basic ones inherent in our democratic system.

Just because Sidney Hillman and John L. Lewis overdid the job a while back is no reason that Congress should deny all labor the right to work together politically.

Labor has just as much right to contribute money, to run a political campaign for or against, to print its views as does the National Association of Manufactures, the Council of Churches, or the Association of University Presidents.

The second wrong provision of the law is merely foolish. Signing a no-Communist pledge does not mean a thing to your really dangerous Commie worker. He'll sign anything anyway. But to your bona fide loyal citizen, it smacks of an invasion of his personal rights to believe as he pleases. Remember, the Communist party still is a legal one in our country. If the same principle were applied, a Republican Congress rightly could demand that every government employee swear he was not a Democrat.

The other provisions of the bill strike me as being excellent on the whole. A majority of a factory's workers, not a majority at a union meeting, should dictate policy affecting all. Jurisdictional strikes should be controlled.

As I see it, the whole bill aims to give the worker more control over the unions. This naturally takes some of the autocratic power from the union officers. It is they who are doing the howling.

Catholic Children Aid War Victims

Catholic children in this area will save their pennies, nickles and dimes during the Lenten season, which began Feb. 11 for needy children overseas.

In answer to the appeal for the Bishop's Fund for Victims of War, children throughout the diocese of Grand Rapids are making little sacrifices so that children in Europe may eat.

The goal of the 1948 appeal is $5,000,000. With a similar quota last year, $7,600,000 was raised.

Mrs. Charles Svaboda Rites Are Tuesday

Mrs. Katherine Svaboda, 60, wife of Charles Svaboda, Eveline township farmer, died Saturday evening at her farm home. She had been in failing health for some time.

Born in Czechoslovakia April 15, 1887, she came to this country as a young woman. She was married to Joseph Balitka in Texas where they lived before coming to Michigan. He died in 1921. She was later married to Mr. Svaboda and they lived in Chicago until coming to Eveline township in 1931.

Besides her husband she is survived by a son, Charles, Jr., and a daughter, Martha, both at home and two brothers in Czechoslovakia.

Funeral services were held at the See Funeral Home at 2 p.m., Tuesday with the Rev. W. D. Wood officiating. Burial was in the Brookside cemetery.

Trout Stamps to Go On Sale March 15

Michigan will collect a "stamp tax" from trout fishermen this year, a special one-dollar license fee.

Stamps must be affixed by resident and nonresident trout fishermen alike to the general rod licenses which are issued to persons who fish in Michigan's inland waters. Money obtained from sale of the stamps will be used for trout propagation and planting.

Michigan is believed to be the first state to use the stamp method of license fee collection, although the federal government has been selling "duck stamps" to wildfowlers for a number of years.

Distributors of fishing licenses will sell the "trout stamps" which are banknote-engraved and printed in green ink. Stamp collectors are showing interest in the new stamp.

The trout season opens April 24, ends Sept. 12. The stamps go on sale March 15.

Sgt. R. Haggerty Calls from Japan

The Haggerty family in Hayes township had a great thrill early Sunday morning when their son and brother, Sgt. Richard Haggerty called them from Osaka, Japan.

His parents, Mr. and Mrs. Jerry Haggerty and his brother and sister, Daniel and Margaret, had been notified Friday by the telephone company to expect the call which finally came through at 4:40 a. m. Sunday.

Dick has been in the Army since June, 1946 and overseas since October, 1946.

"We hardly had time to say more than 'Hello, how are you?' but it was wonderful anyway for it's the first time we'd talked to him for a year and a half," the family reported.

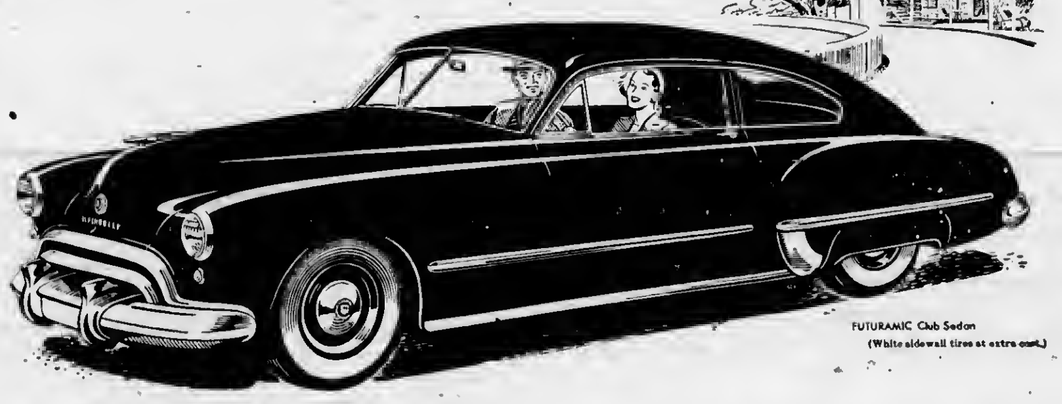
LEADING THE WAY INTO A NEW GOLDEN ERA...

Oldsmobile, America's oldest motor car manufacturer, is now the first to mark its Golden Anniversary. In celebration, Oldsmobile announces an entirely new and greatly advanced 1948 model . . . the FUTURAMIC OLDSMOBILE.

FUTURAMIC OLDSMOBILE



GM HYDRA-MATIC DRIVE *Optional at extra cost.

For 1948 . . . The Big News Is The New Olds! A brand new Oldsmobile "98" is here today! It's the *first* of the Futuramic cars . . . introducing the first of the eagerly awaited new "postwar" Bodies by Fisher. It's Oldsmobile's Golden Anniversary model—and carries to a new high the Oldsmobile tradition of *smartness!*

When you see this Futuramic Oldsmobile, you'll realize what important news it brings. There's *style news* in its clean, flowing Futuramic lines—its modern simplicity inside and out. There's *safety news* in the greater visibility provided by the new, low hood design curved windshield, and extra size windows.

There's *welcome news for passengers*, too, in the lower, wider, *roomier* Futuramic body. And there's *good news underneath the hood*—a new high-compression head which adds extra horsepower to Oldsmobile's famous 8-cylinder engine.

Naturally, this brand new 1948 model offers Oldsmobile's fully proved Futuramic feature—GM Hydra-Matic Drive*. Here's driving at its ultra-modern best. No clutch pushing—no gear shifting—just "*step on the gas and go!*" You go smoothly . . . comfortably . . . with thrilling performance . . . the Futuramic, Hydra-Matic way.

See the Futuramic Oldsmobile "98"—the colorful new Dynamic Oldsmobile "60" and "70"—on display in our showroom.

Parsons Boys Build Threshing Outfit, Operate It In House During Winter Months

Not content with three threshing machines in the summer, the William Parsons family now has a fourth one for winter use.

Only this one can be set up and operated on the dining room table. And it works best when threshing chunks of wadded paper.

This Christmas the Parsons boys—Dale and Ivan—received an Erector set. Their father still had the one given him in his boyhood. After making all the models in the book, they decided to try a threshing outfit.

The result is shown above, being operated by Ivan with younger brother, David, looking on critically.

The steam tractor has a boiler made from a tin can salvaged from the kitchen. The belts are red Christmas string. Conveyor belts in the threshing maching, which actually has a separator cylinder, are made from cloth borrowed from their mother's scrap bag.

Rural Tele-news

NUMBER PLEASE: Two dozen different kinds of Michigan Bell operators provide telephone service in Michigan—local, long distance, information and others. Latest is the mobile service operator who handles calls to and from motor vehicles.

BIGGER SPAN . . . LOWER COST: New high-strength steel wire now is being used for many rural lines instead of galvanized iron wire. The new wire, under certain conditions, lets us span our poles up to 350 feet apart. This means fewer poles and less hardware and reduces the cost of rural-line construction.

GOODBYE, OLD CRANK: Last year, some 2,700 Michigan Bell customers said goodbye to familiar crank-type telephones which were replaced with more modern equipment. Still more Michigan Bell customers in rural areas will have their telephones "changed over" this year. It's all a part of our $13,500,000 postwar rural expansion and improvement program.

From where I sit ... by Joe Marsh

Free Ride For You— on the Freedom Train!

We had a real thrill in Our Town just the other day—when the Freedom Train stopped by!

You've heard about it, of course—an actual train that's touring the country to remind us again what true Democracy means. It carries such Americana as the Declaration of Independence, the Bill of Rights, and other immortal documents that guarantee every citizen his liberty.

A great idea! And from where I sit, we're all riding along with that Freedom Train—right now—by living in a country that protects our individual liberties—whether they apply to our right to vote, to choose our church, to speak our minds, or enjoy a glass of beer with friends.

Only thing is—we've got to prove ourselves worthy of the ride ... by guarding zealously against whatever forces of intolerance encroach upon our American concepts of live-and-let-live, in a free and strong Democracy!

Joe Marsh

IN SYMPATHY TO MRS. RUSSELL HERRICK

In loving sympathy of our dear friend,
Just when his life was brightest
Just when his life was best;
He was called from this world of sorrow
To a home of eternal rest.
Yet we cannot say and will not say,
That he is dead;
He is just away.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Since St. Valentine's Day occurred during the Lenten season, it was celebrated before the usual time.

Dr. and Mrs. Russell Palmer entertained Monday evening for Mrs. Palmer's pupils and a number of their friends. The Valentine motif was carried out in the decorations. Large red hearts, tall red tapers, an arrangement of candle hearts and fresh cut flowers were artistically arranged throughout the music room, living and dining rooms.

Tuesday, the school children had their parties and distributed Valentines. The first graders were hosts to the 2nd, 3rd and 4th grades and, also to the pre-school children of the village. Cookies and hot chocolate were served after each child contributed a song or poem for entertainment.

In the upper class room, the 7th grade entertained the students of the 5th, 6th and 8th grades. Games were played and a round or two of skating on the rink was enjoyed. For refreshments, candy, cookies and hot chocolate were served.

Wednesday, Joe McPhillips flew to the Island five times. There was quite a bit of freight to deliver to the Island and a few passengers.

Mrs. Edwin McCann returned on one of the Wednesday trips after a mid-winter vacation to Owosso, Grand Rapids, St. Joseph and Chicago. While mama was away Papa Edwin did a good job of taking care of the house and the youngsters.

Jewell Gillespie went to the mainland Wednesday to have a medical check-up at Little Traverse Hospital.

Truman Ramsey returned to the Island Wednesday after a short stop in Charlevoix. When Ramsey returns, Joe McPhillips circles the lumber camp three times as a signal for some one to hitch up the team and head for town.

A reporter from the Grand Rapids Herald flew in Wednesday, took several pictures and absorbed a little Island atmosphere, all of which will probably breeze out in print soon.

This is one for the book: This reporter stopped at LaFreniere's store to replace a pair of over shoes. Young Patrick LaFreniere, observing the search for the right size, came forth with a sales talk on the quality and price of the overshoes he was wearing. "Much better and don't cost as much," said Patrick. "And Mom got them out of the catalogue." Oh Patrick, you had better start running when your Dad reads this.

This past week has been very nice. Plenty of sunshine and only a few days around the zero mark. Wednesday and Friday evenings were so calm and moderate that any number of children preferred walking to Lenten devotions rather than riding.

Mrs. Vernon LaFreniere flew to Charlevoix Tuesday for a medical check-up and returned Wednesday.

Mrs. Nonie Gallagher returned Sunday after being away from the Island since the last boat. She had a pleasant visit with Mr. and Mrs. William Karthase in Boyne City and Mr. and Mrs. Giles McCann in Charlevoix. Nonie said it took all of her courage to fly across for the first time. Once up in the air, she closed her eyes tight and never peeped at all until right over the Island.

Stephen McCann returned with Nonie and will visit his grandparents, Mr. and Mrs. James H. Gallagher.

Sunday was an anxious day. The safety of Francis Gablow was the concern for all. Father Fabain offered the first Mass for Francis' special intention. A number of Island men assisted Chief Sikorski and the Coast Guard crew. Besides Sikorski, Gilbert and Van Erkle, who returned the missing Gablow, credit must be given the radio crew, Coast Guardsmen Carl Carlson, Don Bremner and Fred Christ. Bud McCann, Bud McDonough, Charles Kleinheintz and Carl Keubler gave valuable assistance. Joe McPhillips flew over, picked up Vernon and Gussie LaFreniere and flew over the area to help locate Gablow, and John Andy Gallagher who stood watch in the look-out tower.

Valentine Musical Given at Palmer Home

A Valentine musical featuring several Beaver Island musicians was held at the home of Dr. and Mrs. Russell Palmer Feb. 9.

Dorothy Lee McCann and Mary Kay McDonough presented groups of piano and vocal numbers. Among them were "Time's Roses" and "Like a Rosebud" by Miss McCann; "Theme" from a Beethoven concerto and "Waltz of the Flowers" by Tschaikowsky by Miss McDonough.

Others playing piano numbers were Madonna McDonough, Janet Gallagher, Eleanore Gallagher, Rosemary McDonough and Kathie McCann. Mrs. John Gallagher as guest artist sang "Charmaine." F. L. Spaulding played two violin selections, Fred Clirist and Mrs. Palmer gave piano numbers.

After the musical, Mrs. Roland McCann helped serve refreshments. The rest of the evening was spent in dancing.

Rebekahs Honor 50 Year Member

Mrs. Mary Hamilton, who has been a member of the Rebekah lodge for 50 years on Dec. 18, was honored by the Charlevoix Rebekah lodge No. 293 at their regular meeting Tuesday evening.

She was presented with a gift from the lodge and from members.

Mrs. Hamilton joined the Purity Rebekah lodge in Grand Rapids, a lodge which was instituted the year she was born, 1873. She came to Charlevoix with her husband, the late Col. A. J. Hamilton, an electrician, in 1899 to help wire the old Charlevoix Inn. She transferred her membership in 1905 and has been active in lodge affairs since. She has gone through all the chairs in the local lodge.

A feature of the refreshments served at the social hour on Tuesday evening was a large cake, decorated in the lodge colors on which was inscribed "50 years."

Former Coast Guard Passes In Waukegan

Funeral services for Dorman D. Pelky, 41, former Coastguardsman and son-in-law of Capt. and Mrs. Harry McRae, were held at the Weaver-Wolbrink Mortuary in Traverse City, Feb. 7.

Burial was in Oakland cemetery.

Mr. Pelky died unexpeetedly in Waukegan, Ill., on Feb. 4. A native of Traverse City, Mr. Pelky served in the Coast Guard and was stationed here for a time.

He is survived by his wife, the former Marion McRae; a daughter Darlene; his mother and other relatives.

Among those who attended the services at Traverse City were Mrs. Pelky and daughter of Waukegan; Meryl McRae of Chicago; Robert McRae and Miss Mamie McRae of Detroit; William McRae of Pontiac; Del McRae of Lansing; Mr. and Mrs. Red B. Smith of Bay City; Mr. and Mrs. Carl McRae and daughter, Carrol, and Mrs. Estella LeVeque of Cheboygan; Mrs. William McRae of Muskegon.

IF FIRE BREAKS OUT
Give Your House a Chance!

The natural fireproof qualities of Baldwin-Hill black Rockwool gives the homeowner that chance.

The chance to get the family out, and those priceless valuables that insurance money can never replace. And, as incident after incident has proven, a chance for firemen to get equipment on the scene before the fire gets out of control.

Also, the Fuel Emergency grows more critical each day. Secretary of Interior Krug on Jan. 15th called on the public to reduce gas and fuel consumption 15%. And one of the points Krug stressed was

Oil has always been a subject for controversy . . . and because it is a commodity which affects the performance and cost of motoriog, the public should know exactly which oil will best serve their individual needs. Oil chemistry gives scientists the answer but the average driver needs a simpler method. Your speedometer is a reliable guide to the selection of a safe oil. For those who rarely drive over 55 m.p.h. our R.O.C. oil gives excellent results . . . but for high, sustained speeds always get Northland motor oil. It is just that easy to be sure.

County Farm Bureau Sets 1948 Goals

Goals for the Charlevoix County Farm Bureau were set Tuesday at a meeting of the various planning committees.

These groups, their chairmen and the chief 1948 program chosen are:

Community, Clinton Blanchard, establish five new Farm Bureau groups.

Junior-Senior, Rowley Williams, greater cooperation between the two groups.

Women's Activities: Mrs. Oakley Saunders, finish raising funds to equip room in new hospital.

Blue Cross, L. E. McGhan, enroll new, re-enroll old members in the hospital program.

Agricultural Planning: Leonard Babel, promote a soil conservation district.

The last group will meet March 1 at Gaylord with the Northern Michigan Agricultural Planning Committee.

No extra cost for Perm-Aseptized garments at Art Dry Cleaners.

Burns Fatal to Former Charlevoix Resident

Burns received Saturday when her clothing caught fire from a blaze she had started in a stove proved fatal to Mrs. Matilda Brown, 70, former Norwood resident at her present home at Olivet.

She crawled from her home into the yard where she was found by a neighbor.

Soil Conservation Discussed by Bureau

Marketing and soil conservation were discussed Feb. 11 at the regular meeting of the Ironton Farm Bureau at the home of Mr. and Mrs. Melvin Jones.

Arlo Wickersham presided at the business session of the 19 members present.

On the forming of a Soil Conservation District, Leonard Babel was instructed to obtain and present more information. Albert Carlson led the discussion on "Improving Marketing Facilities."

How A&P Gives You

Lower Food Prices

During the past week you have noticed lower prices on many important food items in your A & P Stores.

These prices are a direct reflection of the reductions in the market cost of the food to us. Many of our customers are amazed to find these price reductions going into effect so quickly at the retail level. They wonder how we do it. There is no mystery about it.

We are able to reflect these market reductions promptly because of three basic policies:

1. We endeavor to buy our food from primary sources of supply, such as farmers, meat packers and grocery manufacturers, and move it directly to our stores and warehouses. This keeps down the cost of distribution to us and the price to you at all times.

2. When the cost of food to us goes down we do not wait until we have exhausted supplies on hand, but endeavor to reflect reductions in our retail prices promptly.

3. We are food merchants, not food speculators. We do not build up great reserves of food at any time. We are in the market from day to day, buying food to meet our customers' day-to-day needs.

The lower prices you are finding in A & P stores, coming as they do at a time when all of us are concerned with the high cost of living, have prompted many of our customers to ask us what the food price outlook is. Are there going to be further price reductions in these and other foods?

Frankly, it is impossible for anyone to predict future retail food prices without knowing whether the break in the commodity market is temporary or the beginning of a general trend. Grocers do not control the price they must pay for food. They can lower retail prices only to the extent to which they buy wisely, keep their own costs and profits down and pass along savings resulting from lower wholesale prices to their customer.

We base our retail price on the cost to us, plus our low cost of doing business, which includes our small profit of about 1½ cents on each dollar of sales.

Therefore, we can say A & P prices will follow the market trend and that any further reduction in the cost of food to us, or in our costs of doing business, will promptly result in lower prices in our stores.

You can count on A & P to give you lower prices whenever and wherever it is possible. You can trust A & P to give you the most quality food for your money.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

A call from Barney Englehart out at Camp Charlevoix informed us that pussy-willows were out. And then to prove his statement he brought some to us. So, spring must be on its way in spite of . . . Peter Neilson is back at work on his home on Clinton Street that was recently gutted by fire.

Were you one of the folks who walked into Joe Williams this week, sat down at his newly painted soda fountain ond had him ask you what color it was before it was repainted. "Blue", I said. Wrong, again. It was maroon. Heavens, could it be that I am color blind, but Joe states there were many others in the same boat. Anyway, the store is getting a new paint job and spring house-cleaning.

The Charlevoix Garden Club did its bit toward the hospital fund when they turned in $65.00 last week. $50.00 wos made at the Rummage Sale they held recently and $15.00 was from hats which the ladies sold the men as admission to a party . . . A note from the Glenn Krohns in Arlington, Calif., stotes that "the next day will be Charlevoix Day for them, when they will get The Courier." They have had warm weather in California with only one day of rain . . .

Florine Stelter is due to arrive home this week from her jaunt to Texas, Washington, D. C, and New York City . . . The Scouts are on a look-out for o piano for their Scout room at the City Hall.

Eleanor Ratigan states in o letter from Lake Worth, Fla., that she "banged plumb into the Duchess of Windsor one day. I only hope that I look like that when I'm 54," she said. "What a gal! She wore a metal grey silk dress, very full skirt bordered in silver and green maple leaves—very wide black belt. Black and white spectator pumps, black bag, white gloves, no hat. Next day we drove along the ocean road and saw her house. Nice, modest little white place with only 70 or 80 rooms.

Didn't know until the other day just how large that Charlevoix group is down in Texas. A note from Jerry Scudder states that they are Mr. and Mrs. W. H. Wallace, Mr. and Mrs. Pete Scott, Mr. and Mrs. P. R. Ross, Mr. and Mrs. Pete Withers, Mr. and Mrs. George Houston (whom they didn't sec) Mr. and Mrs. Joe Foster, Joe's brothers, George of Kalamazoo and Frank of Petoskey, Mr. and Mrs. Joe Marks and Mr. and Mrs. Floyd Potts of Petoskey, Mr. and Mrs. Mark Cross and Pete Gollagher of Beaver Island and Mr. and Mrs. Harvey Kauffmnn of East Jordan. Quite a bunch! Mr. Scudder states they were going to hove a Charlevoix County picnic the next day on Podre Island beach and then adds that it is slightly uncomfortable, only 84 in the shade.

The Meyer Levinsons are expected home Saturday from California. They were in Missouri last Saturday and expect to spend a few days in Cincinnati with relatives before returning . . . It was quite a party that the faculty wives gave recently at the school for the members of the faculty . . . What a rain! Ed Allen was one of the many folks who was in Petoskey Sunday to see the ice carnival and winter sports. While there was no tobogganing or skiing, yet the skaters made up for it and really put on an exhibition. Mr. Allen said it was some of the best ice skating he had ever seen.

The Ted Fosters have been doing the West. They hove seen the Rose Bowl, been to Mexico, San Diego and Polm Springs . . . a box orrived from Lakeland, Flo., from the H. C. Hommonds. It contained oranges and o grapefruit thot we thought must be a squash. It was two or three times as large as an ordinory grapefruit. If it had come from Texas, I wouldn't have thought so much about it, espceially after hearing obout oll their Texas brags, but from Florida, well, thot's different!)

The Charles Sessions of Ann Arbor are here and staying at the Saltonstall home taking core of little Connie while her mother and doddy are taking a two weeks vacation . . . Jone Coxe has been another sick-abed lady. And just when she had come back from Chicago ond was going to get her new home oll settled.

Rayders to End Championship '48 Season Friday

Final game of the Conferenee season for the Rayders is this Friday night when Mancelona sends its teams here.

Victors before when they played there, the Charlevoix boys nevertheless are not expecting a walk-away, especially after last Friday's game at Boyne City.

Boyne tried collegiate tactics on the visitors, shooting from the middle of the floor instead of trying to light the ball up under the basket through the almost water tight zone defense of Charlevoix.

In the third quarter, after trailing 23-11 at the half, Boyne suddenly began to click on the long shots and pulled up within three points of the Rayders, the closest any team has been this season.

Then Charlevoix took the offensive, blocked those long shots and wound up a 40 to 20 winner. Bob Carey dumped in 10 points; R. Scott with 6 led for Boyne.

The Little Rayders took a trouncing from the Boyne Reserves, 42-26, their worst defeat this season.

Levinson's to Have Grand Opening Next Tuesday

One of Charlevoix's oldest stores, Levinson's will be reopened Tuesday looking like an entirely different place.

The entire interior has been remodeled, redecorated, and changed. A new floor of aspholt tile has been laid, new paper put on the walls, everything repainted, and the entire arrangement changed and modernized.

The work has been directed by Charles Levinson.

Half of Show Income To Go to Hospital

Amateur actors and musicians again will have an opportunity to compete for cash prizes this spring.

The Kiwanis Club is planning to present its second onnual Amateur Show about the middle of April at the school auditorium here. The exact date, amount and number of prizes will be decided a little later, according to Dean Davenport, Kiwanis secretary.

Entry blanks will be published at least three weeks before the show in The Courier. Inquiries about the show olready are being received from would-be contestants, however.

The club voted to turn half the net proceeds of the show over to the Hospital Fund.

Dr. Gibbons Tells Story of Beavers

The story of Beaver Island was outlined to Kiwanians Monday night by Dr. Gerald Gibbons.

After describing the 12 islands in the group, Dr. Gibbons told the story of James Strang's Mormon colony and the subsequent history of the Irish there.

The club will hove a Ladies Night March 8 when the distrlct governor will be here.

Children's Dentist Is Here Again

The Children's Fund dentist, Dr. Eorl Faber, once more is in Charlevoix and will be here at the school for 11 weeks.

He makes one request of parents: please see that your children keep oppointments, especially on Saturday mornings.

Auto Electric Is Firestone Dealer

The Auto Electric Service is now an authorized Firestone key dealer.

The franchise was obtained recently by H. O. Krohnke and the Antrim street garoge now is stocking Firestone tires, car parts ond accessories, ond some household items.

Baptist All-Church Night Is Thursday

The February All-Church night of the Baptist church will be Thursday ot 6:30 p. m.

The Corey-O'Brien circle will hove charge of the potluck supper. The Margaret DuBois circle is plonning the program.

Scouts Build Sledges to Use in Klondike Derby on Sunday

Charlevoix will see its first Klondike Derby Sunday when the Boy and Senior Scouts compete at Mt. McSauba.

Patrols are building five Yukon sleighs like that shown above which will be used in the Derby. Each group will pull a sleigh and will compete in six different kinds of Scoutcraft.

The Derby starts at 2:30 p. m. at the Mt. McSauba playground.

Shown above working on a sledge in the school shop are Donald Coates, Vone Smith, Tom Bleha and Charles Krahnke.

Five to Represent City At Boat Show

Charlevoix will be well represented at the annual International Sports, Travel and Boat Show which opens Friday at Navy Pier, Chicago for ten days.

Capt. Joe Howard, captain of the port and the city's ambassador of good will among the boatmen, will leave Thursday for Chicago and the show. There he will dispense information on Charlevoix county as a summer resort and espccially its lakes and harbors.

E. J. Edwards and Earl A. Young, directors of the Board of Commerce, will attend in the interests of the city as a summer resort, and Harry Foster and Clair S. Webster of Foster Boat, will attend the boat show in the interest of their company.

Jurors Are Drawn For March Court

Thirteen divorce actions, two criminal cases and half a dozen civil actions comprise the Circuit Court calendar for the March term which opens Monday.

William Haddix is charged with forgery and Robert Bradfield, who was brought back from Arizona, is accused of non-support.

Among the civil actions is one by Gordon Freedman against Morris and Dora Sharkstein, seeking o court ruling on disputed land between their Michigan avenue properties. The action also asks that an injunction against further trespass on the disputed land be made permanent.

The jurors drawn for this term and their precincts are: Bert Hawkins, Bay; Elmer Schoen, Boyne Valley; W. F. Gollop, Chandler; Stelle O'Brien, Charlevoix; John Stanhope, Evangeline; Thomas Neilson, Eveline; Ruth Berg, Hayes; Milton Holburn, Hudson; Rowley Williams, Marion; Creo Mockie, Melrose; Sam Campbell, Norwood; Patriek Lafreniere, St. James; Charles Moore, South Arm; Harry Hays, Wilson; Fred Mitchell, Mrs. Charles Dunnette. There are no refunds on such tickets.

Senorita, Bull Fight In News of Our Texas Colony

A commentary on Texas and the doings of Charlevoix folks there is contained in characteristic letter from Bill Wallace to the editor.

Bill starts out by saying he is writing solely becouse he feels the need of an argument. It took them nine days to reach Harlingen. " . . . spent two days in Dallas ond I wasn't in jail either. Just too much ice. Pete Scott will tell you I was in the hoosegow but that's not so.

"I never sow so many vegetables in my life, especially cabbage. And the best part of it is that you can help yourself. The people here ore very cordial when they look ot our license plate.

"We hove met all the folks here from Charlevoix except Pete Withers. I understond that he is in Mexico ond they won't let him out.

"Last Sunday the big bull fight across the border wos a big success. Joe Foster soid he sure learned how to shoot the bull. Just os if he couldn't before he went over.

"P. R. Ross came home lighter by $500 than when he went over. We tell him some little senorita had long fingers. But P. R. soys he don't care; she was o darned good looker, and anyhow it was a book of traveler's checks and Bob Bridge is going to give him his money back some day.

"It's 10:55 o. m., and I must go next door and get Pete and Minnie out of bed so we con go some place. Best regards to all my friends in Charlevoix."

Bill.

New Equipment Is Being Installed In Bell Building

Equipment is going into the virtually completed south half of the new $100,000 Michigan Bell building here this week.

This part, 43 by 43 feet, will house the long distance equipment which the Bell Company is trying to have installed and operating in time to handle the coming summer business.

Work still is going forward on the north half which will house the business office. Unlike the completed portion, which is faced with yellow brick, the business office will have exterior walls of yellow sandstone resembling the City Hall.

All this work is part of the 68 million dollar building program of Michigan Bell for 1948. It will exceed last year's building record by 20 millions. One part of the 1947 expenditure was the $1,500,000 toll cable from Big Rapids to Charlevoix.

The telephone company also will spend $14,000 for four new switchboard positions to be installed in the old building this spring, according to Manager C. L. Johnson. The manually operated system, however, is scheduled to be changed to dial operation within the next few years.

North Foundation Of Bridge Revealed

Once more o major change in appearance hos taken place at the bridge.

The south cofferdam has a tarpaulin roof over it while steam pipes inside keep the place warmed up for workmen and concrete. The job of welding top plates on the 207 steel piles has been completed and the crew is getting ready to build a form for the five foot concrete foundation slab.

On the north side of the channel the box-like housing has been torn down, revealing the 26 by 65 foot concrete foundation rising above the steel cofferdam like a big hollow square. The counterweight of the bascule bridge will swing inside this hollow.

Final $100 Awarded In Dollar Contest

Winding up the Silver Dollar Contest sponsored by the Charlevoix merchants, the last $100 was awarded Saturday at the City Park.

Ten dollar awards went to Mrs. R. C. Mitchell, Douglas Coatta, Helen Norton, Shirley Clement and Lily Novotny.

The $50 award went to Florence Fox and James Krulik, who throughoot the contest have pooled their coupons. Unable to he at the City Park at 2:30, they were represented by William Doiken who received the award.

As announced at the start of the contest, owners of cooperating stores and their families could not compete, but their employees were eligible to do so.

80 Veterans Apply for GI Farm Training Course to be Given by Institute in County

A program, designed to help the veteran and the entire county, will be launched March 9 when some 80 veterans meet at the Charlevoix County Court House to fill out forms for the new on-the-farm training program.

This March 9 session is the result of the offer made two weeks ago, asking veterans who would like to have a farm training program under the GI Bill to turn in their names. Some 80 did so. Then on Feb. 18 John Hall of the State Vocational Education Board was here and mapped out the next steps in the program.

The farm training will work just as any other GI on-the-job program works. The veterans receive subsistence pay, have to spend 100 hours a year (in a farm set-up) in classroom work, and 200 hours in supervised practice. In addition he must work on a farm.

An advisory committee is being formed now to plan the work for the county, advise the applicants, hire qualified teachers and see that it gets off to a good start. Those named so far are Ed Rebman, county agent; Karl Festerling, club agent; John C. Young of Gaylord, the Farm Security Administration; C. B. Meggison, Veterans Advisory Board; Fred Willis of the Charlevoix Board of Education; and Max Novak, director of the county's only Veterans' Institute.

On March 9 this group will meet with the veterans and help them to fill out the required application blanks. Previously, notice cards will be sent out to all those who turned in their names.

Veterans must bring a photostatic copy of their discharge papers to the March 9 meeting, as well as a certified copy of their marriage certificate if they are married, Novak says.

One big problem now is facing the Veterans Institute at Charlevoix. Qualified teachers, despite the good salary offered, are hard to find. Further, one instructor for every 20 enrollees is required.

Of the group who applied for training, many now own farms. Others are renting or working on them. Most want to learn modern methods in order to make a greater success.

As Hall pointed out at last week's meeting, not only will such a program help a group of veterans, but it will benefit the entire community by increasing its farm value and wealth.

First Craft Corner Meeting Thursday Night at City Hall

The first Craft Corner meeting will be held at the City Hall at 8 p. m. Thursday evening, Mrs. Gordon Freedman has announced.

The purpose is to discuss a general outline of organization. Handicraft will be submitted for approval and volunteer and clerical plans will be outlined.

This meeting, Mrs. Freedman emphasizes, is open to anyone wishing to ottend. You need not feel that by your attendance you have to participate in any of the activities.

County Roads Will Be Discussed At Pomona Grange

The February session of Charlevoix County Pomona Grange will be held Friday at the Peninsula Grange Hall.

A potluck supper will be served at 7 p. m. The business meeting and program will follow.

This will be an open meeting for the public. The program will be devoted to a discussion of the County Road situation. Members of the Road Commission and Supervisors will be present as well as other township and county officials. All who are interested in matters pertaining to gas tax, property tax for roads are invited.

Druggists, Argonne Teams Head Bowlers

In place of o three way tie for top place in the Bowling League, last Thursday's game made it o two-way split.

Schroeder and Hovey ond the Argonne teams are at the top. The week before the Courier five had been there with them, but a defeat by the druggists put them in second. Argonne defeated Airport Inn; and Mathews beat the Swanson squad.

Standings now are:

Schroeder & Hovy	14	6
Argonne	14	6
Courier	12	6
Swanson	0	11
Mathews Potatoes	8	12
Airport Inn	3	17

IOOF Wins Again, Leads Cribbagers

With only two more games to be played, the Odd Fellows stand a fine chance of duplicating last year's performance ond beating the Masonic cribbagers.

Monday they again won, adding 211 points to make their lead 856 points. R. LeCroy and Pat Curtis were the high scorers of the IOOF and Masons.

Red Cross Describes Varied Services, Work Done In County In Opening Drive for $6,050

The Charlevoix county Red Cross drive will open March 1 with $6,050.00 set as the quota for the area, Mrs. Ernest B. Garrison, Funds Chairman, has announced.

E. D. Hawley, who has been asked to serve as city chairman, stated Wednesday that the city of Charlevoix would be expected to contribute $1,700.

The quotas for the other cities are: Boyne City, $2,000; East Jordan, $1,450; Wolloon Lake, $200; Boyne Falls, and Beaver Island, $100 each and townships, $500.

The quota for 1947 was $5,000 and $6,453.40 was raised.

During 1947, $4,555.62 was spent in Charlevoix county for the following services:

Home service, $2,406.70. Nearly 200 families have received service. This includes verification and information regarding illness, death and other emergencies in the families of servicemen; help with government benefits; financial assistance when the need mode such help advisable; loans without interest to those able to repay when severe circumstances merited it, outright grants were made.

Blood donors program, which cost $150 to organize, included compiling a list of 140 volunteer donors.

Emergency Relief program, $1,568.01. Individual families suffered fires and accidents.

Death, destruction of property, prolonged hospitalization and disability followed.

Blood plasmo clinic, $161,30. The Red Cross, in cooperation with the Michigan State Health Department, conducted a clinic in October. Sixty-five pints of plasma have been credited to this county to be supplied free of charge to those who need it.

Junior Red Cross, $19.80. All the public schools in the county were enrolled in the reorganization.

Home nursing progrom, $112.42. Two large classes are receiving instruction.

Of the amount raised last yeor, $2,453.76 or less than 40% was sent to the National Red Cross.

Besides Mr. Hawley, Mrs. Gorrison has named the following chairmen: Beaver Island, Lloyd McDonough; Ironton, Mrs. Ralph Price; South Arm, Mrs. Archie Murphy; Rock Elm, Mrs. Walter Kemp.

A kick-off dinner for the chairmen and their workers as well as Red Cross officers and directors will be held at the Presbyterian dining room in East Jordan ot 6:30 Thursday.

An Asset to the Community

We're all of us lazy to a certain extent, and consequently we like to have things convenient. For that reason, a town which can offer a wide variety of goods is usually a better trading center than one which doesn't.

When Mr. and Mrs. go shopping they normally prefer a place where they ean get Bud a pair of rubbers, a dress for sister, rubber pants for the bahy, feed for the chicks, groceries for the Sunday dinner, and nails for fixing up the back porch.

Hence the changes being made at Levinson's storc will be an asset to the entire eommunity.

Since coming to Charlevoix, I have heard at least a dozen mothers bewail the fact there was no place here which earried a full linc of youngster's elothes. Levinson's plans to do this.

There has been no sizable stock of yard goods. In fact, our Home Economics pupils have to go out of town regularly to get materials to use in their classes. Levinson's plans to carry such goods.

Folks like to trade in a place which has live-looking, well-lighted, clean and modern stores. Every such store increases the service the community can give its customers; and increases the business done in all the stores there.

For these two reasons, Charlevoix can well welcome the changes that are being made at Levinson's.

Good On Two Counts

Northwestern Michigan had some outstanding music last Wednesday when the dePaur Infantry Chorus sang over at the Winter Conecrt Series at Petoskey.

TIME magazine and other publications have used Hollywoodian adjectives to describe the Chorus. The only thing I ever heard to compare with it was the Don Cossaeks—and in some songs I liked the dePaur group better.

Those folks who didn't buy season tickets were out of luck last Wednesday. Next year's sale starts in May, I was told. If you like music, the smart thing is to get in line early, as there are only 1100 seats.

A seeond thing whieh made me feel proud was the reeeption at the Chippewa Hotel after the coneert. We folks up here often are aceused of heing narrow and unpleasantly race-conseious.

At that reception, as far as I eould see, we residenters didn't know there was such a thing as a color line. The Chorus members were treated exaetly for what they were—artists who were our guests. The faet they all were Negoes didn't make any difference apparently.

There was one other group which certainly showed no raee consciousness. It was composed of teen age autograph hunters who virtually mobbed the singers for a half hour after the concert.

Starting Next Week, A New Column—

THE NEEDLE

Starting next week on this page, The Courier will present a new column—The Needle.

It will endeavor to effect a "shot-in-the-arm" where, as and how (in the opinion of its manipulator(such needling will be of genuine public benefit. The ipulate) such needling will be main unknown.

The column will operate on the basis that lots of little things are happening all the time, and that some of these, if called to the public attention, will be of public value and service.

The Needler cannot be everywhere, so if you have anything on your mind that you think a little public needling will help, send it in to The Courier.

But a warning! The purpose of The Needle is to seek to eure public ills—not create 'em. So keep it clean, keep it level, and keep it impersonal, if you want The Needle to help.

Letter To the Editor

Dear Sir:

Three projects were discussed by the Congregators at their meeting of Feb. 18, and endorsed by the group as being of benefit to this community.

Theme of the evening's discussion was things which could be done to aid or improve Charlevoix's resort business, which must be considered as our biggest industry because, directly or indirectly, it is the largest source of income for all of us in Charlevoix.

First: Life guard protection at the Lake Michigan and Ferry Ave. beaches. Although the coast guard station personnel keeps watch over the Lake Michigan beach, they cannot and should not be expected to post a man as a regular beach guard. A regularly employed life guard could also give swimming instruction to children.

Second: Construction of more tennis courts. The two public courts at the school are totally inadequate to accommodate the number of people who would like to use them, and also their concrete surfaces have deteriorated to such an extent that they no longer provide a good playing surface.

Third: Expansion of our facilities for accommodating large conventions. The convention business is a big one for towns which can attract it, and we believe Charlevoix has everything to offer except a suitable meeting place. Our school gymnasium is our largest public auditorium, but its seating facilities and acoustics are not good enough to make it a satisfactory place to hold conventions. A good auditorium, perferably in conjunction with a year-around hotel, could mean that our tourist season could be extended from April through October. Other Michigan resorts are making a strong bid for the profitable convention business, and Charlevoix should be planning to seek a share of this income.

Sincerely,
The Congregators.

Football Film Nets Hospital $43.20

An impromptu gathering on Feb. 15 yielded $43.20 for the Charlevoix Hospital.

Robert Morgan, assistant Alumni Secretary of the University of Michigan, and Mrs. Morgan, stopped here to see Dr. G. B. Saltonstall. The two men were fraternity brothers at Ann Arbor.

Morgan had the pictures of the Rose Bowl game with him. An audience was hastily rounded up by telephone, the hat was passed for the hospital, and the film was shown at the Arthur Ranger home.

Sugar Beet Contracts Offered to Farmers

Sugar Beet contracts for 1948 are now being offered farmers in this area by the Isabella Sugar Co.

Despite the unfavorable weather conditions last year, sugar production hereabouts was above the avcrage of the rest of the northwestern district. Charlevoix County went 6.3 tons to the acre. Antrim produced 6.4 tons. The whole district averaged 5 tons.

L. E. McGhan again is the field representative for the company in the two counties.

From where I sit ... by Joe Marsh

Where Does Your Money Go?

Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.

Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—who'd rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.

So it's only natural they put more into what means most to them and to their children: their homes. They may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.

And from where I sit, that budget calls for some of the niceties of home life too—like cider and popcorn for the kids from time to time, and a friendly glass of beer for Mom and Dad ... things that *belong* with what we mean when we say "Home."

Great News

for every motorist who breathes!

Come in—see the real thing in automatic all-season heating and ventilation!

HERE'S an amazing new system that combioes *fresh air . . . automatic warmth . .* : and *sheer magic!*

In winter—it keeps ear air automatically at the desired temperature . . . with a gentle *blanket of warmth* iostead of the old-style blast of heat. It circulates warmth fore and aft, side to side. Does away with window-fogging problems. *Gives you a complete change of air once a minute!*

On rainy days—it picks dry, fresh air right out of the mist . . . keeps interiors crisp and windows clear.

During heat waves—it circulates a quiet flow of fresh air throughout the car . . . *even when windows are closed and the car is standing still!*

See it and you'll agree—it's the sucecssor to all the car heating and ventilatiog systems you've ever koowo!

Seeing is Believing

. . . an old saying that has particular significance in our store today because we recently installed an X-ray shoe fitter.

Because you are naturally interested in fitting your own and your children's feet with the proper size and the proper last, we know that you'll have confidence in coming to our store because you can actually see the fit of the shoes on their feet. This is important to you because the X-ray machine eliminates the guess-work in fitting feet properly.

So, why not come to our store the next time you need a new pair of shoes? There is no extra charge for X-ray shoe-fitting, of course!

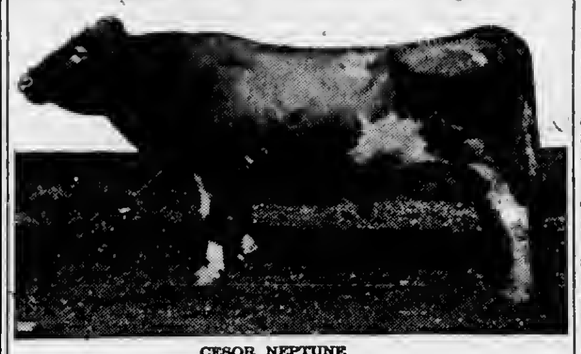
Bull With Established Record of High Production Used By Bi-County Group



CESOR NEPTUNE

Guernsey owners who belong to the Antrim-Charlevoix Artificial Breeders Association are obtaining calves from one of the best bulls in Michigan and one which is expected to raise production of a good herd as much as 10 percent.

The bull is Cesor Neptune, a USDA proved sire. Born in 1939, his granddam was a senior champion at the 1937 National Dairy Show with a record of 10,766 pounds of milk and 578 pounds of fat. His mother set a record of 714 pounds of fat.

Fourteen of his daughters averaged 8892 pounds of milk and 475 pounds of fat. Of the 14, ten showed gains in both milk and fat over their mothers. On the basis of this record, the Association expects daughters of this bull to produce 10 percent more than a present herd will.

Among the dairymen here who own calves by Cesor Neptune are D. DeVries, John Tilloton, H. Vanstedum, Louis Lessard, F. Finch, Bernie DeYoung and Louis Vanniman.

Local Items

Richard Hardy, student at the Soo branch of Michigan College of Mines, spent Sunday and Monday with his mother, Mrs. Richard Hull. He stopped off here enroute to the Soo from Detroit where the basketball team had made an appearance.

Pigs Used as Pets

In some countries pigs replace dogs as pets and hunting companions. Some people even employ them as beast of burdens. The wild ancestor of the domesticated pig is believed to be the savage boar of Western Asia. The Portuguese are known to have introduced swine into Nova Scotia and Newfoundland as early as 1443. The founding of pure breeds of swine, as we know them today, however, did not take place until the 18th or 19th centuries.

Girl Scouts Seek Gifts for Kits to Be Sent to Needy

Charlevoix Girl Scouts are launching their International project for 1948, which is to help provide part of the 100,000 kits for needy children in Europe and Asia being sought by the International Girl Scout organization.

To succeed in this, the girls are asking help from other clubs and individuals here. Their job is to collect needed items for the kits. The girls then will pack and ship these. Three types of kits are to be made up:

For newborn babies the kit will contain: 4 binders, 6 diapers, 4 shirts, 4 jackets, 2 blankets, 1 or 2 wool sweaters; 1 cap—knit or wool flannel, 3 bibs, 1 wash cloth and towel, safety pins.

For 1-3 year olds: 1 coat, jacket or snow suit; 1 sweater; 2 sets of underwear; 3 pairs of stockings; 2 rompers or dresses; (or boys' suits); 2 sets night clothes; 1 pair mittens; 1 warm cap; (sewing materials, a soft toy, a scarf, can be added).

For boys and girls 4-14: 1 coat, jacket or snow suit; 1 sweater; 2 sets underwear; 3 pairs stockings; 1 pair of long pants and 2 shirts for a boy; 2 dresses or skirt and 2 blouses for a girl; 2 sets of pajamas; 1 pair of mittens or gloves; 1 warm cap or beret. (Sewing materials, wash cloth and towel, can be added).

Leaders of the Girl Scouts who have full information as to what is needed are:

Troop 1: Mrs. John Reed, Mrs. Glenn Smith, Mrs. James Krulik.

Troop 2: Mrs. Florence Krahake.

Troop 4: Mrs. Homer Brady, Mrs. Lawrence Grate.

The committee members are Mrs. Dorothea Badger, Mrs. Robert McClintock, Mrs. Clarence Odmark, Mrs. Don Swinton, Mrs. Hugh Mayne, Mrs. Tom Cox Mrs. Charles Bleha.

CARD OF THANKS

We wish to express our appreciation to our friends and neighbors for their kindness and sympathy at the time of our recent bereavement.

Kroger

Better Days for the Farmer

Never was the U.S. farmer more prosperous than he is today. The year 1947 brought him the most substantial cash income in his history. And Kroger—paying almost $600,000,000 a year for farm products—is one of the farmer's best customers. Prosperity on the farm is the foundation of prosperity for the entire U.S.A.

An important message to the mothers of
PRE-SCHOOL CHILDREN

Whooping cough, diphtheria, smallpox and tetanus (lockjaw) are perils that every child must face from birth. Fortunately, medical science has provided a safeguard against these dreadful dangers through the means of immunization. Governor Kim Sigler has proclaimed February as the month for all of Michigan to give special heed to the importance of giving our children this vital protection. Remembering that "It's never too soon, but it may be too late," the child should have its first immunizations during pre-school years, preferably before the first birthday. The recommended immunization schedule for your child is given below. It is officially approved by the American Academy of Pediatrics (Michigan Branch), the Michigan Department of Health, and the Michigan State Medical Society.

Whooping Cough — at 6 months, and again at school age
Smallpox — once before first birthday, and every 3 years thereafter
Diphtheria — at 9 months, and again at school age
Tetanus (lockjaw) — at 9 months, and every 4 years thereafter

Ellsworth Reserves Win 15th, 16th Games

Ellsworth—In two basketball games here last week Tuesday the Reserves defeated Boyne Falls in the first game by a 27-14 score, for the 15th consecutive win of the season.

Ellsworth trailed at the half 8-6. In the second game, the first team came out on the long end of a 30-28 score. Conrad Klooster with 9 and Mike Edson with 8 led the locals in points.

In two games Friday night here, the local reserves won by a score of 26 to 13 over Vanderbilt.

The varsity also won their game, 36 to 14. Ellsworth led at half time 15 to 4.

The local team now has a record of 12 wins and 5 losses and will play the last game of the season here Friday night against Alanson, who defeated Ellsworth in a 32-30 score game earlier this winter.

$129.48 for Polio

Ellsworth—The local March of Dimes drive netted $129.48, according to Robert Smalley, chairman. The 1947 total was $180.47.

AAA Sign-Up Week Starts Saturday

Farm Plan Sign-Up week for the AAA will start Saturday.

Due to lack of funds, committeemen will not call on farmers as in former years. Instead, farmers can sign at three places:

Charlevoix, Feb. 28 and March 6 in the City Hall basement.

East Jordan, the same days at the City Building.

Boyne City, March 1 to March 6 at the AAA office.

The AAA also has announced that potato growers planning to plant 3 acres or more and who want to obtain a support price should contact the county office now.

Farm Group Opposes Direct Road Tax

A direct road tax on property would be a bad thing, members of the Barnard Farm Bureau decided Thursday night when they met at the Clyde Smith home.

Such a tax, while low at the start, could well be only an opening wedge leading to higher levies on property. Instead the local favored abolishing the Federal cent and a half tax on gas and raising the state tax by that amount.

Robert Ashdon and son, Tony, spent the week-end with his parents, Mr. and Mrs. Ray Ashdon. Mrs. Ashdon and daughter, Andrea who had been with her parents, Mr. and Mrs. Henry Partridge for a week returned to Marquette with them.

IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

Our few days of sunshine and warmth, with a high of 40° was abruptly ended Thursday afternoon when another cold blast from out the nor'west sent the mercury into a nose dive. Within an hour the temperature dropped 20°. This sudden change sent more shivers down the vertebra than our previous cold spells.

The romantic part of winter time on Beaver Island is the sleighing time. Through the village and down quiet country roads, the merry jingle of sleigh bells announce there is someone coming. After a week or so of sleigh bells, you can just about tell who is coming by the sound.

The fish shanties are on the increase but the perch are not. Fishermen shift their shanties around on the harbor trying to find a likely spot but as yet, the catch has been skimpy.

The Beaver Island Board of Commerce and the Game Club will work together to clear the harbor of unsightly sunken boats, piles of old docks and to clear the weeds out. This will not only improve the appearance of the harbor but will make for better fishing.

Lila Lee Connaghan has returned from Chicago.

Mrs. George Ricksgers, who recently underwent major surgery is recuperating at the home of her father in Chicago. Mr. Ricksgers is in Chicago to be with his wife.

Mr. and Mrs. Fred Spalding invited a number of friends to their home Tuesday evening to see the technicolor movies Jack Cull has made of the Island and the major events which have taken place during the past two years. Jack has captured some beautiful shots.

Dan Greene, who left the Island a few days after Christmas is now on the high seas heading towards the Persian Gulf. This is a six months trip for Dan.

"Butter now than never," said the butter man who delivered the golden spread to the Island in his plane Wednesday. To make the incident more unusual, he landed his plane on the back beach ice near Spalding's home instead of the harbor.

Mr. and Mrs. John Martin are the proud parents of another son, born Thursday. Mother and baby are getting along fine.

Mrs. Giles McCann and little son arrived Friday to visit Mr. and Mrs. James H. Gallagher.

Roger Carlisle, Indianapolis, arrived Friday to spend a few days on the Island.

A little north of the border down Mexico way, Mark Cross and his family and Mrs. Cross' father, Ed Gallagher are enjoying the warmth of the Rio Grande Valley, and all the citrus fruit they can eat.

Repairs have begun on the La Freniere dock. Last week, the piles were reinforced. This spring an entirely new dock will replace the old one.

Saturday afternoon, Charles Kleinheintz and Bub McCann coming across the ice in a Model T from Garden Island gave chase to a coyote. The race between the coyote and car ended on the icy harbor of St. James, but not before the car made several spins and a case of canned bear meat which Kleinheintz was bringing back to Beaver from his Garden Island home was smashed. The pay-off came when one of the men jumped from the car and struck the coyote with an ice spud. This is the latest in Island sports —chasing coyotes in a Model T.

Dog Is Hero of Rescue As Truck Goes Through Ice

A near tragedy occurred Wednesday on the Island.

Elston Pischner started across the ice in his truck to Garden Island. With Pischner was his father, Herman Pischner.

Making the usual cut across the ice from Sucker Point, the two men were about 150 feet from the shore when suddenly the truck crashed through the ice into 12 feet of water. They were completely submerged. Elston managed to force his father from the cab of the truck onto the top of it, then he swam towards the unbroken ice.

He could not pull himself up for the ice would break with every effort. Then, too, he had nothing to grasp. Shep, the Pischner's dog, had followed the truck, but went no farther than the shore where he stopped to rest. Pischner needed help and there was Shep, so he called the dog. Shep bounded over the ice, and when near enough, Elston caught hold of the dog, and with the assistance of Shep, he raised himself out of the water.

Safe on the ice, Elston took off his jacket and belt, knotted them together and threw the "line" to his father. With this help, the elder Pischner swam to the ice and was lifted to safety.

Neither man suffered from the shock of their icy bath. Shep, a dog once feared by the villagers, is now looked upon in a new light —the light of a hero.

Island Promoters Reelect Officers

The Beaver Island Board of Commerce met Feb. 19 at the Parish Hall to elect officers for the coming year.

By popular vote, all officers were re-elected to serve until next January. The officers are: President, Fred Spalding; vice-president, James Gallagher; secretary, Archie LaFreniere; treasurer, Frank Nackerman. Board of Directors include: Earle Boyle, James McCann, Lawrence McDonough, J. P. Elms.

Vernon La Freniere and Lloyd McDonough were appointed to represent Beaver Island at the Michigan Rural Electrical Association meetings in the interest of the Island and to seek much needed improvements.

Gus Mielke has offered to donate sufficient lumber for signs to mark all Island roads. The offer was accepted and the signs will be ready for the coming summer.

It was suggested at the meeting to request the Associated Press to appoint Mrs. Margaret Hanley as its representative on the Island.

The 1948 membership cards are available and those wishing to join or renew their membership should get in touch with Frank Nacherman.

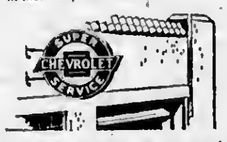
Meet the new standard of Big-Car beauty! It's here, in Chevrolet's Bodies by Fisher—finest bodies made—available only on Chevrolet and higher-priced cars.

You'll enjoy Big-Car performance, too, when you own a Chevrolet, for it brings you Valve-in-Head engine performance, found elsewhere only in more expensive cars.

You'll find Chevrolet rides more smoothly on all types of roads due to the famous Knee-Action Ride; and, of course, Knee-Action is found only on Chevrolet and costlier cars.



Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet.

Men and women everywhere agree: Only one is No. 1—only Chevrolet is first—in all-round value as in popularity. Consequently, more people drive Chevrolets than any other make, according to official nationwide registrations; and more people want Chevrolets than any other make, according to seven independent nationwide surveys. Here, in the new 1948 Chevrolet, is record value. For new and even more luxurious styling, colors and appointments have been added to all of Chevrolet's other advantages of BIG-CAR QUALITY AT LOWEST COST!

Giving Consumer What She Wants Is Way To Potato Profits, Spud Growers Told

The way to make more money from potatoes is to give the customer what she wants and how she wants it.

That was the gist of the speeches made Feb. 11 at the potato growers meeting in the Ellsworth Community Hall. About 85 farmers from Antrim and Charlevoix counties attended.

L. V. Nelson, MSC extension specialist in Farm Crops, summed up the situation thus:

"You have as fine a potato growing section around here as there is in Michigan. But by no means have its possibilities been developed. However, there is a steady gain being made, I believe."

Asked what still needs to be done, he named three things.

First is better cultural practices. This will include increased use of green manures which make for larger, smoother potatoes when rightly used; more fertilizer on land which will profitably use it; longer and better spraying.

Second is the growing of more popular varieties. Public taste has changed and the russet potato no longer will command top or usually even good prices on the market. For this area, Nelson suggested such white varieties as Sebago, Katahdin and Chippewa. Pontiac is a popular pink variety.

Third thing is better marketing.

Michigan potatoes have had a bad name throughout the Middle West because all too often they have been of poor quality, mislabeled or uneven. Housewives today are not being fooled or taken in. They are demanding potatoes put up in handy, labelled packages; potatoes which are of the quality marked on the package. And they will pay premium prices to get that.

Roy LaJeunesse, secretary of the Michigan Potato Development Association, told how Michigan potatoes are commanding the same prices as Maine spuds in Michigan markets. Housewives are learning that home potatoes are among the best, if not the best, all around potato on the market today. When they are graded and packaged, they get top prices.

LaJeunesse told the group how Montcalm growers are getting more for their potatoes. The crop is carefully graded to meet MPDA standards, which are higher than the United States grades. Then the grower has his own label and puts up the potatoes in 15 and 50 pound bags carrying both his own label and the seal of the MPDA. City groceries, both independent and chain, are ready markets for such potatoes.

Following the meeting there was some discussion of the possibility of growers in this section adopting a mutual brand name and going after this type of market.

At the meeting of the Congregators last Monday Bill Supernaw was made an honorary citizen of Ironton. The Supernaws are building a cabin at Ironton and will be living there summers.

The orchid of the week should go to Mrs. Ansley Claypoole, who was truly the good samaritan to Mrs. G. A. Jackson, whose husband was struck by a car and died from injuries. Mrs. Claypoole cared for Mrs. Jackson at her home . . . Mrs. Joe Howard is out again after nursing a sprained ankle for three weeks. She fell in a hole in her yard . . . It seems wonderful to see Ella Fochtman and Frances Hamilton out among their friends again. They have been confined to their homes for so long . . . Congratulations to Charles Levinson on the wonderful change he has made in the Levinson Store in remodeling and redecorating. IT'S FOUNDER'S WEEK AT A&P
Come . . . Share . . . Save
Starting today . . . it's Founder's Week at A&P. Founder's Week is our way of honoring the memory of A&P's founder whose common-sense business policy was sound and simple: "Only one quality — high . . . Only one price — low." Fifty-two weeks a year we live up to the strict letter of this policy on every food item. One week a year we pay tribute to our founder who made that policy a fact. The best tribute we know is the prices on this page.

News of folks, your neighbors and mine . . . but did you know that—

Understand the Charlevoix Boy Scouts did some real praying last week for a good snowstorm so they could use their Klondike sleds in the derby Sunday afternoon. They truly had those prayers answered. In fact, heard several folks about town expressing a desire that they do not pray quite so hard the next time if Friday's storm was an answer. Cars were stalled everywhere, roads were badly drifted. Louis McKenzie, attempting to come from Detroit, sat in a snowbank near Mancelona from 2 a. m. until 7:30 a. m., before be got dug out by the big plow. And of course everyone got a huge chuckle out the fact that our highway commissioner, Angus Fochtman got stuck, too this side of Horton's Bay coming from a Grange meeting Friday night. Angus sat there three hours waiting for the plow. Bet he had a new highway plan all revamped in his mind during that time.

Birthday congratulations to Robert Sloan. Mrs. Wilbur Cline remembered the day and staged a party for him. The crowd who nightly eat at the Cline home helped him enjoy the occasion . . . . Birthday congratulations also to Robert Coates and Horace Welsheimer who duly celebrated their birthdays with parties and trimmings . . . Seemed mighty good to see Mrs. Carl Kohler out on the street again. She has been spending a few weeks at the hospital following major surgery. Said she was still a bit wobbly but she was making the grade!

Dr. Gerald Gibbons, a den dad for the Cub Scouts, truly played his part well when he set out for Petoskey the other night with a carload of den mothers for a meeting. His wife felt like merrily calling out "Wolf, wolf" as he drove away. Anyway he's doing a mighty fine job with the lads . . . Georgia Gloster made her appearance the other day on Main Street after having been gone for several weeks to New York and Detroit. Then Monday afternoon, after several days delay, Florine Stelter arrived home from her trip, feeling as fine as a fifth string on a fiddle . . . Joe Williams' Store and the Betsy Jo Shop are two more stores looking all bright and shiny from their paint jobs and new wares displayed, ready for the coming season. Spring cleaning is surely getting underway early.

Three cheers, we haven't had to worry about any bad sleet storms as our neighbors south of us . . . The Meyer Levinsons arrived home last Friday afternoon from California and were "everwhelmingly pleased" at the transformation of the store, as done by their son, Charles, in their absence . . . Have been reading Dr. George A. Buttrick's book "Christ and Man's Dilemma, and discovered he had written it while at the Sequanota Club in Charlevoix. In fact the book is dedicated "To the friends whose friendship by a pine wood and a lake gives deeper meaning to the name SEQUANOTA. 'The Place of Many Springs'."

Lenten Luncheon, Good Friday Services Planned

Plans for the Easter Season have been made by the Charlevoix Ministerial Association.

As in former years, a series of four Lenten Luncheons for men will be held at noon on March 22, 23, 24 and 26.

Then on Good Friday, March 26, from 1 to 3 p. m. the annual Good Friday service will be held.

All meetings this year will be in the Baptist church. The members of the Ministerial Association will give the brief talk at the luncheons of the topics of Christ in the Church, the Home, the School and Community.

The Seven Words from the Cross will he the subject of the Good Friday service talks by the ministers.

The next meeting of the ministerial group will be March 30 at the W. D. Wood home.

License Office Will Be Open Saturday

The Secretary of State's Branch office here will be open Saturday morning and from 2 to 4 p. m.

This, according to F. R. Bulow, is to help those who could not get in last Saturday to buy plates because of the storm.

Farm Union Asks Check on Road Policy, Financing

State plans and county roads were the two topics discussed at the Charlevoix County Farmers Union meeting Thursday at Walloon Lake.

State President Sim P. Martin outlined the aims and program of the Michigan Farmers Union. Among the new developments he described were the consumer cooperatives set up in connection with labor unions in Detroit, Pontiac, Flint, Grand Rapids and Muskegon.

Through them, he pointed out, many Farmers Union members are finding new farm-to-market outlets.

At the previous county meeting a fact finding committee was named to check on Charlevoix County roads. It reported Thursday, and a resolution based on this report was adopted. The resolution, to be given to the Board of Supervisors at the next session, asks for an investigation of the Highway Commission and appointment of the Comoissioners.

A committee was named to arrange meetings throughout the county to tell farmers of the resolution. Cards announcing these gatherings will be sent out from the County Agent's office.

Gertrude Liest, secretary of the Farmers Union Cooperative, said that the gas station will pay a 4 percent dividend to stockholders.

Women Organize Craft Corner as Handiwork Outlet

The Craft Corner, a shop where handicraft of all kinds will be sold, was organized at a meeting of more than 60 workers at the City Hall on Thursday evening.

Mrs. Gordon Freedman, who has been instrumental in starting the project, presided at the meeting and explained the by-laws and regulations which were amended and adopted by the group.

The organization was divided into two groups, the handicraft workers and the clerical workers. Any worker in the first group could donate a completed article to the shop, could be reimbursed for materials used, or could sell the article through the shop with a small percentage being retained by the shop. It was emphasized that any worker could use any of these methods at any time and need not feel that she should donate all her work.

For the clerical workers it was decided to have a chairman for each month with a list of workers to give their time to the shop. In this way the shop would belong to everyone.

The board will hold its first meeting at the Freedman home on Tuesday evening to examine the samples submitted. All handicraft which anyone would like to submit would be turned in to Mrs. Freedman by that date.

Mike Hamlins Buy Model Laundry; To Open April 1

The Model Laundry will open again for business April 1 under its new owners.

Mr. and Mrs. Mike Hamlin have purchased the establishment beside Round Lake of Mr. and Mrs. S. O. Sorenson and will take possession this month.

New machinery, including a new tumbler for towels, has been ordered and will be installed by April 1.

Church Film Will Be Shown Tuesday

"Reaching for Heaven", a Hollywood film produced by the Missouri Synod Lutheran church, will be shown in the Community room of the Charlevoix City Hall next Tuesday at 8 p. m.

This full length picture, with a Hollywood cast, presents in modern plot the work being done in the Lutheran Church of 1948.

Shown above is the championship Charlevoix basketball squad: Left to right, top row, Bill Carey, Dave Hardy, Bob Carey; second row, Bob Shanahan, Don Coney, Ross Case; third row, Don Burke, Warren Shadko, Dave Smith; bottom row, Coach Ray Kipke, Cliff Lagerman, Pat Martin, Dick Donaldson.

The Little Rayders, Charlevoix's Reserve Squad, collected 11 victories to 5 losses this season. On the team are: Top row, Tom Donaldson, Dale Mathews, Tom Hamlin, Ron Cunningham, Bill Barber; second row, Charles McFarland, Dale Suomela, George Haggard, Bill Ward, Alvin Ranger, Sam Hamilton; front row, Dwight Smith, Don Hardy, Charles Fairbanks, James Bowman, Jerry Gibbons.

Veterans To Sign Up For Farm Course

Veterans who have applied for on the farm training under the GI Bill are to meet Tuesday at the Court House here.

At that time an all-county committee will meet with the applicant and help them fill out the required applications.

Mariners Papers To Be Issued Here

Merchant Mariners documents in unqualified ratings will now be issued at the Charlevoix Light and Life Boat Station, Chief Joseph Etienne, has announced.

Documents will be issued on Wednesday and Friday of each week by Chief Etienne.

County Republicans To Meet March 19

The County Republican Convention will be held at the Boyne City Public Library March 19.

It will be called at 7:30 p. m. The purpose of the convention is to elect four delegates and four alternates to the state Republican convention in Detroit April 3.

Undefeated Charlevoix Team to Meet Harbor Springs Five in First Round at Petoskey

Undisputed Northern Michigan Class C champions, the unbeaten Charlevoix Rayders Thursday night will play the first game in the state eliminations.

The game will be at Petoskey against Harbor Springs at 8:50 following the Mackinaw-Alanson Class D game.

The Harbor scores this year were 38-17 and 57-24.

Friday night Pellston meets Onaway at Petoskey. Saturday night the Thursday and Friday winners will play.

Other tourneys are being held throughout the north. At East Jordan, Ellsworth meets Central Lake at 7:15 Thursday night while Mancelona plays Boyne City in Class C. On Friday night Bellaire and Alba meet in Class D and East Jordan and Kalkaska in Class C.

The winners will play on Saturday night.

At Grayling, Gaylord will meet the Grayling team on Thursday night in the Class C bout. On Saturday night the winner of that game will play Roscommon who drew a bye.

Winners of the Petoskey, East Jordan, Grayling, Traverse City, Manistee, Alpena and Mesick Class C and D tournaments will meet at Petoskey in the Regional tournament next week.

The Rayders brought their 1947-1948 season to a close Friday night by defeating the Mancelona Ironmen 55-17 on the local floor before a capacity crowd who turned out to see the Charlevoix aggregation in their last game here.

The Little Rayders fell prey to the Mancelona Reserves Friday night 25-22 to end their season with 11 wins and five loses. The team has given the fans some interesting games all season. Although they have lost the five games, they have still managed to collect the impressive total of 472 points against 360 for their opponents.

Individual Records

Coach Ray Kipke's Rayders have completed their third successful season with 41 consecutive victories in conference play to their credit.

During the 1947-48 season they scored 786 points in 16 games against 351 for their opponents. This included two non-conference games with Petoskey.

In 1945-46 seasan the Rayders scored 559 points in 15 games with their opponents scoring 305, in 1946-47 they tallied 601 in 15 gamees against their opponent's 320.

The individual scoring records for the year are as follows:

Council Names Three to Study Garbage Disposal

That Charlevoix's city government is facing a busy spring was made evident Monday at the regular meeting of the Council.

Mayor Karl Erber was not present and Harry Hooker occupied the head chair.

A study of the present insurance set-up was started to determine if enough is carried, in the face of rising values. The city has 80 percent co-insurance, thus saving up to half of some premiums. E. D. Hawley was asked to appear and explain what can be done. He did and a report is to be made this spring.

A resolution opposing the boost in Bell telephone rates was adopted and sent to the Michigan Municipal League.

March 29 was set as the date for hearing the petition for a change of zoning from Residental to Commercial I between Lincoln and Carpenter on Bridge street. The proposed change would include all land 125 feet back from the street on both sides.

Harry Geheau again asked for a SDD liquor dealer's license. The Council asked the police committee to investigate and report on the need for the license.

Robert Coleman, district sanitarian, showed a picture on sanitary land fill methods of disposing of garbage and refuse. Alderman Hooker named a special committee of Harley Ochs, Charles Beilinger and Spike Goss to work with him in getting more information on this.

Supt. A. G. Leitch reported that the state is getting ready to ask for bids on paving Petoskey avenue from Michigan avenue east. This will mean the city must form a sewer district in that section and get a sewer laid before the new pavement goes in.

Let's Find Out First

On the opposite page is an account of a speech Alderman Kenneth McFadden made concerning the city government of Charlevoix.

In it there is nothing which has not been said many times before up and down the street. This however is the first time, as to the certain knowledge of The Courier that the statements have been made in an open meeting and consequently could be published.

The Courier frankly does not know or pretend to know what the truth is. It does want to point out three things:

1. All sides of this, as in every affair affecting the public, have a right to be heard and to state their beliefs and suggestions. This still is America.

2. The Council job is a thankless one entailing long hours of weary work. Only a willingness to give public service ever can induce most men to accept an alderman's post, and to take the kicks which go with the job. Men who are that public-spirited are entitled to present their side of the question if they wish before they are judged or condemned by those whom they serve.

3. Mr. McFadden unquestionably is sincere in his beliefs. But he makes no secret of the fact there is bitter personal feeling between himself and City Supt. A. G. Leitch, and that he feels he has had a raw deal from the majority of the Council. No ordinary man can have such feelings and still be entirely impartial and objective in his thinking and judgment. His testimony thus is that of a prejudiced witness.

The Conrier does have one suggestion to make at this time.

All citizens can well follow the example set by the Junior Chamber of Commerce. That is to form no hasty judgment, condemn no one, but to try to learn more about our city government.

Keep an open but inquisitive attitude for three or four months. See what the new Council does.

After that, if a considerable portion of our citizens still feel that our city government is not functioning as efficiently as it should, then further steps to determine the weak spots and correct them can be taken.

But for now, let's find out the facts first.

Eels, Fox, Bobcats and Deer

Two weeks ago some of the keenest students of wild life and conservation matters in Michigan met at Higgins Lake. The occasion was the winter session of the Michigan Outdoor Writers' Association. Here are some of the conclusions I heard expressed:

No antidote for the Lamprey eel has been found yet. If the Great Lakes fishing is to continue and amount to anything, one had better be found before long. The only two suggestions which offer much hope are the introduction of a natural parasite (such as is said to exist in European waters); or the finding of a commercial use for the lampreys so that fishermen can turn to catching them.

Foxes and predator control came in for a lot of discussion. Harry Ruhl, genial head of the Conservation Department's wild life division, is not in favor of bounties on foxes. His argument is:

In a normal year, without any state bounty, about 35,000 foxes are killed in Michigan by hunters, irate farmers, trappers. Under the bounty system, we kill only 40,000. In other words, Michigan is paying out $200,000 to get an extra 5,000 foxes killed, or $40 an animal. The money used in other ways, would provide more game than the 5,000 foxes kill.

Further—owls, hawks, mink, all are as bad or worse predators than the fox. Worst of all is the common house cat and stray dog. A bounty on roaming cats would save more rabbits, pheasants and birds than any other type of reward.

Gregg Smith of Boyne City advocates a closed season on bob cats. Gregg likes to hunt them, as do others, and he would like to see them protected judiciously.

Russ Martin, director of the Conservation School at Higgins Lake, gave some advice on deer:

Charlevoix County has a growing herd. The available forage will support a few hundred more than we have now. But in two or three years, our herd will reach its safe maximum. Then it must be held down by heavier shooting. Or it will overbrowse the feed available. Then starvation, ruin of feed and a much smaller permanent herd will result.

So about 1950 Charlevoix should begin to make a strong bid for more deer hunters—which business is what we're after anyway.

Art Stoel's Record Proves That Skill Means Successful Season In Trapping of Foxes

To catch a fox or coyote you need to know how they think; otherwise you are not very likely to snare one.

Traps are the most effective way to get rid of the four-footed poultry and game killers; poison usually does more damage than good.

Right now bounties alone make fox trapping worth while; long haired furs are out of style and the price received hardly more than pays for taking care of the pelts.

These are the conclusions one gets from a visit with Arthur Stoel of Barnard, regarded as one of the leading trappers in the Northern part of the state.

Asked now he is able to trap several hundred predators a year, Stoel says:

"Every good trapper uses a scent. Every one thinks he has the best there is. They're made of different things. Fox urine in good. Others use animal gland mixtures.

"The next thing is to know how to set the trap. You can have 12 trappers and every one of them use the same general methods. One will get a lot. Two or three will do well. The rest won't have much luck. It all depends on tiny little things. I always boil my traps, use rubber gloves to handle them and stand on a canvas when making a set.

"That helps kill the odor. Rubber shoes have no odor in themselver, but they will pick up odors and carry them more than you think. Kerosene is the worst. Get kerosene on your boots and a fox won't go near your set.

"Then too, you have to know where fox and coyotes are most likely to travel. Tomorrow I'll likely have one or two fox over beyond that little patch of woods (pointing to a clump west of his home.) I made some sets over there."

Stoel now has some 139 fox pelts at his home. Included is one silver fox. Back in his boyhood, that pelt would have been worth several hundred dollars. Today, due to the shift in fashion away from long fur, it may bring $30. Good red pelts are worth about a tenth of that.

Stoel's services are much in demand by poultry and sheep growers. Over in Alcona county there are lots of flocks—and coyotes. He frequently gets calls to come over there and clean up some destructive predators. Around here turkey growers call on him to wipe out foxes.

His return is largely from the bounties paid by the state, some counties and occasionally by farmers or farm groups. During the summer, the state allows the trappers to keep coyote pelts but in the winter they must be turned in. He keeps all fox skins.

He has no use for poison except in most unusual circumstances and when expertly used. As ordinarily used, it kills more dogs, skunks, coons, birds and other life than it does foxes or coyotes. Traps, as Stoel points out, almost always get only what they are set for, do it more humanely than strichnine, and a lot more effectively.

THE NEEDLE . . .

After listening to several, The Needle would like to jab a soporific into parents who'd like to coach high school athletics from the home shelter. Coaches do best job. To be regretted, there's no workable arrangement for coaching some parents.

A vigorous treatment of school entrances and steps with salt in icy weather could obviate generous application of salt in wound of regrets later. Takes more than salt to set a broken leg.

Feller asks Needle to prick film of obscurity and find out how many camera addicts in Charlevoix, both still and movie. Possibility of a fine group interest leading to a camera club that could help tell story of Charlevoix, the Beautiful.

Last Jab today, lustily, right at you. The Needle is yours to use. Come on with the ills. Needle will try to help if you have a real deserving ailment.

With the New Look assuming such importance as Easter nears, the Needle would remind you that the most important thing you can wear is the expression on your face.

Alderman Says Much Is Wrong With City Government; Compares Power Rates; Says City Mulcted On Current, Paving

Poor management in some phases of city government was charged by Alderman Kenneth McFadden before the Junior Chamber of Commerce at its regular Feb. 25 meeting.

The JCC had planned a series of study meetings on civic affairs. One topic to be taken up was the proposed increase in city electric rates. A JCC member asked Alderman McFadden about it. He in turn suggested he be invited to give a general discussion of city government including the power rate situation. This was done and the talk given at the February session.

City Rates Higher

Alderman McFadden pointed out that the Michigan Public Service Co. reduced its rates Jan. 1, 1947. These rates, which prevail in Boyne City, East Jordan and other neighboring towns, are slightly lower for the average household than are Charlevoix's, he said.

The comparative cost of current in Charlevoix and East Jordan or Boyne on the residential rate is: (Charlevoix figures are bold face).

KW.	25	50	100	200
	1.60	**2.95**	**4.45**	**6.95**
	1.50	2.73	4.48	6.98

On the full residential rate the Public Service Co. allows users of electric stoves the comparative rates are:

KW.	100	200	200	400
	4.45	**6.95**	**9.45**	**11.95**
	4.00	6.50	8.50	10.50

Renews Previous Claim

Mr. McFadden again brought forward the claim he made in 1946 when the bond issue for the new Diesel unit was under discussion. He said that the present electric plant is adequate for present needs; that the trouble is an obsolete distribution system which loses enough current to get by with present plant capacity during the peak summer load.

He cited four specific loss cases as examples: The Belvedere avenue lines have been so overheated that the insulation was burned and hangs in shreds; Michigan avenue residents bought fluorescent fixtures and could not use them; a power factor

Read the Editorial on Page 2

which drops to 70% with consequent loss to the city of revenue; nonadjustable transformers which prevent the customer getting full power when the connected load is changed.

Charges Extras Hidden

Speaking of the Diesel bond issue approved in December, 1946, Mr. McFadden flatly charged the City Council with misrepresentation. As told to the voters then, he asserted, no mention was made that an overhead crane, water pipe to the lake, a foundation and a switchboard would have to be bought. "The public was led to believe that the $147,000 covered everything. Now the Council is having to transfer money earmarked for the Diesel unit to pay for the crane," he said.

Asked if he believed in municipal ownership, the Alderman stated:

"I certainly do. But it should be a municipal plant operated for just one purpose—to produce power—and not to place fellows in jobs."

Describes Car, Truck Deals

Of the general operation of the city government, he told of many instances which he considered wrong. Among them were:

"I am on the police committee. You all know about the condition of the old police Ford. About a year ago Mr. Krahnke made the city an offer for a brand new Olds for $700 and the Ford. He could make immediate delivery.

"The Council refused to buy it on the grounds that all purchases of $500 or over had to be by bids. Yet since then the Council paid $5,000 for a new Diesel truck engine one night when he just pulled an envelope out of his pocket, said the city could get an engine, but it had to be done right away."

City Helps Individuals

Mr. McFadden also gave his version of the blacktopping of Park Avenue.

"Hodgkiss and Douma rode up and the down the street and said they could do it for about $5,000. The bill came to $7,200. No bids were asked or taken on that. We had a man right here in town who would have done the job for less than $5,000."

Use of city equipment for private individuals also was brought up. Mr. McFadden mentioned the use of the city truck to hang signs at the Palace Theatre and Turner's Bar. This work was done in competition with sign men who are required by the city to buy a bond, he charged.

Asked if the city ever was paid for this service, he said he did not know.

"Citizens Steal Current"

The city is being continually robbed of electric current by faulty meters, he declared.

"I know of places in this town where the owners open the meter covers and get the current for nothing for part of the month," he stated. Mr. McFadden blamed this on the laxness of the city in not requiring proper seals on meters.

"There's one place in town where our city put in a meter so large, it would take a 10 or 12 horse motor to make it move. They're getting their current there for almost nothing."

In the discussion following Mr. McFadden's talk the JCC decided that all members who could should attend Council meetings in an effort to learn first hand how the city government works.

Favor City Manager

Several of them pointed out that if the city does not have an administration which suits the citizens, it is the latters' own fault for not taking more interest and part in it.

On one point during and after the meeting the JCC members differed with Mr. McFadden. He said the detailed running of the city could be left to Council committees.

The concensus of the JCC members was that the voters here threw this policy out some 12 years ago and that a technically trained city manager is needed.

Brownie Troop No. 3 met Wednesday and elected officers for March. They are: president, Nora Barnes; vice president, Mary Lee Baker; treasurer, Lucinda Bilow.

Next week we shall dramatize the story of Little Red Riding Hood. Mrs. Wexstaff showed us how to make square knots and a new kind of bandage.

Carolyn Stoel, scribe.

The Senior Girl Scouts will take over Brownie troops for the next two weeks in an effort to give themselves leadership training and to help troop leaders at the same time.

They are also gathering clothing for Friendship boxes which they will send to Europe.

Brownie Troop 7 met Monday evening. Two Senior Scouts, Kathleen Clark and Theresa Zeitler, played games with us and read us a story.

Melinda McEvoy.

Troop 2 met at the City Hall club room. Mrs. Suomela taught us dancing. Then we got little books to take orders for Girl Scout cookies at 40c a box.

Sue Beaudoin.

Girl Scout Troop 4 met at the City Hall Monday. After our regular business meeting Mrs. Davenport taught us a new Girl Scout song and we talked about our cookie sale.

Military Funeral For Pfc. Jansen Will Be Saturday

Full military services will be held for the body of Pfc. Henry Jansen at Ellsworth this Saturday, which is due to arrive there Friday from Chicago.

He was the son of Mr. and Mrs. John Jansen of Ellsworth.

The family has requested that all flowers be omitted.

All business places were closed while the body was brought from the train to the Hastings Funeral home and from noon to 3:30 p. m., the day of the funeral.

Carlton H. Smith of Barnard, a buddy in Co. L. 126th Infantry, pays him the following tribute: "In every way through days of training and bitter fighting he was always willing to do more than his share. Just before being wounded, Hank, with utter disregard for his own safety, saved the life of the sergeant leading the patrol.

"Throughout all his training period and battle campaigns, Hank never missed a chance to attend church services."

Pfc. Jansen participated in the now famous march over the Owen Stanley mountains, which was the turning point in driving back the Japanese in New Guinea. He was posthumously awarded the Purple Heart medal. Surviving are the parents, Mr. and Mrs. John Jansen; two brothers, Harold and Wilfred! a sister, Mrs. Fred Van Stedum; and his grandmother, Mrs. Wilhelmina Cooper, all of this vicinity.

Mrs. Schumacker Rites Are Held Here

Funeral services for Mrs. Agnes Rosena Schumacker, 65, a former Charlevoix resident who died in Akron, Ohio, Sunday were held at St. Mary's church at 9 a. m. Wednesday with Rev. Leo. Zeilinski officiating.

Burial was in the Catholic cemetery. She had been in failing health for two years.

Born in Charlevoix on Feb. 28, 1883, Agnes Rosena Coatta lived here until going to Detroit about 1913. She was married to Vivian I. Schumacker in 1919 at Akron where they have made their home.

Besides her husband she is survived by four children by a former marriage, Mrs. Mary Gennochio, Mrs. Laura Blaess, Mrs. Hattie Todd and Francis Trombley all of Detroit; one sister, Mrs. Mina Sheldon, also of Detroit; a brother, Frank Coatta of Charlevoix and several grandchildren.

Girl Scouts Will Attend Church

With March 12 as the birthday of Girl Scouting, the annual go-to-church Sunday will be observed by the Girl Scouts of Charlevoix.

They will attend the Congregational church in a body with their leaders.

All girls and their leaders and other Scout officials will meet at the City Hall by 10:45 and will march to the church. Rev. Jackson Turner will speak on "The WiseS tewart", on of the parables.

For first quality Dyeing Sarvice, taka it to tha Michigan Cleanars.

Girl Scouts to Stage Week's Cookie Sale

Next week is National Girl Scout Week and the Charlevoix girls plan to observe it by a money raising Cookie Sale.

Taking part will be three Intermediate Troops and three Brownie Troops, with a total of 102 girls.

Orders for the cookies are being taken this week and will be delivered next. Three prizes are being offered to the girls of $3, $2 and $1 for those selling the most cookies.

Driggett Services Are Held Wednesday

William T. Driggett, 75, retired Standard Oil agent and former deputy sheriff, died Monday at the Petoskey Convalescent Home where he had been a patient since September. He had been in ill health for the past 13 months.

Mr. Driggett was born in New Boston, Mich., on July 16, 1872, and lived in southern Michigan until coming here as a young man. In 1893 he was married to Ada Horton, who died on Jan. 13, 1916. He was married to Ethel Hamrock in October, 1916.

He was a Standard Oil agent in Charlevoix for more than 20 years and served as deputy sheriff for many years.

Besides his wife he is survived by six children, Will, Mrs. Cora Breece and Mrs. Annis Bennett, all of Flint; George of Milwaukee, Wis.; Russell of Rapid City and James of Charlevoix; thirteen grandchildren and seven great-grandchildren.

Funeral services were conducted at the See Funeral Home at 2 p. m. Wednesday by Rev. Gaylord Howell. Burial was in the Brookside cemetery.

Home Ec Girls Discuss Baby Sitting Problems With Parents In School Panel

As a windup on the subject of Child Development, as it has been studied by the girls in the Home Economics Department under the direction of Mrs. Aili Gustafson, a panel discussion was held Friday afternoon at the high school on the subject of "Baby Sitters."

Mrs. Dean Davenport acted as Moderator. Those making up the panel were Dr. R. S. McClintock, Mrs. L. M. Hamlin, Max Novak, Mrs. E. D. Hawley, Mrs. Gordon Freedman and Mrs. Charles Hamlin.

Due to the lack of domestic help, baby sitting has become a national institution and has many obligations, both for the parents and for the persons employed as sitters.

The girls asked many questions. Some of the problems puzzling them were: Should not information be left by the parents, as to where they are to be, how long they expect to be gone, who to call in case of an emergency? Should the girls be allowed to go to sleep? Should one punish a child if he needed it? What hours should the child he put to bed? How old should a girl be before becoming a sitter? Shouldn't parents inform a sitter beforehand if there is illness in the home? Should a sitter he asked to do the dishes and clean up the house? What about raiding the icebox? What if a child throws a tantrum, holds his breath?

The discussion boiled down to the fact that there should be a complete understanding between the parents and the sitter, so that irritations, problems concerning the children, hours parents were to be away would be known.

As several girls in high school are baby sitters and others planning to do the same kind of work, a list of them is being compiled by Mrs. Gustafson and Harry E. Bingham which will be printed in The Courier within the next week or two so that persons desiring sitters will know who and where to find them.

Bath Meggison Weds Grand Rapids Man

Eleanor Beth Meggison, daughter of Mr. and Mrs. C. B. Meggison of Charlevoix, became the bride of Jack W. DeWildt, son of Mr. and Mrs. Peter J. DeWildt of Grand Rapids at the Brooks Memorial Methodist church at Marshall Saturday.

Rev. Warren E. Brown read the service in the presence of a few relatives.

The bride selected a cocoa brown gabardine suit and cream and brown accessories for her wedding. Her corsage was a green orchid and yellow roses.

Mrs. Kenneth L. Wilson of Grand Rapids, sister of the bride, was her only attendant. James C. Leech of Grand Rapids, uncle of the bridegroom, was best man.

Following the service the wedding party had dinner at the Schuler Hotel in Marshall. After a wedding trip to northern Michigan the couple will make their home at 853 Denllertog St., Grand Rapids.

The bride is a graduate of the Charlevoix high school. The bridegroom graduated from South high school. Grand Rapids, and during World War II served three years in the Army, 32 months in the South Pacific.

RECORD OF THE COUNCIL

MARCH 1, 1948

The Common Council of the City of Charlevoix met on the above date with Mayor Pro Tem Hooker presiding.

Aldermen present: Bellinger, Dutcher, Goss, Hooker, McFadden and Ochs.

Minutes of previous meeting were read and approved.

(48-1) Payroll Approved.

The finance committee having examined bills aggregating $7,233.42, find them correct and recommend they be allowed. Moved by Alderman Ochs, seconded by Alderman Bellinger, that the bills be allowed and orders drawn for their amounts. Motion carried by the following Yea and Nay voto:

Yeas: Alderman Bellinger, Dutcher, Goss, Hooker, McFadden and Ochs. Nays: None.

Letter of appreciation was received from City of East Jordan for help the Charlevoix Fire Department gave them in fire of February 18.

Robert Coleman, Health Department sanitarian, showed pictures of trench garbage disposal to the Council and visitors, which was discussed and a committee composed of Aldermen Ochs, Bellinger and Goss was appointed to work with Mr. Coleman for more information and possibilities.

(48-2) Resolution to Michigan Public Service Commission.

Alderman Ochs offered the following resolution and moved its adoption, seconded by Alderman McFadden:

WHEREAS the Michigan Bell Telephone Company has a petition pending before the Michigan Public Service Commission for permission to increase telephone rates and to put into effect a proposed extended area plan; and

WHEREAS it is the opinion of the Council that such rate increase and the extended area plan will result in unwarranted increase in telephone rates to the people of this City,

THEREFORE BE IT RESOLVED that the Common Council place itself on record as being opposed to said rate increase and extended area plan, and that the Clerk transmit a copy of this resolution to the Michigan Public Service Commission.

Adopted by the following Yea and Nay vote:

Yeas: Aldermen Bellinger, Dutcher, Hooker, McFadden and Ochs.

Nays: None. Not voting: Goss.

(48-3) Resolution Regarding Change of Zoning Ordinance.

Alderman Goss offered the following resolution and moved its adoption, seconded by Alderman Dutcher:

RESOLVED that a meeting of the Council to be held at 8:09 p. m. in the City Hall on Monday, March 29, 1948, be designated as the time and place for a hearing upon a proposed amendment to the Zoning Ordinance, being Ordinance No. 203, wherein it is proposed to exclude from Residential District II and include in Commercial District I the following described lands, viz: "Lots 6, 7, 8 and 9 of Block 4 and Lots 1, 2, 25 and 26 of Block 8 of Mason's Addition to the City of Charlevoix and Lots 16, 17, 23, 24, 30, 31, 37, 38, 44, 45, 51, 52, 53, 54, 55 and 56 of Masons' Second Addition to the City of Charlevoix", and that the Clerk publish notice thereof for two consecutive weeks in the Charlevoix Courier.

Adopted by the following Yea and Nay vote:

Yeas: Aldermen Bellinger, Dutcher, Goss, Hooker, McFadden and Ochs. Nays: None.

On motion the Council adjourned.

RAY S. HAMILTON, City Clerk — HARRY F. HOOKER, Mayor Pro Tem

Reduce Losses

Both live stock and poultry losses can be reduced by feeding feeds that are well balanced, and fortified with vitamins.

It has been found that calves and pigs seldom have scours if their mothers get a ration high in vitamin A and the B complexes.

Chicks, poults and hens must have what it takes in feeds as well as care to grow and produce efficiently.

DODGE

Qualities Beyond
All Boundary of Price

The combined qualities in today's Dodge car are far beyond all limits of price, since price will not buy them elsewhere. You get size and weight, power and speed, style and trim, with excellent appointments. But *with and beyond* all these you get a smoothness of performance not known before. This is a big new fact in automobile affairs which belongs to Dodge, and which should also belong to you.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

For the past two weeks the cycle of warmth and cold has spun around in identical circles. The first part of the week, the temperature soared to thawing heights, the last part, a decided drop.

Wednesday the harbor was dotted with puddles and appeared "soupy". Along near the shore near the mill, there was actually flowing water. One thought, at last spring is just around the corner. Such wishful thinking abruptly stopped when the east wind bore down on the Island Friday night accompanied by a blinding snow storm.

Walter and Teddy Wojan had the county crew open up the Trail Road as far as their lumber camp in order to start hauling logs. A few loads were hauled down to the mill before the heavy snow fall Friday night plugged the road again.

Chief Charles Sikarski returned to the Island Monday after being away for a week.

Jack Bradley, Cleveland, is visiting Mr. and Mrs. Ray Cull.

Albert McCann, who sails the high seas with the Merchant Marines, was a recent visitor to the Island, his first visit in seven years.

Jack Left returned to his home in Chicago Wednesday after a few days spent on the Island visiting his relatives.

An unordered box of straw sun hats in fiesta colors arrived at LaFreniere's store Friday. Shaped in cowboy style and all very bright, the big question is, who's going to sport them on Beaver Island? The green ones, they say, will be appropriate for St. Patrick's Day, but woe be unto the one who dares put upon his head the bright orange hat, at least on Patrick's Day.

Speaking of bright colors, even the lowly broom has gone glamor. Housewives are going to look so cute this spring in ballerina house dresses and pastel brooms.

Edwin McCann returned to the Island Friday after a business trip to Petoskey.

Mr. and Mrs. Lloyd McDonough left the Island Friday for Grand Rapids.

Mrs. Willie Ricksgers has been a shut-in for the most part of the winter.

Two victims of the mumps epidemic were Mrs. Elsie O'Donnell and Mrs. Lizzie McCauley.

Roger Carlisle came to the Island recently to oversee work being done on his home. Saturday, he was assisting in the work at the electric planer and badly injured his left hand. The ends of his first and second fingers were cut off. He was taken to Dr. Palmer's for first aid treatment. Carlisle had planned to return to his home Sunday, but due to the accident, he will remain on the Island a few more days with the Spaldings, with whom he has been visiting.

Sunday, after lenten devotions, the ladies of the Altar Society met at the Parish Hall to make plans for an appropriate celebration for St. Patrick's Day. Plans will be announced next week.

A little Island Miss stopped by the post office to inquire about the family mail. The Post Master handed thru the window a few letters and then there was a small box. "Oh goodie," the child exclaimed, "That's my Daddy's teeth." It's just like the fellow said, "Everything comes through the mail on Beaver Island."

SCHOOL NEWS

On Friday, Feb. 27, as assembly was held in Saint James school. The first number consisted of a quizz program conducted by Kay McDonough with the eighth graders as contestants. Verle McCann won first place; Margaret Ellen McDonough was the winner in the last general question which taxed the contestants' knowledge of South America. The second part of the assembly was an amateur program. Special honors go to the seventh graders who gave some lovely verse readings. Group singing, duets, solos, anecdotes, and nursery rhymes gave expression to Island talents.

The following made the honor roll for the period: representing the high school are Joy McDonough and Mary Malloy; the eighth grade, Verle McCann, Rose Mary Nackerman, and Mary Ellen McDonough; the seventh grade, Kay McDonough; the sixth grade, Thomas Bennett; the fifth grade, Margaret Ann LaFreniere, Mary Catherine Hanley, and Audrey Gatliff; the fourth grade, Rosemary McDonough and Rosalie Bennett; the second grade, Billy Bennett, Kathleen Gatliff, and Michael McCann; the first grade, Kathy McCann, Caroline Kenwabakisi, Brian Gallagher, Jean Catherine, LaFreniere, Elcanore Pischner, Loretta LaFreniere, Sally Martin, Gary McDonough, Marion Napont and Jerry LaFreniere. No wonder we've seen the first graders carrying books around and scurrying for an opportunity to do outside reading. Just think, a hundred percent on the honor roll! Keep it up.

Evergreen Seedlings Available Through MSC

Tree seedings for forest planting, windbreaks, erosion control, wildlife cover and food, and Christmas trees, are now available from the Michigan State College Forestry Department.

The following evergreen species are available at the present time European Larch, Jack Pine, Ponderosa Pine, White Pine, and White Spruce. The supply of Red Pine is exhausted from the MSC stock but can be obtained from the State Conservation Department, Lansing. Scotch Pine, a popular Christmas tree species, also is exhausted.

Among the deciduous trees available are: Green Ash, White Ash, American Elm, Black Cherry, Black Locust, and Red Oak.

Order blanks can be secured from your County Extension office.

Rat Population On Farms Runs High

The following formula shows the stake that farmers have in riding their farms of rats:

If you never see rats, but see signs of rats and their damage, there are 1 to 100 rats on your farm.

If you see rats now and then at night, there are 100 to 500.

If you see rats every night and a few occasionally in the daytime, you are boarding from 500 to 1,000.

If you see lots of rats at night and several every day, you probably have from 1,000 to 5,000 rats.

Rat Control

Nation-wide estimates indicate that 1,600,000 rats now live on Michigan farms. This is a threat to stored feeds, livestock, and poultry. Extension specialists at Michigan State College list these measures to help control rats:

Clean up all junk, trash, boards, posts, tin cans, and other refuse in and around buildings.

Pre-bait heavily for several days by placing unpoisoned bait in and around all rat-infested buildings. Use meat, fish, or fresh vegetables.

Poison baits by mixing with antu or red squill. Follow instructions on the package carefully. Burn or bury uneaten poison bait and dead rats.

Follow up about a week later with another bait and poison. Also try trapping, gassing with a car exhaust, shooting, drowning, or clubbing if occasion warrants.

Rat-proof building, granaries and corn cribs by blocking holes, tin-lining doors and granaries, concrete foundations and floors; use hardware cloth in corn cribs and granary floors.

New Lumber Folder

A new folder issued by the Michigan State College Extension Service will be of help to people who use home-grown lumber. The title is, "Seasoning Home-Grown Lumber" and it gives helpful tips on drying, piling, and handling this type of lumber.

If you're planning to cut a supply of lumber, you'll want the bulletin. Ask for Extension folder F-114 "Seasoning Home-Grown Lumber." It's obtainable from your County Agricultural Agent's office.

How to Put Up with Women's Styles

When Will Dudley's missus finally gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were a slave to fashion ... ought to dress to please their husbands and not style designers.

Sue finally reminded Will of his habit of sitting by the radio Saturday afternoons in shirt sleeves and old slippers, listening to the sporteasts with a mellow glass of beer. Suggested that maybe Will was a slave to comfort.

And Will admitted she was right.

Perhaps the way somebody dresses isn't always to our taste—just as Will's glass of beer may be another person's cider.

But from where I sit, those little differences aren't important—unless we go out of our way to make them so, by being hypercritical. As Will says now: "Well, anyway, those long skirts hide a multitude of shins" ... and lets it go at that!

Rural Tele-news

VOICEWAYS FOR '48: Michigan Bell expects to set 25,000 poles and string over 11,000 miles of wire in rural areas this year. This will help bring telephones to folks who are waiting and reduce the number of parties on many rural lines.

GOOD NEIGHBORS: Good rural-line neighborliness means better service for all. We're good telephone neighbors when we keep calls short, remember not to interrupt others' talks, and hang up after each call. (One receiver off the hook ties up the line for everyone.)

BIG CITY: The number of telephones added in rural areas by Michigan Bell in the past two years would provide a telephone for every man, woman and child in a city the size of Battle Creek. There are now 125,000 telephones in rural areas served by Michigan Bell.

POWER FLIGHT

Cold weather is always tough on your car. The chief reason for a "can't start" is condensation in the gasoline tank — moisture which forms, and then freezes in the fuel line, fuel pump or carburetor. Keeping your tank well filled prevents this trouble, simply because there is no room for moisture. Keeping your tank well filled with weatherized Power-Flight gasoline is good "power-sense"— because Power-Flight is the number one power-packed gasoline.

Just try a tankful yourself. It's habit forming!

Scouts Vie At Rescue Work, Fire Building, Surveying in First Klondike Derby Sunday

Th first Klondike Derby in Charlevoix was run off on a two mile course near Mt. McSauba Sunday with six Charlevoix patrols and two Bellaire patrols participating in the event.

Scout Master Virgil Thayer's Alligator patrol of Bellaire, placed first with a perfect score of 18 nuggets. Charlevoix Pine Tree patrol and Bellaire Lions patrol tied for second with 16 nuggets.

The Derby was run over a set course and the various activities gave the Scouts an opportunity to apply their knowledge. The six stations were: Buzzard's Roost, where each gave the scout sign, oath and motto; Dead Man's Gulch where the boys were given compass directions which would bring them to the buried treasure if followed correctly; the Lost Mine, the 'scene' of a mine disaster with several badly injured miners who had to be removed from the mine and proper treatment given; Hangman's Tree a flood area, where the boys had to start a fire and purify drinking water; Hell's Bells, the Scout cabin, where the boys had to make, identify and tell the use of nine basic knots; and Fortune's Ledge, where the boys had to rescue a companion who had fallen from the ledge during the night. In order to make the night scene more realistic, the would-be rescuers were blindfolded.

The Scouts then returned to the lodge for hot chocolate and hot dogs. Nuggets were counted and awards given. Judges were Scout commissioners.

Each patrol which entered the Derby was given a certificate of award. At the next Scenic Trail Court of Honor, patrol leaders will be given ribbons for the event.

The event was staged under the direction of Joe Strayer, Scout master; Stanley Hascher, assistant Scout master and the Scout committee.

The patrols, patrol leaders and number of nuggets earned were:

The Alligator patrol of Bellaire with Carlton Riley as leader with 18 nuggets out of a possible 18. In the patrol were Ron Chapman, Eagle Scout who went to Europe last summer to attend the International Scout Jamboree, Keith Blake, first class Scout, Stan Lessard, Eugene Sexton, Larry Lanore and Joe Mosier.

The second place winners with 16 nuggets were the Pine Tree Patrol of Charlevoix with Dudley Towe as leader and the Lions patrol of Bellaire with Irving Skinner as leader. In the Charlevoix group were Gary and Donald Coates, Alvin Ranger and Don Smith. Bellaire's patrol included Jack Keck, Herman Groeneveld, Bruce Lacey, Roger Lacey, Jack White and Duane Rinckey.

The Cobra and the Panther patrols tied for third place with 15 nuggets each. Charles Krahnke is the Cobra patrol leader and members are Dean Davenport, Ray Sanford, Norm Ketchman, Bill Goss, Bud Barber and Gerry Left. Vic Gibbons' Panther patrol includes Tom Bleha, Bill Barker and Bob Marsh.

The Senior Scouts, the explorers, with Vane Smith as leader had 14 nuggets. Members are Brad Foster, Neil Suomela, George Haggard, Fritz Allard and Tom Hamlin.

Don Gill's Senior Scouts, the Sea Scouts, earned 13 nuggets. Members are Bruce Barker, Greg Brian and Bill Blissett.

Leo Allard's patrol, the Flying Eagles, had 10 nuggets earned by Bob Richards, Louis Mason, Bill Mosier and Carl Foster.

Mrs. Lawrence Korth and two daughters have gone to Grand Rapids to visit her parents, Mr. and Mrs. Charles Reinhart.

Birthday Party Given For Roger Crandall

Roger Crandall celebrated his ninth birthday anniversary at a party given by his grandmother, Mrs. Grant Crandall and his aunt, Mrs. Leo Friends of Harbor Springs at the Crandall home Monday.

Little friends enjoyed games and refreshments which included a lighted birthday cake. Guests were Terry Coxe, Doug and Don Reynolds, Chris and Mary Campbell, Peter and Ann Phillips, Edward O'Neill, Andy Hoover, Marjorie and Richard Friend of Harbor Springs.

Shelby Goss spent the week-end in Lansing on business. He was accompanied by his mother and brother, Mrs. W. E. Goss and son, Tom, who visited her mother Mrs. C. H. Race in Saranac.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that--

It was a rapid transition from orange groves to snow banks for the Bert Hustons when they returned last week from a several week's jaunt in the south. Bert promptly proved himself mighty handy with the snow shovel in getting dug out round his house . . . While some return, others leave. Mr. and Mrs. George Smith, Jr., and young daughter, Karen, left Monday morning for a two weeks jaunt. Destination: New Orleans. What a trip! The old French quarter, a dinner at Antoine's, the many places of interest to see in the famous old city. And they also plan to see the Evangeline country.

Orchids go to our four cheerleaders Nancy Kipke, Sally Swinton, Sally King and B. J. Cunningham for the wonderful job they are doing at the Tournaments. Let's give a locomotive to these four dynamos of pep . . . The crowd thickens as the basketball tournament goes on. Think what it will be at the end of this week! Weren't our boys just choking Saturday night with that 69-8 score . . .

Carpenters, painters have been busy out at the Ray Hamilton house, building book cases, taking out a partition, redecorating, etc. When Mrs. Hamilton came home from Detroit recently she walked into a badly torn up house, but she said she didn't know when she ever saw such a disorder that made her happier. She has wanted her dining room made into part of the living room for some time and now the transformation has been made . . .

Mrs. Robert Richards, who has been at the Charlevoix hospital with a bad back injury, was able to leave Saturday and is now at home . . . Mrs. George Everts had as her guests on Sunday, her daughter-in-law, Mrs. Floyd Everts of Hazel Park, Mr. and Mrs. Thaddeus Brown of Petoskey and Mr. and Mrs. Leslie Everts and daughter, Donna . . . The Frank Couriers are expected home sometime this week. Mr. and Mrs. Ben Brown are now in Clearwater and will probably stay about a month, getting a rest and plenty of good Florido sunshine, (we hope) . . . It must be a terrific blow to California to have to have Texas oranges shipped into their state for the natives to eat. The drouth there is really a serious problem this year. Wish they had some of Michigan's snow for their dry fields and what wouldn't Californians in the dry sections of the state give for our Lake Charlevoix? . . . What did you feed the birds for their dessert today?

Birthday congratulations to Mrs. W. S. Kibbe who celebrated her "plentieth" birthday Tuesday . . . Dean Davenport did a bang-up good job of piano playing Monday night for the Community Sing at Ladies Night of the Kiwanis Club . . . Have you been seeing "red" these days, too? One surely does when Mike Bice walks down the street wearing his bright red necktie. But, it is a beauty, Mike . . . Understand that Bob McClintock lost some of his shirt tail the other night, but thereby hangs a tale, for in doing so he got his pilot's license. Yes, sir, we have a Flying Doctor in our midst. Congratulations, Bob. Also, you and Gordon Freedman can do a good job of reconnoitering by air.

Personal nomination for one of the smartest looking recreation rooms in town is that of the Floyd Browns in their Hemlocks home. Taking an ugly basement, they had the fun of transforming it into a thing of beauty . . . Gordon Moeller saw a bunch of robbins in his back yard the other day. However they didn't have their snowshoes . . . Paging Bill Wallace's red flannel underwear. Understand that the W. H. Wallaces are due home this week from Texas . . . Joe Foster looks rested and happy from his Texas jaunt.

Word has been received that John Lamphear, 20, is in the St. Mary's Hospitol in Grand Rapids as the result of an accident. His car was struck by a Grand Rapids Motor Coach bus and Lamphear was thrown from his car, receiving scalp cuts and brain concussion . . . Look at your February copy of Better Homes and Gardens to the article plus the glamorous pictures of the article "How to Fit a Garden to a Family." Here you will see a picture of Betty Webb, as she is known to Charlevoix folks. The daughter of the George Webbs, she used to spend her summers

JCC to Sponsor Sports Banquet For City Athletes

A Sports Banquet for for all Charlevoix basketball players, and for juniors and seniors of last fall's championship football squad, is being planned by the Junior Chamber of Commerce.

It will be April 3 in the school gym.

The program will consist of two parts. A noted sports writer is being sought as the after-dinner speaker. Following this the official color movies from the University of Michigan of the Rose Bowl and Illinois games will be shown. Here with them and speaking will be a member of the University coaching staff and a Rose Bowl player.

Charlevoix citizens are being solicited by the JCC members now with tickets, which are limited to 300 for the dinner. Those who wish may take one or more of the independent basketball or school athletes.

The Chamber of Commerce of Boyne City and East Jordan have been invited to bring their school players and attend. Boyne City already has accepted.

The showing of the football pictures after the dinner will be open to the public. Admission will be charged.

City Has Better Queens Than Chicago, Says Capt. Howard

Charlevoix has better queens and better weather than Chicago, but far less people said Capt. Joe Howard on his return from the annual Chicago Tribune Travel, Sports and Boat Show.

Captain Howard was there representing Charlevoix at the West Michigan Tourist and Resort Association booth.

He said that the Venetian Night queens here were far superior to those at the Chicago Show, who relied too heavily on drug store helps.

The weather was bad, with wind, sleet, and snow blocked streets and wild taxi drivers.

But there were lots of folks, altogether some 300,000, who visited the Navy Pier and took in the show. Among those he saw were many summer visitors to Charlevoix. Exhibits were arranged along the four aisles, each one mile long.

"I was convinced of one thing there," said the captain. "If you want to get anywhere in this resort business you've got to advertise."

Foster Boat Co. Introduces Two New Craft at Show

Two new boats developed by the Foster Boat Co. are being introduced to the t rade this winter.

What's more, they met a ready acceptance at the Chicago Boat and Sports Show where they were first shown.

One is a V-bottom plywood row boat, designed primarily for use with an outboard motor. A light craft, it gives surprising speed even with the smaller motors. It will be produced in both the 12 and 14 foot lengths.

The second craft is a 12 foot molded mahogany outboard runabout. Made up and tested last year, it was not produced for the market but will be this year.

The stem and keel are molded directly into the plywood shell, giving much strength with light weight. It is made only of mahogany and finished in the natural red.

Representing the company at the Chicago show were Harry Foster and Clair Webster.

Red Cross Drive Running Far Short Of $1,700 Goal

Contributions to the Red Cross are running far short of the goal of $1700.

City chairman E. D. Hawley reports that only $200 has been turned in so far. Of this $60 has come from the business district, $30 from outside sources, and $100 from the wards.

Two Farm Meetings Planned Next Week

Pickle growers of Charlevoix County will meet with Jack Rose, Specialist of vegetable production, Michigan State College, on Monday at 2:00 p. m., at the Marion Center Hall. All farmers who are interested in raising pickles should plan on attending thisi should plan on attending this

George Parsons, Extension Specialist in Dairying, will be in Charlevoix County March 18 at 2: p. m., in the basement of the Boyne City Library. Mr. Parsons will show colored slides of the bulls that are used in the Artificial Breeding program, and discuss pedigrees and proofs on these bulls. All members of the Association are requested by President Clayton Healey, to attend this meeting.

South Bridge Foundation Being Poured; North Side Ready for Steel Fabricators

Buried now under five feet of solid concrete are the squat looking objects shown above. This picture was taken last week in the south cofferdam of the new bridge. The men are completing the job of welding inch-thick steel platea to the tops of the 207 1-beam piles which form the support of the new bridge. Above them is shown the bottom of the complex heavy wooden framework which holds the cofferdam from collapsing under water pressure. Ice on the far wall was formed by water leaking through the joints of the steel piling.

Fabrication of the steel for the north half of the new bridge can begin anytime now, although the contract does not call for it be started before April 30.

The foundation itself is completed except for two small pours which will be made as soon as the toothed tracks on which the big hascule rolls are received. The steel work will be done by the Mt. Vernon Bridge Co., of Ohio.

Next job which the Lamb-Leudtke Co., has to do on the north side is the combination abutment and retaining wall which will carry the north end of the approach bridge. Resting on creosoted piles which will be driven this week, this abutment also will carry the automatic safety barrier. When the bridge lifts, this barrier swings up out of the pavement and will stop any car from going into the bridge, or channel.

The foundation block has been poured on the south pier and the crew is now at work erecting the complicated wooden forms for the hollow section which comes next.

Rayders Play First Game in Regional Friday, After Winning District Title

Once more Charlevoix basketball players receive a district basketball trophy. Last Saturday at Petoskey Umpire Dickman of Traverse presented the 1948 award to Cliff Lagerman, No. 3. and Dave Hardy, No. 8, co-captains. Looking on and easily identified are Bob Shanahan, Charles Fairbanks, Bill Barber, Don Coney, Bob Carey; Dave Smith and Bill Carey.

Drawing a first round bye, the Charlevoix basketball team next Friday will start its two game drive for the regional championship at Petoskey.

It will play the winner of the Roscommon-Mancelona game. The shedule of the tournament at Petoskey is:

Wednesday

6:30—Bellaire vs. Frecsoil.

7:55—Mackinaw City vs St Bernard.

9:20—Mancelona vs. Roscommon.

Thursday

6:30—Fife Lake vs. Williamsburg.

7:55—Fairview vs. Kingston.

9:20—Petoskey vs. Traverse City.

Friday

5:05—Winners of Fife Lake-Williamsburg vs. Fairview-Kingsley

6:30—Winners of Mackinaw City-St. Bernard vs. Bellaire-Frecsoil.

7:55—St. Anne vs. Benzonia

9:20—Charlevoix vs. winner of Roscommon-Mancelona.

Saturday

6:30—Class D winners of Friday.

7:55—Class C winners of Friday.

9:30—Rogers City vs. Petoskey-Traverse City.

Three places are being considered as sites for the quarter final games on March 17. They are Petoskey, Gaylord and Traverse City. It is possible that all three may be chosen and one of the three games assigned to each.

Each of the three winners Saturday night will meet the final winner in the Upper Peninsula regional.

Then after the quarter final game decides the best team in all Northern Michigan, the victors will go to East Lansing for the semi-finals and finals on March 19 and 20. The opponents there will be decided by drawings.

How About It?

The suggestion has been made by many persons that Charlevoix should declare a business holiday on March 20 if the Red Rayders are one of the two finalists for the state basketball championship.

Stores would close in order to permit all who wished to see the game.

The Courier will welcome all comments and opinions on this so the decision can be announced next week.

Running up one of the most lopsided scores ever made in tournament play in Northern Michigan, the Rayders won the District Championship and trophy Saturday night at Petoskey from Pellston by 69 to 8.

Coach Ray Kipke used almost his entire squad but even the freshmen scored. It was a case of an extraordinary good team clicking and a good team being completely off stride. Pellston did not score a single field goal the entire first half and only two during the game. Charlevoix dropped in 20 and connected for 13 of 24 free throws.

Making it seem stranger was the fact four of the players had had physical troubles. Bill Carey has a cracked bone in his right hand; Dave Hardy had a foreign

Road Commission Asks Supervisors to Probe County Highway Finances and Policies

The Charlevoix County Road Commission wants the Board of Supervisors this spring, or any time it wishes to investigate the Commission's policies, finances and whatever else connected with road matters it feels needs going into.

This decision was reached Monday by the Commission. It came as a result of the petition drafted and now being circulated hy the County Farmers Union which requests the same thing. The Union, in a report submitted by Archie Murphy, its legislative secretary, says that the Commission spends too much money on Me-Nitt Roads for work accomplished and its policies are not for the good of the county.

Monday the Commission said it hopes the Board will find ways to get more for the road dollar. Faced with possible operating deficits, the Commissioners wish someone would come up with some solution like that.

The road men also pointed out that twice a year the State Auditor General's office sends examiners here who make a complete audit of the Commission's books. So far, nothing has been found out of the way.

The books, they state, are public property and are open at any time to any citizen to examine. The annual report, published each year in full, also is available. The next one will be issued before May 30.

Aside from trying to improve those roads which will serve the most people, the Commission said it had one new policy. It is to remove snow traps as much and as fast as finances will permit.

It cited as an example a Marion Township road which last winter had to be plowed steadily. Last summer the banks were graded back. This winter a plow has had to go over it only a couple of times and the grading cost has been partly recovered already.

Councilmen Okay Borrowing of $12,000 by City

Approval of the city's borrowing $12,000 to meet municipal needs during the next five months was voted by four of the Councilmen Monday night at a session of the Council.

The formal motion gave the mayor and clerk authority to negotiate the loan needed at the lowest rate they could get.

The borrowing, according to Mayor Karl Erber, is chiefly the result of last year's $10,000 deficit which was paid off during the current fiscal year. City finances are running about even but the paying of 1946's shortage made the loan necessary.

Neither Alderman Harold Dutcher nor Kenneth McFadden were present at Monday's session. The next regular meeting of the Council will be Monday.

Beach Life Guards Is Goal of Club

Plans for a community campaign to raise funds to hire life guards for Charlevoix's public bathing beaches this summer were initiated by the Congregators at their meeting of March 3.

With a tentative goal of $750, a committee was appointed to contact other local organizations. More definite plans for the drive will be announced later.

With members of the Charlevoix basketball team, cheerleaders and Sour Note Five as their guests, the Congregators held a pep meeting and mock basketball game, complete with yells and school songs. Hosts for the evening were Mr. and Mrs. Ray Kipke, Dr. and Mrs. Robert McClintock, Archie Livingston, Jr., and Miss Leone Courier.

Next meeting is a hard time party on Tuesday with Mr. and Mrs. Robert Miles, Mrs. Vane Smith and Rev. Jackson Turner as hosts.

Miss Hazel Hardacre, child psychologist for the Michigon Children's Fund of Traverse City, is scheduled to speak April 21. Due to general interest expressed in Miss Hardacre's talk, it is planned to make this a public meeting.

Farm Bureau School To Be Here March 18

A training school for Farm Bureau members and officers is being planned for Charlevoix County on March 18.

It will be held in the lunch room of the high school here and will start at 8 p. m. A film, "America the Beautiful" produced by the Treasury Department will be shown first.

Afterward there will be four sectional meetings for presiding officers, discussion leaders, secretaries and for members.

This Thursday will be a district meeting for the Junior Farm Bureau at the Rendezvous in Gaylord. B. F. Hennick, state director of the Junior Bureau work, will be present.

Two More Business Places Remodeled

Two more Charlevoix business places have been having some interior face lifting.

The House of Jewels has a new wrapping counter and desk built in the gift room. Several wall display shelves also hove been added. All are of natural finish wood.

Robert Miles has completed the remodeling of his studio. A new red rubber tile floor has been laid throughout, the wells painted green with woodwork in white enamel.

73 Veterans Sign For On-Job Farm Training Course

Seventy-three Charlevoix county veterans were at the Court House on Tuesday to sign and make application for On-the-Farm training.

Members of the Charlevoix county council which includes Ed F. Rebman, county agricultural agent, Karl Festerling, club agent; John C. Young of Gaylord, Farm Security Administration; C. B. Meggison, Veterans Advisory council; Fred Willis of the Charlevoix Board of Education; and Max Novak, director of the county's only Veterans Institute, assisted by Supt. Roy G. Bennett, met with the men, explained the program and assisted with the applications. The applications will be sent to the State Board of Control for approval and an effort will be made to get the program under way by April 1 or shortly thereafter.

Charlevoix Will Be Host to County Teachers Institute

Charlevoix will be host Wednesday to the teachers of Charlevoix County at a one-day Institute.

Lee M. Thurston of the Department of Public Instruction, and Miss Helen Johnson, supervisor of the Elementary Training School at Central Michigan College will be the speakers. Thurston's topic will be "They Grow Up Only Once."

C. L. Close, county school superintendent, will preside at the meeting which will open at 10 a. m., Wednesday in the high school building. The program will open with a music program directed by C. A. Odmark and followed by a prayer by Rev. W. D. Wood.

Mr. Close will introduce Mr. Thurston. Miss Frances Milner, elementary school principal, will introduce Miss Johnson.

The meeting will be resumed at 1:15 with a brief music program and after the luncheon to be served in the cofeteria. Mr. Thurston's address will be followed by a talk by J. M. Clifford, secretary of the Public School Employees Retirement Fund Board, on "Retirement Facts."

Supt. Roy G. Bennett will be host to the teachers from East Jordan, Boyne City, Boyne Falls as well as Charlevoix and all other county schools.

Public Invited to See Sound Films Sunday

Two sound movies will be shown next Sunday night at the Methodist church at an evening entertainment open to the public.

The occasion is the sub-district rally of the Methodist Young People of Emmet, Charlevoix and Antrim counties. The movies, which will start at 8 p. m., are "One World or None", and "Peace Builders."

The Young Adult Rally will follow immediately after the two pictures. The Congregators have been invited to attend the rally, as well as to see the films.

Masons to Banquet IOOF On March 15

Winning the final match by only one point, the Odd Fellows also captured the 1948 cribbage tourney from the Masons by 1043 points for the season.

They also won last year.

The pay-off supper, given by the losers for the winners will be March 15 at the Masonic Hall at 6:30 p. m.

High scorers for the final game were Ray Ashdon, 954, for the Masons and George Willis, 958.

Bids Asked for Mail Route to Kalkaska

Bids are being asked by the Post Office on a three year contract for carrying the mail between here and Kalkaska.

The contract calls for six trips a week. Forms are available at the Post Office here. George Kleis of Kalkaska has the present contract.

Ye Shall Receive Even As Ye Give

There is a highly pointed letter to this community in The Needle column this week. Although it borders on the humorous in its phrasing, the subject is no joke, son.

Our rural folks like to keep their roadsides clean and respectable—just as we want our streets that way. Not only do they object to the litter, but to the hazard that comes from tin cans, broken bottles and contaminated food that might attract animals or poultry.

Ninety-five percent of our townsfolks are right-thinking, neighborly persons who would not litter roadsides with garbage, and emphatically do not approve of it.

As in many other cases, five percent are different and the 95 are blamed for their misdeeds. Even in this the innocent have to suffer.

The Courier can speak only for itself in this. But it feels that Charlevoix does not approve nor want roadside garbage dumping. (The paper also joyfully will publish the names of all persons who can be shown to have been guilty of this).

The best solution to the problem is municipal garbage collection and disposal. That will end the whole trouble—and do it economically.

It's About Time to Prune

There's a new organization being started whose value to either state or nation appears doubtful. It is the Association of Elected AAA Committeemen.

On the face of it, the AAA Committeemen have just as good a right to organize as have the editors, the Amalgamated Pugilists or the WCTU. But there are a couple of points which make this group different, and probably a liability.

First, it is an organizaton, say what they will to the contrary, which is interested in promoting more bureaucracy.

Second, its by-laws give as its objective: "To preserve and protect . . . the system of elected farmer committee to formulate and administer any and all farm programs."

When you let the meaning soak in, those last nine words cover considerable territory.

On this subject of government bureaus, and payrolls, it is high time this country did a radical about face. We have altogether too many and too much.

The cost per Indian pupil in Federal schools is ten times as much as the pupil cost in similar public schools.

Government spending has gone up 370 percent since 1940. The bulk of this is padded payrolls. (Food increased a mere 50 percent.)

A minor bureau—that of public buildings, costs five times as much as in 1940.

The Veterans Administration asks 7.9 million dollars to print 3,674,000,000 forms. That is 200 for every veteran or 30 for every person in the country.

The Federal government ended the OPA. But the employees merely transferred to other bureaus and continued merrily on the public payroll.

If this government wants to stay solvent—it is time to start cutting down bureaus drastically and thereby leave a few more dollars for the earners to keep, instead of turning them over to the spenders to waste.

THE NEEDLE

Dear Sir:

At the meeting of the Ironton Farm Bureau at the Homer Nasson home last Wednesday the aromatic subject of Garbage was brought up for discussion.

It seems that a considerable amount of garbage and tin cans are being dumped along rural highways. Strange as it may seem to urban dwellers, this practice is looked on with disfavor by the farmers.

The discussion waxed hot and eloquent with one conscientious, God-fearing farmer quoting the Bible about an eye for an eye. Another quoted Shakespeare about fair exchange being no robbery.

It was suggested that NGW (National Garbage Week) be instituted, it then being the duty of every farmer to gather up his garbage and tin cans, bring them to town and dump them along the streets.

It was decided before final action was taken that we find out what opinions the people of Charlevoix might have on the subject, and what action they would prefer to have us take.

Will you please help us determine what the opinions and desires of Charlevoix residents are on this matter.

Sincerely,
Ironton Farm Bureau,
By Arlo Wickersham.

Don't kick the farmer or the food retailer in the pants in all the current discussions regarding high food prices! They aren't responsible for high prices.

Who is? Listen to Paul S. Willis, president of the Grocery Manufacturers of America, Inc. We heard him recently at a newspaper advertising convention in Chicago. Here is an excerpt worthy of careful consideration today, even though there appears to be some current trend toward lower prices:

"When will food prices come done? When all the elements of cost come down. If we wish to send vast quantities of food to the rest of the world . . . and I assume we do . . . then we must accept the inevitable consequent: scarcity and high prices at home.

"If we wish labor to have high wages and shorter hours, to enjoy a higher standard of living, then we must remember that this increases the cost ond we must pay for it.

"If we want the government to engage in the multitudinous activities which it now supports, the nwe must accept that this costs money and means high taxes here, and high taxes mean higher prices. If we want lower prices, the farmer, the manufacturer, the working man, the distributor, the transport industry and the government must put their heads together and see what each is doing, which may be eliminated, what each is charging which may be reduced.

"It is really very simple to figure out why food prices are still comparatively high. The quick answer is that the demand is greater than the supply . . . there are more dollars than there is food. Our own people are bidding for the supply while the whole world is bidding against them. That always makes high prices.

"Another answer is this: Food starts on the farm but before it reaches the homemaker, it passes through many hands and processes. First the manufacturer must buy from the farmers. According to government figures, he had to pay $2.65 in 1947 for farm products that cost him $1 in 1939. He had to pay $1.80 for the same amount of labor which cost him $1 in 1939. At each step the cost of doing business . . . for labor, materials, equipment . . . is up from 75 to 100 per cent."

Are high prices the result of high profits?

Food manufacturers' profit on the sales dollar was 4.6 cents in 1939, 3.9 cents in 1946, and 3.5 cents in 1947. Retailer profits are similar, too, amounting to about 1.5 cents on the dollar. If both the manufacturer's and retailer's profits were wiped out on a can of beans, the consumer saving would be six tenths of a cent.

"What's the answer then?", you ask.

"If the American people really want to help themselves and their country," added Mr. Willis, "then they must discard the philosophy of easy work and easy money, and substitute the hard work and hard money philosophy which enabled our forefathers to build this country to its present strength.

"All of the American people . . . industry, press and public . . . are in this thing together. All segments of our economy are responsible in one way or another for present high prices, and all must work together to bring about the adjustment necessary."

The trouble with this advice is that it's too old-fashioned, it's too sensible.

It's easier to blame the farmer, the food retailer, than yourself.

A Powerful Bird—Is the Log Cock

A wonderful bird is the Pelican . . .

The log cocks (correctly the pileated woodpeeker) out around Oyster Bay not only are wonderful birds, they're also powerful.

In fact, a beaver doesn't have much on them when it comes to making chips. Barney Englehart, the Bay natural history reporter, brought in some chips one of the log cock had dug out of a Norway pine in going after a worm.

The chips are 2¼ inches long and look as though they had been gouged out with a steel punch.

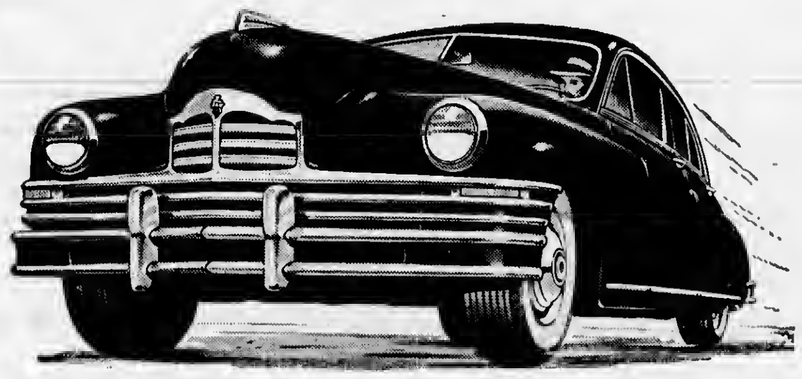
Power story of the year
(told in a whisper!)



Come in and hear how this silent, super-smooth Packard delivers more power . . . with amazing new economy!

PACKARD calls it "Safety-sprint" power . . . and when you drive this great new eight you'll agree—it's *out of this world!*

Here's the biggest news in Packard's 48 years of historic power experience. Here's power to thrill you in three important ways:

New smoothness! Smoother than any of the famous Packards of the past. Reasons? Slower piston speeds . . . streamlined fuel distribution.

New responsiveness! Instant-responsive reserve power that breezes you around other cars, fast highway trucks and busses . . . into the clear.

New economy! Result of new "free-breathing" design and higher compression ratios. Here's new efficiency that means *more power per gallon*—efficiency that gives you *up to 10% more economy!*

Don't miss seeing the most efficient Packard ever built! Visit your Packard dealer now!

State Report Says County Needs 5½ Millions for Roads

Nearly 540 miles of county roads, city streets and state trunk highways in Charlevoix county are dangerous, congested or otherwise unfit to meet present traffic demands and should be improved at a cost of $5,525,820, the Michigan Highway Study revealed recently.

The needs were among those listed by cities and villages representing 87 percent of the urban population, by all of the 83 counties and by the state highway department for roads and streets under their respective jurisdiction. After screening by impartial engineers, the individual requirements were made the basis for the general report on Highway Needs in Michigan.

The study committee pointed out that only the absolute minimum needs are included in the figures and recommended that they be met during the next 12 or 15 years.

Needed improvements on county roads are estimated to cost $2,563,300, including $59,600 for reconstruction of three bridges; $1,453,700 for modernizing 148 of the 204 miles of Class B (primary) roads and $1,050,000 for improving 335 of the 536 miles of Class C (local) roads.

Fifty six miles of the Class B roads would be treated with a heavy black top, seven miles would be given a light blacktop surface and the remainder of both B and C deficient miles would be graveled.

On the state and U. S. trunk system in Charlevoix county it was found that 37 miles are deficient and should be modernized at a cost of $2,145,800, including $65,000 for two bridges. These needs were itemized as follows:

U. S. 31-1 Charlevoix to east county line, 7.6 miles, high type two lane, $402,000; Charlevoix to south county line, 10.2 miles, high type two lane, $760,000. M-32 East Jordan to south county line, four miles, intermediate type surfacing, $199,800. M-75 North junction with U. S. 31 to South Junction with U. S. 31, 10.3 miles, intermediate type, $412,000.

U. S. 131 Boyne Falls to south county line, 3.5 miles, high type two lane, $240.000. M-66 East Jordan to south county line, 2 miles, intermediate, $67,000.

Australian Admires Looks of Charlevoix

Charlevoix's appearance, as shown in pictures, has won it an admirer in Sidney, Australia.

During the war Maurice Dixon became acquainted with a Sydney newspaperman, John M. Cosack, employed on the Sun there. Last week the Dixons received an airmail letter from him, thanking them for the picture of Charlevoix. Parts of the letter were:

"I was struck with the beauty of your town, as judged from the aerial photo, and presume that you have the facilities for surfing as we have here. I intend to look it up on the map and study its characteristics. It reminds me of a town where I was billeted for some time in World War 1, Charlaroi.

Speaking of conditions there he writes: " . . . the impact of rising living costs has hit people pretty hard, so much so that wage increases have not been a satisfactory set off. Still, there is much to be thankful for."

• Mrs. C. R. Munyon of Route One returned Thursday from Long Beach, Calif., where she spent the winter. She says she is glad to be back.

BABY TALK

Births registered at the Charlevoix Hospital recently include:

A daughter, Pamela Jane, born to Mr. and Mrs. E. James Hilier on March 3.

A son, born to Mr. and Mrs. Harry Stewart on March 4.

A daughter, born to Mr. and Mrs. Henry Supernaw on March 8.

A daughter, Bonnie Kaye, born to Mr. and Mrs. Albert L. Omland of East Jordan on March 7.

A son born to Mr. and Mrs. Vernon LaFreniere of St. James on March 9.

Mrs. Edwin Cluff of Cheboygan is spending several days with her brother and sister-in-law, Dr. and Mrs. F. F. McMillan, enroute to Chicago. Guests at the McMillan home on Sunday were Mrs. McMillan's brother and sister-in-law, Mr. and Mrs. Fred Dagwell also of Cheboygan.

Brownie Troop 7 met Monday evening. Two Senior Girl Scouts, Freda and Virginia Taylor, read us a story and then we sang songs. We had two visitors, Nancy Taylor and Mary Burke.

body in his eye; Ross Case and Pat Martin had been ill.

In only one particular did the boys fail to show up well. Their long shots did not click; only when they worked the ball up to the basket could they score regularly.

Bob Carey repeatedly during the game refused easy shots in order to feed the ball to other players so they could try for the points.

After the game Diekman, umpire from Traverse City, presented the trophy to Cliff Lagerman and Dave Hardy.

Getting off to a phenominally slow start for them, the Rayders last Thursday night took the first game of the elimination series, 49 to 28, from Harbor Springs.

The Rams did the scoring during the first three minutes of play but the quarter ended with Charlevoix leading 10 to 4. The second period saw some fine razzle-dazzle playing by the Rayders but the boys still had difficulty hitting the basket.

The Charlevoix Band played during the game and was announced and complimented over the public address system. Between halves Joan Stevens and Jackie Louiselle put on a baton act.

Farm Reports Given Ironton Farm Bureau

Twenty-two members and 2 visitors attended the regular meeting last Wednesday of the Ironton Farm Bureau at the Homer Nasson home.

With Arlo Wickersham presiding, Leonard Babel reported on the progress of the Soil Conservation District program. Mr. Wickersham told about prospects for a poultry dressing plant for the area. Charles Mascho announced the Farm Bureau training school at Charlevoix March 18. He also explained the Blue Cross insurance plan.

Considerable discussion took place over dumping of garbage by the roadside.

The next meeting will be at the Wickersham home in Charlevoix, April 14.

Ice Worse for Carey Than Athletics

It took a little piece of icy walk at Dearborn to do to Chuck Carey what all his school athletics never could—put him on crutches.

Last week Mr. and Mrs. Carey were in Detroit attending the state shoe show. Sunday night at Dearborn he slipped on that ice, spraining his ankle.

He's now at home. The big worry was that he would not be able to go to the tournaments. But brother Keith, who has had experience with injured legs, loaned him a pair of crutches and showed him how to use them.

Record High Here Last Thursday

Charlevoix was in a high pressure area last Thursday with the barometer at the Coast Guard Station registering 30.25.

Although no past records were available at the station it was the highest barometric pressure in the memory of several lighthouse keepers and coastguardsmen here.

The lowest reading in recent years was believed to be during the Armistice Day storm, in 1940.

Clearwater Sees Charlevoix Pictures

Charlevoix received some colorful publicity down at Clearwater, Fla., Saturday evening when colored pictures of Stella M. Kovar were shown at the meeting of the Jaycee Beach Club.

The picture showed Miss Kovar, daughter of Mr. and Mrs. Thomas Kovar, modeling a native Czechoslovakia gown.

Mrs. Knight Gives Party for Daughter

Mrs. John Knight entertained with a party at her home Monday evening honoring her daughter, Melinda McEvoy's eighth birthday anniversary.

Little guests gathered for games and dinner served at a table decorated with colorful favors. A feature of the refreshments was a lighted birthday cake. Later they attended the movie.

Guests were Susie and Carol Duerr, Bonnie Brian, Carol and Jill Cross, Mary Berg, Madelyn Rabach, and Joan Geer.

• Mrs. F. W. Young, Jr. left Tuesday for Detroit to join Dr. Young who was called there by the death of his father, Dr. F. W. Young, Sr. They plan to return Thursday.

Jack Niswander's name was unintentionally omitted last week from the list of boys in the Eagle patrol of the Boy Scouts.

Two Girls Given First Nurse Caps

Camille Geneit, who has completed her basic training at the Sparrow Hospital, Lansing, received her cap at a special capping ceremony at the Nurses Home on Tuesday evening.

Her mother, Mrs. Grace Geneit and Will Peterson attended the ceremony.

Evaline Sippel, daughter of Mrs. Marguerite Sippel, also was capped in a similar ceremony Feb. 15 at the St. Lawrence Hospital in Lansing where she has been a freshman student nurse.

Mysterious "Star" Appears In West

There was something mysterious going on in the western sky Friday about 10:15 p. m.

Mr. and Mrs. Gordon Freedman first reported seeing it, apparently out beyond South Point. It looked like a big star, first white, then green, then red. It finally dropped down, apparently into the lake.

A flyer himself, Mr. Freedman said it did not look like a plane's lights, having more the brilliance and flash of a star.

IN MEMORIAM

In memory of Charles E. Fox, or Norwood, who passed away two years ago the fourteenth. A better father, a better husband and a better friend than any one ever had.

His Family.

CARD OF THANKS

We wish to extend our many thanks and appreciation for the acts of kindness, messages of sympathy, and beautiful floral offerings received from our kind friends, neighbors and relatives during the recent illness and death of our husband and father.

We also wish to thank the See Funeral Home, the pallbearers, Mr. and Mrs. Dalton Robins and the Rev. G. Howell for his comforting words.

Mrs. W. T. Driggett and family.

CARD OF THANKS

We wish to express our sincere and heartfelt thanks to all our relatives, friends, and especially to the members of the American Legion, who so beautifully performed their rituals with kindness and sympathy, at the depot and burial service of our beloved son and brother, Pfc. Henry Jansen

We wish to thank Grant Hastings for his services, Rev. G. A. Lyzenga for his words of comfort, the male quartette and organist for their music, the pallbearers, the village merchants who sent the beautiful flowers, and all who helped in any way

Mr. and Mrs. John Jansen,
Mr. and Mrs. Fred VanStedum,
Mr. and Mrs. Harold Jansen and family,
Wilfred Jansen

Grange Backs Plan For Investigation Of Road Commission

An investigation of Highway Commission policies and finances was asked by the Charlevoix Pomona Grange Feb. 28 when the meeting endorsed a resolution presented to it by the County Farmers Union.

Archie Murphy, of East Jordan and legislative secretary of the Union, presented the resolution, explained the stand of his organization. Action of the Grange followed.

The matter of selling beer at the Fair Grounds was brought up. Ed Rebman, county agent, pointed out that only financial necessity forced the Board to allow the sale. He explained that if Charlevoix farmers supported their fair the beer sale would not be held.

The next monthly meeting will be needed.

The meeting was held at the Peninsula Grange.

Austrian Boy Writes Thanks for Red Cross Gifts

The children of the Charlevoix Elementary schools, all members of the Junior Red Cross, received a letter from a child in Austria recentiy thanking them for the boxes they packed and sent to the children of Europe as one of their projects last year.

Twelve-year old Rudolph Wolfbauer of Spital a/Semmering, Steiermark, Austria, has written the following letter to the school children here:

My dear "Red Cross" Friends:

Have many, many thanks for the beautiful presents. I can the presents very good want. I have many joy.

We are no good. I am twelve years old and have three sisters. My youngest sister is six years old. My brother is through the war dead. Pleose write me once too. I speak English no well.

Have many, many thanks.

Yours sincerely,
Rudolph Wolfbauer.

Also included in the letter sent to Mrs. Mary Cooper, who was chairman of the project, was a note from the lad's mother, written in Austrian and translated for Mrs. Cooper by Mrs. Otto Krueger. It reads in part:

"... I, too, convey my heartfelt thanks for the lovely gifts you sent. It is so dear of you that you have collected for the Osterreich children those lovely gifts. For each gift I thank you once more.

"We are not in good condition because through the war we have lost our business."

Food Scarcity, Rationing, Crop Failure Chief Problems In Pre-Red Czecho-Slovakia

The living conditions and the hardships endured by the people of Czechoslovakia have been revealed in a letter to friends here written by Mr and Mrs. Stanley Jancha, who left last November to visit relatives in Prague and in the province of Movaria in the 'old country'. The letters were written before the Russian coup and follow in part:

December, 1948

We hoven't seen many signs of the last war (in Prague) except pockmarks of bullets on most buildings or a little sign or cross here and there on the walls with fresh flowers where someone lost in life in the uprising against the Germans in May, 1045.

As you know, this is a rich agricultural country but the dry weather last summer is causing all the hardships now. The farmers just finished drilling wheat and rye. This is rother late but the soil was so dry even three weeks agn that it was impossible to work the fields. Luckily they are now receiving shipments of wheat, rye and corn from Russia and Rumania.

It's hard to believe to what extent the Germans robbed this country. They took all the gold, flooded the country with worthless paper money and bought everything out of the stores with the same money.

After the Germans were driven out there was nothing left—no food, clothing, raw materials or machinery. It's surprising to what extent the Czechs have recovered their national economy. If it hadn't been for this year's poor crop (25% of normal) they would have had plenty to eat.

The trains run slower than in the U. S. but are on time, which is surprising when one remembers that they had to rebuild all their bridges and repair most of the tracks.

The heavy and textile industries produce over 100% of their prewar output but they have to export most of it to get food. That is why the population has to go without cars, electric appliances and even clothing which is rationed.

Feb. 13, 1948

To give you an idea of the food rationing here, I'll list the amount of food a person gets in one month: 3 lbs. meat, 4½ oz. lard, 5 oz artificial fat, 0 lbs. wheat flour or baked goods, 5½ lbs. rye bread, 3½ oz. coffee or tea but there never is any; milk only for children and old people over 55 and sick. The amount is so small that it doesn't matter anyway. Butter is the same. One is allowed four eggs a month but there haven't been any for two months.

Vegetables and fruit are rationed also but the omount is very small and as a rule there aren't any. Once in a while there are some carrots or root celery in the black market. There are some frozen vegetables once in a while and some canned vegetables in vinegar, free of rationing.

It keeps an average housekeeper going to find enough food for the family. It's almost impossible to live on the rations so the people are forced to buy in the black market at fancy prices.

Of all the rationed food, sugar is the most plentiful—3 lbs. a month. We do get a few potatoes but they are little things and mostly rotten. Clothing is rationed so close that some people haven't had any new clothing in years. Tobacco, cigars, cigarettes, gasoline and tires are also rationed. In fact, it would be easier to mention the goods that aren't rationed.

We consider ourselves lucky that we sent so much food and clothing to Prague before we left. Besides we are getting some food from our relatives in Moravia.

The average person here is grateful to the U. S. for the help sent here the first year after the war but of course that is all gone now. The dry goods and machinery they do export is in exchange for food. The Czech currency is worthless outside the country so they have to export to get dollars or sterling.

New Bookkeeping Machine Installed

Making for faster work, a new bookkeeping machine has been installed by the Charlevoix State Savings Bank.

Made by Burroughs, the machine posts the daily entries, adds and substracts the entries, and runs the totals on the day's business.

Performng more operations automatically than the machine it replaces, it saves time for the bank bookkeepers.

Air In Radiators

A new push button air vent makes the liminetion of air from radiators as simple and easy as ringing a doorbell. When the button is pushed, the air is deflected downward through a small hole in the side of the vent.

From where I sit ... *by* Joe Marsh

Ben's Bride Gets Chickenhearted

Ilen Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasta.

Then came market time for fryers—and the crisis! Sue simply wouldn't let Ben near her chickens with an axe. She'd raised them as bebes ... she'd named them ... they were her very own!

Ben poured himself a glass of beer, to think things over sensibly. He hated to lose the price on fryers ... but he figured Sue had put up with *his* peculiarities, he guessed he could put up with her fondness for the chickens.

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marrieges, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a crisp wing and a glass of beer.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

With St. Patrick's Day near at hand, Irish melodies are being rehearsed and the Islanders are getting ready for "The Wearin' of the Green". Sure, every Irishman must have a bit of emerald, be it ever so small on Patrick's Day.

The early Irish loved Beaver Island because it was so much like the old country. In Ireland there are no snakes, thanks to St. Patrick. On Beaver Island, there are no rats and no poisonous snakes, which is indeed a blessing.

On Sunday, March 14, St. Patrick's Day will be celebrated a few days in advance with a dinner at the Parish Hall under the auspices of the Altar Society. Mrs. Edwin McCann, president, is acting as general chairman. Following the dinner, a program of Irish songs will be given by members of St. James School Glee Club.

Mrs. Vernon LaFreniere left Wednesday with her small son, Leon, who has been ill for a week or more. Leon was taken to the Munson Hospital, Traverse City, for examination and tests. While awaiting results, Leon and his mother are visiting Mr. and Mrs. Erwin Belfy, Charlevoix.

Lawrence Malloy attended the funeral of W. T. Driggett, Charlevoix. He returned to the Island Wednesday.

Ed Burke left Monday for Little Traverse Hospital, Petoskey, for medical treatment.

Jack Connaghan left Monday after a visit of several weeks on the Island.

Mrs. Victoria Dudley, who has been visiting her parents since the Christmas holidays, has returned to her home in Seattle, Wash.

Roger Carlisle left the Island Thursday morning for his home in Indianapolis. Accompaning Carlisle as far as Chicago were Johnny Andy Gallagher and Joan Spalding.

The little chick-a-dees, nuthatches and woodpeckers have been conspicious by their absence along the harbor during the winter months. Evidently the severe cold and strong winds have kept them in the more wooded section. Fred Spalding, who has a number of feeding stations in the trees around his home, reports having the usual variety of winter birds.

Buster Elms came up from Ann Arbor to visit his family during the week.

Elston Pischner, undismayed by his recent experience, crossed the ice to Garden Island Saturday to round up his three horses. This trip was not made by truck, however, but with the use of horse and sleigh.

One hears of allergies of every description. Father Fabain has an unusual case. He is allergic to the east wind. Invariably, he develops laryngitis. This happened last week. A few days later, he developed the flu.

Mr. and Mrs. Lloyd McDonough returned Saturday afternoon from Grand Rapids.

The ice is still solid in the harbor. Through out Sunday snow fell, a soft beautiful snow. Mr. and Mrs. Paul Heflin should see their summer home just once after a soft snowfall. It is a beautiful sight.

Dick LaFreniere has had some thrilling rides lately with Cliff Paulsen of Petoskey, who has hopped across the lake in a speedy Cessna several times lately.

A couple of weeks ago, Dick and Cliff took off from the Island for a look around the surrounding Islands. Over High Island, they spotted a bunch of wild horses, left there by the Indians to roam. The roar of the plane's motor sent them into a wild tear, according to Dick. Thursday, Paulsen returned, and again he and Dick took off for a ride. Over the harbor the pilot and passenger gave an exhibition of stunt flying including four complete loop-the-loops, some fancy banking and a breathless tail spin. Back over High Island they spied a coyote in a clearing and gave the animal a merry chase.

NOT WHEN YOU TRAVEL GREYHOUND!

It didn't cost much back in the depression year of 1933 to travel by automobile. But times have changed. Today, prices of automobiles, automotive products, gasoline, service and parking have spiraled through the ceiling, *but not Greyhound fares.* They're lower than they were in 1933 despite increased costs of new buses, terminals, supplies and operating overhead. Now, as never before, you enjoy more luxurious comfort and save more travel money when you travel by Greyhound.

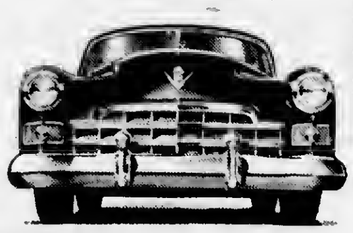
Cadillac

PRESENTS

THE *New* STANDARD OF THE WORLD!

White Sidewall Tires available at additional cost.

Today, the world has a new standard by which to measure motor cars. For Cadillac has taken a great stride forward —one of the greatest, perhaps, in its entire history of automotive pioneering. As is always the case when a new Cadillac is introduced, the advancement embraces every phase of automotive goodness. The exterior appearance is *wholly* new, and represents the soundest principles developed in years of research. Interior design and finish are a complete departure, and add immeasurably to comfort, beauty and convenience. Performance is finer in every way, for the great Cadillac chassis and engine have been thoroughly refined. And vital improvements in factory equipment have raised even Cadillac's high standards of manufacturing. In fact, *all* the attributes which have contributed to Cadillac's reputation as the world's premier motor car have been made more pronounced. Regardless of the price class from which you expect to select your next car, you are cordially invited to view the new Cadillac—now on display in our showrooms. When the standard of the automotive world has been so decidedly raised, it should be of interest to everyone.



Cadillac's basic characteristics of design are fully apparent in the front view of the 1948 model. Bumper and grille are even more massive. The symbolic V ornament and crest have been pleasingly refined to harmonize with new, low hood lines.

Viewed from the rear, the 1948 Cadillac shows a complete departure in design. The full-width rear window improves appearance and safety. Smart "rudder-type" fenders, protected by sturdy bumper uprights, give an appropriate touch of fleetness. Note the wide, low rear deck.

Music Students from Here to Compete In First Solo, Ensemble Contest Ever Held In District

Eleven Charlevoix high school music students will gn to Alanson on Saturday to attend the Solo and Ensemble Festival for district No. 2, C. A. Odmark, band director, has announced.

They will play for ratings in the first festival of its kind in this district sponsored by the Band and Orchestra Association.

The eleven are: Barbara Biee and Dudley Towe, entered in the Junior high division, who will play a flute duet, accompanied at the piano by Shirley Saurl; a clarinet quartette composed of Sally Swinton, Sue Miles, Shirley Smith and Marge Brow; saxophone quartette composed of Nancy Kipke, Joyee Paul, June Guild and Marilyn Blissett; clarinet solo, Dwight Smith, accompanied by his mother, Mrs. Joseph Smith.

Schools entered in the contest which will be held at the Alanson high school at 10:30 a. m., and run through the afternoon are Traverse City, Elk Rapids, Boyne City, East Jordan, Petoskey, Alanson, Pellston, Charlevoix and possibly Galyord.

Max Smith of Petoskey is president of the District Band and Orchestra Association; Jerry Martin of Elk Rapids is secretary and Mr. Odmark, treasurer.

Other musical events in which the Charlevoix band under Mr. Odmark's direction will participate this spring will be the District Qualifying Contest for bands and orchestras at Traverse City on April 2 at which the first division winners of the Festival on Saturday will give a special evening program.

On May 13 the annual Band Festival will be held in Charlevoix with eight bands taking part. A second festival, to include the other schools in the district, will be held at East Jordan on May 14. The large festival has been divided intu two sections for no high schoul in the district had a place large enough to serve the 16 schools.

Kiwanis Governor Addresses Club Here On Ladies Night

Portrait sketches of a half dozen Kiwanians and a brief talk, both by District Gov. James Morrison of the Soo, formed the program at the Ladies Night of the Kiwanis Club Monday.

Governor Morrison, in his introduction, pointed out this still is a young country "We have not even begun to live," were his words. Our population has doubled in 50 years, and in that time one man with a single idea did more to revolutionize our way of life than any other. The man was Henry Ford with cheap transportation.

There is more opportunity today for young folks than ever before, he declared, if they have ideas and are willing to work them out.

Charles Morrison, lieutenant-governor from Cheboygan, presented the division's traveling gavel to President Howard Brumm.

Community singing was led by Clarence Odmark. The Eastern Stars served the Swiss steak dinner.

We were reading the other night about the Lorado Taft family who spent their summer vacations in Wisconsin at a little lake. Each evening the family gathered to watch the sunset colors over the water. One day a girl who helped them with the work and who lived in the village said, "May I go and get my father and mother to watch the sunset, too?" "Why, of course, but don't they often see the sunset over the lake?" "No," she replied, "we never noticed the sunset 'till you came."

During the Derby folks were milling around watching the Scouts, taking some hikes through the trails on their own, trying out Mt. McSauba. Suddenly one of the gals said, "Why don't we do this more often. It gets tight knots out of a person and cleans out some cobwebs in our brains. Why folks come hundreds of miles to do these very things, and spend a lot of money. Here it is right at our front door and how many of us in Charlevoix are taking advantage of this glorious opportunity winter affords?" Well, why don't we, instead of sitting in our chimney corners and grumbling? It was the truth and it hit between the eyes.

Think the unsung heroes of town during the months of January and February have been the plumbers. Just how many times have you called them to come and fix frozen pipes, ete?

Jury Frees Haddix On Forgery Charge

A jury of eleven men and one woman found William Haddix of Boyne City, not guilty of a forgery charge in circuit court here last Wednesday

Haddix had been charged with forging his signature to an A.D.C. check for $58.30

At the trial he was represented by E. K. Reuling of East Jordan, who was appointed by the court. C. M. Biee represented the county as prosecutor. Judge Charles L. Brown presided.

Robert Bradfield, also of Boyne City, who was returned from Arizona in February on a charge of non-support, was released on his own bond. Sentenee was deferred until May.

Rayders Win In First State Round

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

Is it possible that next Sundsy is Palm Sunday and then comes Easter? The summer folks will be coming before long.

A fellow in the office the other day said they were hoving quite an argument in their family. The big question of the hour was: Will the jalopy get two new rear tires or will mother take that money and invest in a new look outfit for herself. Time will soon tell who won.

Comm. Edward Shanahan arrived from Washington Saturday and was one of the spectators at the basket ball game when Charlevoix played St. Ann, winning the regional cup. And it was one of the first times Bob, his son, did not get to play. Tough luck, Commander! . . . Orchids go to Lillian Swinton for raising a hullaballoo Saturday night in Petoskey in seeing to it that the cheer leaders for Charlevoix teams got in the gym.

Certainly do like a print dress that Minnie Wood wears these days. The print is pussy willow.

When folks will stand three and four hours outside a gymnasium door, unable to see a game and jammed together, that's sign of real school loyalty. That was the situation Saturday night when many a student, as well as parents stood in the hall waiting to hear someone nearer the door say, "Bill just made a basket."

Marion Benninghoff and Annabelle Hiller of Ann Arbor spent the week-end with their respective families . . . Birthday congratulations to Betty McClintock and Margaret Bowmsn . . . Mrs. Bowman was in Harbor Springs for three days last week helping her husband during the shoe sale at the Harbor Store.

"Hooray, spring's come," said the gals, when Dorothy Southwood walked into the Chotterbox Tuesday noon. "She's got on her tan polo coat instead of her fur coat." So glad to hear that Mrs. Arthur Fitch is much better and was able to be brought home from the hospital this week. Mrs. Ralph Shetterly entertained the teachers at her home Saturday afternoon at tea and played her new electric Hammond organ for them, . . . Our hat's off to Coach Ray Kipke these tournament days, keeping a cool head during so much tension. . . A famous sentence of the week was uttered by two national figures when President Truman said he "will run" and General McArthur said he "would run." There's a difference. . . Dr. Lyle Ance of Detroit spent the week-end in Charlevoix.

Janet Livingston left this week for Pontiac where she will spend a week with her sister, Mrs. Ralph Hahn, and children while Mr. Hahn is in Chicago. While Mrs. Nellie Smith hos been in poor health for some time, yet her death was most sudden. She had just finished eating her evening meal Mondsy evening, when she dropped her head and in a couple of minutes had passed on. . . Wonder how many folks remember Crane's Dry Goods Store.

Clarke Bergeon who is a member of the 328 Army Band ot Fort Hamilton (just 20 minutes from Times Square by subway) is really having a wonderful time The Army band plays for departing and incoming ships. One day last week the band plsyed for s dedication of a ship and Clarke wrote that "there was on awful lot of brass there. There was even an admiral." They had to play while the officers went up the gang plank and he said, "I'm afraid the navy is real mad at us. We gave the admiral only two ruffles and flourishes and we should have given him four." Any way, Clarke has been going on a musical binge in Ney York. He spends his money going in to hear big name bands and concerts and his letters list all the wonderful talent he has heard. It's o glorious musical experience for him, and to think he got his start playing in the High School band in Charlevoix.

City Will Ask State for Wide Paving on 31

City and not rural type paving on US 31 within the city limits was urged on the Council Monday night by representatives of property owners along Petoskey avenue.

A formal petition was presented by Gregory A. Shodko for the group.

The petition asks the city to try to have the state put in 38 foot paving with curb and gutter between Meech and Mercer Boulevard. As planned now the state expects to repave Petoskey avenue from Michigan on east. To Meech street there will be 38 foot paving but from there on only 22 with open, graded ditches.

The Council oeccepted the petition and will take the matter up with Lansing.

The aldermen also approved the Congregators' proposed life guard program.

Not because of anything against the applicant, but because public sentiment is against another liquor outlet, the Council turned down Harry Gebeau's request for an SDD license.

Mayor Carl Erber and Alderman Kenneth McFadden were not present.

Mr, Mrs. Baker Lease Chatterbox From Norman Houck

Starting Monday, the Chatterbox was under new msnagement.

Mr. and Mrs. Pete Baker took it over then from Mr. and Mrs. Norman Houck, who have operated it for the last 15 months.

Both Mr. and Mrs. Baker are experieneed cooks. In former years she has cooked at various hotels here and for a time ran the Bartlett.

The Houcks plan to continue to live here but have made no definite plans for the future.

U of M Star Will Attend Sports Feed

Tickets for the first annuol Sports Banquet, sponsored by the Junior Chamber of Commerce on April 3, are now being sold by members of the club.

The banquet is in honor of town and school athletes. Boyne City is sending a delegation of 70.

Mrs. Bert Huston, who was in charge of meals for 1100 ot the University of Washington, will plan and serve the dinner in the school gym. On the progrom will be Bill Pritula, star defense man on the U of M team, Victor Heyliger of the University'a coaching staff and some sports writer or announcer.

After that the Rose Bowl and Illinois color movies will be shown.

Dedication of Church Will Be Held Sunday

Rev. Chorles W. H. Scott, district superintendent of the Assemblies of God, will be in Charlevoix this Saturday and Sunday evenings.

While here he will hold special dedication services Sunday afternoon of the new church at 603 Bridge street.

JCC to Give Hams at Game Party

The Junior Chamber of Commerce will sponsor a games party open to the public at the VFW Hall March 23.

Hams will be given away.

The talk by City Supt. A. G. Leitch on civic affairs, scheduled for Thursday night, has been postponed. He was called to Toledo to watch the test of the new power unit.

Red Cross Drive Still Lags Badly

Red Cross collections still log for behind.

With a $1700 goal, only $700 has been turned in so far to Chairman E. D. Hawley.

Yea Charlevoix! The substitutes and a few front line fans rush the playing floor Saturday night after the victory over Ste. Anne's of Alpena in the final regional game at Petoskey to cheer both teams.

Noon Meetings Planned for Men

Holy Week starts Sundoy and Chorlevoix will commence its traditional observance of the religious time Monday.

Chief special event during the week will be the Men's Noontime luncheons in the Baptist Church, sponsored by the Ministerial Association. They will be held Monday, Tuesday, Wednesday, ond Thursday at 12 noon. The meeting will adjourn at 1 p.m. sharp

The program will consist of the luncheon served by the Baptist Ladies, a short devotional service, and a brief Lenten talk by one of the pastors. Laymen will conduct the devotionals.

In announeing the series, the Association stressed the fact that men are invited to come in their work clothes. Because of the short time and the noon hour, it is realized that there is no time for many to go home and dress up.

On Good Friday the service will hegin at 1 p.m. and will continue until 3. The period is divided into four parts, one of the churches having charge of each. The offering will apply on the cost of furnishing a room in the new hospitol. The Good Friday service will be in the Baptist Church.

State Director Explains Radio Ban

Much has been said this week obout the ban on broadcasting of high school basketboll games.

A telephone call to Charles E. Forsythe, State Director of High School Athletics at Lansing, brought his explonation.

Broadcasts are ollowed upon payment of a $100 fee. The State Athletic Board put this rule into effect for all contests under its control. No exceptions are made.

The theory is that hy simultoneous description of the event, radio becomes a competitor. As the bosketball series costs opproximately $100,000, the Board feels a fee is justified.

In this, it says it is only following the rule of baseboll, college football and other sports events.

Forsythe explained that he is allowed no discretion. Being only an administrative employee of the state Counell, he must corry out its policies.

WCTU Supports Plan For Lifeguard Here

The W. C. T. U. met ot the City holl Friday afternoon with Mrs. Guy Smith presiding in the obsence of other officers. Mrs. Lena Swanson led the devotions ond Mrs. Jane Feidler had the lesson on "Sobriety as o safe guard—business, industrial and tronsportation."

The group went on record as supporting the drive for funds for lifeguards on the Charlevoix beaches ond voted to make a contribution to the fund.

Zone Change Is Proposed on Bridge Street

Sometimes in the past when a district in Charlevoix hos been changed from one zone to another, there have been complaints afterward by persons whose property was affected.

The plaint usually has been that the individuol did not realize what the change meant ond how it would affect him. To help avoid this, The Courier below gives a summary of the provisions of the zoning ordinance on Residential II and Commercial I. This is the change which is being proposed for the area on Bridge street south of Lincoln.

A hearing on changing the zoning of this section will be held by the City Council on March 29 at 8 p.m. in the City Hall.

Most of this section now is classified os Residential District II. In this residences are permitted as are two-family and multi-family dwellings. Churches, schools, hospitals and other similiar non-commercial uses oro approved also.

Height is limited to two and a half stories, or 35 feet. Hotels moy be built higher.

No dwelling may be built on

Rites for Mrs. Smith Will Be Thursday

Mrs. Nellie J. Smith, 67, resident here for 48 yeors, died unexpectedly at her home early Mondoy evening ofter being in ill heolth for some time.

Born in Canado Feb. 11, 1881, she came to Bellaire with her parents when only three weeks. That was her home until 1000, when she came to Charlevoix.

She is survived by one daughter, Mrs. John Gallagher nf this city; a sister, Mrs. Sarah Weatter of Mancelona; two brothers, Frank Smith of Belloire and Walter of Charlevoix; two grand children and one great grondchild.

Funeral services will be held at the See Funeral Home at 2 p. m. Thursday, with Rev. W. D. Wood officiating. Buriol will be in Brookside cemetery.

Music Students, Band to Go to Traverse

The school band and winners in the Alanson District music contest of last Saturdoy will go to Troverse City April 2 for the State Qualifying Festival.

The Alanson contest was Saturdoy. Dwight Smith, accompanied by his mother, Mrs. Joe Smith, earned o 1-minus rating for o clarinet solo. One is the highest mark and five the low.

The soxophone quartette composed of Noncy Kipke, Joyce Paul, June Guild and Marilyn Blissett were given o 2 plus rating. The junior high entrants, Barbora Bice and Dudley Towe, accompanied by Mrs. Larry Towe, received a 3 plus for their flute duet.

Council Boosts Electric Rate

Effective at once, Charlevoix citizens will begin paying more for the electricity they use.

Monday night the City Council approved a resolution increasing the rates. The vote was four to one in favor, Alderman Horold Dutcher voting no. Alderman Kenneth McFadden, who has spoken against any change, was not present.

At the meeting were a dozen citizens, mostly members of the Junior Chamber of Commeree. They asked questions, made comparisons with other towns and gave the Councilmen opportunity to explain why the increose was mode and the reasoning back of the various changes.

Although the rate change was adopted to become effective as of March 16, no bills will be figured on the increased rate until April 1. Electrie bills for the rest of March will be computed at the rate which has been in effect since June 1, 1942.

The new rates are shown in detail in the Council proceedings The particular changes from the former rate are:

Household Rate

Stays the some for the first 60 kilowatt hours. The next 40 kwh cost 1½ cents more, or an added total of 60 cents on tho bill. Otherwise the rate is the same.

For those using current six months or less, the only change is in the first step. It formerly was 9 cents for the first 10 kwh. Now it is 9 cents for the first

"Got a Ticket?" Is Cry This Week

Ticket, ticket, who's got a ticket wos the standard query since Monday morning when it beeame known that Charlevoix would play Wednesday at Petoskey.

Charlevoix was sent 125 reserved seats. Ontonagon got the same, and the Class D schools had 125 between them. Petoskey was ollowed 70.

By Monday noon orders for 500 tickets had piled up ot the school office. Monday night the Board and Supt. Roy Bennett worked out an assignment plan.

Families of players got first chance; then o few faculty members, and the rest to townspeople on the list.

Supt. Bennett pointed out the difference between last year. At Big Rapids there were no reserved seats, the game was 100 miles awoy, and dozens of fons left early but were able to get seats. This is the first time that the MHSAA has allowed quarter final games to be ployed this far North.

For those unable to go, the Michigon Broadcasting System sent a play by ploy description of the game here by wire ond Glenn Pemberton set up his public address system in the gym, which wos opened to the public.

Charlevoix Is 48-19 Victor, Plays Semi-Final on Friday

Charlevoix's hasketball team, looking more like champions thsn ever and 48 to 19 victors over the touted Ontonagon team Wednesday night, will play in the semi-finsls ot East Lansing Friday at 8:45.

Milan will be the opponent at that time. It defeated Berrien Springs in the quarter finals at Albion, 41 to 36. SS Peter and Paul of Saginaw is in the other Class C series ond is generally picked as one likely contender in the finals Saturday night.

If Chorlevoix wins Friday, according to Supt. Roy Bennett, 100 tickets for Saturdsy will be ollotted the school and a representotive will be in the Hotel Olds lobby at 10 a.m. to turn them over to purchasers.

Wednesday night at Petoskey Charlevoix showed the most powerful offense and the best foul shooting of any game so far in the series.

Keeping possession of the ball three-quarters of the time, the Rayders so bottled up the Upper Peninsula champions that they made only two field goals all game.

The visitors, however, showed superior ability at free throws, sinking 15 of 23. The Kipke boys surpassed themselves too, the first team players making 12 of 16.

Chorlevoix set the pace for the first quarter when Martin tipped in a basket in three seconds after the toss up. But the scoring stopped there except for free throws while the teams fought to get a chance for a score. So tight was the Charlevoix defense that Ontonagon began trying to make long shots. Frequent penalizing forced Bill Carey out in the second period but hy then the score was 18 to 10.

The heovy scoring was done in the first and third quarters, 13 and 17 points; 9 was inside in the second and fourth.

The box score was:

Two Big Farm Meetings Set

Turkey and poultry growers of Charlevoix County will meet Tuesday at 2 p. m. in the City Hall Auditorium at Charlevoix.

Three topics will be discussed: marketing of poultry, growing turkeys and chickens, poultry diseases.

Marketing and the new poultry processing plant will be taken up by Ernest McCarthy of the Michigan State Farm Bureau, who also will preside.

Dr. H. C. Reed will discuss growing poultry, while Dr. Henrik J. Stafseth will talk on poultry diseases. Both men are from Michigan State College.

An authoritative speaker on farm and industry will oddress the annual Farmer- Merchant Dinner to be held April 5.

He is H. A. Lyon, director of the Agricultural-Industrial Foundation of the Detroit Board of Commerce.

The dinner this Spring is being sponsored by the farmers for the businessmen of the community. The place has not yet been decided.

Seniors Will Bring Burro Basketball Here March 29

What many persons consider one of the funniest of current traveling attractions will be coming to Charlevoix March 29.

It is donkey hasketball.

The Senior Class has contracted with the Morse Donkey Ball Co. of Lansing to bring its troupe of balkers here. The doings will begin at 8 p.m.

For opponents, the Seniors will play a team from the Junior Chamber of Commerce.

In donkey basketboil, the ball can be passed or baskets shot only from the flight deek of the burro. Well fed and sassy little animals, they almost always prefer to go the wrong way when they should stand still, or halk when there's need to move. If o player wants to recover a ball, he must take his mount with him. Usuolly corrying the burro is ruled out, it being held thot the job of the player is to ride snd not tote the supposed beast of burden.

Masons Banquet IOOF Winners

The losers paid off tho winners with o dinner which they served Monday night at the Mosonic Hall.

The occasion was the finish of the annual winter cribbage tournament between the teams of the Odd Fellows and Masons. Like last year, the I.O.O.F. won. And the Masons served the supper.

Officers elected for the next tourney are George Willis, IOOF captain; Ray Ashdon, Masonic captain; Joe Williams, secretary ond treosurer.

Williams, who was re-elected, gave the reports on this yeor's play. Ray Ashdon wos top Mosonic scorer, Williams was high man for the Odd Fellows.

Thirty-five were there for the dinner.

Evening Buses Will Be Dropped Tuesday

The bus schedule is changing again.

There will be no evening bus to Grond Rapids at 5:20 after March 23, except on Sunday afternoons only.

After March 23 the night bus at 0:25 to Petoskey also will be taken off except for Saturdoy.

School Vacation Is to Be March 25-30

Supt. Roy G. Bennett has announced that the Charlevoix public school vacation will be from Morch 23 when classes will end, to the morning of March 30.

Coming Events

We've Used Up Our Luck

There is an old, old story from the East about a lucky man who was granted three wishes. Once those were used up, if he dared utter another wish he brought death upon himself.

This nation is in the position of that man. Providence has granted us blessings envied by the rest of the world. It also gave us three chanees to indulge in wishful thinking in the face of danger, and still survive.

We used up those three chanees in the Civil War, World Wars I and II. From now on, we can no longer depend on Providence to rescue us.

Back in 1934 I listened one evening to a student of American military history. Citing facts and figures, he proved to my satisfaction at least that this country had needlessly squandered close to a million lives (this was before World War II) and some 100 billions of wealth by not being ready to defend itself when need arose.

One trained, disciplined and equipped division at the first Bull Run would have ended the War Between the States right then—and saved four years of destruction, and equally costly reconstruction.

Three quarters of the cost of the great wars came from early losses and having to arm while fighting, and in not having the forces to halt conquest before it got well started.

Further, if we had had a fraction of our final forces at the beginning, it is a question if the wars ever would have been begun. If they had, the carnage would have ended sooner and at much less human cost.

Because we are not a militaristic people and have no dreams of conquest, we always have shut our eyes to the fact that others are and do. Modern developments in destruction mean we no longer can depend on sufficient time to get ourselves ready after the trouble starts.

Our only hope is to be ready. Not that we shall use our war might (our atomic bomb record proves that) but so that the other fellow will not be tempted to use his. It is time we tried preventing wars instead of inviting them.

For these reasons I am in favor of Universal Military Training, with one provision. Let it be a program set up with the help of educators so that it is more than just a blind-alley, routine drill process. There should be a brief basic training for all, then a screening to determine the special abilities, and finally an intensive training on these lines so that in war or peace our young men will be better prepared to serve their fellowmen.

I know there are arguments against UMT. But try as I will, I cannot see any other national course which spells much hope for our land and our freedom except adoption of the Marshall Plan backed by UMT.

THE NEEDLE

March 12, 1948

Dear Mr. Towe:

Some time ago you started your NEEDLE column and I am addressing this letter to it. I feel I am voicing the opinion of quite a few adherents of high school athletic activities in what follows:

Tuesday after last week's drawing I tried to get reserved seats for Friday and Saturday's games. I was told that the tickets had to be obtained in Petoskey, but that my chances of getting any were pretty slim. I inquired at several places but without success, then called the school office. I was told there I was too late; still they would try to get a cancellation for me. They used every effort and a few minutes ago called me and said I would be unable to obtain any.

Why is it necessary for Charlevoix fans to have to get their tickets from Petoskey?

Why aren't the tickets allotted to the teams that are playing that night, and if not sold, then returned to Petoskey for box office sale there?

Why does Petoskey have control of all tickets when their team seldom appears during the tournament?

I understand from those who have been able to get tickets that the majority of seats are taken by Petoskey people and not by those from towns whose teams are competing, and who are primarily interested in seeing the games.

Why in the first part of the tournament, when tickets are plentiful, do we have to watch games played against opponents who have been beaten during the season of conference play? Why doesn't the authorities controlling all this take the results of conference play and start from there instead of making all the teams go through the competition again? Does the matter of revenue enter here?

I am willing to concede that the facilities at Petoskey are better for the tournament. But to fans who follow their team all year the present handling of the tournament, in my and quite a few others' opinion, is terrible. We think a good overhauling or possibly housecleaning would better the situation.

This letter is written in hopes it may help start just that.

Yours truly,
H. C. Heckler

a lot having less than 6500 square feet of area in case of new construction.

Front yards must be 25 feet between the street and building, and rear yards must be at least as wide. Minimum width of a side yard is ten feet. In case a non-commercial building wishes to have greater height than 35 feet, the side and front yards have to be increased in proportion.

All buildings, residential or otherwise, must have a first floor area of 500 square feet or more. No building shall occupy more than 35 percent of the area of the lot.

Under Commercial I, residences are permitted. In addition, the ordinance provides:

"Grocery, meat, drug stores, and personal service shops only will be permitted in designated areas."

Any strictly retail business is allowed. This includes banks, barber and beauty shops, dress and tailor shops, telegraph offices, plumbing, electrical and decorating shops, photo studios, restaurants, show rooms, auto accessory stores.

Businesses barred are those handling dangerous or explosive goods, waste or junk material or lumber yards.

The height requirement is the same as for Residential H—35 feet, except for public buildings.

When a lot in Commercial I is used for residential purposes, the conditions "most nearly applicable to type and area of the dwelling" shall apply. But there are no requirements for commercial buildings as to lot frontage or area.

Neighborhood commercial centers shall observe the set back of the adjacent residential development.

Rear yards must be at least 25 feet wide.

There are no requirements for fireproof buildings on side yards. Frame structures must have two side yards, neither of which is less than five feet wide.

A commercial building may be as large or small as the owner wishes, but residential structures must conform to the usual requirements.

Those are the provisions of the ordinance. The two conditions which usually attract the most discussion are those relating to use and building lines.

In Commercial I, no gas stations, garages, used car lots, or similar businesses are permitted.

Buildings, however, can be erected right up to the property lines if they are fireproof, or within five feet if they are not.

The public hearing of the City Council is intended to give all citizens of Charlevoix an opportunity to express their views and advance arguments for and against the change.

The ordinance has one other provision which has a possible bearing on petitions to change the classification. This section reads:

"In case a protest against a proposed amendment, supplement or change be presented, duly signed by the owners of twenty percent or more of the frontage proposed to be altered, or by the owners of twenty percent or more of the frontage directly opposite the frontage proposed to be altered, such amendment shall not be passed except by three-fourths vote of the City Council."

Letter To the Editor

Dear Sir:

For the past few days our city has been in an uproar of uncertainty and dissatisfaction over the arrangements for the basketball quarter finals. Agitation has been heavy, long distance calls and telegrams to the State Athletic Association have been the order of the day.

Granting that after the unfortunate occurance in selling general admission tickets last Saturday, there was some reason for concern, haven't we allowed our protesting to get out of bounds?

Are we not failing to count the good breaks we have received? The very fact that the game is being played in our own section, only 17 miles away instead of far down state, and in a good gymnasium with a satisfactory floor, should give cause for rejoicing—yet the prevailing talk has not been on a cheerful note.

Could it be that with all our protests, complaints and recriminations we may be hurting our own cause with the State Association? In future years when the time for locating tornaments comes, could it be that, remembering all this uproar, it will seem wiser again to locate the games a hundred miles or more away?

Perhaps it would be well to sit down and think these things through carefully and sanely and count our present blessings before going too far in the other direction.

Yours truly
Sally Bergeon

Holstein Cow Tops In February Reeords

Elias Sommerville owned the three year old Holstein that was high in February for fat production in the Charlevoix-Antrim Dairy Herd Improvement Association.

She produced 60.4 pounds of fat. During the month Lee Cook tested 22 herds, totalling 267 cows. The average test was 3.97 percent with an average of 513 pounds milk and 20.4 fat. The average feed cost was 54 cents per pound of fat and $2.19 per cwt. of milk.

Road Study Commission Outlines Program for State Road System, Ways to Finanee It

What Michigan should do and pay for a good road system is outlined in a complete and detailed report prepared by a half dozen agencies working together during the last two years.

The report's recommendations, which call for five million dollars worth of work in Charlevoix county have been submitted to the state government and may be taken up at this special session of the Legislature.

The financial recommendations call for an increase in the gasoline tax by 1.3 cents to make a total of 43 cents. The national average is slightly under five cents. This increase would yield $18,200,00.

The committee recommended that passenger car weight tax rates be increased to 50 cents per hundred pounds. This levy was reduced from 55 cents to 35 cents in 1933. The increase would yield $7,800,000.

It was further recommended that commercial vehicle rates be increased by one third. Rates on these vehicles were not reduced in 1933. It is estimated that this increase would yield an additional $3,100,000.

The committee follows the principle that purely local roads and streets should be supported in part by local revenues, and recommended matching local funds with the state collected funds offered for local road support. Municipalities are now raising a total of $10,000,000 for legal street support which could be devoted to this purpose.

Townships will be offered half the cost of suporting local roads which the committee recommends should be matched by the townships before it becomes available for their local roads. It is estimated that this recommendation also will provide $10,000,000 for roads support making a total of $39,100,000 from all sources.

The committee geared its recommendation to the requirements set forth in its recent report "Highway Needs in Michigan" which pointed out that 46 percent of Michigan's highways, roads and streets were unsafe, wasteful of the taxpayer's money and obsolete. The report called for an average increase of $51,000,000 in highway revenues during the next 15 years to eliminate these deficieneies.

The administrative recommemdations call for improvement in many practices long overdue that relate to the expenditure of state collected road funds. The road classification calls for primary county road systems made up of not more than 50 percent of a county's roads, the remaining to be considered as local roads; and major street systems within municipalities comprised of not more than 50 percent of the streets.

Governor Sigler signified his intention to include the subject of highways in his message to the legislature.

Rites for Mrs. Maddoe Held at East Jordan

Funeral services for Mrs. Rolland Maddock, 70, the former Alida Holmes, of this city, were held at the Watson Funeral Home, East Jordan, at 2 p. m. Friday with Rev. Howard H. Moore officiating. Burial was in Sunset Hill cemetery. She died unexpectedly at her East Jordan home Wednesday.

Born in Macomb county on Aug. 6, 1877, she came to Charlevoix as a high school student. She taught school in Minnesota for many years and retired from the teaching profession about 12 years ago. She resided here until her marriage to Mr. Maddock at Port Orange, Fla., on April 15,1945. Since then she has lived in East Jordan.

While here she was a member of the Baptist church and the W. C. T. U.

Besides her husband she is survived by a brother, Albert Holmes, of Port Orange and Charlevoix and a sister, Mrs. Aliee Lohr, of Dryden.

Max Novak Goes to State School for Teachers of Driving

C. M. Novak, Charlevoix high school teacher, is scheduled to register at Jackson Monday (March 22) along with 80 other Michigan high school instructors and police officers for a five-day Driver-Training Institute sponsored jointly by State Department of Public Instruction and Automobile Club of Michigan. School Superintendent R. G. Bennett arranged Novak's classes so he could attend the institute.

Tenth in a series of such institutes, this course will fit Novak to set up driver-education in Charlevoix high school when he graduates March 20. Purpose of the institute is to stimulate interest in driver-training and make it possible to offer the course in every high school in Michigan.

There were 1,400 persons killed in traffic acidents in Michigan last year, and non-injury accidents cost motorists $75,000,000, an average of $35 per motorist.

Records in Cleveland and Highland Park show that students who have taken driver-training have cut their accident rates by more than one-half, a potential saving of 700 lives and $37,500,000 annually. The cost of training drivers in all Michigan high schools would be only $1,500,000 per year.

How to Keep 'Em Down On the Farm

The other day Pete Swanson's nephew, Bud, allowed as how he was fed up with farm and country life ... and was going to the city where there was a lot more opportunity and excitement.

Some folks might have tried to stop him. But not Pete. He even advanced Bud carfare for the trip ... figured that when he'd had a good look around, he'd come back where he belonged.

And what happened? After seven days of big-town hustle and excitement, Bud was back behind the wheel of a tractor, with color in his cheeks again. And he'd traded the night life of the city for a quiet glass of beer with Dad.

From where I sit, that's how it goes. Try to prevent some one from getting what he thinks he wants—and he'll go on wanting it. But give him his head, and he'll settle for the sensible thing—whether it's country life, or a temperate glass of beer!

Paul Somerville Rites Held at East Jordan

Funeral services for Paul Somerville, 40, retired Coastguardsman, were held at the Watson Funeral Home in East Jordan Tuesday.

Rev. Howard Moore officiated and burial was in Sunset Hill cemetery

Mr. Somerville died unexpectedly Friday at the Marine Hospital in Chicago, where he had been a patient since Feb. 20.

Born in East Jordan on March 7, 1908, he enlisted in the Coast Guard service at Beaver Island in September, 1926, and was stationed there 13 years. In 1930 he was transferred to Racine, Wisc., where he was officer in charge of the station there. Later he served at Chicago, Jackson Park, Ill., Milwaukee, and in the District Office at Chicago. He retired Jan. 1, 1047 with the rating of Chief Boatswain's Mate. Last summer he served as Harbor Master at Willmette, Ill., and left Nov. 1 for Florida. He returned to Chicago when he became ill last month to enter the hospital there.

He is survived by his mother, Mrs. Alice Somerville of East Jordan; his father, Matt Somerville of Cadillac; a brother, Robert, BM 1c, who was formerly stationed here with the Coast Guard and is now in the district office at Cleveland; and a sister, Mrs. Leonard Pratt of Glen Ellen, Ill.

Councilmen Explain Their Reasons for Advancing Electric Rates at This Time

(Continued from Page 1

50 kwh, or an increase of 40 cents.

Commercial Rate

The commercial rate has been changed the most:

Old		New	
First 10 kwh	7c	First 25 kwh	
Next 25 kwh	6c	Next 25 kwh	
Next 25 kwh	5c	Next 25 kwh	
		4c Next 25 kwh	
Over 60,	2½c;	Over 100,	3c

For commercial users outside the city limits the new rate is the same except that the minimum bill is $2.50 instead of $1.00.

Short term commercial users will pay the same as formerly except that the first step is increased from 10 to 50 kwh and the lowest rate is 3 cents instead of 2½.

One other change was made. After March 16, when the new rate took effect, the above is the net schedule, and a penalty will be added for slow payment. Heretofore, a discount from the rate has been deducted for prompt payment.

The Councilmen said that the change is expected to increase the total utility revenue only 8 percent. They pointed out that there is no change in the rate for the small user, the rate staying the same until $3.45 worth of current is used.

The average bill for the entire community is only $4.97 per residence, Don Swinton explained, and the change will mean 39 cents more on a $5.05 bill.

In answer to questions as to the reason and necessity for the increase at this time, the Council's Finance Committee gave these explanations:

The plant shows a deficit now.

There have been five wage increases since 1940.

Maintenance costs have been doubled.

Oil that used to cost 6 cents now costs 12 and more advances are in sight. Oil last year took $40,000 of the $103,000 gross revenue of the plant.

The utility now furnishes $30,000 worth of service to the city at no cost to the taxpayer in street lights, hospital service, water pumping and sewage disposal. If a private utility served the city, this sum would have to be added to the tax rate, or the services gone without.

The light rates were cut in 1942, and this is simply moving back to the 1941 levels.

If the state law allowed a city utility to use normal business procedures, this raise would not be necessary. If the law did not limit the amount which Charlevoix could borrow to put in the new generator; and if operating costs had not gone up so high—then the rate boost would not have been necessary. But those two factors coming at the same time were too heavy a load at the old rates.

Those were the chief reasons given by the Council. Questions asked by the visitors included:

How can a city like Holland have rates only half as high? It was explained that Holland had a much larger volume and a steam plant.

Another questioner asked the city how it could transfer funds from the electric account to the city and still have a deficit. The answer was that in the past, partly with the help from the plant, Charlevoix has built more miles of paved streets, more sewer than any other place of its size in the state. But those days are gone until the new unit is paid for, and for the next few years the utility will have hard going to break even.

Answering a question about comparative rates, City Supt. A. G. Leitch used his state and Federal rate books to show how the new schedules compare with neighboring communities. Boyne City is lower in certain brackets; Traverse has a lower rate for big users; Petoskey has a higher rate. He also quoted that city's system of charging the summer consumer: it merely doubles the winter rate.

One telling argument was advanced against the Council plan and that was not on the increase itself. The increase takes effect about April 1, or as soon as the bookkeeping changeover can be made. At the meeting it was pointed out that this could mean those homes whose meters are read on March 2 for example, will pay for all March at the new rate, while those whose meters happen to be read on March 29 will pay for only two days at the new schedule..

The Council admitted this was true, but asked how it could be done otherwise without the expense of trying to read all the city's meters in one day

George T. Sarasin Rites Held Saturday

George J. Sarasin, 72, retired carpenter, died in his sleep at his home Wednesday night. He was found by his daughter, Miss Janet Sarasin, who lived with him. He had been in failing health for more than two years.

Born at Elk Rapids on June 4, 1876, he lived there until coming to Norwood township in 1921. He returned to Elk Rapids in 1938 coming here two years ago to make his home. His wife, the former Emma Supernaw, whom he married at Elk Rapids in March, 1898, died June 22, 1915.

Besides his daughter, Miss Janet, he is survived by four sons, George and Robert of this city, Lavern, of Oakland, Calif., and Stuart, also of California; a sister, Miss Hattie Bosley, and two brothers, Julius and Percy, all of Detroit; 13 grandchildren and one great-grandchild.

Funeral services were held at the See Funeral Home at 2 p. m. Saturday with the Rev. W. D. Wood officiating. Burial was in Brookside Cemetery.

IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

With the strains of Irish melodies still lingering from Sunday's celebration, other tunes are being rehearsed for an entertainment which will be given Saturday evening under the direction of Mrs. Fred Spalding.

Mr. and Mrs. Vernon LaFreniere are the proud parents of a son born March 9 at the Charlevoix Hospital. They have named their third son Paul Vernon. Both mother and baby are getting along fine.

Tuesday the Island was alive with excitement. A photographer and reporter from the Grand Rapids Herald arrived at an early hour to obtain pictures and information about the St. Patrick party. They spent the entire day taking pictures and getting material for the story. It all appeared in Sunday's feature section, a whole page each of pictures and news.

Weather reports say this has been the coldest March so far in many years. The report is correct as far as the Island is concerned. It was 21 below last Wednesday morning. But by Sunday it was thawing steadily and Monday actually was almost like spring.

Peter Johnson, who spent the winter in Chicago, returned to the Island Friday.

Gibson girls made their appearance Sunday at the St. Patrick party. Sally Cull and Mary LaFreniere wore two attractive dresses in the Gibson style.

Two pots of real shamrock in bloom graced the tables in the Parish Hall Sunday. One belongs to Mrs. James H. Gallagher and the other to Mrs. Vesti McDonough.

Archie LaFreniere spent several hours Saturday decorating a couple of walking canes with shamrocks, and green and white stripes. The fancy canes caught the eye of everyone and were sported by Archie and Burt McDonough.

Pat LaFreniere returned home during the week, after a trip to Chicago where he attended the Sportsman's Show. He also was in Lansing on business and in Montague to visit his sister, Mrs. David Pike.

It's a Great Day for the Irish as Beaver Island Officially Celebrates St. Patrick's Day

Beaver Island fittingly celebrated the feast of St. Patrick Sunday afternoon and evening at the Parish Hall and at many impromptu gatherings in homes about the Island.

As one St. James resident explained it:

"Wednesday is a fast day and we wanted to honor the good patron saint in style and have a fine banquet for ourselves. So we asked Father Keenan about it. If Roosevelt could change Thanksgiving around to suit himself, we couldn't see why Father Fabian couldn't declare that St. Patrick's Day came on Sunday this year. Anyway, it does on Beaver Island."

Starting with a big dinner at 4:30 p.m., served by the ladies of the Altar Society, a program of Irish songs followed. There was a background of shamrocks, green musical notes and a map of Erin on the stage. There the members of the St. James school Glee Club entertained with a number of Irish songs. Those taking part were Janet Gallagher, Kay McDonough, Grace Marie McCann, Eleanor Gallagher, Madonna McDonough, Patricia O'Donnell, Joy McDonough, Charlotte McDonough.

Special numbers were given by Jerry Hanley. Buddy Left and Jewell Gillespie contributed several songs, Terry Hanley was called upon to sing "The Old Shillalegh." Everyone present joined in singing "My Wild Irish Rose" and "When Irish Eyes Are Smiling." Mrs. Teddy Wojan at the piano accompanied for the program. Edwin McCann acted as master of ceremonies.

Burt McDonough, with the green hat and shamrock-decorated cane, furnished a little comedy skit along with Bob McDonough.

Music for the evening's entertainment was supplied by Mrs. Rolland McCann, Fred Spalding and Jewell Gillespie. There were clogs and other exhibitions of old-time dances by some of the older folks, and modern dances by both the older and younger crowd.

As the sign on the stage at the Parish Hall said, "It's a great day for the Irish."

Several of the younger set were unable to attend the party Sunday due to mumps. Three colleens who were scheduled to sing Sunday came down with swollen faces Friday.

Beaver Island Buck Kicks Rescuer

Beaver Island bucks have a strange way of showing they appreciate help.

One of them gave John W. Greene a sound kicking Friday. Greene was at his farm half way to Barney's Lake when a buck chased by a dog went by. The buck became tangled in a fence.

Greene drove off the dog which had grabbed the buck's ear and was hanging on. Then he started to free the animal from the wire fence. That done, the buck gave him a few bood hard kicks and bounded off.

Johnny Andy Gallagher has come back from his vacation in Chicago.

Oil has always been a subject for controversy . . . and because it is a commodity which affects the performance and cost of motoring, the public should know exactly which oil will best serve their individual needs. Oil chemistry gives scientists the answer but the average driver needs a simpler method. Your speedometer is a reliable guide to the selection of a safe oil. For those who rarely drive over 55 m.p.h. our R.O.C. oil gives excellent results . . . but for high, sustained speeds always get Northland motor oil. It is just that easy to be sure.

THE WAY OF DEMOCRACY

Man's Ingenuity Has Conceived Nothing Better

Throughout their history, the American people have met social challenges by voluntary group action which they themselves initiated and controlled. They have rarely sought aid other than that which their own free enterprise has provided.

Today a challenge of great importance to Americans—
a challenge disturbing to most, ruinous to many—

THE COST OF HOSPITAL AND MEDICAL-SURGICAL CARE

is being solved here in Michigan
in a typically democratic way.

BLUE CROSS—A NON-PROFIT PUBLIC SERVICE

Blue Cross offers a voluntary method of pre-paying hospital and surgical care without hardship. It is a non-profit arrangement developed in the public interest by Michigan hospitals and by Michigan's medical profession. It provides a method of cooperation between hospitals, doctors of medicine, and the public—to make good hospital and medical-surgical care available to everyone without financial strain on anyone.

By making a small monthly payment to Blue Cross, members of this plan and their families are entitled to hospital care and doctors' services when they need it without worry about expense. Over 1,200,000 Michigan people have solved this difficult and perplexing problem by adopting Blue Cross. Blue Cross adheres strictly to American principles and practice and to the fundamentals of non-profit operation.

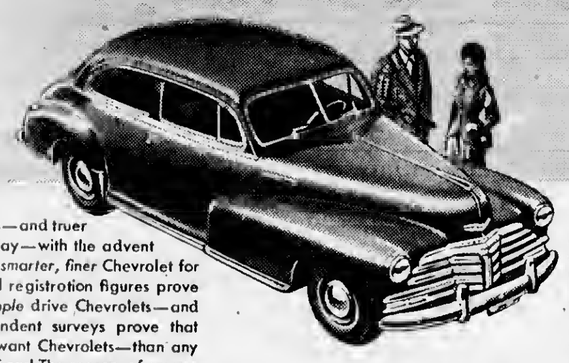
More people drive...

More people want

CHEVROLETS

than any other make of car



True for years—and truer than ever today—with the advent of this newer, *smarter, finer* Chevrolet for 1948! Official registration figures prove that more *people* drive Chevrolets—and seven independent surveys prove that *more people* want Chevrolets—than any other make of car! The reason, of course, is more *value*. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll admire the tasteful new styling, the new color harmonies, the new and richer upholstery and appointments which add so much to the enviable Big-Car beauty of Chevrolet's Body by Fisher.

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—direct result of the Unitized Knee-Action Gliding Ride.

Chevrolet's world's champion Valve-in-Head engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

First grade stuff? Sure it is but in the year of a 39 billion dollar peace time budget, the promises of politicians warming up for an election, and the Marshall plan for aiding less fortunate nations, someone must keep their feet on the ground and remember fundamentals. That person is the business man.

If your plans for 1948 call for the friendly cooperation of a bank which believes that only production can make our country prosperous, and only old-fashioned thrift can keep it that way, there may be a place for us in your future. Please call on us.

Girl Scout News

Girl Scout Troop 4 met at the City Hall Monday. We turned in money from our cookie sale and elected new officers as follows: president, Sonja Nordrum; vice-president, Sandra VonDolen; secretary, Harriet Hooker; treasurer, Connie Oleksy. We divided into two groups. One group will plan the Easter party and the other will work on clothing kits. For next week we must learn the pledge of allegiance and two verses of the Star Spangled Banner.

Janet Todd, scribe

Troop 2 met at the City Hall Friday. We worked on our second rank badges. We changed our troop crest to a cardinal because enother troop had the pansy we selected et first. After some genes and goodnight circle we went home

Sue Beaudoin, Scribe

Brownie troop 7 met Monday. We learned a new Brownie dance. We also played a game, "My grandmother's gone to Petoskey". Our leader brought more cookies for us to sell and after a good night circle we went home.

Melinda McEvoy, scribe

Troop 1 met at the City Hall and held a short business meeting. We also discussed the Girl Scout cookie sale and were assured that we would still get the cookies we had ordered but that all the boxes had not arrived yet. After some games and a goodnight circle we went home.

Barbara Bice, scribe

Brownie troop 5 met at the City Hall. We hed a business meeting and roll call. Two senior scouts, Nita Brumm and Marion Seymour, read us a story and then geve us a paper doll to trace and cut out.

Kroger

Marking Down the Markup

A generetion ago, nearly 30c of every dollar spent on food was used to cover the grocer's cost of doing business, including wages, rent, transportation and so forth, plus a small profit. This 30c was called markup. Today, at Kroger, the markup is only about 15c per dollar sale while net profit is less than 2c per dollar sale. Kroger has marked down the markup. You buy at closer to cost.

Anti-Semitism Discussed by Dickens Club

Twenty members of the Dickens Club met Monday at the home of Mrs. Ray Faulkner.

Mrs. Harry Craig presided. It was decided that an April party be given the husbands. It will be held in the recreation room at the D. C. Nettleton home.

The lesson for the afternoon was in charge of Mrs. Clarence Wood who gave an interpretation of Laura Hobson's book "Gentlemen's Agreement." It is a story of a young journalist who pretended he was of Jewish birth in order to write a series of articles. The book formed the basis for the ensuing discussion.

Officers will be elected at the March 29 meeting at the home of Mrs. Hazel Huston.

CHARLEVOIX MICHIGAN

Rayders Will Play Friday at Lansing

(Continued from page one)

state finals this week.

Charlevoix drew a bye for the first round, defeated Mancelona 58 to 37 Friday and took the Northern Michigan championship Saturday by winning 32 to 14 from Ste. Anne's of Alpena.

The Mancelona game was a repeat performance of the Pellston game. Mancelona did not score a point in the first quarter to Charlevoix's 20. The tally at the half was 31 to 7. Coach Ray Kipke used almost all the reserves in the rest of the game.

The first half of the Ste. Anne game was just the reverse. The Rayders met the toughest team of the elimination then, a team whose defense bottled up the Maroon basket-shooting and for the first five minutes held the score to 2 and 1. The half ended 11 to 9. Then Charlevoix came back in the last half to pull steadily ahead while bolding the Alpena team to one point in the third period and four in the final one.

The box scores were:

The American Legion Auxiliary made plans for the annual Poppy Day sale in May when it met Monday at the home of Mrs. Lewis Brant.

The 11 members present voted to donate $5 to the Red Cross and named Mrs. Allen Ulrich as chairman of the Poppy Sale.

At the social hour which followed, Mrs. Brant was assisted by Mrs. Mary E. Howe in serving refreshments. The next meeting will be a birthday party and potluck supper on April 19.

Travel Talk on Palestine Given for Shakespearians

A travel talk on Palestine by Mrs. Helen O'Neil formed the program Monday of the Shakespeare club meeting at the Glenn See home.

Having been there in the '30's, Mrs. O'Neil gave many first-hand touches to her talk, as well as showing pictures of many scenes.

The March 29 meeting will be held at the home of Mrs. Gordon Freedman. The new members of last year and this will present the program.

Jackie Louiselle and Eldean Chew Engaged

Mr. and Mrs. Niley Louiselle announce the engagement of their daughter, Jacqueline, to Eldean Chew, of Flint, son of Mr. and Mrs. Addison Chew of this city.

Miss Louiselle is a senior student of the Charlevoix high school and Mr. Chew is a recent graduate of the local school.

No date has been set for the wedding.

Courier Ad Brings Publicity for City

Charlevoix and Earl A. Young have been receiving much publicity from the recent Courier ad offering a house by the pound.

The Detroit News carried a feature story on it. The state and national real estate associations both used it in their bulletins, which go to 6000 and 45,000 realtors.

Michigan Cleaners will give you guaranteed moth-prooling.

A Courier Classified Ad will sell it

Hamiltons Attend State Highway Convention

Mr. and Mrs. Ralph Hamilton left Wednesday for Grand Rapids where he will attend the Michigan State Highway convention being held there Thursday and Friday.

They plan on going to Indianapolis to spend the weekend with Mr. and Mrs. Guy Eccleston before returning home.

Baby Talk

Births registered recently at the Charlevoix Hospital include:

A daughter, Lynda Florine, born to Mr. and Mrs. Glenn E. Williams of Ironton March 12.

News of folks, your neighbors and mine . . . but did you know that—

The reason a lot of people do not recognize opportunity when they see it is because it goes around wearing overalls and looking like hard work, says Buck Bits . . . The Ben Browns are really enjoying life down in Florida. It is their first time down there and they are making the most of it. They are now making their headquarters at Clearwater, but they have been places. They called on Mrs. Trayte at Ft. Myers, the Dal Henry's at Palm Springs and the Nat Burns at Zephyr Hills. The William Bogarts were at the Burns home. Then, there was their former mail man, Fred Butler. Ben had often said that he hoped some day he could drive up to Fred's front door and say, "Hello." Well, he got to do it and what a reception it was. The Browns are planning on returning sometime in May.

It's Easter bonnet time . . . Ronald Lyon, who has a million dollar smile, is the new clerk at Milton Block's store, replacing Mike Hamlin who will soon be in the laundry business for himself. ..Best of luck, Mike!

Rev. and Mrs. H. C. Hammond arrived home Friday after traveling some 4000 miles. Rev. Hammond said it was like old home week down there. One Sunday at church in Lakeland they discovered between 25 and 30 friends. Their son and wife, Burton and Orpha, were with them and the two couples were fortunate in finding excellent apartments. There were a great many picnics and parties during the winter months. Mrs. Hammond evidently thrived on them, for she gained 20 pounds . . .

The district and regional basketball trophies won by our Charlevoix Rayders are on display in the window at Schroeder & Hovey's. Aren't they beauties! . . . Miss Floy Edson arrived home Monday after a winter at Long Beach, Calif. She is now looking for a location for her book shop.

The arbutus has pulling powers for it is one of the things calling the Bill Ratigans back from Florida. They plan to leave after Easter and are hoping they will arrive in time for their annual arbutus hunt. If old Sol keeps favoring us with so much sunshine it won't be long . . . Sorry to hear of so much flood waters in the southern part of Michigan, as well as other states. Guess we are pretty fortunate up here after all . . .

Sure signs of spring: boys playing mumblety-peg on the lawns, Donna Ball staging a porch party Saturday afternoon with a couple of her friends, Lewis Edwards running around town in shirt sleeves; a fourth grader going through the halls at school jingling marbles in his pocket; man taking down the storm doors of Henry's Barber Shop; Ralph Price walking down the street with a can of paint under his arm, folks reporting having seen big fat robins, Bill Wallace sheding his red flannel underwear, Round Lake clearing itself of ice. Yep, spring is in the air!

Linda Bowman, who is a Junior at Albion College recently won first place in the prose contest staged there. She will represent Albion College in the Interpretive League to be held at Hope College May 7. This month she also appeared in a one-act play presented by the Drama Workshop of Albion and did herself proud . . .

Detroit Sports Writer to Speak at Sports Feed

Hal Schram, state sports editor of the Detroit Free Press, will be the headlined speaker at the Sports Banquet for Charlevoix County athletes to be given April 3 at the Charlevoix school gym.

Sponsoring group is the Junior Chamber of Commerce.

Schram, who covered the state basketball finals at East Lansing for the Free Press, has not announced his topic.

Also on the program will be Victor Heyliger, hockey coach at the University of Michigan, whose team has just won the first national collegiate title; and Bill Pritula, star defense man on the U. of M. Rose Bowl team.

Colored movies of the Rose Bowl and Illinois games also will be shown.

Arnie Wolgast, Petoskey sports announcer, will act as master of ceremonies.

Farm-Factory Expert to Talk

Charlevoix will have an opportunity April 5 to hear one of the leading if not the top expert in Michigan on agricultural and industrial relations.

The speaker will be H. A. Lyon, director of the Agricultural-Industrial Foundation of Detroit's Board of Commerce. The occasion will be the annual Farmer-Merchant Banquet sponsored by the farmers this year. It will be in the Masonic Temple with the OES serving the dinner.

The committee in charge is Vernon Mathews, Leo Berg, Fred Willis, Charles Wells and Harold Totten. These men all have tickets, which also are on sale at the CoOp.

Henry D. Marshall, Former Fire Chief Dies Suddenly

Henry D. Marshall, 70, retired Fire Chief and contractor, died unexpectedly at the city hall while visiting his brother, Fire Chief Charles Marshall Saturday afternoon.

He had been in failing health for some time but had not been seriously ill.

Mr. Marshall was born in Ontario, Can., on June 22, 1877, and came to Torch Village in Antrim county as a child of three years. He came to Charlevoix 82 years ago with his family. His father was a millwright at the old Charlevoix Lumber Co. In 1896 he was married to Ida M. Austin who died in 1941. He served the city as fire chief from 1902 until 1927 and was also a contractor.

He is survived by three sons, C. Y. and J. C. of this city and Richard of Grandville; two daughters, Mrs. Russell Duffy of Barryton, and Mrs. John VanZon of Bellingham, Wash.; two brothers, Charles of this city, and Eber of Los Angeles, Calif., and six grandchildren.

Funeral services were held at the See Funeral Home at 2 p. m. Tuesday with Rev. W. D. Wood officiating. Burial was in the Brookside cemetery.

Edwards Mart Will Stage Live Chicken Toss This Saturday

Something new for Charlevoix will be staged Saturday afternoon by Edwards Food Mart when it has a live chicken throw at 2 p. m. at its store on Petoskey avenue.

At that time live chickens, one at a time, will be launched from the roof of the Mart. It is up to the folks below to catch them; the person capturing a chicken being entitled to it.

Only those over 18 will be allowed to catch or keep a fowl. Any birds caught by those younger will be returned to the store.

Amateur Show Will Be Given April 30

April 30 has been set as the date for the second annual Amateur Show of the Kiwanis Club.

Applications for places on the program now are being received by Dean Davenport. Prizes will total $100. Contestants will be divided into adult and children's classes.

Come to EASTER SERVICES

With the Lenten season ending Sunday the churches of Charlevoix have planned special services in observance of Holy Week and will include the following:

St. Mary's Church

At St. Mary's church services will start on Holy Thursday with High Mass and Procession at 8:00 a. m. and Holy Hour at 7:30 p. m. On Good Friday the Mass Presanctified and Adoration of the Cross will be at 8 a. m.; private meditation and adoration from 12 to 2:30 p. m. Stations of the Cross at 2:30 p. m.

Mass will be at 7:00 a. m. on Holy Saturday and on Easter Masses will be at 8:00 and 10:00 a. m.

Church of God

A Communion service will be held at the church at 8:00 p. m. Thursday. Services will be at the regular time on Sunday and on Sunday evening the church choir, under the direction of Mrs. C. J. Feidler, will present an Easter Cantata, "Life Eternal". Mrs. Robert Shaw will accompany the singers.

Barnard Reformed Church

Rev. Gaylord Howell will be in charge of the Easter services at 1:30 p. m. Sunday school will follow.

Congregational Church

Thursday evening a communion service at 8:00.

Sunday morning at 10:00 the Church School will present a program for parents and the public.

The regular Easter Service at 11:00 o'clock. Music—the choir and the Charlevoices. Sermon topic: "The Growth of Easter."

First Baptist Church

The Bible School will have special Easter exercises at 10 a. m. The Easter worship service is at 11, with music by the choir. The sermon will be "Empty Fullness." The Youth Fellowship meets at 6:30 and at 7:30 will be the closing Easter service, "Easter the Year Around." A special Easter self-denial offering will be received.

Assembly of God

Rev. R. B. Warner of the Assembly of God will open the Easter services with a Sunrise service at 8 a. m.; Sunday School will follow at 10 a. m. and the morning worship at 11 a. m. The topic will be "Visiting the Empty Tomb." At the 8 p. m. service he will speak on "Three Crosses on Calvary's Hill."

Real Live Donkeys To Be Used By J.C.C.-Seniors

Senior girls may be called on to play in the Donkey basketball game here Monday night, according to the senior class committee which is sponsoring the event.

The students will be opposed by a team from the Junior Chamber of Commerce. After looking over their probable opponents, the seniors say they expect they will have to pull a Kipke in the final period and bring in a team of girls to keep the score from getting too lopsided.

The game will be at 8 p. m. in the gym. The donkeys are live burros, guaranteed nine times out of ten to do the wrong thing. (They wear big hoof pads to protect the floor.)

Seniors who have been picked to play include Ray Williams, Jim Harvey, Bill Peterson, John Eccleston, Ed Mann, Dick Faiting, Al Bergmann, Dave Smith and Nick Hamilton. The JCC has not announced its lineup.

It has been said, however, that it will turn its share of the gate over to the Hospital Operating Fund.

Rayders Place Four On All-Conference Class C Squad

Coach Ray Kipke's Rayders were given four berths on the Northern Michigan Class C All-Conference team selected recently by coaches and officials of the conference.

The first team as named were: forwards, Griffore, Mancelona, and Case, Charlevoix; center, Bob Carey, Charlevoix; guards, Bill Carey and Pat Martin, Charlevoix.

Second team: forwards, Bachman, Gaylord and Feldhauser, Grayling; center, Scott, Boyne City; guards, Everest, Boyne City and Robinson, East Jordan.

Congregators Will Sponsor Benefit For Life Guards

With the hope of having life guards at the beaches in Charlevoix this summer, the Congregators who have started the project have planned to have a benefit card party April 7 in the basement of the Congregational church.

All organizations in town have been asked to contribute to this project.

The Congregators at their last meeting had another bi-monthly evening of fun. With the members dressing in hard-time outfits, the evening was turned into a Truth and Consequence party. Bob Miles, in the role of Master of Ceremonies, was assisted by Mrs. Miles, Rev. Jackson Turner, Aili Gustafson and Mildred Smith. A recording was made of the "Consequences" and proved to be a riot when it was played back during refreshment hour.

Arthur Fitch, Leader In Community, Bar, Dies At Home Here

Arthur L. Fitch, 73, former assistant Attorney General, civic leader and dean of Charlevoix county attorneys, died suddenly at his home Monday afternoon. He had been in failing health for more than a year.

Born in Putnam township, Livingston county, Mr. Fitch was

graduated from the University of Michigan School of Law in 1899 and came to Charlevoix to open a law practice. Besides his private law practice he served six years as Charlevoix county prosecutor; 26 years as city attorney and in 1941 was named assistant Attorney General, and from 1042 until he resigned in October, 1046, he was state administrator.

He was active in fraternal affairs, being a member of the Pine Lake Lodge No. 122, Knights of Pythias and was a Past Chancellor Commander of Michigan; a member of the Masonic Order and had been a member of the building committee which was instrumental in the construction of the present Masonic hall. He was also a member of the I.O.O.F.

He is survived by his wife, the former Pearl Greenaway, whom he married in Fowlerville; two daughters, Miss Katherine Fitch and Mrs. Karl Erber, both of Charlevoix and three grandchildren.

Funeral services were held at the See Funeral Home at 4 p.m. Wednesday with Rev. G. R. Parker officiating. Burial was in the Brookside cemetery.

Fans Cheer, Groan as Report Comes in from East Lansing

Charlevoix fans who couldn't get to East Lansing Friday night went to the gym here to suffer through an hour and a half of agony while the Rayders were fighting for the state title.

Glenn Pemberton had left his public address system in place there. Announcer Arnold Wolgast had been engaged to go to East Lansing to report. The Michigan Broadcasting System had cooperated in arranging the hookup, and 050 fans gathered to hear the play-by-play account, to suffer, groan and cheer as the reports came in.

The Coco-Cola company sent a truck load of cokes and an ice case from which some 20 cases of free Coco-Colas were handed out to the fans.

New Self-Serve Laundry Will Be Opened May 15

Charlevoix will have a new business and new service after May 15 when the Self-Serve Center will open here.

It will be a laundry service equipped with 15 new Launderall machines, and operating on the self-service system. The former Maxbauer Creamery building, back of The Courier office has been leased.

The Self-Serve is owned by Mr. and Mrs. Fred England, Jr., of Lansing, who have been summer residents at Ironton for two years. In charge of the business will be Mrs. Andy Essenberg and Mrs. Don Feagan, Mr. England says.

Installation of the equipment will begin next month. As planned now, a housewife can bring her laundry there, have it washed, partially dried or completely dried. Rates will be figured by the pound.

Visit Petoskey Club

Eight Charlevoix Kiwanians were guests Tuesday noon at the Petoskey club's meeting when they returned the traveling gavel. Those going were Floyd Brown, W. D. Wood, Howard Brumm, Hubert Paddock, M. A. Levinson, Harley Ochs, Dean Davenport and L. E. Towe.

Plan to Honor Young Folks Voting for First Time Proposed by Eveline Supervisor

A plan to honor young citizens when they vote for the first time has been proposed by Supervisor William Sanderson of Eveline and is receiving state-wide attention.

As outlined by him, a certificate would be prepared showing that the person named had reached his majority and exercised his franchise for the first time. At every election, these certificates would be on hand. Whenever anyone came to vote for the first time, the name and date would be filled in and the certificate presented.

According to Mr. Sanderson, the plan should encourage more young folks to take an early interest in good government, and by calling attention to elections perhaps get more older folks to use their franchise.

On n state-wide basis, sponsorship of the idea will be suggested to such organizations as Junior Chamber of Commerce, Rotary, Kiwanis and similar service clubs, veteran organizations and women's clubs. The idea is to have one organization in each community sponsor and carry along the program.

Poultry Processing CoOp Is Organized by Growers; Plant to be Built Here

Organization of a poultry processing and marketing company, and construction here of a modern plant, were approved Tuesday afternoon by representatives of the chicken and turkey growers of this area.

The company will be known as the Charlevoix CoOperative Poultry Processing Co. and will be a subsidiary of the present Charlevoix CoOperative Co. It will have an authorized capital of $25,000, its own officers and directors, but will be managed by the present CoOp's manager, Fred Willis.

This set-up was chosen because it makes possible either of two future courses. A year or two or three from now, if it seems best, the Poultry organization can be entirely divorced from the CoOp. Or, once it has proved itself and if there seems no reason for two separate companies, they can be merged into one with the same officers, directors, capitalization.

Tuesday afternoon the poultry growers committeee met with the directors of the CoOp and made the foregoing plans. Present at the meeting was Ernest McCarthy, cooperative extension specialists of the Michigan State Farm Bureau. Widely experienced in similar set-ups throughout the state, McCarthy advised on what to do and avoid. He returned to Lansing Tuesday night, and will be back Friday to meet with committee at 1 p. m. He expects to bring the legal papers for organizing the new company as a non-profit cooperative.

Not definitely decided yet were matters of building, equipment, financing, membership and marketing. At Tuesday afternoon's open meeting for all poultry growers, these were thoroughly discussed and probable answers indicated.

The committee recommended that the present CoOperative build the plant and then rent it to the poultry company. This would give a return on the investment, and would reduce the spot cash needed by the new organization.

The proposed building would be at least 32 by 70 and situated on the south side of Ferry avenue just west of the present small CoOp warehouse. It would be built far enough back from the street so that future additions could be made.

The poultry company likely will buy its own equipment. To hold down initial investment, some items would be added later. Original installation would include the latest type of spray scalder, conveyor system, water and ice cooler. Cost of equipment would be between $5,000 and $6,000.

Marketing, the committee believes, could best be through the Land 'O Lakes, at least at the start.

The committee is composed of Sanford Matchett, Eldon Jones, Rowley Williams, Clarence Orcutt, Hiram Brock, Richard Potter, Arlo Wickersham and Fred Willis.

At the open meeting Tuesday at the City Hall, Dr. H. J. Stafseth and Charles Reed of Michigan State College gave talks on poultry diseases and modern marketing. Mr. McCarthy then outlined various steps which could be taken in forming a processing cooperative. In his talk and the discussion which followed some of the points made were:

Hamilton, near Holland, has a poultry CoOp which does 4 millions annually. Lessons learned there show that farm poultry profits require a processing plant and marketing facilities. Egg profits are increased by having a plant to handle the byproduct, which is dressed poultry.

If 20,000 turkeys are produced, it will keep the proposed plant going 40 days steady. It also will help make chickens more profitable, and that could mean one or two days operation a week.

Town Suffers With Rayders In Final Game

By L. E. Lowe

Heartbreaker, toughest game I ever endured and similar remarks were plentiful Friday night and Saturday both here and among the Charlevoix delegation at Lansing following Friday night's two point defeat of the seemingly title-bound Rayders.

Explanations of why Milan won were as plentiful along Bridge street and at chance gatherings as fleas on a Georgia hound. But after the delegation returned Saturday and Sunday from below, the real story of the thrilling and sorrowful game became clearer.

Careful students of basketball brought back a version which stands up well under examination. It was a case of two superb and evenly matched teams meeting—and one having a slight edge that evening, plus taking advantage of all the breaks.

Milan's team was fast, rangy, and all excellent shots. They had had an extra day at East Lansing. Also important, they had the psychological incentive of a popular coach being in the hospital recovering from an emergency appendectomy.

For both teams, tension had been building up all season and by that Friday night it was terrific. It was here that Milan had its greatest advantage. With the possible exception of the first Gaylord game, this was the only time all season when Charlevoix had had to play a fourth quarter. Previously Coach Kipke had sent in the reserves during the last periods.

Milan, on the other hand, had had several opponents in its area who did for them what no Northern Michigan team this year could do for the Rayders—make them fight the whole distance.

An amazing thing about the finals, as Coach Kipke has pointed out, was how closely matched the four Class C teams were. The three final games were won by total margins of only seven points: 2, 2 and 3.

Just for the record, the box score was:

Charlevoix	FG	FT	FA	PF	TP
Case	3	0	1	2	8
Lagerman	1	0	1	3	2
R. Carey	3	5	5	4	11
W. Carey	2	1	2	4	5
Martin	2	0	9	1	10
Hardy	0	0	0	0	0
	11	12	18	14	34
Milan					
Bassett	0	0	0	5	0
Tschirhart	3	3	5	2	9
Taylor	1	0	2	0	2
Benjamin	5	4	5	4	14
Collins	2	3	4	5	7
Dunsmore	2	0	0	3	4
Tooman	0	0	0	1	0
	13	10	16	20	36

Saturday night, of course, Milan went on to beat last year's championship SS. Peter and Paul 45-42 for the state title.

Equipment Delays Opening of Laundry

New equipment will be installed at the Model Laundry during the next two weeks, according to the new owner, Mike Hamlin, and this will delay the expected opening beyond the announced April 1 date.

One other major job will be done soon. That is a complete overhaul of the boiler and steam lines. When that is done, and the new equipment ready, the place will be opened.

The exact date will be announced soon, he says.

They Did a Fine Job

Charlevoix was a rather gloomy place Friday night and all through the weekend. That two-point loss at the state basketball finals was a sad pill to swallow.

But as 73 individuals and businesses said publicly last week in The Courier, win or lose we're proud of our Rayder team and of the record of clean play and sportsanship they have made all season and continued to make right up to the final gun.

They Also Did a Fine Job

Comunity orchids should go to several folks here in Charlevoix. Among others, The Courier would like to nominate:

Ray Kipke, for the fine job he did all year. And even more important, for the lessons in clean living, clean thinking and team work which he has taught every boy on all his teams.

John Schroeder and Glenn Pemberton, for arranging to have the two last games reported at the gym. It took a lot of work to make arrangements and set up the public address system. But Charlevoix folks who could not go to the games could follow Announcer Wolgast's excellent play-by-play account, which was the next best thing.

And lastly, to the loyal fans who all year have followed the teams and given their support.

From where I sit ... by Joe Marsh

Ty's Cow Goes to College

When Ty Martin went to college under the G.I. Bill of Rights, he took one of his Dad's Holsteins and enrolled it in the college herd.

Nobody thought it was odd for Ty to bring a cow to college, because that's what a lot of the boys are doing—not only cows, but chickens, sows, and ewes ... for the student-operated farm.

That way the boys pay part of their expenses. They share in both the products and the profits; allocate the work; make their own schedules and rules. They're learning not only how to be good farmers but good citizens to boot. And they're learning industry and moderation—next to milk it seems to me that their favorite beverage is wholesome, temperate beer.

From where I sit, the more education is linked with practical problems of working and getting on together—and practical habits of industry and temperance—the closer we are to its true purpose.

WHAT'S COOKING...

Burst of Speed

It takes Ma hours to "straighten up"
The front room and what's in it;
But when she hears the doorbell ring
She does it in one minute.

Many persons have asked why we did not keep up the Cook's Corner in the Courier, and how much they have missed it. With so many requests for it, we are starting it again.

The lady of the week we chose to submit some of her family's favorites is Margery Livingston, who was most generous with five recipes.

Macaroni a la King

¾ cup elbow macaroni
1 cup scalded milk
3 beaten egg yolks
1 cup American cheese grated
3 pimentos, chopped
1 onion, grated
1 tablespoon chopped parsley
1 teaspoon salt, ⅛ teaspoon pepper
1 cup fresh bread crumbs
1/3 cup melted butter.

Mix in order given, Fold in three egg whites, beaten. Turn into a greased baking dish. Set in pan of hot water and bake until firm, about 45 minutes. Serve with or without a la King sauce:

1 can mushroom soup, add enough milk to make 2 cups
½ teaspoon salt
3 tablespoons butter
3 tablespoons flour.

Melt butter in saucepan. Add flour and seasonings, then soup and milk mixture. Stir until thickened. Add 3 hard cooked eggs cut in pieces. Serve over macaroni.

Escalloped Corn

This was a former receipe of Gladys Dean's.

1 cup corn
1 egg beaten
½ cup cracker crumbs
2/3 cup milk
1 tablespoon butter, melted
Salt and pepper

Cover with buttered bread crumbs. Bake ½ hour at 300 degrees.

Dutch Apple Cake

(This is a great favorite with the family and Mrs. Livingston uses it as a coffee cake).

1 cup flour
½ teaspoon salt
¼ cup shortening
¼ cup milk
1 egg beaten
1½ teaspoon baking powder
4 tablespoons sugar
1 teaspoon cinnamon and ⅛ teaspoon nutmeg.

Cream shortening, add beaten egg, salt, milk. Combine with flour and baking powder. Spread out in a shallow pan. Slice three or more tart apples and lay evenly over the top. Pour melted butter, the sugar, cinnamon and nutmeg mixture over the apples. Bake in a moderate oven about 35 minutes. Can be served as dessert with cream, hard sauce, or lemon sauce, or as coffee cake.

Date Pudding

Down through the years when there there was something extra special at the Livingston home, this was one of the desserts made:

2 eggs
1 cup sugar
⅛ teaspoon salt
1 tablespoon flour
1 teaspoon baking powder
1 cup nuts
1 cup dates

Beat eggs slightly, add sugar and salt, then flour and baking powder, combined. Stir in nuts and cut dates. Bake ¾ hour in slow oven. Break or cut in small pieces and serve with whipped cream. The pudding has a chewy texture.

Welsh Rarebit

½ lb. American cheese
2 eggs
1 teaspoon butter
½ cup cream
½ teaspoon mustard (dry or French's)

Pick cheese up with fork, or grind if drier cheese is used. Beat eggs, add the cream, mustard, butter and cheese. Cook in double boiler over hot, not boiling water, until creamy. Serve on toast or crackers.

This is Mrs. J. L. Crano's receipe from the old Charlevoix Cook Book and it never fails.

New Guide to Northern Michigan Will Give Information to Tourists This Summer

A complete directory of Charlevoix County will be included in the new pocket-size Northwestern Michigan TRAV-L-GUIDE scheduled for free distribution to tourists starting June 11 and twice monthly thereafter during the 1948 summer season.

The first publication of its kind in Michigan, TRAV-L-GUIDE will deal exclusively with tourist attractions and accommodations in Charlevoix, Cheboygan and Emmet counties. It is being published by the TRAV-L-GUIDE Co., of Harbor Springs, headed by Charles E. Marentette, free-lance writer and former correspondent for The Associated Press.

The guide will contain a map of the three-county area and will give details on cabin and hotel accommodations and will tell the tourist where to stop for a good meal, what's on at the movies, where to fish, where to play golf or tennis, where to swim, boat or fish and where to shop. It also will carry a full schedule of church services in each community, service club meeting schedules, train, plane and bus schedules. Historic data of interest to the tourist will be included.

The guide will be distributed by business firms advertising to the tourist trade. Free copies also will be available at Chamber of Commerce information booths.

A total of 56,000 copies of the guide will be issued at the rate of 7,000 copies per two-week period. Each new edition will contain up-to-the-minute changes to keep the tourist informed of actual conditions.

"Letting the tourist know what the next road or the next lake or the next community has to offer him is one of the greatest services we can give him," Marentette declared. "He is a stranger and welcomes knowledge about our resort area. The TRAV-L-GUIDE is designed to answer that need. Anything he might want to know about these three counties, he'll find in this guide. We believe it's the answer to a lot of tourist problems."

Florida's leading resort sections have found similar guides successful, Marentette said.

The TRAV-L-GUIDE is designed with a two-color cover and will total nearly 60 pages. It will carry a mailing space on the back cover to which a tourist need only attach a stamp to mail it, unwrapped, as a souvenir of this section.

Brown-Potter Nuptiels Celebrated Saturday

Helen Mae Brown, daughter of Mr. and Mrs. Frank Brown of Atwood and Allan Potter, son of Mr. and Mrs. Ed Potter, of Barnard were married at the home of the bride's parents Saturday.

Rev. W. D. Wood read the double ring service. Preceding the service Mrs. James Vandenberg sang.

The bride, who was given in marriage by her father, wore a gray tailored suit and a corsage of white carnations. Her only attendant was Miss Margaret Hoffman of Atwood. Eldon Potter, a cousin of the bridegroom assisted as best man.

Mrs. Brown, mother of the bride chose a blaek dress and Mrs. Potter, mother of the groom wore a teal blue dress.

Immediately following the ceremony a reception was held for about 70 guests.

After a two weeks wedding trip to southern Michigan and Indiana the couple will make their home with the bride's parents.

Out of town guests attending the wedding were, Mr. and Mrs. Amel Namer, Mrs. Schinske and George of Benton Harbor, Gerald Dott, Joan Tinte, Mr. and Mrs. Charles I. Brown, Mr. and Mrs. Russell Brown and Mrs. Wesley Throop of Detroit, Mr. and Mrs. Floyd Wilbur of Grand Blanc, Miss Anna Potter of Grand Rapids and Mrs. Gale Brintnall of Williamsburg.

Soil Conservation Petitions Are Ready

In the past few weeks several meetings have been held relative to the formation of a Soil Conservation District in Charlevoix County. Many more are scheduled in the near future. At these meetings petitions are being passed out for land occupiers to sign. These petitions request a hearing in Charlevoix County in regard to the proposed District. At this hearing farmers must determine whether there is, or not, a soil conservation problem in Charlevoix County. After the hearing it is put up to a vote whether or not a District is desired.

At the present time the following people have petitions: George Klooster, J. M. Ingalls, Mrs. Zimmerman, Delbert Ingalls, Bill Zitka, Harold Thomas, Claude Pearsall, Clayton Healey, East Jordan; Leonard Babel, Archie Brown, Pete Winnick, Charlevoix; George Jones, Boyne City.

Anyone interested in signing these petitions should contact one of the above named men.

The Illinois state park system now comprises more than 37,000 acres.

Citizens Asked To Name Director

On this page is an ad from the Board of Commerce asking Charlevoix citizens to nominate any qualified citizen as director of that body.

Two places become vacant this year: E. J. Edwards, who will not accept renomination, and Franklin Ochs.

This system of seeking nominations to place on the ballot at the spring election is followed, according to S. E. Coleman, in order to give every person an opportunity to help name the directors.

The other four who hold over are Arthur Bergeon, Kit Carson, Charles Bleha and Junior Supernaw.

Mrs. Noble Takes Coffee, Gum With Her On Trip to Revisit Old Home In Norway

Mrs. Frank Noble left Monday for Chicago on the first lap of her journey to her homeland, Norway for her first visit there in 18 years.

She was accompanied to Chicago by her daughter, Miss Marie Jones of Detroit, who spent the week-end here.

At Chicago she joined a Norwegian group who will travel together to New York. They sailed for Oslo on March 24.

After leaving the ship at Oslo she will go to Larvik and from there to her old home at Louve Station, where she has cousins with whom she was reared and many friends.

In preparation for her trip she has sent many parcels of food as well as packed such things as coffee, sugar, tea and other rationed items in her trunk.. As she said before leaving, "We like our cup of coffee and we'll have a lot to talk about after 18 years, so I'm taking an extra supply." One old friend, now in her 80's, asked for American chewing gum and Mrs. Noble has a box of it packed for her.

"Even though I'm an American citizen and this is my country now, I want to visit my old home once more while I can. I've saved a long time for it. I think I'll be happier when I return.." Mrs. Noble, whose mother was English was born and raised in Norway and came here only 18 years ago.

She plans to return to this country on July 16.

State GOP Delegates Are Selected

Charlevoix sent eight delegates to the County Republican convention Friday night at Boyne City.

There representatives of all the county elected delegates to attend the state convention in Detroit April 3. Chosen were George Haggard of Charlevoix; Barney Milstein and Sam Rogers of East Jordan; M. G. Drouillard of Boyne City. Alternates are Frank Bird of Charlevoix; Mrs. Maud Porter of East Jordan, Harry Dunsmore of Boyne City and James Gallagher of St. James.

Those going from here were C. B. Meggison, F. R. Bulow, Lillis Flanders, Mrs. Floyd Ikens, C. M. Bice, Rex Davis, F. E. Bird and L. E. Towe.

Norwood Church Will Have Special Service

The Norwood Methodist church is planning a special Good Friday service to be held at the church at 8:30 Friday evening.

Rev. Leslie Nevins of Traverse City, district superintendent, will show slide pictures he took in Palestine when he visited there.

Members of the Barnard church have been invited to participate in the program. A free will offering will be taken.

Mrs. Mary Reinhart Rites Wednesday

Mrs. Mary E. Reinhart, 79, local resident for 42 years, died Wednesday morning at her Dixon avenue home.

She had been in ill health since November and had recently only returned from Houghton Lake where she had been since last fall.

Mary E Bussell was born in Gratiot county on June 13, 1868 and shortly after her marriage to Alexander Reinhart on Oct. 8, 1906, came to Charlevoix to make her home. Mr. Reinhart preceded her in death on April 11, 1921.

She was a member of the Methodist church and the Rebekah lodge.

Surviving are three stepchildren, Lyman Reinhart and Mrs. Charles Weidenhammer of Charlevoix and Mrs. Elda Erickson of San Francisco, Calif.; a brother, Edward Bussell of Carson City and one sister, Mrs. Lewis Guernsey of Houghton Lake.

Funeral services were conducted at the First Methodist church at 2 p. m., Friday, by the Rev. Gaylord Howell. Burial was in the Brookside cemetery.

Mildred Boss Engaged To Donald Matchett

Mr. and Mrs. Frank Boss of Ellsworth announce the engagement of their daughter, Mildred to David Matchett, son of Mr. and Mrs. Frank Matchett of Charlevoix.

Miss Boss is now employed by Michigan Bell Telephone Co., at Charlevoix. Mr. Matchett served with the U. S. Army in the South Pacific and is now farming with his father.

No definite wedding plans have been made.

Annual John Deere Day to Be Monday At Klooster Store

The annual John Deere Day at Conrad Klooster's store in Atwood will be Monday.

Starting at 10:30 a. m., the program will include several movie shorts on machinery care, use and on soil conservation. There will be a full length feature film also. There will be a lunch at noon, door prizes, and a display of John Deere implements.

Like last year, the event is open to all farmers and their families.

4-H Club Achievement Day to Be April 28, 29

Annual spring Achievement Day of Charlevoix County's 4-H Clubs will be April 28 and 29 at East Jordan.

The exhibits will be put up after school on the first day, when judging also will take place. The next morning there will be a movie given by the Rotary Club, lunch at noon; style revue and presentation of awards by state club officials in the afternoon.

Representing this section of the county will be the clubs at Barnard, Marion Center and Norwood.

Veterans to Run Bennett Store

Two veterans, one of them a Carlson Raider, are the new owners of Pete's Place at Ironton.

They are Harold Beedle and Charles Beaver, the latter the Carlson Raider, who also is in Blodget Hospital at Grand Rapids as the result of an auto crash. He expects to be coming here in a month with his wife. Beedle is unmarried and now is living at Ironton and getting ready for the summer business. With him is his brother, Jim Alderson.

Mr. and Mrs. Bennett, who have been at Ironton for ten years, are now on a trip to Oregon by way of Arizona.

Grange Sees Soil Conservation Film

Soil Conservation was the topic at the Pomona Grange meeting Saturday evening at Barnard.

Following the supper, the program prepared by Mrs. Anna Warner was presented. County Agent Ed Rebman showed pictures on conservation practices. The pictures showed how right soil methods, not only will increase farm wealth, but will build other resources such as more fish in streams and lakes.

Fourteen new members were initiated in the fifth degree. Door prize was won by Charles Murrell.

Ice Blocks Trip To Beaver Island

Navigation in Charlevoix Harbor started Thursday when the Lyons Navigation Co.'s North Shore made a trial run.

Her engine has had a complete overhaul this winter and Captain Lyons wanted to try it out. So Thursday he took the North Shore to the railroad bridge and back in Round Lake, thus cutting much of the ice loose so the current could carry it out.

Then heading out into the big lake, he found nine inch ice for the first mile, clear water for four, and another mile of nine inch ice. There the boat encountered heavy windrows which stopped it. If it had not been for that Lyons says he would have gone on to the Island.

Conservation Head Will Visit County

Sportsmen and conservation enthusiasts of Charlevoix County are being invited to come to Boyne City April 8 to meet Harry Gaines, executive secretary of the Michigan United Conservation Clubs.

He will stop there on a swing he plans to make of Northern Michigan.

Bill Underhill, city clerk of Smeltania, was elected a state director of the MUCC at the Caberfae meeting last week.

Rock Elm Grange To Hear Speaker

Predator control and a conservation picture will form the program, open to the public, at the Rock Elm Grange April 1.

The speaker will be J. W. Baird of West Branch, on the Department of Conservation staff. Besides his talk on control of predators, he will show a picture, "No Idle Acres."

My deepest sympathy to Mrs. Elsie Guernsey in the loss of her sister, Mrs. Mary Reinhart. Just a day before her death, Mrs. Guernsey was in the office and told how much better Mrs. Reinhart was than she had been and held up such hopes for her. Then the next morning she had passed on. It was a shock . . .

Mr. and Mrs. E. B. Boyman and son, Jim, and Mr. and Mrs. Leo Carey spent the week-end in Lansing attending the State finals. They were accompanied by Linda Bowman, Sunday they went to Marshall having dinner at the famous Schular's and then on to Albion College where they did the campus before returning home.

Mr. and Mrs. Walker Miles have been having a second honeymoon, so to speak. The Edgar Smiths came to stay at their house with the children and they hied themselves to Detroit for a visit and a vacation . . . Our sympathy to Mrs. Arthur Fitch and her daughters, in the passing of Mr. Fitch . . . It's getting maple syrup time. Sap's a'running!

Local Items

• Galo Chew of Alma, Milo Chew of Flint and Miss Alice Chew of Bay City spent last week end at the home of their parents, Mr. and Mrs. M. K. Chew, Petoskey. Milo and Galo returned to their homes on Sunday. Miss Chew remained until Wednesday, Mrs. Chew returning with her to spend a few days in Bay City before entering St. Joseph Mercy Hospital in Ann Arbor for treatment.

• Mr. and Mrs. Merton McWatters and daughter of Petoskey were week end guests of Mr. and Mrs. M. E. Wakefield.

• Mr. and Mrs. George Sands of Flint were here for the week end visiting friends and relatives.

• Warren E. Duplessis who has been a patient at Percy Jones General Hospital at Battle Creek since October is expected home this week to spend the Easter holiday. He will return to his studies at Michigan Veterans Vocational School on April 5. His mother, Mrs. Joseph Duplessis, who has been in Battle Creek and Grand Rapids since Christmas, will return with him.

• Carol and Lynn Cartier of Grand Rapids and Amanda Lovelace of Ludington, will arrive Thursday to spend the Easter week-end with their grandparents, Mr. and Mrs. Fred Cartier.

• Mr. and Mrs. Charles Newberry and family of Cass City and the former's parents of Otter Lake are at Camp Ta-Wa-Ma-Na. Mr. Newberry will remain for an indefinite stay while the others will return home later this week.

• Mrs. Walter Dubber of Port au Prince, Haiti, is making an indefinite stay here as the guest of Mrs. Anna Eceleston.

• Mrs. Susan Price and daughter, Mrs. Robert Place of Ravenna visited last week with Mrs. Price's sister, Mrs. Gunsolus at the Frank Bird home.

• Mrs. Joe Williams and Phyllis spent Friday and Saturday in Lansing with Mr. and Mrs. Al Farmer.

Mrs. Ross Alexander

Betty and Ann Gill, Sally and Janet King attended the basketball games in Lansing. Sally is one of the cheer leaders for Charlevoix.

In spite of the sunshine the past few days, the ice is still quite thick in the lake, but the fishermen removed the last shanty Monday.

Mr. and Mrs. Ralph Price attended the game in Lansing Friday. They also met their daughter, Nancy there from Dayton, Ohio and enjoyed the week-end with her.

William Sanderson, Jr., is home from Michigan State College for the Easter vacation.

William VanderWall and Ross Alexander are making maple syrup from the Brock sugar bush this week.

The Ladies Aid met last week with Mrs. Ross Alexander. We will meet again next week Thursday.

Mr. and Mrs. Pete Bennett and son, Don, left last Thursday for an extended trip through Arizona to Texas, up the West Coast to Portland, Oregon, where they will visit "Mary's" father several weeks.

Mr. and Mrs. H. L. Barnum of Lake City were guests at the Ross Alexander home last Sunday.

Mr. and Mrs. Joe Clark of East Jordan enjoyed Sunday dinner with the latter's father, Grant Hammond.

Rev. and Mrs. Henry Hammond arrived home Saturday after spending the winter in Florida.

Harold Biddle and Charles Beaver from Nashville, are the new owners of the Pete Bennett fishing business at the ferry. They are two veterans and also students from Michigan State College. We welcome them to Ironton.

Meeting to Plan Lifeguard Drive

A public meeting will be held Friday at 8:00 p. m. in the City Hall community room for an open discussion on the question of hiring life guards for local beaches.

Officers and representatives of all local organizations are asked to attend, and anyone else interested in the subject is urged to come and express his views.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Holy week services were announced Sunday by Father Fabian. Thursday morning, Mass will begin at 8. In the evening, Holy Hour will be from 7 to 8. Good Friday, the Mass of the Presanctified will begin at 8, the Stations of the Cross at 2:45 p. m. Saturday, Mass will start about 8; Easter Sunday, the first Mass is at 8, the second Mass at 10.

Palm Sunday, the first day of spring, was every bit a spring day.

Although the snow has not entirely disappeared because of Friday's all day rain and the warmth of Saturday and Sunday, it is dwindling fast. Small ponds and rivulets are everywhere. The ice in the harbor looks "soupy" once more, but it is still plenty thick.

The county crew opened up the road to the air port Saturday.

Ramsey's camp and Wojan's camp have closed. As soon as the roads are in better condition, logs will begin rolling into the village from these two camps.

Teddy Wojan has been in Charlevoix for the past two weeks assisting his father. Mary Margaret Wojan flew across last Monday to be with her husband.

Carl Keubler returned to the Island Monday after being on the mainland for a few days.

Lawrence McDonough and Archie LaFreniere had the time of their lives rigging themselves up to play feminine parts in Saturday night's show.

Saturday night's entertainment was gotten up in two weeks time and it was a bang-up success. To quote Nonie Gallagher, "I haven't laughed so hard in five years."

Mr. and Mrs. Lloyd McDonough left Thursday morning for Grand Rapids. Mrs. McDonough entered Blodget Hospital Sunday for major surgery.

Arthur Miller returned to the Island Saturday. He has spent the past few months in Detroit.

E. G. Henekee, John Henekee, Al Wachawski and Frank Glover all of Flint, flew to the Island Saturday afternoon and remained until Sunday.

A number of Island boys have received their appointments for sailing.

Light Paint Cools

Houses are cooler in summer or in warm climates if painted very light colors to reflect heat rays. Roofing that contains crystal-like particles also tends to reflect the heat.

Singing traditional Irish songs, the girls glee club of the St. James school dressed in white formal gowns, made an attractive picture on March 14 at the annual St. Patrick's party in the Parish Hall on Beaver Island. Left to right they are: Eleanor Gallagher, Jeanette Gallagher, Patricia O'Donnell, Joy McDonough, Madonna McDonough, Charlotte McDonough, Kay McDonough, Grace Marie McCann.

Home Talent Vaudeville Show Brings Down House At Beaver Island Showing

Island talent blossomed out Saturday evening, when an entertainment in vaudeville style was given in the Parish Hall under the direction of Mrs. Fred Spalding.

Starting promptly at 8, the curtains parted on a darkened stage. Two black-out shorts were presented by Mrs. Spalding, Johnny Andy Gallagher, Mrs. Rolland McCann and Fred Spalding.

A Romeo and Juliet act in modern lingo was presented by Mary Malloy and Donald McDonough.

Two coon jiggers (black faced jointed wooden dolls) manipulated by Mrs. Spalding and Mrs. McCann gave an exhibition of soft shoe dancing.

"What Happens on a Street Car" was a comedy performed entirely in pantomine. Mr. Spalding in motorman's cap, false nose and mustach, took the part of the motorman, Johnny Andy Gallagher was the absent minded sandwich eating passenger who forgot to pay his fare. Lawrence McDonough, a "Mother with babe in arms" had an awful time trying to find car fare in a purse stuffed with baby's necessities and other paraphernalia. Archie LaFreniere, a dizzie blond, almost caused the motorman to have a wreck, he was so dazzling. Burt McDonough, a slightly inebriated gentleman managed to get aboard. Elston Pischner was the man who just made the car.

Next followed "The Little Lonely Petunia In An Onion Patch", Mrs. Margaret Hanley took the part of the lonely Petunia; Mrs. Arthur Miller, Mrs. Ethel McCann, Mrs. Edwin McCann and Mrs. Spalding were the onions.

"Dem Back Wood Folks", a comedy skit in mountaineer fashion was presented by Mrs. Margaret Hanley as "Maw", Fred Spalding as "Paw" and Elston Pischner as Lukie.

An act of dancing started with Madonna McDonough and Lester Gallagher waltzing to "The Band Played On". Mrs. Bob McDonough and Lester Gallagher gave an exhibition of step-dancing. Kathy McCann as the little girl and Mary Catherine Hanley as the little boy, came in dancing to the Skirt Dance. Maw and Lukie performed some fancy capers to Good Old Mountain Music.

The last act consisted of songs and music by members of the cast. Mac Namara's Band sung by Grace Marie McCann brought the entire cast on stage and a grand march followed.

Furnishing the music for the program was Mrs. Walter Wojan at the piano, Fred Spalding, violin and Jewell Gillespie, guitar.

Soil Test Meeting To Be Held In County

A series of soil testing meetings has been planned for Charlevoix County for Monday and Tuesday, April 5 and 6.

Ed Longnecker, extension specialist in soils from MSC will do the testing and give recommendations in regard to fertilizer and crops. The general plan so far is to meet in the Agriculture Room in the Boyne City high school April 5; in the Agriculture room in the East Jordan high school that afternoon. The third meeting will be at the Charlevoix high school Tuesday morning, April 6.

Farmers interested in having soil samples tested should bring samples to one of these meetings. If the soil is extremely wet—collect the sample three or four days ahead of time and give it a chance to dry out. To take a sample collect some of the soil from the surface of the ground down to about plow depth. An old two inch auger makes a good tool to collect soil samples with.

Cong. Potter Picked As "Hero of Month"

Cong. Charles E. Potter was accorded a new honor this month when the Disabled American Veterans organization named him as its "Hero of the Month".

The published story in the DAV News recounts Congressman Potter's war record: entered as a private in May, 1942; separated four years later as a major; served in France, Belgium, Luxembourg and Germany; received a bullet wound in the shoulder, shrapnel in the face and finally lost both legs.

He received the Purple Heart with two clusters, Silver and Bronze Stars, the French Croix de Guerre with Silver Star.

The news also tells of his campaign and election to Congress in the special election last summer.

Wanted: Dependable Man to List and Show Farms

BUSINESS IS GOOD! As aggressive advertisers of farms and country real estate throughout the nation, we are faced with a constantly-increasing demand for real bargains. Buyers everywhere have learned to look to UNITED for the best and most dependable service. RIGHT NOW we want a local representative in your community.

The UNITED FARM AGENCY was established twenty-three years ago, with DEPENDABLE SERVICE as its guiding principle. Today, more than two hundred UNITED men are serving the public, backed up by a constant flow of national advertising and the circulation of our famous farm bargain catalog, which reaches every corner of the world. Our program of careful selection of local representatives and adherence to the highest standards of business ethics has been one of the big reasons for our steady progress and success.

The man we select must be thoroughly honest and dependable, able to furnish surety bond, under sixty years of age, own an automobile, willing to devote full time, be completely familiar with his territory and have the good-will and respect of his fellow men. No real estate experience is necessary for the man who will follow advice and instruction.

As a UNITED man, you can build up your own business, have your office in your own home, be independent, enjoy pleasant out-of-door work and become one of the income leaders of the community. If you meet our requirements, and want to do business in conformity with our ideals of dependable service, you are the man we want.

Write today for particulars. Join the UNITED team, and help sell rural America to Americans the UNITED way!

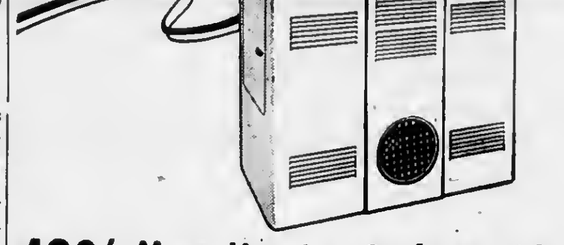
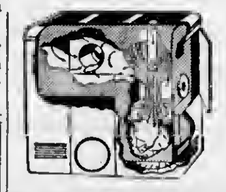
OIL-BURNING HOME HEATER



40% More Heating Surface with the L-Shaped Heat Exchanger



Because of the greater heating surface of the exclusive Norge L-shaped heat exchanger, the Norge delivers more heat faster. The greater amount of air heated by the exchanger is passed into the air circulating throughout the space to be heated; less heat escapes up the chimney.

Hot-Flame "Whirlator" Tube
The exclusive Norge downdraft "Whirlator" tube carries more air for perfect combustion directly into the heart of the flame. The whirling motion of the air results in a perfect vapor mixture, and more heat from less fuel.

Four-star hit!

Crowds everywhere hail *New Hudson*

the car you step down into!

HUDSON is a new type of motor car no one else in America is prepared to build today! It's just five feet from ground to top, but with *more* inside head room and roomier seats than in any other mass-produced car.

Hudson is the only American-built car you step *down* into when entering, not *up* on—yet it maintains road clearance.

Hudson's new, all steel Monobilt body-and-frame* is the only motor-car construction that completely encircles you, even outside the rear wheels, with a rugged box-steel foundation frame.

You ride within this frame, cradled between axles. And as you ride, Hudson's combination of unique construction and comfort features gives you a sensation of safety and smooth going unlike anything you've known before!

Try automatic gear shifting in forward speeds as provided by Hudson's "Drive-Master" transmission. Drive Hudson's all-new Super-Six engine—the most powerful six built today—or the masterful Super-Eight.

Stop in at the nearest Hudson showroom. Discover why Hudson is the Number-One attraction today!

Lenten Luncheons Held This Week

Open to all men of the community, the Lenten Luncheons are being held this year at the Baptist church.

First was Monday and the last will be Thursday noon. The topics and speakers are: Rev. Ansley B. Claypoole, "Christ and the Church"; Tuesday, Rev. Gaylord Howell, "Christ and the School"; Wednesday, Rev. Jackson Turner, "Christ and the Community"; Thursday, Rev. W. D. Wood, "Christ and the Home". Laymen leading the devotions are Ernest Peaslee, L. E. McGhan, Capt. Hubert Paddock and Peter Timmer.

Druggists Now Lead Bowlers

The Schroeder & Hovey bowling team, after four weeks of being tied for top place, last Thursday finally pulled into first place.

It defeated the Courier team 4-0. The Argonne, last week tied for first place with it, lost 4-0 to Airport Inn. Swanson defeated Mathews 3 and 1.

Standings now are:

	Won	Lost
Schroeder & Hovey	26	10
Argonne	22	14
Courier	17	19
Swanson	17	19
Mathews	15	21
Airport Inn	13	23

Fire Does $2,500 Damage to Home

Fire, caused from a chimney which was burning out, caused an estimated $2500 damage to the Gustave Young home at 101 Ainslee st. at 4 p. m. Tuesday.

Sparks ignited wooden shingles under fire proof shingles on the west side of the roof. The fire had spread to the whole west side of the attic before it was discovered by Junior Hamlin and reported. Water damage to the front part of the house was severe.. The loss is covered by insurence.

This was the worst fire loss here this year.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

Easter has come and gone and folks had a chance to don their spring outfits and join the spring parade to church. As one man said in commenting upon his wife's new bonnet: "Never did I pay so much for so little." Dad said to him Easter was just transferring his loose change and watch from the pants pocket of one suit to the other suit . . . Two of our Charlevoix students, Martha Jane Kohler and Nancy Heering, now at Alma College, have been pledged to Alpha Theta Sorority. Congratulations, gals . . .

Are you one of the mothers who got out the last year's togs of Junior or Jennie and wailed, "Where, oh where are you going to?" when you discovered that their arms and legs dangled far out the sleeves and pant legs. Looks like the kids have really been doing stretching exercises during the winter months . . . The P. R. Rosses should be arriving home sometime within a few days from Texas . . . The E. J. Smiths are also expected home from Florida . . . Pat Foster and Lois Courier returned to Mt. Pleasant Monday after spending the Easter vacation with their families . . .

Lillian Hull, Charlevoix's beano fiend, really cashed in on her good luck for Easter. Last week she drew an 18 pound ham at the JCC party. She celebrated the occasion in true style by having 13 members of the family in for an Easter dinner and a real feast it was! . . . Mrs. Margaret Widdifield has returned to her home here after visiting for some time at the home of her son in Riverside, Ill. . . . The Frank Novotny shop is another spot on Main street that has undergone spring painting. The office wall is now as blue as the sky . . .

Those from out of town who were here for the funeral of William E. Fuller on Wednesday were Mr. and Mrs. Robert Wilson and family of Petoskey, Mr. and Mrs. Robert Ecker and family and Mr. and Mrs. Ted Ecker of Boyne City . . . Mrs. Charles Robertson and two daughters of Adrian are visiting her mother, Mrs. Edward Heise for a week . . . Mr. and Mrs. John Harsha of Detroit spent the week-end in Charlevoix . . .

The Earl Youngs received sad news last Friday when their daughter, Virginia, called from California to tell them that their four months old baby was in the hospital with meningitis and had a 50-50 chance. They hourly await news concerning the boby . . . A late copy of the house organ of the Dow Chemical Co. from Midland shows a picture of Roberta Paddock in the process of putting a pie in an oven. The young lady is one of the new brides-to-be who works for Dow.

One felt quite dressed up this week-end arrayed in last year's suit, freshly cleaned, until she met up with all the girls who were home from college in their long ballerina skirts and new-look clothes. Then one just slunk over in the corner and teased her skirt down as far as it would go and tried to put on a "new look" smile . . . The Rollie Lowises out in California are getting around and seeing things . . . Audrey Byers is in the hospital, having lost her appendix . . . Georgia Gloster and Mrs. James Gaskin, who were in Detroit, returned home last week. Mrs. Gloster was there for Palm Sunday so that she could be with her granddaughter, her namesake, when she was christened. Ed Fochtman was home from Chicago for Easter. He flew back Moday and is hoping that it won't be many weeks before his family can be with him. He has been fortunate enough to find a desirable apartment for them near Evanston . . . The Otto Kruegers have sold their home on Meech street to the Clarence Odmarks who will be moving in soon . . . Mrs. Krueger says, "I have not got the new look, but our house here on the Chicago Club grounds has." It is getting a painting and papering job from top to bottom.

Commerce Board Election Only Contest Monday

With an unopposed city slate, chief interest at the election Monday will be centered on the Board of Commerce ballot.

Two officers and two directors are to be elected. The nominating committee could not obtain any opposition for the present officers, but the ballot will have space for the names of write in candidates. Incumbents are Robert Fochtman, president; and L. E. Towe, vice-president. Their term is one year.

Directors however are elected for three. They were nominated this year by individual citizens who gave their names to the officers of the Board. Those whose names will appear on the ballot will be:

John Connolly of the Charlevoix Hotel; Richard Edwards of Edwards Food Mart; Grover Glossenger of Charlevoix Gas & Appliance; John Knight of Michigan Cleaners; Robert Miles of Miles Studio; Franklin Ochs of Central Drug Store; Keith Wagner of Wag's Sandwich Shop.

Those whose terms expire are E. J. Edwards, who refused to be a candidate again, and Franklin Ochs. Other directors whose terms hold over are Kit Carson, Charles Bieha, Arthur Bergeon and Junior Supernaw.

Track Team Starts Practice; Looks Like Good Year

In spite of icy March winds, 55 Charlevoix high school track men have started practice at South Side athletic field under direction of Track Coach Stewart Coleman.

Coach Coleman thinks it looks like another good year for his thinclads, winners of 10 straight Northern Michigan Class C Conference titles and eight regional championships. His 1947 aggregation also took Class C honors at the Central Michigan relays at Mt. Pleasant, and participated in the state meet at Lansing.

Track events on the calendar this year are: May 0, Central Michigan Relays at Mt. Pleasant; May 15, Northern Michigan Class C Conference meet at Charlevoix; May 22, regional meet; May 29, state meet at Lansing.

Asked what candidates looked good this early in the season, Coleman named several likely contenders. In the high hurdles, he named Bill Carey, Charles Fairbanks, Dan Hardy, Dale Suomela. Pat Martin and Dave Smith are out for low hurdles and broad jump, and Martin and Dave Hardy are also picked for the pole vault. For the shot put, Coleman picked Dave Hardy, Bob Carey and Warren Shadko.

Quarter-milers include Phil Martin, Dave Hardy, Don Burke. For the half-mile, Don Coney. Several good milers are out, including Ed Mann, Cliff Lagerman, Jim Bowman, Jack Klein, Fenn Welsheimer, Mike Bergeon, Don Mort. In the doshes, Pat Martin, Dawson Way, Jerry Gibbons, James Jolliffe, and Greg Bryon. High jumpers include Robert Shanahan, Bill Carey, Ross Case, James Hardy.

Charlevoix Dairy has a new truck, a ton Dodge with a walk-in body. It is painted white, and will be used for collecting, hauling and delivering milk.

Chippewas Ask U. S. to Give Square Deal On Old Cent-An-Acre Treaties for Tribal Land

Chippewa Indians of this section are joining with the Saginaw group in a suit against the Federal government to get a fair return for the tribal lands taken by a whole series of early day treaties.

The story starts back on Aug. 3, 1795 when the Chippewa tribe transferred 1,900,000 acres to the new United States for a cent an acre. Treaty followed treaty until by 1846 the Chippewas had ceded their rights in more than 50,000,000 acres of land for an average of about 3 cents an acre, some of it going for as little as 2/10 of a cent.

At the same time it was acquiring these Indian lands, the government was placing a price of $1.25 an acre on the same tracts when opened to white homesteaders.

In 1855 the Chippewas signed a treaty, waiving all claims to their former homelands. But in 1948 Congress enacted the Indian Claims Commission Act which said that any group of Indians could bring suit to recover damages if in the past they had had an unjust deal.

Under this law the Chippewas are suing to recover part of the difference between 1 cent and $1.25. Last October the Saginaw Chippewas filed their petition before the Claims Commission. Now a group in the North is joining with them. Chairman of this band is Frank Santigo of St. Ignace. Secretary is Foster Otto of 1321 Clarion avenue, Petoskey.

According to Robert Dominic, none of the Chippewas at Charlevoix or St. James have joined in the petition.

Marion Township to Vote on Beer at Annual Meeting

Msrion Township likely will have a well-attended and lively annual town meeting on Election Day this year.

Besides the usual routine business which town meetings have to take care of, the alcohol and road questions will be taken up. As Jay Adams, the township clerk explains it, the town Board is bringing the question before the annual meeting when everyone who is interested can come, speak his mind, and help decide.

Three possible decisions can be made on the drink question. A license for the sale of beer and wine could be granted. Or it could be for beer, wine and hard drinks. Or no license at all could be given and the present dry condition continued.

With the townships being drawn back into the road picture, the Board wants the town meeting to discuss the situation. Mr. Adams says nothing specific is up, just roads in general.

Schram Writes of His Visit Here

By Hal Schram

DETROIT—Honestly folks, I am looking forward to my first visit to Charlevoix, April 3.

I have lived in Michigan all my life but my visits to the upper half of the Lower Peninsula have been all too few.

To be invited by the Junior Chamber of Commerce to speak at its Sports Banquet is indeed an honor. It's always great to be among champions and the Red Rayders of Coach Ray Kipke have proven themselves just that for—oh so many years.

That string of conference victories, both in football and basketball, rates Charlevoix high school as one of the all-time powers in Michigan Class C circles.

The young businessmen of your city are showing their appreciation and pride in their teams by throwing this party for your athletes.

Publisher Larry Towe asked me to do this yarn for the Courier.

"Tell them what you're going to talk about," Larry demanded.

I'm going to bother you only briefly with my autobiography. You'll hear more of my personal background April 3. I graduated from Michigan State College in 1941, spent three and a half years at The State Journal in Lansing before moving on to the Free Press in 1945 as scholastic sports editor.

My topic: "Getting a Kick Out of Sports," deals with my experience as an athlete at a very unusual school, the "breaks" which gave me a chance to write for one of the nation's leading newspapers and my experiences with college and high school athletes and coaches.

I'll be looking forward to meeting all of you April 3.

Mrs. Burke Writes Maple Grove News

The Courier has a new correspondent, Mrs. Gerald Burke, out on the Boyne City road.

She is writing news for the Maple Grove district and reporting for the organizations in that territory. Her phone number is 7010-F21.

Beach Guards Proposed as Summer Asset

Definite steps toward the hiring of life guards for local beaches this year were taken at a meeting in the city hall Friday night at which 14 organizations of the city were represented.

A second meeting will be held this Friday night at 8:00 p. m., in the city hall community room to complete selection of a central committee to conduct the fund-raising campaign and obtain guards. Miss Anne Higman, who presided at last Friday's session, was named a member of the central committee.

Anyone interested in the placing of life guards on Charlevoix's bathing beaches is asked to attend the meeting. This especially applies to officers and representatives of local orgsnizations as it is hoped that a large part of the necessary funds will be raised through the efforts of these groups.

Plan for Ten Weeks

As tentatively set forth, the plan calls for guards at the Lake Michigan and Ferry Avenue and possibly also at the Inn beach. Each guard would work from noon to 6 p. m. daily, at least six days a week, for a ten week period from the first week of July through the first week of September. No definite goal can be set for the fund-raising drive until the number of guards and amount salaries are decided, but it is expected that from 700 to $1,000 will be needed.

An important part of the guard's service would be swimming instructions for children, for which a real need exists. Teaching children to take care of themselves in the water is rated of equal value with life guard protection.

Go to Acquatic School

The young men, or young women, who are hired as life guards will be sent to the Red Cross National Aquatic school at Ludington, June 20-30, for ten days of intensivo training in water safety, life saving, accident prevention, first aid, swimming and diving. To attend the school, applicants must be at least 18 years of age and reasonably strong swimmers. Their expenses at the school, except for transportation to Ludington, would be entirely financed by the Charlevoix County Red Cross Chapter, which will send two or three representatives from this community provided they can serve in the county after completing the course.

Because city officials feel that at the present time no additional expense can be added to the municipal budget, the money must be raised by a community campaign.

A benefit card party for the city life guard fund will be given by the Congregators Wednesday evening, April 7, in the basement of the Congregational church. A committee headed by Mrs. Tom Coxe is in charge of the evening's entertainment. Hosts are Mr. and Mrs. Bert Houston, Mr. and Mrs. Robert Wexstaff and Mr. and Mrs. H. D. Lesley.

Cleaners to Open Laundry April 15

Besides the present dry cleaning service, the Michigan Cleaners is planning to open a laundry at the Garfield street plant.

Starting about April 15, the Cleaners will have a complete apparel laundry. Regular 24 hour service will be given with a special four hour service also available.

Original plans called for the laundry to be started June 1, but machinery came through faster than expected and made the earlier opening possible. This equipment consists of a two-girl shirt unit capable of doing 50 an hour; an apparel press, two utility presses, a sock former, a semi-automatic washer and extractor.

The Cleaners also will take care of flat work for customers, John Knight says, by sending it elsewhere.

Donkey Game Postponed

A storm and a truck breakdown combined to prevent the donkey basketball game Monday night sponsored by the Senior Class. It will probably be played April 8 at the high school gym.

Warm Day, Cold Night Starts Sap, Work in Sugar Bush

Ernie Brown tests the temperature of the second batch of maple syrup at the new R. S. Wilson sugar house. The first was too thick.

The trick with syrup is to get it to exactly the right temperature, and then draw it off.

And it is a trick, too, as any maple syrup maker will tell you.

With last week's warm weather the sap started in maple trees all over Charlevoix county, and all over the county sap pails were being scoured out, holes bored in shaggy-barked trees, spiles driven in and the sap tank or wagon started its steady daytime round in the trees.

Cold nights and warm days are ideal—and necessary. Cold nights keeps the buds from starting and warm days send the sweet sap upward in the trees, and out the spiles.

The gadgets, but not the methodists, have changed a lot since the original Indian sugar makers bored shallow holes with a stone point and used a grooved stick leading to a birch bark bucket.

Today there are steel spiles, metal pails, and usually ten gallon milk cans on the collecting wagon. Largely gone also is the early settler's big iron kettle. In place of it, the continuous flow

Memorials Dedicated At Methodist Easter Service

Easter was a special time at the Methodist church Sunday morning with special music, the Easter message and baptism of babies.

The closing feature was a dedication of gifts given by members and friends.

Mr. and Mrs. Fred Bancroft gave an altar set. The cross was in memory of their son, Cadwell, the candlesticks in memory of their son, Maurice and grandson, Clyde.

The Christian flag was given by Mr. and Mrs. Amandus Evers in memory of their son, Leonard.

Dr. and Mrs. F. F. McMillan gave the American flag in memory of their son, Albert.

The Communion wafer plates were given as a gift from Mrs. Henry Block.

Mother-Daughter Banquet Is April 14

Plans are underway for the Mother and Daughter banquet which will be held in the Congregational church April 14 and sponsored by the Margaret Parker circle.

Open to mothers and daughters of this community, Mrs Sarah Sternberg is chairman of the ticket sale for the banquet.

Mrs. Sally Bergeon will act as the toastmistress for the evening. The entire program will be given in next week's Courier.

T. J. Luft Is New Kroger Manager

T. J. Luft is the new manager of the Kroger Store here, replacing Jack Hartzell.

He formerly was at Big Rapids, managing the Kroger store there, but was promoted to Charlevoix this month. He has been eight years with the company. This spring he expects to move his family here from Big Rapids.

Theisen-Clemens Men Will Meet

All Theisen-Clemens dealers and employees in the Charlevoix area will be meeting here at the Argonne next Wednesday night for a district dinner and business meeting.

Announcement of a change in the company's policy will be made at that time.

New Power Unit Will Arrive Next Week

The new diesel engine for the Charlevoix power plant is being broken in and will arrive here in about ten days.

This is the report brought back by the city delegation which returned Friday from the Rathbun-Jones plant at Toledo. Those going were City Supt. A. G. Leitch, Plant Supt. George Smith and W. E. Goss, chairman of the power committee of the Council.

The engine had been on the test run for six days when they arrived and would be run for another ten days breaking it in. Then the seven cylinder engine would be dismantled and shipped.

The last of this week the generator will be shipped and will be erected before the diesel gets here.

Judge Here April 2

Judge Charles L. Brown will be in Charlevoix on Friday for motion day. He has designated the first Friday of every month as motion day in Circuit Court in this county.

• Mrs. Helen Richards will go to Chicago for April 5 and 6 to attend the Girl Scout Commission Training Session.

Dual Display Card Case Made By Freedman Pictured, Praised By National Trade Journal

A Charlevoix product received a full page of pictures and news in the February issue of the "National Stationer."

It is the new Dual Display case for greeting cards designed and produced by Freedman Artcraft Engineering Corp., for Gorwin, Inc., of Chicago.

The article is headed "Putting an extra 50% on top of your greeting cards sales". It tells of three years of experiment and store research resulting in the Dual Display rack which stresses "greater space for the product and less space for the fixture."

The pictures show the front and back views of the double decked display rack and help illustrate the points made by the news article. This says that the new case gives 50 percent more display space, helps the customer make his selection, provides a top rack for seasonal cards and a lower one for year around cards, and fits in with any type of store layout.

The article concludes by saying, "The Dual Display is a real contribution to greater greeting card sales, and is the first fixture to be accepted by nearly all publishers of greeting cards and distributed by their salesmen."

Farm Industry Expert to Talk Monday Night

How agriculture and industry can and should work together will be the topic of the talk at the annual Farmer-Merchant dinner at the Masonic Hall next Monday evening.

The speaker will be H. A. Lyon, director of the Detroit Agricultural-Industrial Foundation. The dinner is sponsored this year by the farmers of this area. Guests will be Charlevoix businessmen.

The title of the address will be "Pattern for Prosperity." Mr. Lyon has been the director of the Foundation since its start, having been chosen by the industrialists of Detroit to head up the work of bringing about greater cooperation between agriculture and industry.

He will tell the story of the Foundation's work in helping to improve agricultural conditions by applying industrial know-how, and will explain why it is that industry has such a large stake in the prosperity of the farmer and must accept the responsibility for it.

Before coming to Detroit, Mr. Lyon was with the Bankers Trust Co., of New York, National Cash Register Co., First National Bank of Boston. He has served as a guest lecturer at Harvard and Rutgers, and has written many articles.

Amateur Golf Tourney Tentatively Lined Up for Charlevoix

Charlevoix once again probably will be host to the Michigan State Amateur Golf Tournament.

Played here last in 1940, negotiations between the Belvedere Golf Club and the Michigan Association were reopened this year and E. J. Edwards of the Belvedere has received word that Charlevoix is the likely spot. The tourney will be July 8-11.

Monday the Council appropriated $300 to help defray the club's course costs.

How to Waete Money

Last week a repairman of Charlevoix was in the offiee. During our eonversation he remarked on a run of business he had just had—business he did not partieularly enjoy. For in every case, his eustomers had got stuek with poor merehandise.

It wasn't washing maehines he was talking about, but let's suppose it was. Here's about what he said:

"Yea, three of 'em in day before yesterday. Every one of them a mail order maehine. One woman had bought hers only a month before and eouldn't understand why it wasn't working right. I eould have told her—poor stuff and junk.

It beats me why folks will persist in sending away and and getting stuek the way they do. That one woman eould have got a better maehine right here, paid less and had no trouble. But no, she has to send down to Chieago and then a month later eome dragging the junk in to me to fix up.

"Seems like folks never will learn."

To Our Methodiet Friende

Last week by a sad misehance the aeeount of the Methodist plans for Easter observanee were left out of the Courier's story.

Rev. Gaylord Howell tells us he brought the ehureh program in at the same time he brought the Good Friday material. But somehow it became lost in the shuffle.

It was just one of those aeeursed aeeidents which plague the life of an editor, and are the chief eause of his stomach uleers and gray hairs.

Threats Don't Pay

Another Courier visitor was Floyd Supp. He was talking about the Russian situation and told a story.

Said he: "I wish we'd quit talking about and at Russia. We'd better either do something or shut up. It reminds me of my grandmother. She never threatened. She'd just tell us to do something. If we did, everything was fine. If we didn't, we wished we had, right then."

Two Articles Worth Reading

There's one magazine I always try to read, even if it means skipping one of the newspaper publieations. It is the Farm Journal. Last month there were two artieles whieh were especially noteworthy for us.

One was "They Stopped the Sand" dealing with soil eonservation in Ottawa county.

When a county eonservation program ean inerease the land value 2,000 pereent within ten years, it is worth taking up—and Charlevoix County has the ehanee to do that this spring. Not that we ean make any 2,000 pereent gain, but even a 200 or a 20 is worth going after.

The seeond artiele is entitled "Wouldn't Live Anywhere Else" and is about a small South Dakota eommunity. It eonfirms a belief I have held for several years. The way to go plaees is to quit finding fault with things as they are and to get busy building something better.

THE NEEDLE

Below is the gist of an article from the March 22 issue of "Newsweek." John Knight brought it for the NEEDLE with the following comment:

"See if it doesn't present a challenge to Charlevoix. If a tiny Georgia town can do it, certainly we can. I'm positive that with a fine factory site, no city taxes for say five years, and a favorable power rate we would attract some high grade company connected with the automotive industry."

The Newsweek article said in part:

By the Bootstraps

Forty-five miles west of Atlanta, Ga., you come to Buchanan, seat of Haralson county.

Two years ago Buchanan had 500 people. Last week Buchanan could count 700 residents. It had 50 businesses where there had been only 12 two years ago. The town now had a sewage-disposal plant, a new hospital, and a 1947 fire truck with 3,000 feet of hose.

Buchanan's new prosperity was not the largess of an outside benefactor. Buchanan's citizens had reached down and lifted the town by its own bootstraps.

Two veterans. Hardy McCalman and Dave Eaves, returned from the war to find Buchanan slowly strangling. Neither vetcrans nor graduating high-school seniors had much to look forward to.

McCalman and Eaves called a meeting of the town's dozen businessmen to talk the situation over. Buchanan needed some sort of industry. Why not build a good little plant and then find a tenant or buyer?

A corporation was formed and began selling stock. After several town meetings the kitty reached $35,000. Many gambled their total savings. The promoters arranged a bank loan for the rest.

A local contractor drew up plans for a one-story, 80x200 foot building and construction began.

Hardy McCalman hustled to Atlanta to talk to a New York manufacturer of overalls about renting the plant. But just when McCalman thought he had the deal closed, the manufacturer backed out. It was a blue day in Buchanan.

Then McCalman approached the manager of Cluett, Peabody's Arrow Shirt plant in nearby Breman. Was Cluett, Peabody interested in expanding operations in that area? Cluett, Peabody was. Officials looked the situation over, but asked skeptically about labor. Where would 200 workers come from in a town of 500?

The promoters sent out penny postcards to the Buchanan countryside. Within two days they had pledges of more than 200 workers. Cluett, Peabody & Co. leased the plant and took over. Shortly afterward it bought the plant for $68,000, the original cost, returning the townspeople their investment. Buchanan had what it wanted: a new $300,000 annual payroll.

WHAT'S COOKING . . .

At the last meeting of the Congregators, Abie Miles was responsible for the delicious salad that was served during refreshment hour. We begged her for the rule and this is it:

Pineapple Salad

1 paekage lemon or lime jello dissolved in hot juice of one can crushed pineapple. (No. 2 can).

When cool, add crushed pineapple and 2 packages of Philadelphia cream cheese.

½ cup celery
2/3 cup nut meats.
½ teaspoon salt
½ pint whipped cream

Combine ingredients in dripping pan and set in refrigerator. Cut in squares when set and serve on lettuce.

— — — —

If you want a really luscious cake that is moist and a sure fire favorite with anyone who tastes it, try Mrs. Miles,

Chocolate Custard Davil's Food Cake

½ cup shortening
1 cup sugar
2 beaten egg yolks
¼ teaspoon salt
2 cups cake flour
1 teaspoon soda
1 cup milk
1 teaspoon vanilla

Combine 2/3 cup sugar and 3 one ounce squares of unsweetened chocolate, melted. ½ cup milk, 1 beaten egg. Cook over low heat until thick. Cool. (This is the chocolate custard part of cake).

Cream shortening and 1 cup sugar, add egg yolks. Mix well, Add sifted dry ingredients alternately with 1 cup milk and vanilla. Stir in the chocolate custard mixture.

Bake in 2 waxed paper lined 8-inch layer cake tins from 25 to 30 minutes.

Mountain of Icing

1 cup granulated sugar
¼ teaspoon salt
¼ teaspoon cream of tartar
1 teaspoon white syrup
1/3 cup water

Boil all ingredients together until well beaten and then beat into 2 egg whites that have been beaten until fluffy. Add ½ teaspoon vanilla.

— — — —

When Mrs. Miles is busy, or going out and wants to get a dish that is easy she takes pork chops, rolls them in corn flakes that have been crushed. Then she covers them with milk and bakes for 1½ hours in oven. Declares they are every bit as good as chicken.

A cookie favorite in her household, and one that the dough lasts indefinitely is

Deluxe Ice Box Cookies

1½ cups brown sugar
3 eggs
1 cup shortening
2½ cups flour
1 teaspoon soda
1 tablespoon hot water
1 cup dates cut up
½ cup nut meats
1 teaspoon vanilla
(Optional, a handfull of cocoanut).

Mix all ingreaients together and form into three rolls of cookie dough. Place in refrigerator and cut off as desired and bake.

New Council Will Decide On Rezoning On Bridge Street

Action on changing the zoning of lots along Bridge Street was postponed by the City Council Monday night after the scheduled public hearing.

Only four members of the Council were present and they said it would be better to wait until the new Council takes office after the election and have a vote by six instead of four men. Those absent Monday were Mayor Carl Erber, Alderman Harold Dutcher and Kenneth McFadden.

Protests against changing the zoning from residential to commercial from Robinson to Carpenter streets were voiced by Clayton Trimble and Morris Ackert. Floyd Supp, attorney for George Wachelin, argued that the majority of the owners want the change. Wachelin, according to his attorney, wants to have the change made so that he can put up an auto parts store on his corner lots.

A class C license was granted to Steve Dubel for The Birches.

750 at Klooster's

Conrad Klooster's store at Atwood was packed with some 750 farm folks Monday when the annual John Deere Day was held. More than 100 were unable to see the film program given.

High School Band Will Try for Chance at State Festival When It Plays At Traverse Friday

The District No. 2 Band and Orchestra Festival sponsored by the Michigan School Band and Orchestra Association will be held at Traverse City high school on Friday, starting at 1:00 p. m., C. A. Odmark, band director, has announced.

This festival is the qualifying festival for the participation in State Band and Orchestra Festival to be held in East Lansing on May 1.

The qualifying festival is not a contest between bands but is playing against a standard. It is possible for all of the bands to receive first division ratings or it would be possible for all bands to receive a fifth division rating.

Last year the Festival was held in Charlevoix and was conducted by one adjudicator. This year standards are being raised and four adjudicators will be used. The reason for the change is to restrict the number of organizations going to the state festival.

The Charlevoix band is scheduled to play at 3:05 p. m., and will play three numbers: "The Queen City March" by Boorn; "Eroica Overture" of Skornicka and the required number for Class C bands, "Grand Festival overture" hy Zamecnik. Charlevoix is a Class C band by enrollment just as the athletic teams are in Class C.

In order to help defray expenses of the festival, bands and orchestras receiving a first or second division rating will present a concert in the evening at the Traverse City high school auditorium.

An added feature of the evening preformance will be sight reading performed by selected band-players from all bands taking part that day. Charlevoix bandsmen playing in the select band will be Sally Swinton, Dwight Smith, June Gulld, Joan Brumm, Phyllis Trimble, Bob Carey, Sue Webster, Bill Carey, Nick Hamilton, Bob Bartlett and Jim Niswander.

Members of the band making the trip will be:

Flutes: Francis Partridge, Dudley Towe, Barbara Bice; clarinets: Sally Swinton, Sue Miles, Dwight Smith, Shirley Smith, Pat Hamilton, Marge Brow, Carolyn Smith, Leona Scott, Dorothy Allers.

Saxophones: Nancy Kipke, Joyce Paul, Marilyn Blissett, June Guild; cornets, Bob Carey, Glenn Cook, Janet Bulow, Jim Gibbons, John Publow, Dick Donaldson.

Horns, Joan Brumm, Phyllis Trimble, Charles Krahnke; baritones: Sue Webster, Pat Hamilton; trombones, Bob. Shanahan, Bill Carey, Tom Bleha, Nita Brumm; basses: Jim Iiswander, Bruce Shanahan, Roger Sweet.

Precussion: Nick Hamilton, Bob Bartlett, Bob Richards; tympani: Joyce McGhan.

Former Teacher Dies At Traverse

Mrs. Eugene H. Bolstad, 30, the former Elsa Bradley, died Tuesday at the Munson Hospital, Traverse City, where she had heen a patient for a week.

She had been ill since December and had returned to Michigan from Yakima, Wash, only three weeks ago.

A native of Mancelona, she attended Michigan State Teachers College for six years, taught at the Nowland, Murray and Ironton rural schools. She was married to Mr. Bolstad while serving in the Woman's Reserve of the Marine Corps and since her discharge has resided in Yakima, Wash.

Besides her husband she is survived by two children, Eugene, Jr., and Marianne; her parents, Mr. and Mrs. John Bradley of Mancelona; five sisters and three brothers.

Funeral services will be held in Mancelona but arrangements have not been completed.

Navigation Opens One Week Earlier

The lighthouse tender, Mesquite, stationed at the Soo, was in the Charlevoix harbor over the week-end.

The boat broke ice in Lake Charlevoix to make way for an oil boat that is expected at the Theisen-Clemens Co., dock in the near future. On Monday it took lighthouse keepers to Lansing Shoals, Skillagalee and other lighthouses in this area.

With navigation opening early this year, harbor traffic is starting about a week earlier than in 1947.

The Charlevoix Coast Guard, under Commanding officer Joseph Etienne, answered their first call of the season last Wednesday when they released the fishtug "Smilin' Thru'", from the ice 8 miles west of the local harbor and escorted it into port. The boat was enroute here from Frankfort where it had spent the winter.

The Tow Line . . .

(Continued from page one)

The mail boat made its first trip to Beaver Island Tuesday morning. Bet there was great rejoicing at seeing a boat in the harbor once again after the months of ice . . . Mrs. Helen Richards who has been at the hospital for many weeks with a back injury, was able to return to school and her work Monday . . . More telephones have new numbers these days with private lines being added . . . Lots of disappointed folks Monday night when the donkeys didn't arrive for the basketball game . . .

Remember Marie Walters who used to teach school in Charlevoix? She met with a tragic accident this week. Going from Traverse to Ypsilanti, where she taught Physicial Education in the College, she had a collision with another car on a slippery pavement near Manistee. It was necessary to amputate the left arm at the shoulder and her right arm was broken in several places. A brother, Albert Walters, called the McMillans Tuesday morning. She is in the Mercy Hospital in Manistee. The occupant of the car with her was killed outright.

Milan Wins Over Charlevoix — In 1921

Twenty-seven years ago Wednesday Milan repeated last week's basketball victory over Charlevoix.

It was the third annual state basketball tournament played at the Waterman gymnasium. Charlevoix, then a Class B school, had won four in a row in the northern Michigan elimination: Pellston, 23-8; Gaylord, 16-5; Onaway, 28-6 and Harbor Springs, 15-14.

On March 31, 1921 the team went to Ann Arbor for the finals. The Courier said they were far off form in their defeat by Milan, 7 and 5. The first team was composed of Hallett, Halverson, Ackert, Brown and Hammett.

$100 to Be Given As Amateur Show Prizes

One hundred dollars in prizes is being offered this year by the Kiwanis Club of Charlevoix to winners of its annual Amateur Show to be held at the gym April 30.

Entry blanks will be published next week in this paper. The Amateur Show is limited to talent from Charlevoix and Antrim counties. No restrictions are put on what the act is, except size of the stage and time. Solos, small groups, children, adults—all can enter.

Applications now are being received by Dean Davenport, chairman of the Show committee.

Plant That Explodes

In India and Ceylon there is a plant called the touch-me-not which is particularly abundant. It derives its name from the fact that the fruits explode when touched. The exploding scatters the seeds of the plant.

School Compiles List of Approved Baby Sitters

Folks who want baby sitters now can obtain girls who have been given instruction in the art of staying with the youngsters while parents step out.

This winter the Home Economics girls at school, under the direction of Mrs. Aili Gustafson, heard a panel discussion by parents on baby-sitting, and afterward discussed the work. From this group, a list of names was compiled for girls who are available for such work. They, their age and phone numbers are:

Name	Age	Phone
Beverly Stroud	14	751-R
Wilma Thorp	14	7015-F3
Ilo Doyle	14	287

A few suggestions were made by the girls of things which should be definitely understood between the "sitter" and the parents. Included are:

What should the sitter do if children wake up?

When should children be put to bed, and how?

How long is the sitter to stay and the wages?

What privileges are allowed the sitter.

Besides looking after the children, what else is expected?

Is sitter to be taken home afterwards?

Who should be called in an emergency and where?

U-M Experiments with New Device to Aid Blind

ANN ARBOR — Experiments are being conducted at the University of Michigan with the Faximile Visograph, expected to be of use in preparing printed material, maps and diagrams for the blind. Miss Ann Adams, research assistant in the Bureau of Psychological Services, is shown inserting a sheet of "copy" into the machine. As this copy revolves, it is scanned by a beam of light which activates the embossing device on the drum at the right. The drum is covered with a sheet of aluminum foil on which the original copy is enlarged and embossed for "fingertip reading." At upper right is a close-up view of the aluminum foil after it has been embossed with a series of diagrams.

The meetings will start at 2:00 and 7:30 p. m. A cooperative dinner will be served at 6 p. m. Department work will be the topic of the afternoon session, with open discussion led by department directors. The evening meeting will feature youth work. Young people of the district will be the special guests at the meetings.

Old Bills Recall Earlier U. S. History

Two old bills which are curiosities were brought to the office by Mrs. Margaret Harwood.

One was a Confederate $5, dated April 6, 1863, issued at Richmond and signed and numbered by hand. Like most Confederate money, it said it would be redeemed "two years after ratification of a treaty between the Confederated States and the United States."

The other bill was one of the old railroad issues, authorized to help early lines get started, and often causing heavy losses to those holding them. This particular bill was on the Madison and Indiana Railroad Co., was authorized by the General Assembly of Indiana, issued Oct. 18, 1842, was printed only on one side, and had a hard working man and gracefully reclining woman symbolizing agriculture decorating the front.

State Will Observe Army Day April 6

Army Day will be observed April 6.

Both President Truman and Governor Sigler have issued proclamations setting the day. In his, the Governor said:

"The purposes behind the observance of Army Day are threefold: to remind ... of the contribution the United States Army has made to the safety and progress of our nation in the past; to remember the Army's share in the earning of the peace; and to arouse adequate recognition in these unsettled times the Army is of utmost importance in securing the peace and providing for futuro security."

Merchants and citizens of Charlevoix have been asked to display their flags that day.

County Fair to Get $1,500 Betting Money

The Agriculture Department has announced the allocation of $103,700 to county fairs to double purses offered for harness races this summer.

The money is half of the state's share of the pari-mutuel betting take at the Northville Downs harness track.

The allocations include: Charlevoix county fair, $1500; Emmet county fair, $1200; Northwestern Michigan Fair, $3200.

Michigan Mirror

Non-Partisan News Letter

Should the governor of Michigan have new and additional powers over departments, commissions and bureaus?

Is the governor, as has been recently charged, merely a "glorified clerk"?

Vernon J. Brown of Mason, former lieutenant governor, auditor general and state legislator, does not think so. During his 40 years of public service, half of which was either as a legislator or a state official, Mr. Brown served along with eight different governors in succession.

"There are two distinct theories of government," observes Mr. Brown. "They are in direct opposition one to the other, and one must choose between them.

"First, and the one on which the American way is founded, is government based on the theory that the closer it keeps to the people the better. This implies strong local units and a division of authority and responsibilities so that administration may be divided among as many capable administrators as may be required. In a state so diversified as Michigan, no individual can hope to attend to everything and no person should be expected to undertake to do so. Neither should he be entrusted with so great a responsibility.

"The opposite theory in government is found at its highest development where Hitlers and Mussolinis and Stalins are produced. Under such a government all authority is centered at the top where every decision is made. Everything below must bend either the knee or the neck.

"Most of the restrictions complained of have been imposed and put into effect since the days of Alex Groesbeck. There are some left who will recall the primary campaign of 1926 when the Groesbeck autocracy was the prime issue. Evidently the people of that day had become tired of Groesbeck bossing. In any event they chose Fred W. Green in preference. And beginning then and continuing until this day there has been a trend in Michigan resulting in sorting out first one function and then another for independent administration, free of interference by the governor and free from partisan politics.

"The first noticable example was the establishment of the department of conservation which long had been a political football. The revenue department, the mental hospital group, veterans affairs and several others have followed. Even before this there was the independent highway, the colleges and the university and several lesser boards and commissions.

"It is true that in Michigan the governor has not the power and authority he once had nor has he as much as the governors of some of the other states now have. But this is by no means accidental. It has come about because of a public demand.

"Nevertheless from my observation over the years I have never known an instance where any commission, bureau, board or other agency has snapped its fingers at the governor or ignored his wishes—except when to do so would have been against good public policy. I have known of instances where certain boards have refused to do the bidding of the governor but in every such instance I can recall, time proved they were correct and not the governor.

"No such system should be disturbed merely to satisfy the ego of one person or his demand for more power. Governors come and governors go, but government must carry on and that is why most of the boards and commissions of which the present governor now complains were created.

Atomic Energy Means Peace or Annihiliation Kiwanians Told

It is the citizen's duty to understand what atomic energy means, rather than to try to fathom the complex way it works, Gordon Freedman told the Kiwanis Club March 22.

There is no secret about what it is nor how it works, he said. Every civilized nation has all the facts. The only secret is just how to make the necessary ingredients. American ingenuity and inventiveness gave us the solution first, but likely Russia has it.

Its military meaning is annihilation. There is no defense, either against the bomb or the deadly atomic mist which follows. The only protection is for men to become civilized so he will not use it.

This country is totally unprepared for atomic aerial warfare. We are not training enough scientists to keep us in the forefront, the speaker said.

"It does seem that if man has gone so far he can figure out such basic knowledge, he must be about ready to solve the problem of living together. We must have been given this atomic knowledge for a reason."

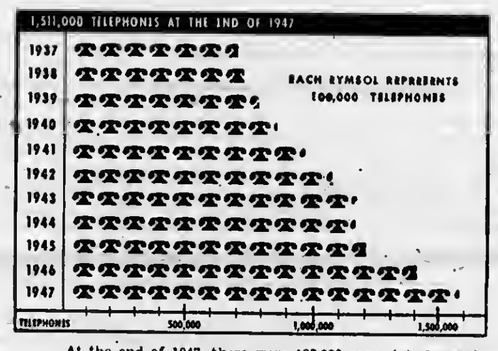
HERE'S THE STORY OF A BIG TELEPHONE YEAR

More telephones and more service for customers! More jobs and more money for employees! But earnings for investors continued their downward trend because the rise in costs far exceeded the rise in revenues. That's how 1947 stacked up for Michigan Bell.

CUSTOMERS



At the end of 1947, there were 133,000 more telephones in service than in 1946, including 18,000 more in rural areas. In the territory we serve, 73 of every 100 families had a telephone. But 51,000 families were still waiting for service.

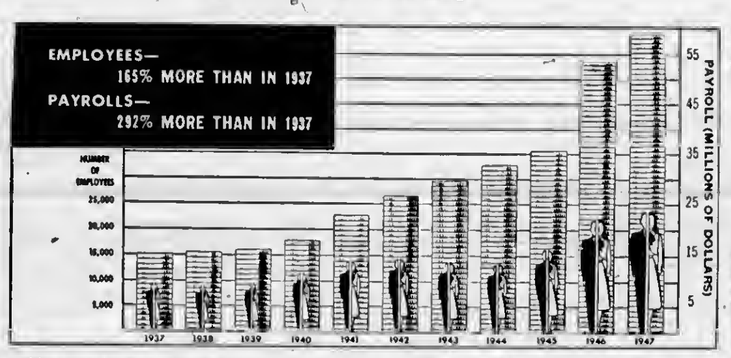
Service was better. Customers could call more people than ever before, and did. With the average customer making between 5 and 8 calls a day, total calls averaged 8,022,000 a day.

We added more switchboard "positions," switching equipment to connect 87,000 more dial telephones, and 350,000 miles of wire. We enlarged the capacity of 198 central offices and built 7 new ones.

Forty-eight million dollars were spent for expansion and improvement. But Michigan Bell's plant is still not big enough to serve everyone the way we would like.

EMPLOYEES

Michigan Bell's expanding business created 1,900 more telephone jobs during 1947. This required more supervisory jobs which were filled by promotion from within the ranks.



There were nearly 3 times as many employees at the end of 1947 as 10 years ago. Payrolls were nearly 4 times as high. Wage adjustments last Spring increased costs about $5,864,000 annually. One out of every 11 employees received benefits because of illness or injury.

By purchasing A. T. & T. stock under a payroll deduction plan, 7,400 Michigan Bell employees were on their way to becoming part owners of the business.

INVESTORS

HOW WE DID FINANCIALLY	1947	Change from 1946
GROSS REVENUES	$97,490,000	UP $ 5,783,000
minus		
COSTS	$89,770,000	UP $10,399,000
leaves		
EARNINGS	$ 7,722,000	DOWN $ 4,618,000
EARNINGS PER INVESTOR'S DOLLAR	3 1/10¢	DOWN 3 1/10¢

Money received from customers for service was 6% more than in 1946. But costs of providing service — wages, taxes, goods and services from others, etc. — rose 13%. Earnings per investor's dollar dropped to about half of what they were in the previous year.

730,000 investors in Bell System securities supply the money to build Michigan Bell's plant. Millions more have invested indirectly through savings accounts or insurance policies with institutions owning Bell securities.

1947 QUARTERLY EARNINGS ON INVESTOR'S DOLLAR		TOTAL EARNINGS FOR 1947—3 1/10¢
	JANUARY FEBRUARY MARCH	AT ANNUAL RATE OF 6¢
	APRIL MAY JUNE	AT ANNUAL RATE OF 3 1/10¢
	JULY AUGUST SEPTEMBER	AT ANNUAL RATE OF 3 2/10¢
	OCTOBER NOVEMBER DECEMBER	AT ANNUAL RATE OF 3¢

Even with the telephone system operating at capacity, because of rising costs only 3 8/10 cents were earned on each dollar invested. This is not an adequate return. So the Michigan Public Service Commission is now considering our application for an increase in telephone rates.

ALL THREE GROUPS — customers, employees and investors — have a stake in the business. Looking to the future, Michigan Bell fully expects to supply a continually improving service to the public . . . good jobs for thousands of employees, with plenty of opportunity for advancement in a growing business . . . and a reasonable return to those whose savings are invested in the business.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

The stretch of beautiful spring days was wonderful while it lasted. Culls begun tuning up the motor in their fish tug preparing for the fish run. Yards were being raked, little girls searching for a smooth, flat rock for hopscotch; boys hunting up gloves, bats and balls to start spring practicing.

Those who have lived on the Island for many years say that always on Good Friday it rains. This year, it looked as though the rule would be broken as the day began bright and warm. Sure enough, by 2:30 in the afternoon, the rain had started.

Easter Sunday, there were many family gatherings. Mrs. Irene LaFreniere had her table pulled out as far as possible to accommodate a big family gathering.

Mr. and Mrs. Norman Gallagher, Charlevoix, were the guests of Norman's parents, Mr. and Mrs. J. W. Gallagher.

Mr. and Mrs. Vesti McDonough had Easter breakfast with Bob and Charlotte McDonough Bruce and Buddy McDonough gave their mother a big surprise Easter Sunday. They flew to Grand Rapids Sunday morning to visit their mother who is a patient in Blodget Hospital. Joe McPhillips, who piloted the plane flew the boys back to the Island late Sunday afternoon. Walter Wojan accompanied the McDonoughs on their trip.

Mrs. McDonough's many friends will be pleased to know she is progressing.

Mrs. George Ricksgers, who was recently hospitalized in Chicago, returned home Tuesday.

Mrs. Elsie O'Donnell is visiting her daughter and son-in-law, Mr. and Mrs. Jack Boyle in Chicago.

Speculation as to when the ice will go out of the harbor and the first boat will come in is an interesting topic of conservation about the village. Pat LaFreniere claims the day will be March 31. He has bet with the Coast Guards. Art Taft has lost his bet with Dick LaFreniere. Taft set Holy Saturday night as the time.

Open water can be seen from the village. It is close to the Coast Guard station.

During the past few weeks, fishermen report sizable catches of herring and ciscoes. Perch fishing is on the increase.

Art Miller didn't lose any time getting out on the ice to fish after his return from Detroit.

James Gallagher is making repairs on his dock.

Mary Margaret and Teddy Wojan returned to the Island for the Easter season. Teddy will return to Charlevoix to assist his father for a few weeks.

Patrick Bonner says he and his family hibernate during the winter months. It's good to see them back in circulation once more.

Mr. and Mrs. Vesti McDonough were recently entertained at the home of Dr. and Mrs. Russell Palmer with an "Irish evening."

Since the plane has been unable to land on the ice, McPhillips has been landing at Willie Schmidt's field.

The tender Mesquite came in Monday morning to plow a path for the North Shore.

Girl Scout News

The girls of Brownie troop No. 5, Tuesday visited the site of the Battle of Pine River.

They had a visitor, Sharon Willson, who is the guest of Angela Schroeder.

Francis Roddy, Island Resident, Passes

Francis Roddy, 81, lifelong resident of Beaver Island, died at the Lockwood General Hospital, Petoskey, Monday evening.

He had been a patient at the hospital for a month and had lived in Petoskey for the last three and a half years.

He is survived by a sister, Mrs. Mary Martin of Milwaukee and two brothers, Jack of Escanaba and Joseph of Milwaukee.

The body was taken to Beaver Island Tuesday where funeral services will be held at the Holy Cross church. His nieces, Mrs. Peter O. Gallagher and Mrs. Lester Gallagher accompanied the body.

Mrs. Bowman Heads Dickens Club

The annual meeting of the Dickens Club was held Monday afternoon at the home of Mrs. Bert Huston on Michigan ave., with 18 members present.

Officers for the coming year were elected: president, Mrs. E. B. Bowman; vice president, Mrs. Lawrence Towe; secretary-treasurer, Mrs. Arthur Wexstaff; librarian, Mrs. Bert Huston.

Following the election members submitted topics for next year's program and a discussion followed.

Plans were made for a party on April 8, at which time the husbands will be the guests of honor. It will be a hard times party and held in the recreation room of Dr. and Mrs. D. C. Nettleton. The food committee for the meal will be Mrs. Arthur Ranger, Mrs. Jack Reed and Mrs. Ross Alexander.

Carey's Have Family Reunion On Easter

The Leo Carey family Sunday held a family reunion at the Carey home.

The family gathered for Easter breakfast and later in the day attended services together at the Christ Episcopal church. Present were Mr. and Mrs. Carey and their six sons, their daughter and their respective families, Mr. and Mrs. Charles Carey and three sons, Mr. and Mrs. Tom Carey and son, Mr. and Mrs. Keith Carey and daughter of Midland, Don Carey, student at Alma College, Bob and Bill Carey and Mr. and Mrs. S. E. Coleman and two children and Clarke Nehls.

Mothers, Give Parties For Sons' Birthdays

Brian Seymour celebrated his sixth birthday anniversary at a party given by his mother, Mrs. Versal Seymour, Friday afternoon.

Twelve little friends gathered for games and refreshments served at a table decorated with Easter chickens and bunnies. A feature of the refreshments was a lighted birthday cake.

Mrs. Franklin Boss entertained with a party at her home Saturday honoring her son, Terry's, fifth birthday anniversary. Refreshments were served at a table decorated in an Easter motif and favors and centered with a lighted birthday cake on a musical plate. Twenty-seven little guests and their mothers were present.

An Easter egg hunt was a feature of the party given Thursday by Mrs. George Haggard honoring her son, Jimmy's tenth birthday anniversary. Later the ten guests enjoyed a supper served at a table centered with a lighted birthday cake. In the evening they atended the movie.

Homogenized, Not Certified

Last week's Charlevoix Dairy ad referred to Certified milk. It should have read Homogenized. Certified milk strictly is a species which has been checked so much that all the bacteria are scared out. Homogenized is a variety in which the fat globules are broken so fine even a baby cannot get more than one or two burps out of it.

The annual Mother-Daughter banquet sponsored by the Margaret Parker circle will be held at the Congregational Church, April 14. For tickets call Mrs. C. Sternberg, Mrs. Clarence Heise or Mrs. Harold Byers.

Something New Has Been Added

To assure yourself that last season's shoes are this season's size, why not bring your youngster to our store? Here you can see at a glance, with our X-Ray shoe-fitter, if the shoes are out-grown. It this X-ray machine shows that the shoes still fit correctly, you'll be glad to have that comfortable knowledge. But—if the X-ray machine shows that the shoes are too short—you'll naturally want to know about that too, won't you?

Recent studies show that there is a relationship between the grades made at school and the health of the child. Furthermore, children who tend to quarrel among themselves may be suffering from a simple pain (in the foot, for instance) rather than some involved psychological upset.

For verifying the fit of your child's shoes in a manner that is quick, easy and without any expense—come to our store this week.

A Statement of Policy

To the citizens and farmers of Ellsworth and nearby areas:

About a week ago a letter was addressed to the farmers of Ellsworth, from the Reid-Murdoch Company, a division of Consolidated Grocers Corporation, saying that signing of contracts between the farmers and the Company pertaining to the 1948 crop was delayed due to the failure to negotiate a collective bargaining agreement with their workers.

The letter led one to believe that the Company was being forced into a position, by the Union, whereby it would be impossible for the Company to enter into any agreement with the farmers on future acreage contracts. This is not true.

We feel that there is a close relationship existing between the workers in the cannery and the farmers in this area. The workers of the Reid-Murdoch Company have never and would never bring any harm to the farm folk or on the rest of the people of this community, for, we know that the well being of one depends on the well being of the other. We know that decent living wages is good business for all. The truth is that the Reid-Murdoch Company is responsible for this situation. Here are some facts: The Union has always presented to the Company a fair, just and a moderate set of demands as a basis for collective bargaining. Our demands were based on the high cost of living that exists is Ellsworth as well as elsewhere. Last year our members worked only a short pack period of 14 weeks, which cut deeply into their annual income and made many workers ineligible for unemployment compensation. This was due to the stalling tactics employed by the Company in contract negotiations. Today the Company is repeating the same tricks.

At a membership meeting on March 24, 1948 the Union further modified its original demands to show its good faith in hoping to bring about a quick settlement. This revised set of demands was presented to the Company the following morning at a meeting at which, besides the Union and Company representatives, was present Mr. Phillip Milarney, a representative of the Michigan State Labor and Mediation Board. The Company still refused to bargain. Instead of considering the Union's demands for a reasonable wage increase, they proposed a wage cut. This kind of attitude on the part of the Company is not collective bargaining in good faith and resulted in the failure of contracting acreage between the farmers and the Company solely due to the refusal of the Company to consider the welfare of their workers.

The farmers know that the contracts for acreage are completed between them and the Company usually in the Spring, before the pack begins, and the major purchases are transacted on the open market at the farmer's risk and sometimes loss due to the high speculative character of the market.

The farmers in this area will remember that the Reid-Murdoch Company secured beans and other vegetables from areas many miles distant from Ellsworth and would resort, no doubt, to the same thing again ignoring the well being of the farmer in this area. It is clear and true that neither the welfare of the workers or the farmers was ever given real and just consideration by this packing and food processing combination who only thinks of their record breaking profits.

Local 74, FTA-CIO is ready at all times to sit down with the Company, and State Government Representatives, to work out an agreement satisfactory to all parties concerned with due regard to Company's rights. But at the same time recognizing the merits of the Union's proposal.

Girl Scout Jamboree Will Be April 9

The Girl Scouts will hold their jamboree, similar to that the Boy Scouts held some weeks ago, at their Scout Festival on April 9 at 7:30 at the high school gym.

Seven troops will participate and will feature the clothing kits they are sponsoring for their project for Girl Scout International.

There will be recognition of leaders and of work done by the girls. Awards will be made the girls who worked on the Girl Scout cookie drive.

A movie "Girl Scouts Are In" will be shown with the commentary given by Jinx Falkenberg.

The public is invited to the gymnasium for the evening. Refreshments will be served.

Drive Lags; Red Cross Work May Be Cut

The Red Cross this spring is spending $250,000 for 8,000 persons homeless because of floods, storms and explosions in the Middle West.

While services and funds are being asked of the Red Cross, the drive in Charlevoix county is lagging with less than two thirds of the $6,000 goal reached. County leaders say that unless the funds are raised, the county program must be curtailed.

Rev. Parker Will Be Guest Pastor Here

Rev. G. R. Parker, now of Northport and a former pastor here, will be guest preacher Sunday morning at the Church of God.

He will come at the invitation of Rev. W. D. Wood. His topic will be "Were You There?" Rev. and Mrs. Parker expect to be guests Saturday night at the home of Rev. and Mrs. Wood.

Ferry Starts Ten Days Earlier Than '47

Service across the South Arm on the Ironton Ferry started Tuesday, ten days earlier than last year.

Monday Skipper Bud Gill started up the Charlevoix for a first trip to break open the channel. The ice still was in the lake but soft enough so that the boat plowed through. Tuesday regular service started.

Warm Days Start Maple Sap Run

(Continued from page one)

process has come in. In it the sap flows in at one end of a tank divided up into half a dozen compartments. As it slowly flows from one to the next it keeps getting thicker until at the last one it is drawn off periodically as syrup.

And that's where the trick comes. It takes 40 to 50 gallons of sap to make a gallon of syrup. The extra volume is just so much water which is gotten rid of as steam. Syrup must weigh 11 pounds to the gallon. If it weighs less, it will not keep. More, and it begins to crystallize into sugar or rock candy.

Out at the R. S. Wilson farm near Ironton for example a new evaporator was installed this spring and last week Ernie Brown started making syrup. He set his thermometer, tested the boiling syrup, and when everything seemed just right, in triumph drew off the first gallon. It looked beautiful—clear and light.

But when it cooled, it was way over the 11 punds and started turning into sugar. Sadly Ernie dumped it back in the evaporator and got ready to try again.

A lot of potential Easter bonnets are serving a much more useful purpose than looking funny on some feminine head. Out in subar houses all over the maple country the hot product is strained through thick felt, shaped like a pointed, high crowned hat. Made of white tough felt, they take out froth and everything else which would affect the syrup.

One unglamorous job always must go with syrup making. Calendar pictures show the color and fun of gathering sap. A news photographer will take steamy shots in the sugar house. But no pays any attention to the guy who has to cut all the wood to boil away those surplus 49 gallons of water. And that's the real work, brother.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

The past week has been a busy one with a cycle of events happening, one ofter the other. Looks as though this coming week will be another busy one with the Girl Scout Festival on Friday night and the Mother and Daughter banquet next Wednesday night . . . Wasn't it just a few short months ago that Dad was putting up those storm windows? Now mother can't get them out fast enough to get the winter's dirt washed off . . . It's housecleaning time ouf ot the Leob farms and it won't be long before Mrs. A. H. Loeb will be coming from Chicago to stay until fall . . .

Sap's a runnin' alright and what a treat maple syrup is. Mrs. Harold Totten surely knows how to whip up a wonderful dessert, a maple syrup mousse. Gose down mighty easylike . . . The Rollie Lewises are home again from their winter vacation in Long Beach. Rollie says that Abbie may have gained a whole half pound. Probably the happiest one in the family is Chief, the family dog who went along. Chief has an inward goiter and the mountain altitudes were not too easy on him. He has done nothing but sleep ever since he got back . . . The Pete Scotts arrived in town last week from Texas.

Dear Reader: If you want to "get into the act" to the extent of suggesting stories or items for Tow Line, we are always glad to receive them. Just give a ring . . . That old theatrical quotation of "The spring is sprung, the flowers are riz, but I wonder where the flowers is," was all shot tu pieces the uther day when Sadie Faulkner called and said the crocus blossoms had opened in her yard. Now for the arbutus. It has been in bloom for the past week over at Cheboygan.

Got a lot of information on the subject of goats the other day from Mrs. C. W. Giar. Always had known of the value of goat's milk for babies, especially sickly babies, but never realized what a part it played for folks with stomach ulcers . . . Remember when your best frind would walk up to you and in a hushed voice would say, "Your petticoat is showing." Now, the gal who can show one of the new taffeta petticoats is the one in style . . .

Our hats off to the Guild of Lutheran Women. They have been doing a real job of promoting international friendship. During the winter months they have Germany and what appreciative letters they have had in return.

Mrs. John Wolf is able to read German script and has been the translator for the group when the letters have come in German . . . Margery and John Lucas are here from Ann Arbor for their spring vacation from the U. of M. . . . Many Charlevoix persons drove to Harbor Springs Sunday evening to hear the band concert by the U. of M. Band under the direction of William Revelli and they were well repaid for their efforts. Would like to have had a picture of Bert Huston's face as he sat watching the base drummer, who put on a one man show with his twirling drum stiek . . .

Have you noticed the interesting looking Craft Corner window in the Young building. Some of our Charlevoix women have shown real talent with the knitting needles, the crochet hook ond the tatting shuttle . . . The other night Doug Nettleton was at his radio receiving set and answered a fellow's C. Q. down in Miami. Dr asked the operator if he knew of Gatty's Restaurant down there. "Sure. Do you want to talk with them." The fellow had his telephone wired through the transmitter. He called Gatty's and put on Pete ond Madlyn Sharrow. Doc. and Hilda had quite a chat. "Seemed as though they were sitting right in the kitchen," soid Doc, "the reception was so good." They learned that Mr. Gatty is in the hospital but is coming along fine.

SORRY if your story wos omitted. There's too much news this week and not enough room to print it.

Congratulations to the JCC's on their successful basketball banquet they staged honoring our team and coach Kipke . . . Ferne McIntyre who was at Traverse Hospital during the winter months working, hos now returned to her

Farming Basis Of Prosperity, Diners Are Told

Few farms in this section need lime, County Agent Ed Rebman discovered Tuesday when he finished testing 169 soil samples brought to the school.

Farmers and their sons brought in the samples from their places for the testing. According to Mr. Rebman the results showed that:

The majority do not need lime, althuugh a few do. If possible tu avoid it, lime should nut he applied to potato land as it encourages scab.

Phosphorus and potash were needed by many. On the basis of the tests, Mr. Rebman recommended fertilizing according to this scale.

Oats alone, 200-300 ibs. of 2-12-0.

Oats and alfalfa, 300 lbs. of 3-12-12.

Corn, manure plus 100 lbs. of 2-12-6.

Potatoes, unirrigated, 500 lbs. of 3-12-12.

Potatoes, irrigated, 800-1000 lbs. of 3-12-12.

Gardens need about 25 lbs. of 3-12-12 to each 100 square feet.

The testing was part of an all-county program. Monday 107 samples were tested at Boyne City and 85 at East Jordan. Exact results will be announced next week.

Donkey Basketball Game Will Be Played Tonight

Postpuned two weeks ago, the donkey basketball game will be played this Thursday night.

It will be at the school gym, between teams picked from the senior class, which is sponsoring the event, and the JCC members. The game is scheduled to start at 8 p. m.

It is the first time donkey basketball has been played here. Five men on each side are mounted on donkeys ond must do all traveling, passing and shooting from atop the burro. The only exception is when recovering a ball from the floor and when the burro balks. Then it is legal to get off, push or pull but not to carry.

Court Cancels Deal For Sale of Home

Under a court order handed down Friday by Judge Ward 1. Waller, the former R. E. Olds summer home on Michigan avenue reverts to its recent owners and Mrs. Winifred Briggs gets bock her purchase money.

The case has been in court here since last June 19. At that time Mrs. Briggs brought suit against Mr. and Mrs. Harry Turner and Clifford Turner to cancel a contract under which she was buying the property from them. In her complaint she charged that she hod been induced to buy the place through misrepresentation.

In his 11 page decision, Judge Waller recounted the history of the transaction from the original ad in the Detroit News on Nov. 15, 1946, through the sale, and the Briggs' possession of the property last summer.

He pointed out that on most points, the testimony did not agree, that Mrs. Briggs had been an inexperienced purchaser and had relied on what she was told. He ruled that she was entitled to have her down payment on the $28,000 contract and later payments returned to her, less $2500 for last summer's rental of the property.

North Shore Starts Regular Spring Trips

The motorship, North Shore, owned by the Lyons Navigation Co., has resumed its regular schedule to Beaver Island.

The ship will leave here at 8 a. m. on Monday, Wednesday and Friday. A return trip will be made the same day, arriving here at 5 p. m.

The ship, in command of Mark Cross, made its first scheduled trip on March 31, about ten days ahead of the 1947 season.

• Mrs. Archie Carey of Detroit and Mrs. Margaret George of Wolverine spent the week-end at the home of Mr. and Mrs. Leo Carey. They had been called here by the death of their father, Harry McClanaghan.

Admirers Honor Kipke With Surprise Tribute at Banquet

Catching him by surprise, Coach Ray Kipke was presented with a pump gun Saturday night at the Sports banquet at the school. Making the presentation was Miss Frances Martin, who paid tribute to the enduring work Coach Kipke has done here.

Honoring the athletes of Charlevoix and Boyne City, the sports banquet Saturday night sponsored by the Junior Chamber of Commerce met with such approval from the 330 present that it may become an annual affair.

Highlight of the evening was the surprise presentation to Coach Ray Kipke of a shotgun. The gift of a number of businessmen and admirers here, the gun was presented to the Rayders' coach by Miss Frances Martin.

She told the audience that the gun was only a small token of the admiration the community had for him. Even more than his winning teams, Charlevoix appreciated the lessons of fair play and clean living he had given his players and the city year after year.

The JCC supplied a full evening's program. Following the dinner managed by Mrs. Bert Huston and served by high school girls, Tom Coxe, chairman of the banquet, introduced Arnie Wolgast of Petoskey as toastmaster, who termed the banquet a "gathering unparalleled in my experience. I believe nothing so ambitious has been put on before up here."

Bill Pritula, University of Michigan Tackle, told of the Rose Bowl game

Victor Heyliger, U. of M. hockey coach, said he considered Ben Oosterban one of the greatest young coaches today.

Hal Schram, scholastic sports editor of the Detroit Free Press, was introduced as having "done an outstanding job of covering high school sports of the Free Press and Michigan."

He soid that Milan pointed more for the Charlevoix team than for St. Peter and Paul, and likened athletic glory to perfume —fine to smell but no good tu swallow.

Guests of the evening were the athletes of Boyne City and Charlevoix. The toastmaster called on Earl Brotherston, Boyne coach for 22 years, who introdueed each of his players.

Ray Kipke then was called to the mike and presented the 45 Charlevoix athletes, ond the four cheerleoders.

Dean Davenport, coach of the independent Michigan Cleaners basketball squad, presented the players and the team sponsor, John Knight.

Next came the presentation of the shotgun to Ray Kipke and finally the showing of the U. uf M.-Southern California Rose Bowl pictures, with Victor Heyliger explaining the plays.

Knight, Edwards Elected Directors Of Commerce Board

With no contest in the general election on Monday, attention centered on the Board of Commerce election where John Knight with 202 votes and Dick Edwards with 170, won as directors on the Board.

Others who ran were Franklin Ochs, incumbent, 54 votes; Keith Wagner, 49; Bob Miles, 41; Grover Glossenger, 28; John Connolly, 21. E. J. Edwards refused to run for another term.

Robert Fochtman, president, and L. E. Towe, vice president, were re-elected without opposition.

An interesting sidelight on the election was the fact the 202 votes were cast for the Board uf Commerce officers while only 178 were east for the city uffiees.

Henry McClanaghan Rites Are Saturday

Henry McClanaghan, 88, retired township farmer, died Thursday at the Charlevoix Hospital where he had been a patient for twu weeks. He has been in failing health for some time.

Born in Canada on July 9, 1859 Mr. McClanaghan came to this community as a young man. He was married to Katherine Wunkler who lated died. In 1006 he was married to Sarah Nowland. He had always resided in Marion township untod coming to Charlevoix two years ago.

Besides his wife he is survived by seven sons, Albert, Lloyd and Harry of Colgary, Alberto; Lester of Ionia, ond Edward, James and Lawrence of this city; seven daughters, Mrs. Margaret George of Wolverine; Mrs. Nida Fussee of Grand Rapids, Mrs. Elizabeth Carey of Detroit, Mrs. Agnes Saganek of Wyandotte, Mrs. Katherine Feltenbarger of Ludington, Mrs. Dorothy Armstrong ond Mrs. Elsie Sherrow of Charlevoix; a sister, Mrs. Frona Gray of Petoskey; 27 grandchildren and 12 great-grandchildren.

Funeral services were held at the See Funeral Home at 2 p.m. Saturday with Rev. A. B. Claypoole officiating. Burial was in the Brookside cemetery.

J-Hop to Be Held At School May 15

Chief social event of each spring at the school, the J-Hop will be on May 15 this year.

The Junior Class, which puts on the party, has engaged Fred Gleason's orchestra from Traverse City.

Amateur Show Will Have Two Divisions

Contestants in this year's Amateur Show at Charlevoix on April 29 will be divided into two classes—adult ond children.

Any kind of acts can be given: vocal, instrumental, single or group, musical or non-musical. Prizes totalling $100 are offered the winners in the annual show which is sponsored by the Charlevoix Kiwanis Club. Entries are limited to residents of Charlevoix and Antrim counties, and are now being received by Dean Davenport, chairman of the show committee.

The Amateur Show will be held in the school auditorium at Charlevoix.

1948 Commerce Banquet Set For April 27

The annual banquet of the Charlevoix Board of Commerce will be April 27, Secretary S. E. Coleman has announced.

It will be held at St. Mary's hall with the Altar Society serving the dinner.

W. H. Graham will be the speaker. Formerly he was head of the Greater Jackson Business Bureau. In much demand as a speaker, he comes here from a meeting in Indianapolis and goes directly to Boston to address a business group there.

His talk is entitled, "Let's Choose Up Sides."

Games Director To Address Rod, Gun Members Tonight

The leading game and conservation man in this area will oe here this Thursday to address the members of the Rod & Gun Club.

He is F. F. Tubbs, regional game supervisor for the Conservation Department. He is in charge of that phase of game improvement for all the Lower Peninsula north of Saginaw to the Straits.

The meeting will be at the IOOF Hall.

Band Qualified For State Festival At MSC On May 1

The Charlevoix Band is qualified to take part in the State Band Festival at East Lansing May 1.

It won this right last Friday when it won a second division rating at the regional Festival at Traverse City, the four judges giving Charlevoix two 2's and two 1's.

Director Clarence Odmark says the band won one of its two 1's on sight reading, where it was rated poorest last year. Chief criticism made by the judges was on the size of the band, only 33 members. Its musicianship and tone were praised. It was the smallest band at Traverse City.

Eleven of the 33 members were chosen to play in the public concert Friday evening.

Inquest to Be Held In Nelson Death

Funeral services for Otto G. Nelson will be held Thursday at the Manceiona cemetery and will be in charge of the Charlevoix VFW post.

Mr. Nelson, usually known as Helmer, died Monday. Born in Moncelona Feb. 15, 1892, he was the son of Mr. and Mrs. Otto Nelson. He grew up there, served in the first war, and afterwards worked as factory foreman in Detroit until 1942 when he enlisted in the Navy. Discharged from there for physical disability he came to Charlevoix and has lived here since.

Surviving are two sisters, Mrs. Patriek Burke of Detroit and Mrs. Lance Neff; a brother, Oscar Nelson of Carp Lake.

Sunday about 1 p. m. he voluntarily went to the Charlevoix Hospital and was admitted. He complained of severe pains, Dr. Robert McClintock was called and gave him o sedative. About midnight he became violent, disturbing an oxygen tent over Elmer Poole, and upsetting the other patients.

When the nurses could not control him, they called the city police who took him to the jail as the only available place where he could be kept safely. Dr. McClintock again was called and again gave a sedative.

About 1 p. m. men in the jail heard him start threshing around once more. This kept up for some time and then they heard him drop. They called to Sheriff Floyd Ikens who went to the cell at once, then called Dr. McClintock and Dr. F. F. McMillan, coroner. He was dead when the doctors arrived.

The body was taken to the See Funeral Home where Dr. McMillan performed an autopsy but found no apparent cause for death. Tissue specimens were sent to Ann Arbor. A coroner's jury was impanelled Tuesday, but adjourned until the report is received from the University.

Those on the jury are George Whitley, Bud Heise, Jack Armstrong, John Connolly, Glenroy Ikens and Ralph Hamilton.

Charlevoix May Have Summer Air Service to Detroit

Charlevoix may have direct air service with Detroit during the coming summer season.

Two representatives of the Nationwide Airlines were here Tuesday, looking over the city, the airport and discussing potential business with several citizens.

The men were John V. Weesner, president; and Robert W. Clifford, director of operations. On leaving, they said they liked what they had seen ond learned.

If the service is started, it may be o three days a week one at first. Weesner said a ten passenger Boeing likely would be used until traffic justified a larger craft. Nationwide already serves several Upper Peninsula cities.

Mother-Daughter Banquet Program Is Announced

Mrs. Heise has announced the following program; address of welcome and introduction of toastmistress, Mrs. Smith; Toastmistress, Mrs. Walter Bergeon; Invocation; vocal duet, Mrs. Clair Webster and daughter Sue; Toast to Daughters, Mildred Smith; Toast to mothers, Virginia Smith; reading, Mrs. Joseph Arvilla; group singing. Mrs. A. J. Stelter will play the entrance march and for the singing.

$25 Reward Is Offered for Clues In Trash Dumping

Marion Township does not like garbage dumping by the roadside and is willing to pay $25 to find out who has been doing it.

Monday at the annual town meeting, Marion Township voted $25 for information which would lead to the conviction of anyone dumping trash by the roadside there. As soon as word of this action reached Charlevoix, the city officials approved the idea and probably will offer a similar sum for the same purpose.

Marion Township at the Monday meeting, which was attended by 64 citizens, voted down by 54 to 11 a propositiun to allow the sale of beer and wine. The question of a hard liquor license was not brought up after this vote.

Supervisor Carlton Smith presided.

Spring Work Starts At Girls' Camp

Work of getting Camp Ta-Wa-Ma-Na ready for its first season is being pushed.

W. L. Gunnerson, Lee Gunnerson and Ozzie Felden were here last week. Among other things they say they opened navigation on Lake Charlevoix by going out in a canoe to inspect the bathing beach.

Charles Newberry is sinking a new 6-inch well at the camp and a load of equipment arrived Monday.

Druggists Take Big Lead In Bowling

The Schroeder & Hovey bowlers are getting farther and farther in front in the league race.

Soil Tests Made By Agent For Farmers Here

The prosperity of the city depends in large measure un that of the country, H. A. Lyon told 106 farmers and businessmen here Monday night.

It was the annual Farmer-Merchant banquet. Held this year in the Masonic Temple, the farmers were the hosts.

Farm Prosperity Basic

The speaker is the director of the Agricultural-Industrial Foundation of Detroit. Mincing no words as to the reason, big and little industry is interested in American farming, he stated that it wanted agriculture to be prosperous because that in turn meant industry would do well.

"Industrial jobs are the result and not the cause of prosperity," he said.

Cheaper, Better Tools

He named a few ways the city can and should help farming. Included were the production of better and cheaper tools, more efficient marketing of rural products.

The Foundation he directs is only three years old. Its immediate job is to work out ways for industry to help farm prosperity. Already through its efforts a device for preventing much of the 20 million annual loss from frosted crops has been developed.

U. S. Poorly Nourished

"This is an example of how we're trying to bring our industrial know-how and ingenuity to help the farmer produce and make more," he stated.

Mr. Lyon outlined a broad problem which he said the nation must face. "We are the best fed people on earth today and one of the poorest nourished. Our farms are producing lots to eat but insufficient food values."

He pointed out the draft rejections and poor teeth as symptoms. We must educate our consumer to demand and pay for nourishment rather than edible bulk, he said.

Nation Has Single Goal

Today there is a mistaken idea abroad that industry, labor and farming have different interests. They do not, he asserted. When they all will learn to work together, we shall have internal peace and well-being for all.

And when all the peoples of the world are well fed and well housed, strife will cease. "You never saw a man with a full stomach pick a fight," he said.

Howard Brumm introduced Jack Boss, who acted as toastmaster. Clarence Odmark presented four band members, who played: Bob and Bruce Shanahan, Bill Carey and Tom Bleha.

The dinner was served by the members of the O. E. S.

Fine Music . . .

Those who went to Harbor Springs Sunday night to hear the Universlty of Miehigan band were well repaid. Reports whieh elass it as one of the finest eoneert bands in the eountry didn't exaggerate.

Besides the exeellent musie, I was impressed by one other thing. At the eonelusion of the eoneert, Director William Revelli in a three minute talk made one point whieh is worth repeating:

The University belongs to the people of Mlehigan and they should feel free to call on it whenever it ean be of any help. (The same thing is equally true of MSC).

One faet was quite notleeable at the eoneert. Close to two-thirds of the audienee was from Charlevoix, East Jordan (each of whieh sent a school bus load), Boyne City and Petoskey. Evidently our seetion appreeiates and likes good musie.

And Bad News!

An announeement was made there Sunday night which is unfortunate and eertainly not for the good of all northern Miehigan.

The Ottawa Indians are planning to hold their big summer ceremony again this year on the last Sunday in July

For 15 years that date traditionally has been the time for the Charlevoix Venetian Night. Last year the Harbor Springs group moved in on it. Business men there agreed afterward that it was not wise. But the Indian Counell has just deeided it wants that July Sunday, regardless.

After 15 years, Charlevoix hardly ean be expeeted to shift its date.

The North has enough week-ends for all the outstanding events it ean promote, and both Venetian Night and the Ottawa Ceremony easily elass as top rank attraetions.

Harbor Springs, Charlevoix, Petoskey, East Jordan, Boyne City, Cheboygan and Traverse City should get together each winter and agree on a ealendar for the summer so there is no duplieation.

That is simple good sense. It is playing square with our summer guests. Any other eourse is short sighted. And the sooner groups like the Ottawas realize it, listen to the eounsel of Harbor Springs business men, and play ball with all our vaeation distriet, the better it will be for all.

For the past ten years or more I have heard about Roberta Hershey, famous Food Specialist of Michigan State College. Sunday she was a house guest of Dorothea Badger and imagine my surprise when I discovered her standing at my front door.

During the conversation I could not refrain from asking Miss Hershey for some of her "special rules" she gives to women and I was rewarded by a booklet of them, tried and true ones by her. Here are four of them for you to try out at home on the range.

Skillet Meat Loaf

1 pound ground lean beef
1 egg
1 slice stale bread
¼ eup milk
1 teaspoon Worcestershire sauce
2 tablespoons minced onion
½ teaspoon salt
Pepper
Flour
Meat drippings

Beat egg. Break bread into small pieces; add to egg; add milk, onion, Worcestershire sauce, salt and pepper; add to meat. Mix thoroughly. Shape into an oval loaf. Dust with flour on all sides. Heat meat drippings in skillet or Dutch oven, brown loaf well on both sides, add ¼ eup water. Cover tightly and cook over very low heat about 50 minutes. Small potatoes, onions and carrots may be cooked around the loaf.

Up-Sida Down Medlay

1 eup cooked corn
1 eup cooked green beans
2 tablespoons chopped pimiento
2 teaspoons prepared mustard
1 egg, beaten
⅛ teaspoon pepper
8 small frankfurters

White sauce made using 2 tablespoons fat, 2 tablespoons flour, 1 cup milk and ½ teaspoon salt.

Combine white sauce with all ingredients except frankfurters. Arrange the frankfurters in the bottom of a waxpaper-lined 8x8x2 inch pan. Pour corn mixture carefully over them. Over top spread biscuit dough made from 1½eup biscuit mix, ½ teaspoon dry mustard and 2/3 to ¾ eup of milk or water. The dough should be soft enough to drop from a spoon easily. Bake in a hot oven (425 degrees) 25 to 30 minutes. Turn out of pan. Cut in squares and serve hot. Serves 6.

Fudge Pudding

1 eup sifted all-purpose flour
2 teaspoons baking powder
½ teaspoon salt
¾ eup sugar
6 tablespoons cocoa
½ eup milk
1 teaspoon vanilla extract
2 tablespoons melted shortening
¾ eup chopped walnuts
¾ eup brown sugar
1¾ eups hot water

Sift together flour, baking powder, salt, sugar and 2 tablespoons cocoa. Stir together milk, vanilla and shortening, add to dry ingredients. Add nuts; pour into greased 9 inch square pan. Mix brown sugar and remaining cocoa, sprinkle over batter. Now pour hot water over surface of uncooked batter in pan. Bake in a moderate oven 350 degrees for 40 minutes. Serves 6.

Lemon Chiffon Layers

5 tablespoons sifted all purpose flour
1 eup sugar
3 tablespoons butter
3 eggs, separated
1 eup milk
½ eup lemon juice
½ teaspoon lemon rind

Mix flour and sugar. Cream together butter and flour mixture. Beat egg yolks until thick and lemon colored. Add yolks and milk. Gradually add lemon juice and rind. Beat egg whites until stiff but not dry; fold in carefully. Pour into greased baking dish; place in pan with one inch hot water; bake in moderate oven 350 degrees for 35 minutes Serves 6.

WHAT PRICE OIL?

Price tags are mighty poor indications of quality where engine oil is concerned. Experts know that oil, to be "good," must dissipate heat and prevent wear under widely different driving conditions . . . and no single engine oil yet discovered will cover the entire range. That's why we offer two entirely different oils. R.O.C. oil for oormal driving and NORTHLAND oil for high sustained speeds.

Both of these oils are made from select crude and are designed to do one job better — eliminate costly wear and power loss. There is a slight difference in cost. But this comes from the difference in production cost.

Buy your oil according to your needs. This is true economy.

Letter to The Public

Dear Sir:

We are asking you to print this so that our many friends and the public will withhold judgment for now in the tragic death Monday of our brother, Helmer Nelson.

We are having a private investigation made for our own satisfaction. However, we do know that he went to the Charlevoix Hospital about 11 a. m., Sunday and was admitted as a war veteran.

He volunteered in the Navy in 1942, was hospitalized in Africa, discharged for physical disability in 1944, and had been in several veteran huspitals since.

About 1 a. m. Monday he became violent and could nut be controlled by the nurses who then called the police. They took him to the county jail where he died about 1 p. m.

We still are trying to learn what medical attention he received there, what caused the head wound and black eye, and the exact cause of his death.

We are not blaming any person for what happened, but we do want to learn all the facts, and to let our and his friends know just how our brother's death came about.

Oscar Nelson
Mrs. Lance Neff
Mrs. Patrick Burke.

Nancy Heering Is Hostess At Dinner

Arrangements of daffodils, pink snapdragons and pink tapers centered the table for the dinner party given Thursday evening by Nancy Heering at her home un Michigan avenue. Eight of her girl friends were guests.

After the dinner the girls enjoyed a social evening.

Miss Heering returned Sunday to her studies at Alma College after a ten day vacation with her parents, Mr. and Mrs. William Heering.

Do You Really Want a Nice Lawn?

There is no deep dark secret—no mystery at all. You simply follow a routine that we KNOW works—a half million home owners will vouch for it.

1. Make a feeding application of Scotts Turf Builder—just ten pounds per 1000 square feet (arca 50x20 ft).
2. Seed lightly with SCOTTS Lawn Seed.
3. If your lawn is heavily weed-infested, wait until weeds are growing actively and apply SCOTTS Lawn Food plus Weed Control. After a week or so, reseed as in number 2.
4. Another way to get rid of weeds is to spray them away with Scotts 4-X.

A rich sparkling green SCOTTS lawn will cost less this year because prices on seed are down a sharp 24%. Lawn making is quick and easy when you use a SCOTTS spreader. You can enjoy the convenience of owning one at little cost. Many Scott dealers have them for rent.

IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

Regardless of how long one has lived on the Island, the sight of the first boat never ceases to be a thrill.

Tuesday, the North Shore, piloted by Mark Cross, made it to the Island, sixteen days ahead of the first boat last year. Although the Mesqurte plowed a path through the harbor ice, the boat could only get within 100 feet of the dock, so Cross unloaded at the Point.

Friday, when the boat arrived there was still plenty of ice chunks in the path and ice two feet deep from path to dock. Unloading was on the ice this trip.

The first two boats were not heavily loaded. One item of interest that was brought over was new green leather and chrome stools for the Shamrock.

The Shamrock was closed for the most part of the week while being redecorated. Archie's cleverness with brush, paint and designing is evident.

—Cull's fish tug "La Fond" has made daily trips since Tuesday. Over one hundred boxes of nets were set during the week.

Mr. and Mrs. Gus Mielke and Mr. and Mrs. Rolland McCann were recently in Kalamazoo to celebrate the 90th birthday of Mrs. Mary V. Allers. Returning to the Island they visited Mr. and Mrs. Lester Soergel, South Haven. Mrs. Mielke remained in South Haven. The rest of the party returned on Friday's boat.

Mr. and Mrs. Fred Spalding are away on a spring vacation. They are visiting in Chicago, Indianapolis and Grand Rapids.

Edwin McCann, Charles McCauily, Bernard and Arthur McCafferty, Buddy Left and Patsy Gallagher have left the Island to sail during the coming season.

Three sets of store teeth have been lost during the past year. Two sets in the Jordan River and one in the big lake. Anyday now, the fishermen expect to lift a big lake trout sporting a glistening set of ivories.

Burt McDonough and Johnny Andy Gallagher had open house last Thursday—that is, they opened up the lighthouse at the head.

Mr. and Mrs. Walter Wojan were in Charlevoix during the week for a short visit.

Mrs. Elizabeth Gallagher returned Saturday after spending the winter months with her daughters, Mrs. Mary McDonald, Charlevoix and Mrs. Warren Wilmot, Cleveland.

Mail service this winter was par excellent, Joe McPhillips never missed an opportunity to bring over the mail bag. We cannot produce an orchid for Joe, but we want to present to him a big bouquet of appreciation.

—Buster Elms arrived Saturday from Ann Arbor to spend spring vacation with his family.

Henry Allen, Ann Arbor, spent the week end on the Island.

Practically every child in St. James school has had a forced vacation due to mumps. Twelve cases this week.

A couple of birthdays were jointly celebrated Friday evening: Dr. Palmer's and Mike Cull's.

Icy plunges are common on the Island. This happened Saturday. In order to patch a hole in James (the young) Gallagher's fish boat, the motor was being removed and lifted to the dock. James father, James H. Gallagher and Raymond Lewis were doing the lifting and were standing on the ice. The ice broke and shot from under the two men and both went into the lake. Gallagher saved himself from going completely under by getting a hold of the dock. Lewis went into the water and under the ice. Gallagher gave assistance to Lewis and pulled the water soaked man to safety.

"I AM ONE of 24,000 Michigan Bell employees. In 1947 we had more facilities and equipment to work with. We added new wire, cable and central office equipment at record speed. And by the end of the year we were putting telephones in at the rate of over 1,500 a day. Last year, 1,900 more telephone jobs were created, which meant up-from-the-ranks promotions for many of us. Wages were higher. There were nearly three times as many of us as ten years ago, and our payroll was nearly four times as high. One out of every eleven of us received payments for illness or injury under the company's Benefit Plan and 7,400 of us were buying A. T. & T. stock under a payroll deduction plan."

Which were you in 1947?

"I AM ONE of 1,200,000 Michigan Bell customers. In 1947 we bought more telephone service than ever before. And the rates we paid were the same or lower than they were ten years ago. We made 10% more local calls and 8% more long distance calls than in 1946. We got better, faster service. By the end of the year there were 133,000 more Bell telephones in Michigan that we could call. So our own telephones became more valuable to us—and will become even more valuable when the thousands who are waiting for telephones get them."

"I AM ONE of more than 730,000 people whose savings, invested in Bell System securities, provide money for building the telephone system. That makes me an investor in Michigan Bell. Millions of others have invested in the telephone business indirectly through their savings accounts or insurance policies with institutions owning Bell securities. Although Michigan Bell took in 6% more money than in 1946, the cost of providing service rose 13%. And Michigan Bell earned only 3 8/10c last year on each of our dollars invested in the business. This is less than a fair return and offers us little incentive for investing additional money needed to expand and improve service. So it's a good thing Michigan Bell has asked for an increase in telephone rates to assure us a fair return."

LOOKING AHEAD: Michigan Bell fully expects to supply a continually improving service to the public . . . good jobs for thousands of employees, with plenty of opportunity for advancement in a growing business . . . and a reasonable return to those whose savings are invested in the business.

Charlevoix-Detroit Party Is April 24

Charlevoix folks living or visiting in the Detroit area will have their annual party April 24.

The Y. M. C. A. at 2230 Witheral St. from 7 to 12 has been set as the place and time. According to a letter from Grace M. Papineau, the party will not be an invited affair. All are welcome. The committee is sending out cards to all whose names are in the record file, and to all whose names and addresses are sent in before the get-together.

Miss Papineau's address is 5524 Orchard avenue, Dearborn.

home on Park avenue. Miss McIntyre brought in an old grocery list belonging to Charles Fox that she found in one of the books at her house. Mr. Fox had taken 3 bushels of apples and two of potatoes to the grocery. In return he was given 41 lbs. of bran, 68 lbs. of feed, 6 lbs. of lard, 5 lbs. sugar, 1 pound coffee and a pork roast for Sunday dinner. All had come to $2.78, and he got 52c to boot. That was an old grocery bill! . . .

Mabel Goddard will soon be moving her carpetbag over to the William Heerings where she plans to be the coming months . . . We wonder what the other fellow looked like Tuesday morning when we saw Florence Fox with a badly skined up face. But it was a sidewalk she had come in contact with, one of those cement blocks that had been pushed up by roots of a tree, a menace to pedestrians, especially at night . . . The Ralph Prices are counting their blessing these days, too. Slippery pavement played havoc with their car as they were on their way to Grand Rapids. While no bones were broken, Mrs. Price is keeping a bit quiet for a few days . . .

The Pete McFarlands were seen on Main Street Saturday. They had just returned from Florida . . . Understand that one of our local Charlevoix men, who wintered in Texas, had a visit from the police one day. It seems that he had been helping himself to some oranges and grapefruit (course he had been told by his landlord that it was okey to take the fruit). Was his face red when he got order to keep out of the orchard. Seems a few days before he helped himself, the orchard had been sold by the city to a Texas juicing firm . . . Alonzo Powers, 80, Succumbs Monday

Alonzo Powers, 80, retired business man and Democratic leader, died early Monday morning at the Charlevoix Hospital where he had been a patient for a month.

He had been in failing health for several years.

Mr. Powers was born near Peru, Ind., on Dec. 26, 1867. On May 5, 1889 he was married to Ada Lautzenhizer at Goshen, Ind. They continued to live in Indiana until coming to Charlevoix in 1906. He operated a heating and plumbing business here until retiring in 1936. He was active in Democratic circles and a member of the IOOF lodge.

He is survived by his wife; one son, Leo; a brother, Otto of Muskegon; two grandchildren and three great-grandchildren. Another son, Joseph, was killed in action in France during World War 1.

Funeral services were held at the See Funeral Home at 2 p.m., Tuesday with Rev. G. R. Parker, Northport, officiating. Burial was in the Brookside cemetery.

Teachers' Contracts Being Prepared

Contracts for the coming year were approved by the Board of Education at its Monday night meeting.

They are being prepared this week and will be given to the teachers this week, Supt. Roy G. Bennett says.

Military Funeral Held for Mrs. Bolstad

Military funeral rites for Mrs. Eugene H. Bolstad, the former Elsa Bradley, were held at the Miller Chapel in Mancelona on Friday.

Rev. W. D. Wood of Charlevoix officiated. The military services were in charge of the George Puckett Post No. 264 of the American Legion.

News of folks, your neighbors and mine . . . but did you know that—

If the success of the donkey basketball game was measured by the laughs, the affair was a howling Success. Everyone's sides ached from laughing Thursday night, watching the antics of the burros as well as the riders, or should I say riders in some instances. Dick Edwards surely would be an authority on that subject . . . Got a whale of a story this week from the Dal Henrys down in Palm Beach, Fla. It seems that a 20 foot whale joined by its 80 foot parent (or is this a tall fish story) did some frolicking in the ocean off Palm Beach. The playful whales were very cooperative and staged the show in front of the barber shop, facing the ocean where Dal has been working. Needless to say the barbers forgot their shaving for awhile to watch the show. And despite the best fishing in the waters for 10 years, even the anglers turned from their fishing to watch the whales. Incidentally the Henrys are expected to return to Charlevoix about April 24.

It's arbutus time in Charlevoix and Sunday several folks took to the woods, round about town . . . Mrs. Harley Ochs returned to her home Friday after spending several weeks in Detroit with her sister, Mrs. Nora E. Ladd, who has been critically ill. Mrs. Ladd passed away and was buried last week in Pontiac. She was the mother of Harry Ladd and had visited many times in Charlevoix where she had made many friends.

It's shine, shine, shine at the Abbey's Store. The floor of the shop has been newly varnished and does the pattern of the linoleum ever stand out and look like a million dollars . . . Weekend visitors at the Frank Bird home were their son, Kenneth of Detroit and another son, Douglas, his wife and baby son, Billy, who made his first trip to Charlevoix to see his new grandparents. Mrs. Bird's mother, Mrs. Oscar Cook who has been visiting her grandson, returned home after being with them for two weeks . . . Mrs. Charles See is at home again after being gone for several weeks visiting her son, Stanley Hammond in Tilden, Illinois.

It surely pays to advertise said Mrs. Zella Baker Monday morning. "My chicken every Sunday ad surely brought in the customers to the Chatterbox," she added . . . Dr. D. C. Nettleton gave his wife a terrible shock Saturday afternoon when he came and asked her to take his pulse. His heart was playing tricks on him and an ambulance was called and he was taken to the hospital. He is going to be quiet for a couple of weeks . . . Week-end guests at the hume of Mrs. Arthur Fitch and Kay Fitch were R. B. McPherson, Mr. and Mrs. Robert McPherson, Mr. and Mrs. Louis W. Fitch and daughter, Ann; all of Howell . . . It's housecleaning time at the Polly Kay Shop and the girls are really at it, all but Polly, who is convalescing following an operation last week at the hospital.

Cynthia Smith was a thrilled gal Friday night when she discovered that she had won the first prize for the best poster made for the Girl Scout Festival . . . Sunday dinner guests of Mrs. Roland R. Farmer were her son, Dick Farmer, Mr. and Mrs. Ed Gregory, Mr. and Mrs. Tom Deneukas and Mrs. Charles Wells . . . Smelt are running and several folks have reported good catches.

Getch Campfield is eagerly awaiting the day when the water will be turned on at the cottage so that his family can move out there. They lived at the E. J. Smith home while the Smiths were in Florida, but since their arrival home, it has been back to their mud hacienda, as Getch terms it . . .

Charles Sessions was mayor of Grand Rapids for a while at the SPEB session there last week. He looks like Mayor Welsh, sat on the platform and a lot of folks thought he was the Rapids' perennial boss. He says Welsh gets a big kick out of having a double.

Wet paint signs are in evidence. The annual clean-up, paint-up time has started in Charlevoix . . . Mrs. Margaret Novak returned home Monday afternoon after having been gone many weeks to Birmingham, Ala., where she visited a sister, to San Marcos, Tex., where she was with her daughter and Sarnia, Canada, where she

State to Pave 31 This Year

The new pavement to Bay Shore will be put in this summer.

Official confirmation of the story carried four weeks ago by The Courier was received here this week. A letter from Ralph Swan, publicity director for the State Highway Department, stated that plans are ready and bids are being asked.

The specifications call for 8.141 miles of paving, which will connect Charlevoix with the new paving at the county line. The grade for this was put in during 1941.

It will be quite a job. Included is the clearing of 14 acres, moving 162,385 cubic yards of dirt, pouring 105,098 square yards of 8 inch pavement, sodding 48,091 square yards and planting 58,609 yards of dune grass.

The entire job is to be completed by Dec. 1, 1948.

Alumni Banquet Will Be July 3

Plans have been started for the second biennial banquet of the Charlevoix Alumni Association, scheduled for July 3.

Although tickets will not be placed on sale until arrangements for the banquet are more complete, anyone may make an advance reservation with any officer of the association.

Officers are: president, Frances Martin; secretary, Anne Higman; treasurer, Mrs. Elmer Gibson; vice-presidents, David Hamilton, Anne Campbell, Jack Abfalter. Mr. Hamilton is general chairman of banquet committees.

The banquet is not just for Charlevoix high school graduates but for all former students, for teachers and school board members also.

Barnard 4-H May Build Diamond

Possibility of a baseball diamond across from the Barnard Grange Hall is being investigated by the 4-H Club there.

A committee—Dawson Way, Jim Fiedler, Jim Jolliffe and David Porter—is in charge for the club.

The Barnard group will take part in the annual Achievement Day at East Jordan April 29.

Pomona Grange Meets This Friday

Charlevoix County Pomona Grange will meet Friday at the Marion Center Grange Hall.

A potluck supper will be served at 7 p. m. The program, in charge of Ms. Anna Warner, follows later in the evening. At this time instructions will be given for the start of the Grange Mystery Ride. Two or three counties are participating and it counts in the contest.

• Mr. and Mrs. James McGeagh had as their week-end guests their son-in-law and daughter, Mr. and Mrs. C. A. Paulson and daughters, Mary and Janice, of Cadillac.

Scouts to Collect Paper, Magazines This Saturday

Senior Boy Scouts will be around town Saturday to pick up all the newspapers and magazines Charlevoix citizens want to contribute.

One truck and crew will be assigned to the North Side, South Hill and the Valley. Hayward Lesley, advisor to the troop, asks that householders have the papers and magazines ready or on the front porch. The boys will tie them up in bundles.

Child Psychiatrist Will Speak Here Next Wednesday

"Understanding Our Children" will be the topic of the talk to be given by Miss Hazel Hardacre at 8 p. m. next Wednesday at the high school gymnasium. No admission will be charged.

Miss Hardacre, a psychiatric social worker, is supervisor of the Child Guidance Program of the Central Michigan Children's Clinic in Traverse City, operated by the Children's Fund of Michigan. Her training included graduate study at Columbia University, the University of Michigan graduate school for social work, with intensive training in psychiatric problems of children at the Children's Center in Detroit. She is particularly interested in the emotional and developmental growth in children.

The lecture is being sponsored by the Congregators, in cooperation with school officials.

Fashion Parade to Be Life Guard Benefit

A benefit Charis fashion show to raise money for the Life Guard Fund will be presented by the Mary Brewster circle next Wednesday at 2:30 p. m. in the Congregational church basement.

A percentage of all sales will be turned over to this Fund.

The Charis garments will be on living models.

Because the fashion show is planned primarily as a benefit for the Life Guard Fund, the sponsors will charge a small door admission fee, all of which goes to the Fund.

Sternberg Buys Out Barber Shop Partner

It is now Sternberg's Barber Shop and not Pearl & Sternberg.

Last week Shorty Sternberg bought out the interest of his partner, Hime Pearl. He plans to continue the shop in the Geiken building.

The partnership was formed 14 months ago. Both men are veteran barbers here: Mr. Pearl for 20 and Mr. Sternberg for 22 years.

Charlevoix Meets Red Cross Quota

The City of Charlevoix has gone over the top in its Red Cross drive and have raised a total of $1,744, E. D. Hawley, local chairman has announced. The set quota for the city was $1,700.

Gifts Start for Life Guard Fund

Summer citizens of Charlevoix already are showing their approval of the plan to put lifeguards on the city swimming beaches this year.

A pledge of $25 and a letter praising the plan already have been received from Julius Gilbert. He says that summer folks will appreciate the move to protect the youngsters and inexperienced.

The goal of the Fund is $1000 by June 1.

A committee to obtain the funds was named by the public meeting. Heading it is Anne Higman as chairman. Other members are Grover Geneit, Jr., Versal Seymour, Mrs. George Roff, Mrs. J. R. Williams. L. E. Towe at The Courier is acting as treasurer and is receiving checks there.

Most of the needed $1000 is expected to come from three sources: voluntary contributions, gifts from clubs and organizations, and benefits such as the bridge party put on by the Congregators last Wednesday. This benefit was attended by more than 100 and netted $58.

Next week's Courier will carry a list of contributors. Checks should be made out to the Life Guard Fund.

Lutheran Church Sponsors Concert

A sacred concert will be given by the choir of the Petoskey Zion Lutheran church Sunday at 8 p. m. in the City Hall here.

The concert is sponsored by the newly organized church here, which has adopted Bethany Evangelical as its official name. Mrs. George Weber will direct the choir. A free will offering will be received.

It's Coming!

The new Diesel unit was shipped from Toledo Wednesday by the Rathbun-Jonas Co. Thursday the generator and the mover's equipment was to be put on railway cars.

The machines are expected to arrive here the first of the week and unloading will begin at once.

New Council Asks Bids on Car for Police

With the new mayor, Ray Hamilton, in the chair, the City Council transacted a lot of business at its initial session Monday night and got squared away for the coming year's work.

Outgoing mayor, Karl Erber, was not on hand to induct his suecessor so there was no ceremony; the new and old members simply took their seats and started work.

The Council is asking for bids on a police car and a pickup for the utility department. It also voted to give the state Highway department an easement on a strip along Petoskey avenue so the state can beautify the land along the new pavement.

Liquor licenses were approved for Harry Turner, Beach Hotel and Moonlight Gardens. A building permit for Drew Young's new house on Ainslee street also was approved.

Mayor Hamilton named his committees for the coming year:

Streets, sewers, public health: Hooker, Kohler, Heering.

Police, license, ordinance: Kohler, Goss, Bellinger.

Buildings: Heering, Bellinger, Ochs.

Finance: Ochs, Hooker, Goss.

Parks: Bellinger, Heering, Ochs.

Utilities: Goss, Kohler, Hooker.

Massed Band Festival To Be Here May 13

Charlevoix will be host to half of the annual Northern Michigan massed band festival on May 13.

In previous years all bands have gone to one place. This year with 17 or 18 bands planning to attend it was necessary to split the Festival. Half will come here May 13; the other half going to East Jordan May 14.

Ken Bovee, band leader at Oxford, will be here and act as adjudicator. There will be a parade in the afternoon, weather permitting, and a massed concert in the evening.

Grass Fire Burns 100 Aere Area

More than a hundred acres of grassland and wooded area in Charlevoix township was burned over late Tuesday afternoon.

The blaze is believed to have started at the dump ground and was spread by a strong northeast wind. The Charlevoix fire department was called out about 4 p. m. and again later in the evening when the wind fanned sparks to a blaze.

Early Sunday morning the fire department was called to the Hallet House on Belvedere ave., to extinguish a small blaze which did little damage.

Sandwich Shop Leases New Place

Wag's Sandwich Shop will be moving to the new Standard Oil building across from the Court House before July 1.

Mr. and Mrs. Keith Wagner have leased the corner shop in the new building for their restaurant and will move as soon as the new place is ready. They also will occupy one of the two apartments upstairs. Mr. and Mrs. Ralph McRae will have the other.

Practica Makes Perfect

A surprise fire alarm sounded Tuesday afternoon at the Charlevoix Elementary school emptied the building of more than 450 pupils and their teachers in a minute and a half, reports Fire Chief Charles Marshall.

Open Season On Does and Bucks Answer To Too Big Deer Herds, State Expert Says

The problem of overpopulation of the deer in northern Michigan and what can be done to relieve the situation were the subjects discussed by Farley F. Tubbs, of Roscommon, regional game supervisor for the conservation department, at the meeting of the Charlevoix Rod and Gun club at the IOOF hall on Thursday evening.

More than 50 members and guests were present.

Mr. Tubbs said that a change in Michigan's present one-buck law would help solve the problem. A one-deer season for either buck or doe, immediately following the one-buck season would help to keep the deer herd from increasing to a point where many are starving.

Michigan, he pointed out, has the largest big-game population with deer in every county and it is inevitable that some areas can not provide forage for the herds.

Feeding of hay is not entirely successful, he said.

On the same evening a meeting of representatives of all Conservation clubs in this area which belong to the Michigan United Conservation Club, was held at the Dilworth Hotel in Boyne City. Harry Gaines, secretary of the MUCC, addressed the group. Don Swinton and Glenn Pemberton of the Rod and Gun Club attended.

Ironton Organizes C of C to Promote Ferry Community

Ironton now has a Chamber of Commerce, formed Tuesday night, and open to all.

Discussed during recent weeks, Tuesday a group of 23 men met at the Junior Farm Bureau room at Williams Garage in Ironton. After going over the proposition the group elected officers and launched the new organization.

Glenn Williams is president; Ed Breene, vice president; Don Feagan, secretary and Rev. H. C. Hammond, treasurer. Meetings will be the first and third Tuesdays. Membership is open to all. Dues are $1 a year.

Bay Shore 4-H Club Achievement Day Is Friday

A local Achievement Day is planned by the 4-H Club at Bay Shore for Friday starting at 8 p. m. in the school.

The six girls in the sewing group will present a style show of garments they made. They are Carol and Peggy Brown, Jacquelyn and Marilyn Johnson, Ila Boyd, Barbara Deschermeier. Mrs. Ann Smith is the leader.

The handicraft group will exhibit articles made this winter. Members are Darrell and Dwight Lawson, Carol Brown, Marilyn and Jacquelyn Johnson, Jimmie and Barbara Raby, Bobbie Myers, Bobbie Kalmbach, Edward and Barbara Deschermeier. Mrs. Ruth Hair is leader.

A program of three playlets, the style show, movies, and a plate supper will be served.

The club is raising money for a trip to Beaver Island.

Masons to Banquet Rayders, Coach

The Charlevoix Masonic lodge will entertain the members of the basketball team, their coach, Ray Kipke, the cheerleaders and several guests at a banquet at the Masonic Hall Friday evening.

Fred England, of Lansing and Ironton, will be the speaker at this annual event. A member of the Alumnae club of Michigan State, Mr. England has always been interested in sports and has been instrumental in providing employment for many athletes in Lansing.

Entertainment will include vocal numbers by D. C. Maltby, and violin numbers by C. A. Odmark.

Tom Carey is general chairman and will be assisted by S. E. Coleman and Glenn Pemberton of the entertainment committee and Jack Stokan, decorating committee.

Inquest Not Likely For Another Week

The inquest into the death of Helmer Nelson likely will not be held for another week yet.

According to Coroner F. F. McMillan it usually takes a couple of weeks for a report to come back from Ann Arbor. Following the post mortem examination, the physicians sent tissue specimens to the University. When the report is received, the coroner's jury will be called again and the inquest held.

Thiesen-Clemens Head Speaks Here

The Theisen-Clemens Co. plans to reinvest whatever it makes this year in Northern Michigan in new equipment to serve this area, President Clem Theisen told the annual sales meeting here last Wednesday night.

The meeting was at the Argonne and attended by 85 men from this section. At the meeting, formal announcement was made that the company will change to Cities Service products because of greater supply.

Youth Temperance Club Has Meeting

The Youth Temperance Club was in charge of the W. C. T. U. program at the regular meeting of the Union held at the home of Mrs. Walker Miles Friday.

The Topic was "Safeguard the Future: Our Youth". Mrs. Guy Smith presided at the meeting.

Sue and Clara Miles and Patsy Davis sang two numbers at the close of the business meeting.

The next meeting will be the May breakfast at the Methodist church on May 14.

Bergeon Heads Supervisors; Road Issue Comes Up

Arthur Bergeon, Supervisor from Charlevoix's Second Ward, is the new chairman of the Board of Supervisors.

Elected unanimously by his colleagues at the opening session of the new Board Tuesday morning. Mr. Bergeon succeeds Dan Buckley of Melrose who has served for two years.

"We've got a man there who is really interested in serving the public," was the comment made by Barney Milstein of East Jordan, himself a past chairman of the Board.

Committees were appointed Tuesday and communications received. Wednesday morning the Road Commissioners presented their annual report. It showed cash income of $264,241 and outlay of $243,160.

Of major interest is the cost of township road work. The report itemizes this for each township. In every case the largest item was snow removal. The repurt states that the county spent $19,620 more on McNitt roads than it took in for 1946-47 and that this must be made up from some source.

The Commissioners recommended an allocation of one mill from county funds for road work in 1948-49.

Coast Guard Tries To Reseue Doe

The Charlevoix Coast Guard, answering a call that a dog was stranded on the rotten ice in Lake Charlevoix, arrived at the spot only to find a doe which had evidently been chased onto the ice by dogs.

The animal kept breaking through the ice in an effort to return to shore. Efforts to lasso the frightened deer were in vain and the animal finally dived under the ice and was drowned. The carcass was rediscovered and turned over to Conservation officers for disposal. Commanding Officer Joseph Etienne, who headed the trip, reported.

Bowling Team Race Is for Second Spot

With the Schroeder & Hovey bowling team far in front, the real contest in the Charlevoix bowling league is for second place with four teams competing.

The standings now are:

Schroeder & Hovey	36	12
Argonne	25	23
Swanson	24	24
Courier	23	25
Mathews	23	25
Airport Inn	15	33

Last week the druggists beat Swanson's 3 and 1; Courier took the Argonne, 3 and 1; Mathews won from the Airport Inn by the same score.

This 'n That

Down at Lansing Rep. Harry Phillips of Port Huron is proposing a law to establish a state secret police to fight Communism. Somehow I had the idea that one feature of Communism we didn't like was its secret police. Seems like Rep. Phillips wants to dig the same pit so we can fall in it too.

The backers of this socialized medicine proposal have been yelling that 36 per cent of American youth had to be rejected by the draft because of physical unfitness. That, they say, proves we need socialized medicine. These bureaucrat boosters forgot to mention that included in the 36 percent were all the congential morons, one legged men, those with poor hearing and eyes, and so on. Actually, less than one percent were rejected for causes due to lack of medical care. And for this one (not 36) percent the starry-eyed dreamers want to foist more federal supervision on us.

The Kroger Company just issued a little statement of annual business done. Of the $754,000,000 total business, 83½ cents went to food suppliers. Down at the bottom of the statement was 7/10 of one percent profits and 6/10 for advertising.

Friday night the Masons put on the right kind of a program. It started promptly after a fine dinner, the toastmaster served up no Readers Digest jokes, it had variety, it was short and to the point. With four and five meetings every week all winter, what this community needs is more evening sessions which end at 9 o'clock. Then if the confirmed nighthawks want to stay up they can, but those who need the sleep can head for home.

Much of interest is happening in our neighboring towns, The Review at Petoskey says Charlevoix is on the beam with its life guard program. The Boyne Citizen carried an April fool story that the Navy was putting in a seaplane base there—and folks took it seriously. Antrim county is voting May 3 on a new jail. Army engineers have turned down the breakwater project at East Jordan as being too costly for the possible benefit. Dr. J. M. Trudeau, who moved from here to Hurbor Springs, is now moving to Alpenu. And over at East Tawas the town is putting on a Perch Festival.

WHAT'S COOKING . . .

I've spent sa many haurs with yau
And planned so many things to da
While bending over you, it seems
You're part and parcel af my dreams.

But yau have changed, ah, dear, sa much!
You quiver at my slightest touch
And waver like an August reed,
When your suppart is what I need.

I did depend an you a lat,
For you're the only ane I've got,
Old iraning baard, yaur day is done;
I'll have to get anather one.

—Jack Allis.

While at Mrs. Jahn Schroeder's hame the ather day I got an arginal recipe from her that belonged to her grandmother, Mrs. Susan Dick, who is now 95. Mrs. Dick brought tha recipe in the early days when she came from Canada. It has been a favorite in the family ever since.

Carrot Pudding

1 cup grated raw carrots
1 cup grated raw potatoes
1 cup granulated sugar
1 cup chopped suet
2 cups raisins
1 teaspoon soda
1½ cups flour
Pinch of salt

Combine all ingredients and steam for three hours. Mrs. Schroeder puts the pudding in individual molds to steam. Then she serves it with the following sauce:

1 cup brown sugar
½ cup butter
1 tablespoon flour
1 cup boiling water
1 tablespaon vinegar
1 teaspaan vanilla

Blend flaur, butter and sugar togethter. Thin with boiling water and cook until thickened. Season with nutmeg. (If desired ½ cup shredded citron and ¼ cup candied orange peel can be added to sauce). This pudding can be made and kept in a cool place for weeks.

If you were happening in the Schroeder house on Easter you might find bunny cookies, at St. Patrick's time it would be Shamrock cookies, and turkeys at Thanksgiving. But for all the cookies, Mrs. Schroeder has one basic rule.

It is called:

Butterscotch Cookies

2½ cups sifted flour
1 teaspoon baking pawder
½ teaspaon soda
¼ teaspoon salt
¾ cup shortening
1 cup light brown sugar
½ teaspoon lemon juice
1 teaspoan vanilla
1 egg, well beaten

Sift flour, measure, sift again with baking powder, soda and salt. Cream shortening until light. Add sugar gradually, beating until fluffy. Add juice, vanilla, egg, beating until smooth.

Add dry ingredients gradually, beating after each addition. Chill until firm enough to roll.

Roll dough ⅛ inch thick on slightly flaured board. Cut any desired shape with floured cookie cutter, and bake.

Recently Mrs. Schroeder entertained her circle of the Methodist church and far refreshments she served Barbecued Hamburgers. These are open face sandwiches that are mighty easy on the palate. Incidentally the rule was one belonging to Marg Davenport.

Take a 2 or 2½ pound chuck raast (ar any inexpensive cut), caak until meat drops from bones. Pick is apart with a fork and add an ainan that has been brawned in 2 tablespoons shortennig.

Then add: 2 tablespaons vinegar, 2 tablespoans brown sugar, 1 teaspoon dry mustard, 3 teaspoons Warchestershire sauce, 1 cup catsup, ¼ cup hat water, salt and pepper. Cook slowly for an hour or more. Served on toasted buns that have been split in twa and laid an a plate.

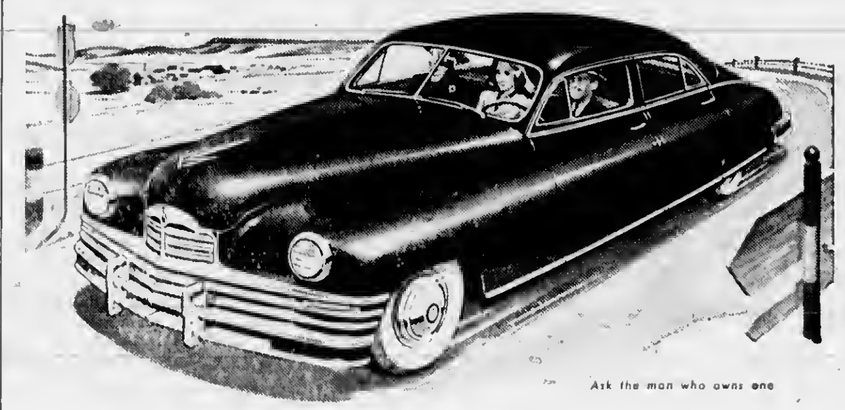
How to shorten a mile

(and stretch a gallon)



Ask the man who owns one

Come in—learn how Packard "safety-sprint" power gives you wonderful new gasoline economy!

You'd naturally expect Packard owners to marvel at the turbine *smoothness* of the new '48 Packards. (And they do.)

You'd expect them to praise Packard's new "safety-sprint" power—the new kind of reserve power that breezes them around other cars and fast highway busses . . . into the clear. (And they do.)

But the *big* surprise—the advancement that excites these owners most of all—is the way these Packards get *extra mileage out of every gallon!*

For these big, precision-built Packard Eights—with all their luxurious roominess and increased roadweight—are actually delivering *up to 10% more miles per gallon!*

Worth looking into? It's a "must" story for every prospective fine car buyer. You'll find the cold facts, and a warm welcome, at your nearest Packard dealer's showroom!

Anah Harriman, Eldon Potter Wed

In a candlelight service at the Assembly of God church at 4 p. m. Thursday, Miss Anah Harriman became the bride of Eldon Potter.

Rev. R. B. Warner read the service in the presence of 60 relatives and friends. The bride is the daughter of Mrs. fnez Harriman and the bridegroom's parents are Mr. and Mrs. Richard Potter.

Miss Betty Potter sang, "Because" and "I Love You Truly", accompanied at the piano by Miss Ifelen Jean LaCroix of East Jordan, who also played the traditional wedding marches.

The bride, escorted by her uncle, Guy E. Wilson of Traverse City, selected an ivory satin gown with fitted bodice and long sleeves. She carried a white Bible topped with an arrangement of gardenias and lillies of the valley.

Miss Bonnie Sutton was maid of honor and Miss Dorothy Morse of Elk Rapids, was bridesmaid. They wore similar gowns of blue taffeta. They carried bouquets of pink and white carnations.

Robert Potter assisted his brother as best man and Allen Potter and Clyde Cunningham were ushers.

Mrs. Harriman chose a rose crepe gown and black accessories for her daughter's wedding. Mrs. Potter wore a gray suit with matching accessories. Both had corsages of gardinias.

Immediately after the ceremony a reception was held at the couple's apartment at 1206 Bridge street. The refreshment table was centered with a tiered wedding cake.

The couple left on a wedding trip and will return here April 18 to make their home. For traveling the bride wore a gray suit, navy accessories and a corcorsage of gardenias.

Out of town guests were Mr. and Mrs. Guy E. Wilson of Traverse City; Mr. and Mrs. Dale James of Central Lake and Mr. and Mrs. John James and daughters, Betty Lou and Harriette of Ellsworth.

From where I sit ... *by* Joe Marsh

Now It's Neckties Made of Milk!

Fellow in Andy Botkin's Tavern was boasting about a trick necktie he was wearing made out of a by-product of milk. "Took 33 pounds of milk to make this tie," he says.

Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to *drink*. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"

Yes, modern science being what it is—seems like you can make "anything out of anything" these days. But in the case of milk, well I guess drinking it is still a whole lot better than just wearing it.

Of course there are lots of other ways of abusing goods and beverages—like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation.

But from where I sit, most people who enjoy a wholesome beverage like beer or ale *are* moderate—because beer itself is a *beverage of moderation*.

Michigan Mirror

Non-Partisan News Letter

By Gene Alleman, Secretary, Mich. Press Assn.

Governor Kim Sigler says he will veto any legislative bill to increase the three-cent gasoline tax.

Announcement was made to newspaper correspondents at Lansing, following delivery by the governor of two supplemental messages to the state legislature.

The Michigan Good Roads Foundation recently advocated a 15-year $1,400,000,000 highway conctruction program which would be financed, in part, by a boost in the gas tax. The weather of the past winter proved to be a strong ally, as state highways were damaged badly. Commissioner Charles M. Ziegler estimates the loss at $500,000, the worst in 50 years. Detroit's street damage was estimated at $1,000,000.

The governor's attitude is based on his belief that Michigan's tax revenues are not being distrihuted equitably, due to the sales tax diversion amendment. Seventy six per cent of the state sales revenue is now returned to local governments, including public schools.

Sigler does recommend, however, that present highway funds be distributed more equitably. This covers the motor vehicle weight tax.

A. O. Cuthbert, director of the County Road Association of Michigan, says that an emergency situation now exists on Michigan highways because of post-war inflation.

"In 1940 the county road commissions paid $8,300,000 in wages" he said. "Last year they paid $15,200,000. A highway maintenance truck sold for $950, in 1940 and now costs $2,200. A motor grader costing $5,000 in 1940 is listed at $11,000 today.

Counties now maintain 87,000 miles of Michigan's 107,000 mile highway network.

The tug-of-war continues between state and local governments over whom should be held responsible for enforcement of liquor laws.

Eighty-five percent of liquor license fees are now returned to local units to help finance enforcement of such regulations. Yet the state liquor control commission maintains a force of 82 inspectors. Attorney General Eugene Black has ruled the commission can withhold payment of license fees to any municipality or township which does not utilize such revenue for the use as intended.

The house of representatives has voted to cut the number of inspectors from 82 to 55.

Michigan miscellany: Thirty-four county and district fairs will have harness horse racing during the fairs this year. The Michigan Education Association is sponsoring a constitutional amendment to permit lifting of the five-mill limitation on real estate taxes by a majority of votes cast instead of the two-thirds majority now required. Ludington voted 754 to 531 to levy an additional five mills for five years. Such a vote on a bond issue would have carried it; the two-thirds requirement meant its defeat.

Budget Director John A. Perkins reports these signficant figures: During the 1948-49 fiscal year approximately $305 millions will be returned by the State of Michigan to local governments from the state-collected taxes. During the 1943-44 fiscal year the total was $142 millions. Payroll of state employees is 13.9 per cent of total current expenditures; in 1942, five years ago—it was 14.9 per cent.

Ernest T. Conlon, former state senator, lieutenant governor, and ex-lobbyist, has just received a $7,500 a year plum as head of the sales tax division for Detroit. The job was revived after a lapse of ten years.

Back in the days of Governor Alex Groesbeck the governor had power to hire or fire department heads. Grosebeck wielded his authority, and it ts a matter of record that he fired Tom Johnson as state superintendent of public schools and the State Supreme court upheld his right to do so. Some of the reluctance of legislators today to centralize power in the hands of the governor may be traced back to memories of 1921 when Grosebeck swung the big stick.

It the state legislature declines to submit the reform amendments to the people at the November election, Governor Sigler is likely to take the issue directly to the voters. As a self-registered lobbyist for the people, Sigler would make a vigorous campaign.

Puppet Show Given For Grade Pupils

Grade pupils in this Health District are being treated to a four act puppet show.

Sent here by the Good Teeth Council for Children, a national organization, the show is part of a visual education program in dental hygiene which the Council is sponsoring.

The puppet show deals with the adventures of Jack and Judy and what happened to Jack's toothache. Put on by Marion Casey and Marilyn Davis of the Council, the show has complete scenery changes and gives the effect of a stage play. Dr. Earl Faber, who arranged for it, says the audiences are too interested even to whisper.

"Talk about VALUE," says America

"CHEVROLET and ONLY Chevrolet IS FIRST!"

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You'll get much better performance with economy from Chevrolet's world's champion Valve-In-Head engine. It has the finest record of dependability of any automotive power plant! And Valve-In-Head engines are exclusive to Chevrolet and more expensive automobiles.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in papularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value . . . because it alone offers BIG-CAR QUALITY AT LOWEST COST!

DEMOCRACY IN ACTION

Democracy is more than a system of government. It is an attitude of mind—a technique of procedure—a way of life. It operates on the principles that voluntary action through group and individual initiative can solve social, community and even economic problems far more effectively than regimentation or governmental control. Here is a striking example of democracy at work.

A PROBLEM
THAT CHALLENGED MICHIGAN CITIZENS—
THE COST OF HOSPITAL AND SURGICAL CARE

Since hospital-surgical expense is often an unexpected emergency for which a family may be unprepared, the financial burden involved may be heavier than the average person can bear. Sometimes it can be ruinous to entire families. Often too, worry over paying hospital bills may retard or prevent a patient's recovery. This problem has been solved by Michigan's hospitals, Michigan's medical profession, and the public by voluntary democratic action and all 'round cooperation.

BLUE CROSS—A NON-PROFIT PUBLIC SERVICE

First, Michigan hospitals and its medical profession got together. They organized Blue Cross. Blue Cross is a non-profit plan of cooperation between hospitals, doctors of medicine, and the public to make good hospital and medical-surgical care available to everyone without economic strain upon anyone. This is accomplished through the payment of a small monthly sum which entitles members of the plan and their families to needed hospital care or doctors' services without worry about the expense.

THE PUBLIC COOPERATED

The public quickly exercised their democratic right of voluntary choice. Today over 1,200,000 people of Michigan have solved the cost of hospital and surgical care by becoming members of Blue Cross. They are protected—their families are protected—again proving that no matter in what sphere it is applied, "DEMOCRACY WORKS!"

Former Supervisor William H. Cook Passes At Ironton

William H. Cook, 86, Charlevoix township supervisor for 24 years, died Thursday at the Lalonde Convalescent Home at Ironton, where he had been a patient for several weeks.

He had been in failing health for more than a year.

Born in Brantford, Ont., on March 3, 1862, he came to Charlevoix county at the age of 14 years with his parents who settled at Boyne City. In Oct. 1885, he was married to Mrs. Minnie Korthase who preceded him in death on Oct. 5, 1939. After their marriage they resided in Chicago for eight years before coming to Charlevoix to make their home. He was a mason by trade and for many years operated a contracting business.

Active in township and fraternal circles, he served in several township offices as well as supervisor; was a member of the IOOF and the Eastern Star lodges and was a life member of the Masonic Order.

He is survived by two stepdaughters, Mrs. Floyd Ikens of this city, and Mrs. Ida Lovig of Chicago; a half-sister in Canada; 21 step-grandchildren; several great-grandchildren and nieces and nephews.

Funeral services were held at the See Funeral Home at 4 p.m. Saturday with the Rev. W. D. Wood officiating. Burial was in the Brookside cemetery.

Maxbauer Creamery Has New Delivery Truck

Maxbauer's milk is being delivered in a fancy new truck. Built just for dairies, the truck can handle 9000 pounds of load, has clutch and brake in one pedal, steers with the driver standing up, and is painted a creamy white.

Connell Gatliff Buried On Island

Funeral services for Connell Gatliff, 47, were held at Holy Cross church on Beaver Island Tuesday with Rev. Fabian Keenan officiating.

Mr. Gatliff, a Great Lakes sailor, died Friday in the Chicago Marine Hospital, after several years illness. He had spent his childhood on the Island. He later lived in Charlevoix after his marriage to the late Minnie Raber.

He is survived by two children, James of Chicago and Morella of Detroit; a sister, Mrs. Perry Smith of Charlevoix; and a brother, Thomas of Beaver Island.

Some Are Confused By New Utility Bill

Some confusion regarding the new electric bills is reported by Mrs. Nelle Hammond, treasurer.

Before the penalty date, the amount marked "net" is correct. After the penalty date, the "gross" amount is due. Many customers have paid the gross amount when it was not due.

New York Editor To Address Farmers

Dr. Robert Howard, editor writer and lecturer on farm problems, will speak next Tuesday evening at the Gaylord Auditorium.

The meeting is sponsored by the Northern Michigan Agricultural Planning Committee and is open to the public.

Mrs. Elma H. Cook Rites Are Monday

Former city treasurer, Mrs. Elma H. Cook died Saturday in Charlevoix Hospital where she had been taken after breaking her hip a week earlier.

She was 85, being born Sept. 24, 1862 in Uxbridge, Ont. She and John B. Cook were merried Feb. 25, 1885 in Canada. Previously he had come here and built their future home at 307 Mason street.

She and Mr. Cook held the office of city treasurer from 1904 until 1930 serving alternate terms. He died in May, 1927. Mrs. Cook was a member of the Methodist church, O. E. S. and Macabee lodges.

Surviving are one daughter, Mrs. Harvey Campbell of Charlevoix; a son, John B. Cook of Belding; one sister, Mrs. Ida J. Carr of Chatam, Ont., who is the last member of a family of fourteen; three grandchildren and five great-grandchildren. Another daughter, Ethel, preceded her in death in 1908.

Funeral services were held at the See Funeral Home at 2 p.m. Monday with Rev. Gaylord Howell officiating. Burial was in the Brookside cemetery.

SPEB Has Delegates At Siete Song Fest

Charlevoix was represented at the Great Lakes Invitational Barbershop Harmony Festival held at the Civic Auditorium in Grand Rapids Saturday night. Among those present were Mr. and Mrs. Henry Ingalls, Mr. and Mrs. Bob Miles, Lowell Merica, Dr. and Mrs. G. B. Saltonstall and Mr. and Mrs. Charles Sessions.

100 4-H Boys, Girls to Exhibit Club Products

More than 100 4-H Club boys and girls from the Charlevoix area will exhibit results of the winter's work at the annual Spring Achievement Day April 29.

It will be held in the East Jordan gymnasium. Nearly 1000 articles will be on display all day. Leaders will set up the exhibit Wednesday afternoon. At 6 p. m. they will be honored at a banquet served by the East Jordan seniors. Afterward the leaders will divide into groups to judge exhibits. All winners will receive ribbons this year.

The principal divisions are knitting, handicraft and clothing.

Among the outstanding exhibits will be a utility trailer built by Billy Hair of Murray Club and the model laminated rafter barn of the Barnard boys directed by William McGee.

Thursday morning's program will start with a movie at the Temple theatre at 10 a. m. Leaders will distribute tickets to their club members. The afternoon program will be in the gym and commences with a style show at 1:30 p. m. It is open to parents and the general public.

State club leaders, Mrs. Ruth DeRosa and Kenneth Ousterhout will be at East Jordan and will present the county honor roll.

Leaders and club members from around here who will have exhibits at East Jordan, according to Karl Festerling, include:

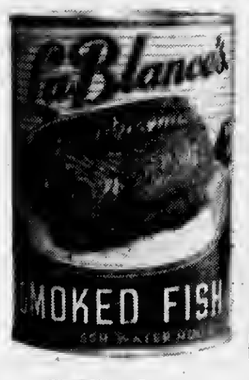
LaBlance's Smoked Fish to Be Canned Here

George LaBlance, Jr.



The New Product

Charlevoix has a new industry and fish fanciers a tasty new dish as the result of two years work by Mr. and Mrs. George LaBlance, Jr.

The product is LaBlance's smoked fish. The industry is the newly organized one to make and can the delicacy.

The story starts two years ago when Mr. LaBlance saw that lake trout and whitefish were threatened seriously by the lamprey eel—and the fishing industry was going downhill with them. He started casting about for something which would take its place and began experimenting with the fresh water mullet.

A white meated fish with a fine but delicate flavor, it never was papuler becausa af its many banes. Warking in their kitchen, he and Mrs. LaBlance began a lang series af trial end errars. Slawly they worked aut a pracess, which is now being patented, for caoking, smoking and canning tha fish.

The couple started their experiments in their kitchen in November, 1946, and worked for eleven months before they found a process where the fish was even palatable. Several more months of trial and error methods of using various kinds of

Able Speaker Will Address Commerce Dinner

Charlevoix citizens will have an opportunity to hear one of Michigan's ablest speakers on business and community affairs next Tuesday when Merrill D. Graham addresses the annual Board of Commerce dinner at St. Mary's Hall.

For many years he was a sales executive of the Chevrolet Division of General Motors, helped to train more than 1o0,000 salesmen and covered every city in this country and Canada.

He is a consultant to several national and state trade associations, has written sales courses, addressed audiences totalling more than two million persons, and is booked for 150 appearances this year from coast to coast. Next month he will start a lecture tour through New England for the National Retail Hardware Association.

His talk here will have especial interest to those interested in the tourist and resort business. In it he will tell the unusual story of Michigan, based on years spent in research on the state's history, tradition and development, and what this story can and should mean to us today.

Call Telephone Operator for Police

Sunday there was an accident and the drivers of the two cars tried to find an officer in order to make the required report.

It was only after a couple of hours that one party got in touch with a policeman. And then he explained that in all cases of this kind, the proper procedure is to call the telephone operator and ask for the police.

The operator will turn on the police signal light on Bridge street as well as calling the office in the City Hall. Once she is in touch with the officer on duty, she tells him what is wanted.

Games Party to Aid Life Guard Fund

St. Mary's Rosary Altar Society will give an all-games party at the school hall on Thursday evening for the benefit of the Life-Guard fund.

All games will be played and play will start at 8:30. Everyone is invited to attend and play his favorite game. A door prize will be given.

Murray School Plans 4-H Program

Murray School will have its own Achievement Day Monday, starting at 7 p. m.

Articles made by members will he on display. A program also will be presented. There will be a potluck supper, slides shown by K. C. Festerling, songs by the club, and a style show by the sewing club girls. Those in the various clubs are given in the County Achievement Day story.

Juniors to Give Annual Comedy Here May 7

Members of the Junior Class now are busy learning lines, getting stage props, and getting ready to present a play.

The class play this year will be "When I Was Green." It will be given May 7 at the school auditorium.

A three act comedy, it tells the complications that follow when the 20 year old heroine tries to help out family finances by renting a garage apartment to a man who late in the play turns out to be an important vice-president. Meddlesome younger brothers and sister nearly wreck both the heroine's love affair and the family finances.

Mrs. Ila Wurmuth, lecturer of the Michigan State Grange, will hold a Grange conference at the Barnard Grange Hall, Friday.

The meeting will he from 10 a. m. to 4 p. m. Pot luck dinner will be at noon. All Granges in the county are invited.

Cancer Center Talked for County

Possibility of a cancer detection center for Charlevoix County is being investigated now by the Women of the County Farm Bureau.

First step was taken last week when Dr. F. F. McMillan addressed a group at the home of Mrs. Oakley Saunders. The proposal has been broached before other farm groups and already the Rock Elm Grange has endorsed it. Another meeting in May will continue the study and possibly make definite plans for launching a campaign.

Farmers Union Will Meet At Burgess

The County Farmers Union will meet Thursday at 8 p. m. at the Burgess Town Hall.

Following the business meeting a potluck lunch will be served.

Kiwanis Amateur Show Will Be Next Thursday

This week is the last chance for amateur performers to enter the annual Show put on by the Charlevoix Kiwanis Club.

The show will be at the school auditorium April 29 and the entry lists close Monday. So far 15 applications have heen received from Charlevoix and Antrim counties. Because musical numbers predominate, it may be necessary to screen out some of these already in, Chairman Dean Davenport says. He also points out that other than musical acts would stand a good chance of winning some of the $100 in prize money.

Each entry will be notified by Monday evening if his application has been accepted.

There will be two groups of contestants, those under and those over 14 years. Supt. Roy Bennett will be the master of ceremonies, and judges will be picked from those not members of the sponsoring club. All Kiwanis members have tickets to sell.

Hayward Lesley Leases, Operates Kibbe Grocery

Hayward Lesley has leased Kibbe's Grocery of Mrs. E. J. Kibbe and is now operating it.

With Mrs. Lesley helping him there, he has changed tho name of the neighborhood store to Lesley's Grocery. They are putting in new stock and have adopted new store hours.

He came to Charlevoix last September and since then has been at Abbey's. Both he and Mrs. Lesley are from Flint.

Bud Heise, who operated the store for Mrs. Kibbe, has made no plans for the future.

Parkside Will Have Snug Harbor Room

The Parkside is undergoing some interior decorating this spring and will feature a Snug Harbor Room.

The dining room is having interesting nautical drapes in blue and red. With the floor in red and black diamonds the room will be smart. Chairs will be done in blue leather.

Place mats will be used for breakfast and luncheon, but it will be back to tablecloths for the dinner in the Snug Harbor Room.

Mr. McFarland hopes that all will be in readiness so that the Parkside can be opened within the next two weeks.

Pete Scott Starts to Build Cafe

Charlevoix will have another eating place this summer.

Pete Scott, former operator of the Min-Eva, Tuesday started work on a new 30 by 36 drive-in restaurant on Bridge street between Carpenter and State.

The building will be of cinder block, one story, with full basement, and set back enough from the pavement for a parking space. He hopes to open in June.

Fire Chief Warns Of Costly False Alarms In Spring

Firo Chief Charles Marshall is issuing e warning and request abaut grass fires.

Anyana within the city limits should call the fire statian before starting a grass blaza, and give tha time and location. Failure ta do sa has caused too many false alarms lately. Since each false alarm costs the city abaut $15, this is a civic economy.

Anyane who has tall grass or brush that needs burning, and where there is any danger involved, should cell the department. Chief Marshall will supervise the burning, end thus passibly evaid e fire cell and dsmage fo edjalning buildings.

St. Mary's Plans Big Bazaar, Festival Aug. 21-22

St. Mary's church and parish has announced plans for a Bazaar and Summer Festival to be held on the school grounds on Saturday and Sunday, Aug. 21 and 22, H. C. Heckler, general chairman of the event has announced.

Funds derived from the two-day festival will be used for the benefit of the church and school. Although a summer party has been held for many years for this purpose, the 1948 festival will be on a larger and more elaborate scale than has ever been attempted before.

Included in the two-day celebration will be the awarding of a new automobile and two other prizes; refreshment booths and concessions; games and sports for the children as well as a variety of games and amusements for grown-ups; booths for fancy work, baked goods and produce; music at all times.

Other major features being contemplated are an ox barbecue and a dance.

Assisting Mr. Heckler will be Mrs. Gerald Gibbons as vice-chairman; Ralph S. Hamilton, men's vice-chairman; Mrs. Hugh Mayne, women's vice-chairman; Norman Gallagher, young peoples chairman; Dr. Gerald Gibbons, secretary; Mrs. Ada Golden, treasurer; Edith Olach, Mary Margaret Orlowski, Dorothy Winnick and Francs Martin, assistant secretaries.

Other committee heads are: finance, J. M. Foster, George LaBlance, Jr. and Mrs. H. E. Bingham; purchasing, Mrs. George Haggard, John Grupa and Hugh Mayne; bazaar, Frank Oleksy, Ted Browe, Tom Cox and Joseph Eteinne; sports, Henry Supernaw, David Hamilton, Jack Grupa and Gerry Gibbons.

Prizes, Two Night Programs, Dance, Fish Fry, Skeet Are Planned By JCC For Event

Three days of fun, plenty of perch fishing and prizes for the big catches all are offered in the first annual Charlevoix Perch Race being sponsored by the Junior Chamber of Commerce.

The event will be May 7, 8 and 9. Prizes will be offered for the heaviest catch, the biggest perch by weight, and for the fisherman coming the longest distance.

Contestants must register Saturday morning, May 8 at 9 a. m. The perch contest closes at 0 p. m. that day. Fish caught between those hours anywhere in the Charlevoix area are eligible.

The formal program will start off with a variety show Friday evening, probably at the city park. Likely events are a quartet, the band and possibly some minstrel acts. Saturday will be devoted to the fishing contest. At 7:30 that evening at the city park prizes will be awarded.

On Saturday night and possibly also on Friday there will be Perch Ball at the Argonne for the fishermen, their wives and townfolks.

Sunday morning will be a skeet shoot at the Rod and Gun Club range.

The JCC has lined up 130 boats for use during the Perch Race. And will get more if they are needed. All churches here are to be interviewed to see if one will not put on a fish fry Friday and Saturday night.

Bridge street will be decorated with four foot perch and merchants will be asked to trim their stores for the occasion. The Conservation Department has been asked to send up a fish display.

Joe Abbey is general chairman, assisted by William Matzinger and Grover Glossenger.

The advertising committee is composed of Metzinger, Tom Coxe and Orniston Bergeon. The events committee has Junior Supernaw, Larry Ecklund, Dr. Earl H. Faber and John Connolly.

Coleman's Track Teams Famous in North

"I'm kinda lucky and I've got a lot of good boys," was the explanation S. E. "Irish" Coleman offered for the fine track and field teams he has turned out for Charlevoix in the last ten years.

He refuses to make any predictions for the 1948 squad which opens its schedulo at Harbor Springs Saturday but with 54 men reparting regularly for practice, chances are that he will run up a few points if it's only a matter of out-numbering the other team.

Charlevoix had a track team back about 1910 but the sport was lost to local fans until Coleman started training another team in the early '30's. At that time they ran on the old half-mile horse-racing track on the south side. But in 1937 a dream came true and one of the best cinder tracks in northern Michi-

A Good Thing for All

This week The Courier is carrying one of the finest pieces of news a newspaper can have—the story on George LaBlance and the new industry to be started here.

Mr. and Mrs. LaBlance deserve a lot of praise for sticking to an idea for two years and developing a new product. They and their associates in the venture merit the thanks of the community for deciding to set up in business here and to provide employment for Charlevoix workers.

A Close Call

Speaking of industry, this entire area has had a close call this spring. There was a very good chance that the Reid Murdoch plant at Ellsworth would not open for business. Inability of management and labor to get togother on a 1948 contract was the reason.

A wildcat strike in 1946 made that a losing year for the company. Last spring the labor contract was delayed until less acreage than usual was signed up. That, plus a bad crop year made 1947 another red ink entry. If the 1948 contract had been delayed much longer, the company was seriously thinking of shutting down the plant.

That would have meant a serious loss for labor, farmers and everyone. Northern Michigan is asking industry to come up here. Let's not give our case a black eye by driving out that which we already have.

We're Lucky

The Towe family has lived in big towns and small towns. We've never found one before which is as lucky as Charlevoix on one score.

We have our three lakes, our beautiful waterfront parks, our beaches, our fine summer weather. And we also have the best bakery this family has ever found.

Folks here may not realize it, but a bakery which turns out as good cakes and pies, breads and cookies as many housewives can make is indeed a rarity.

Needed: Brooms and 15 Minutes Work

A lot of folks who use the sidewalks here have a legitimate gripe this spring.

During the winter the street department did a fine job of sanding them when they became slippery. That sand still is on them. And it makes miserable walking. A spring stroll now is much like sand in your spinach. Both are gritty.

It would cost the city several hundred dollars needed for other things to sweep the sidewalks. Why don't our homeowners take a broom, a dust pan and 15 minutes? It would clean up the whole mess and be a good start on the needed spring cleanup.

Party Celebrates Matchett Anniversary

All of the regular church congregation and several relatives from Charlevoix helped Mr. and Mrs. Robert Matchett celebrate their 40th wedding anniversary on Sunday.

The highlight was when William and Larue Shapton marched up the aisle dressed as bride and groom, while Mrs. Moore played the wedding march.

A pot luck dinner was served and every one voted it an enjoyable affair. Those from outside were Mr. and Mrs. Clayton Trimble, Mrs. George Trimble, Mr. and Mrs. Ed Burns and Mr. and Mrs. Walter Taylor all from Charlevoix; Mrs. Mulhagen, a niece of the "bride" from Petoskey, also attended. She was a bridesmaid at the original wedding 40 years ago; Mr. and Mrs. Lee Shapton were guests also.

Mrs. Fisher Honored At Birthday Dinner

Mrs. William Fisher had a birthday last Thursday and a dinner honored the event.

Home for the day from Traverse City were Mrs. William Anderson, daughter of Capt. and Mrs. Fisher, and her son, Wayne. Also at the dinner were their other daughter, Mrs. Melvin Plum, and her husband; Mrs. William Loveland and son, Bobbie of Traverse City.

Birch Bark Cards Used At Party

Clever birch bark and colorful porcupine quill place cards marked the places at the refreshment table for the birthday party given in honor of Quinton Walker's eleventh anniversary by his mother, Mrs. Irene Walker on Friday.

Nineteen friends enjoyed games with prizes and refreshments. The lighted birthday cake was decorated in the cub scout colors, blue and yellow.

From where I sit ... by Joe Marsh

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says good-naturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

Colombia Is Beautiful Country Says Former Teacher Now Living In Charlevoix

Mrs. Walter Bergeon asks Mrs. Dubber about Colombia

The riots of Bogota, Colombia, and the recent assassination of the leftist Liberal Party leader, Jorge Eliecer Gaitan, are just newspaper stories to most people but to Mrs. Martha Dubber, a Colombia citizen and present Charlevoix resident, it is personal loss and something very real. She knew Senor Gaitan and Bogota personally.

At present Mrs. Dubber is making her home with Mrs. Anna Eccleston. Her daughter is married to M/Sgt. Joseph Schwab, son of Mrs. Eccleston, and makes her home in Panama, where Sgt. Schwab is stationed with the U.-S. Air Forces.

Asked about Colombia, Mrs. Dubber said, "As with all Latins, Colombians are temperamental quick-tempered but always polite. They have a love for and a pride in their country rarely seen. That is why no one but a native Colombian has a chance of becoming a high government official.

Knew Leader Personally

Senor Gaitan, the leader of the Liberal Party, who lost his life, was such a man. He came from a poor family and as a child worked as a shoe shine boy. While attending a school maintained by the monks, his ability was recognized and he was given every opportunity for an education. He studied law in Italy and France and returned to Colombia to become one of the greatest criminal lawyers in his country. He was being groomed as a future president. Gaitan was not a Communist. He believed in Colombia for the Columbians and was behind such a movement.

Mrs. Dubber says little about politics in South America but she maintained that it was no secret that there were Communists everywhere and that they work openly and have a definite plan in mind.

It was to Bogota that Mrs. Dubber came as a young girl from Danzig. While she was reared in Germany she had been trained in kindergarten work as well as a nurse for children. In Colombia the young girl made good use of her training and started the first kindergarten in that country.

Later she was married to an oil company official and lived in the jungles on the Magdalena river. Her eyes lighted up when she spoke of the river. "How I wish I might take my American friends on that river trip as well as to so many unknown places off the beaten tourist path, for I know Botoa and the country like a native knows his town here," she said.

More recently, Mrs. Dubber has lived in Port au Prince, Haiti. She was married to a representative of a New York dry goods company in Haiti. Mrs. Dubber says it is one of the most primitive countries she has ever visited. She came to America from Haiti early in March and now plans to make it her home. "I have always liked Americans," she added.

Almost Mrs. Dubber's first question to us was "do you speak Spanish," and a disappointed expression crossed her face when we said, "Un poco."

"How I wish I knew some Spanish speaking people here," she said. And small wonder at such a remark for one who has lived 27 years in a Latin country.

Mrs. Dean Is Hostess To Ironton Ladies Aid

The Ironton Ladies Aid enjoyed a pleasant afternoon Thursday at the home of Mrs. Datus Dean. Several guests and former members, Mrs. Nettie Huggard, Mrs. Lephia See, Mrs. Florence King, Mrs. H. E. Cunningham, Mrs. John Kling and Mrs. Adams were present.

In the absence of the president, Mrs. Ole Neilson, her mother, Mrs. Cunningham took charge.

Mrs. Dean served refreshments and the Aid is invited to met with Mrs. Florence King in Charlevoix Thursday afternoon.

Party Celebrates Wedding, Birthday

Mr. and Mrs. Lawrence E. Boss entertained at a family gathering Thursday evening in honor of the birthday anniversary of Mrs. Ed Boss and their own third wedding anniversary.

The evening was spent visiting and later lunch was served including ice cream and cake. Those present were Mr. and Mrs. Nick DeYoung of Atwood; Mr. and Mrs. Harold DeYoung and family of Charlevoix; Mr. and Mrs. Ed Boss of Charlevoix; Mr. and Mrs. John Essenberg and family of Atwood and Mr. and Mrs. John E. Boss and family of Charlevoix.

Fines, Probation Given 13 Youths

Thirteen of the fourteen East Jordan youths, ranging in age from 19 to 26, who had previously pleaded guilty to a charge of statuatory rape involving two 14 and one 16 year old girls, were sentenced in court here Monday by Judge Charles L. Brown.

The following were fined $50 each and ordered to pay $100 court costs each, were placed on probation from one to two years and had their drivers licenses revoked for given periods: Donald Ager,, Arthur Bolser, Russell Bolser, Elgy Britnall, Dale Carney, Erving Murphy, Howard Murray, Ernest Premoe, Alfred Sloop, Richard Sherman, Ernest Summerville, John Valencourt, Ernest Walden.

Charles Wood, who also pleaded to the same charge, will be sentenced on May 7.

Two other youths, Roderick Carney and George Carswell, also of East Jordan, pleaded guilty to the same charge in the same case and were bound over to the next term of circuit court on May 7.

Clayton Arnold, 19, of Traverse City, pleaded guilty to a charge of indecent exposure and will be sentenced on May 7. he had previously been released on a $500 cash bond.

In justice court William A. Curley, 24, of Pontiac, waived examination on a charge of forgery and was bound over to circuit court. He is being held in the Charlevoix county jail on $2,000 bond. He was arrested by state police of the Gaylord post early Sunday morning and held in the Antrim county jail until late Monday.

East Jordan's county-wide bird house contest for boys and girls will be held at the school there Saturday.

Inquiries for Rooms Coming In Already

Inquiries about rooms for the coming summer already are coming in.

S. E. Coleman, secretary of the Board of Commerce, says 37 were received last week. He asks that all who have rooms or apartments they wish to rent or lease this summer would call the City Hall office and leave the information with Marjorie Webster.

City Asked to Enter Girl As Cherry Queen

Charlevoix, and each of the communities in the county, are being asked to name a candidate for the Traverse Cherry Queen this year.

The Traverse City committee planning the July 8 and 9 Cherry Festival is sending out invitations to some 35 Northern Michigan communities inviting them to pick a girl for the competition.

A truly smart addition to your home. Delightful tone and brisk touch. *Come in and see the new Jesse French models.*

Kroger

PAYER

76 Million Dollars to Spend

Last year Kroger employees were paid $76,700,000 in wages and salaries. Kroger's largest business cost, except for merchandise, is meeting the payroll—more than 1½ million dollars a week. This money was spent in the 1,500 communities where Kroger men and women live and work, making business better for everybody.

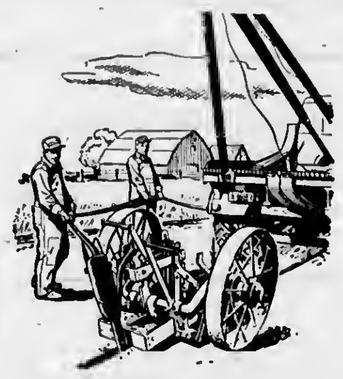
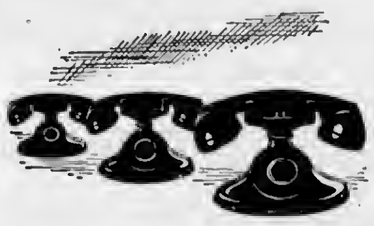
Rural Tele-news



LONG FURROWS: An improved type of telephone wire is used for rural service in certain areas where soil and weather conditions are favorable. It is *plowed underground* instead of strung on poles. Covering of synthetic rubber and steel mesh makes it stronger than underground wire previously used.

LESS PER LINE: We're building more rural lines and making good progress reducing the number of subscribers per line. Two years ago nearly half of our rural-line subscribers were on lines with *more* than eight parties. Today four out of five are on lines with eight or *less!*



BIGGER VALUE: Your telephone grows in value to you every day. That's because our construction program is constantly expanding the system . . . giving you more telephones you can call . . . making possible more telephone errands to save you time and money.

Our $13,500,000 post-war rural construction program means more and better rural telephone service

Two New Farm Bureau Units Formed In County

Two new community Farm Bureaus were organized last week in this area.

They are the Eveline and the Phelps units.

The former was organized by a meeting at the William Zitka farm home. Chosen as officers were William Zitka, chairman; A. L. Darbie, vice chairman; Mrs. Hiram Brock, secretary; Norbert Nachazel, discussion leader; Mrs. Douglas Knudsen, publicity chairman; Douglas Knudsen, committeeman.

Phelps officers are: B. Blanchard, chairman; Floyd McCracken, vice chairman; Al Swanson, discussion leader; Mrs. Floyd McCracken, secretary; Mrs. McElroy, committeewoman.

The meeting was at the Helmuth Eckert home.

Farm Bureau to Send Agents to Europe

Members of the Farm Bureau in Michigan plan to find out first hand what the need is in Europe for food and help.

A group of representatives are being sent across this year to visit England, France, Belgium, Holland, Germany, Sweden and Denmark, where they will see what farm situation is there.

Walter Kirkpatrick, county agent in Antrim County, has been selected by the Northern Michigan Agricultural Planning Committee to represent this section. He leaves May 22.

Florists Meet Here For District Session

Unit No. 4-A of the Florist Telegraph Delivery Service met in Charlevoix Thursday for a business meeting, election of officers and dinner with Edwards, Florists, acting as hosts to the group.

At the election of officers Arthur Edwards was named district representative of the group. A. J. Nelson of Cheboygan was elected chairman and M. J. VanCampen also of Cheboygan, secretary-treasurer.

Seventeen from Traverse City, Petoskey, Cheboygan and Charlevoix were present for the business session and the dinner held at Shady Corner.

Mrs. Robert King Honored At Shower

Mrs. Robert King was honored guest at a stork shower given by Mrs. Sam King and Mrs. Don Coney at the latter's home Thursday evening.

The guests enjoyed card games with Mrs. P. R. Ross winning the prize. Gifts were presented to the guest of honor in a bassinet.

Other guests were Mrs. Claud Davy, Mrs. Gordon Dennis, Mrs. Gordon Bartlett, Mrs. Glenn Pemberton, Mrs. Edward Thorp, Mrs. R. L. Suratt, Mrs. Fred Southwood, Mrs. Bruce Henley, Mrs. R. J. Nowland, Sr., Mrs. Greg Shadko, Mrs. Clarence Rabaeh, Miss Grace Shores and Miss Gladys Coney.

Two 83rd Birthdays Honored At Party

Mrs. Ella Brenner, who observed her 83rd birthday anniversary on April 17 and Mrs. Nettie Huggard, who will observe her 83rd birthday on May 1 were honored guests at the April 14 meeting of the Carey-O'Brien circle of the Baptist church. Refreshments included a large birthday cake served in their honor by the hostess, Mrs. Edgar Smith.

Mrs. Ross Entertains At Bridge Luncheon

Mrs. P. R. Ross was hostess to several friends Monday afternoon when she entertained at a bridge luncheon at one o'clock.

Following the meal, bridge was the order of the afternoon. There were six tables at play. High score was awarded Mrs. Henry Partridge and second high went to Mrs. Allen Campbell.

Sealed proposals for the construction of this project located in Charlevoix and Hayes Twps., Charlevoix County, will be received from contractors having 1948 Michigan State Highway Department prequalifications, in the Veterans' Memorial Bldg., 213 South Capitol Ave., Lansing, Michigan, until 11:00 A. M., Eastern Standard Time on Thursday, April 29, 1948, and will then and there be publicly opened and read. Proposals may be mailed to Room 424, State Office Building, Lansing, Michigan.

The work will consist of grading, placing the necessary drainage structures and 22 ft. concrete pavement, 8" uniform, reinforced.

Completion date for entire project December 1, 1948.

The Department's Standard Specifications (1942 Edition), its current Soils Manual, the plans for this project, the special provisions governing subletting and assigning the contract and the employment and use of labor, and the proposal blanks (all of which are essential parts of the contract) may be examined at the district office of the Department at Cadillac, Michigan, and at the Michigan Road Builders Association, Lansing, Michigan, but may be obtained only at the office of the Contract Estimate Engineer, Room 424, State Office Building, Lansing, Michigan, up to 5 P. M. of the day preceding the opening of bids. A fee of three dollars will be charged for furnishing plans or proposal blanks, which will not be refunded.

Full cooperation in carrying out the special provisions will be required. Minimum wage paid to labor employed on this contract shall be as follows for Zone 3: Skilled labor, $1.50 per hour. Intermediate labor, $0.90 per hour. Unskilled labor, $0.80 per hour. Other rates as listed in the proposal.

A certified or cashier's check on an open, solvent bank, in the sum of $24,000.00, payable to Charles M. Zeigler, State Highway Commissioner, must accompany each proposal. All such checks will be returned promptly after the bidding, except that those of the two lowest bidders will not be returned until execution and delivery of the contract to the State Highway Department.

The right is reserved to reject any or all proposals.

CHARLES M. ZEIGLER,
State Highway Commissioner.

Coleman System for Champion Track Teams s to Catch 'Em Young, Train 'Em Right

(Continued from page one)

an was constructed at the South ide Athletic Field.

That year the first Northern Michigan Class C conference meet vas held here. Charlevoix lost o Mancelona by two points but ince then have made up for the oss by taking every meet.

Charlevoix thinclads have also aken eight regional meets at Cadillac in the last 11 years. Every contender who qualifies at he regional meet goes to the state meet at East Lansing and Coleman has taken a team every year. Although they have never won a state meet they did place second in 1938 when Charlevoix's one-man track team, Richard "Big" Bergmann, unassisted, brought home a second place for the Rayders. He set a record in the high hurdles which still stands, took a first in the low hurdles and the high jump and a second in the broad jump for enough points to put Charlevoix in the money.

The Rayders will open the 1948 season here April 23 with Harbor Springs for a dual meet, with the Rams. This will be followed by a dual meet at Petoskey on April 28; the Central Michigan Relays, an Invitational meet at Mt. Pleasant on May 8; the Northern Michigan Class C track and field meet here on May 15; with six schools participating; the Regional meet on May 22 and the state meet at East Lansing on May 29.

And what about the coach who turns out these teams? "Irish" Coleman has taught in the Charlevoix schools since 1926. A native of Pennsylvania, he studied at Penn State College and received his degree at Michigan State Teacher's College. While in college he played football and of course was a member of the track team where he specialized in the 100 and 220 dashes and the relay. He taught at Lexington, Mich., before coming here.

Besides teaching Junior and Senior English and coaching the track team, he serves as Board of Commerce secretary. In his spare time he likes to fish. With the trout season opening this Saturday, he will have a busy day getting in a few hours of fishing before taking the team to Harbor.

Charlevoix has won quite a reputation for being a sports-minded town with the youngsters as well as the oldsters knowing all about the sport in season. Youngsters of all ages are at the track every night, taking in all the instructions Coleman hands out to his team and then applying the rules to themselves. Rumor has it that he starts training his track team when they register for kindergarten but that isn't quite true. He starts in when the youngsters can toddle to the track and by the time they're in high school they have all the rudiments and just have to have the finishing touches added.

A great deal of credit for his track team, Coleman gives to Ray Kipke, football and basketball coach. Nearly all his team have participated in one of those sports before they make the track team. In his 16 years as track coach he has only awarded about five letters for track alone after the boys have been out for practice for four years and have not won a letter in any other sport.

LaBlance Canned Fish Process Promises New Industry Here, New Business for Fishermen

(Continued from page one)

sauces and oils followed before they settled on their present process. In the beginning they had written innumerable letters asking for information on the processing of fresh fish and when answers started coming in with many ideas and recipes they tried them all and their own family of five children, their friends and neighbors became their 'official tasters'. Since last fall they have been processing the smoked fish and canning it in oil. Their product is now on the market in its attractive new red and gold label, on a white background.

According to Mr. LaBlance, this is the first time a practical process has been developed for canning lake fish and making it as tasty as salt water varieties. Hence, it can open an entirely new fishing field.

The source of supply, the fresh water mullet, is a sturdy fish and has not been affected by the lamprey eels as have many other species of fish. They are plentiful in all the Great Lakes as well as in the inland lakes and can be caught in the winter by ice fishing as well as by the regular methods during the summer. Unlike lake trout and whitefish which suffer from handling, the mullet can be caught and kept in "live boxes" and used as needed. Until now there has been little market for this type of fish. Many fishermen, who have been hoping for years for something new in commercial fishing, have announced their willingness to fish for the mullet.

Canneries and research laboratories have rated the fish highly and have classified it with salmon and tuna. Later on, as the industry grows, the company hopes to pack tuna-style flaked fish and other varieties of fish.

The canning process will begin with the delivery of the fish alive in "live boxes". The fish will be dressed on an automatic machine capable of cleaning up to two tons per hour. The smoking process will follow and take about 2½ hours. The smoked meat will then be transferred to tables where automatic packing machines and conveyors will take the cans to a closing machine or sealer. Three retorts, which can 1,400 of the 15-ounce cans at a time, will receive the sealed cans. After they have been processed for the required time, the cans will be cooled, labeled and boxed for shipment.

So far, the canning has been done on a small scale in the former LaBlance garage on Park avenue which has been converted into a small factory. But now plans are underway to set up a full scale plant at the LaBlance fishing building just off Belvedere avenue.

Equipment has been bought and will be installed this spring. There the fish will be brought, either by boats or truck. When going at capacity, Mr. LaBlance says the plant will can ten tons of fish in eight hours and employ close to 30.

To do all this, a stock company has been organized, known as LaBlance & Co. Officers are George LaBlance, Jr., president; J. M. Foster, vice-president; Norman Ance, secretary; and E. D. Hawley, treasurer. Other stockholders are W. H. Wallace, George LaBlance, Sr., Emerald LaBlance, and Ormiston Bergeon.

The smoked fish has been tried out and sold mostly in Northern Michigan where it has met a cordial response. Usually selling so far for 49 cents a can, ideas for new uses are coming back already to the makers.

As the inventor says:

"Folks say they like it as well as salmon or tuna for many things. We're getting recipes already on how to use it in salads, creamed, in croquettes and such dishes. When a woman will start experimenting with a new product, it's a sign she must like it."

Bowling Race Getting Closer

The Swanson and Mathews teams started climbing toward top place in the bowling league last week while the leading Schroeder & Hovey team stood still.

Mathews beat the druggists and Swanson defeated the Argonne Keglers by 4 to 0 scores. Airport Inn beat the Courier team 3 and 1. The standings now are:

Schroeder & Hovey	36	15
Swanson	28	24
Mathews	27	25
Argonne	25	27
Courier	24	28
Airport Inn	18	34

Antrim Asks $20,000 For New Jail

Antrim County citizens are putting on a determined campaign to approve bonds for a new jail.

As proposed, a five-year bond issue would be approved. It would cost $3 per $1000 valuation, or $15 for the five years. If the bonds are approved, the county would raise $20,000 to build a combined jail, detention home and sheriff's residence.

The vote will take place May 3.

The experts go overboard "This time it's Hudson the only car you step down into!"

AN auto-wise Detroit editor writes, "Hudson . . . will still be in a sellers' market after the buyers' market returns!" A Cleveland motor-car writer, "The public is in for a thrill!" From a San Francisco auto editor's column, "Hudson has really hit the jackpot!"

And so it goes—right around the nation! Men who have "seen everything" in automobiles go for the New Hudson.

It is the only American-built motor car you step *down* into when entering, not *up* on! This new development brings you sensational advantages—among them, newly streamlined beauty that would otherwise be impractical.

This new kind of motor car is only five feet from ground to top, yet by stepping down, you get *more* head room and *roomier* seats than in any other mass-produced car built today—and there's good road clearance, too!

Because you step down, Hudson's new, all steel Monobilt body-and-frame* completely encircles you, oven outside the rear wheels, with a rugged, box-steel foundation frame—and this brings you a new measure of added safety.

You ride within this frame—cradled between axles—not on top of a frame as in the past. Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability—a hug-the-road way of going, especially on curves, that is so safe, so serene, so smooth, it is unlike anything you've known before!

See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14. *Trade-mark and patents pending

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island's wheels bf industry began turning last week. Gus Mielke started the mill running Tuesday morning. First off came the hemlock boards that will be used to repair LaFreniere's dock.

Commercial fishermen report the first catch as being good.

And this is no fish story—Culls strung out 30 miles of nets the first week out on the lake.

Mrs. Walter Wojan was dismissed from Little Traverse Hospital Monday morning. She and Walter were back on the Island by Monday afternoon.

Ed Gallagher and the Mark Cross family are back on the Island after spending the winter months in southern Texas. According to Ed, it was plenty chilly.

Mrs. Vernon LaFreniere returned Tuesday with her five weeks old son, Paul and little son, Leon.

Dr. and Mrs. Russell Palmer left on Wednesday's boat for a combination business and pleasure trip. They will visit in Detroit, Toronto and the Soo.

Catherine Marie Schmidt recently spent a few days on the Island visiting her parents, Mr. and Mrs. Willie Schmidt.

Charles Wielke, Walled Lake, was the guest of Mel and Frank Gallagher for a few days.

Jim Currey, Boyne City, came to the Island to spend several days as the guest of Truman Ramsey.

Kay McDonough left Friday to join her uncle and aunt, Mr. and Mrs. Norman Gallagher, for a trip by motor to Chicago.

Unaccustomed as we are to the din of big city noises and confusion, those who have vacationed around this spring say the same thing, "I'm glad to be back on the Island."

One person especially glad to be back home is Mrs. Lloyd McDonough. She and Mr. McDonough arrived by plane Saturday afternoon.

Hugh Boss and party of Belding flew in Saturday in a Seebee for an hour or so of fishing in the harbor.

The monthly meeting of the Third Order of St. Francis was held Sunday afternoon at Holy Cross church.

James McCann and Earl Boyle were in Charlevoix during the week attending the supervisors meeting.

John Ricksgers has been a patient in the Charlevoix Hospital during the past week.

Banquet, Prom At St. James Will Be Held May 13

The Juniors have at last announced the date for the Junior-Senior banquet and prom May 13. Preparations are under way.

Plans are under the leadership of Charlotte McDonough, Junior class president; Mary Malloy, the secretary-treasurer; Dorothy Lee McCann, and Patricia O'Donnell. A special benefit party was given Friday for funds to finance the banquet. The proceeds were gratifying.

Co-op classes have been resumed for the season with the eighth graders from Sunnyside and Saint James school joining the high school.

Children have been teasing mothers for permission to give various articles of clothing to needy children in Germany. Letters written by seventh and eighth grade children of Dudenhofen pressed the great need of the German children. Clothing for all ages and all seasons has been collected in school. Sorting and packing has utilized all spare time.

The following students of Saint James school have been placed on the honor roll for the past six week period: Caroline Kenwavakise, Kathy McCann, Eleanore Pischner, Kathleen Gatliff, Billy Bennett, Michael McCann, Billy Pischner, Rosemary McDonough, Rosalie Bennett, Roland Cull, Audrey Gatliff, Margaret Ann LaFreniere, Mary Catherine Henley, Thomas Bennett, Jeanne Van Erkle, Kay McDonough, Grace Marie McCann, Margaret Ellen McDonough, Rose Mary Nackerman, Margaret Ricksgers, Mary Malloy, Dorothy Lee McCann, Charlotte McDonough, Patricia O'Donnell, Mary Margaret Greene, Mary LaFreniere and Joy McDonough.

The mumps have made it necessary for many to catch up on the work missed. Teachers are trailed by anxious pupils in their efforts to make appointments to recite lessons. Papers galore appear on the teacher's desks to compensate for skipped assignments.

Koo Klooster Dies Suddenly; Rites Held Monday

Ellsworth — Funeral services were held Monday afternoon at the Christian Reformed church for Koo Klooster, 62, well known businessman, who died unexpectedly Thursday of a heart attack. Burial was in Ellsworth cemetery.

He was born May 4, 1885 in Muskegon, moved to Reeman as a boy, was married there to Maggie Hooker in 1908 and came to Ellsworth in 1910, starting in the grocery business with his father, the late George Klooster.

Later he purchased the local hardware store, where he was active until retiring in 1044. He was also active in civic affairs, was a former school board member and treasurer for many years, was a member of the charter commission when the village was incorporated in 1938 and had served as assessor and village trustee.

Mrs. Klooster died in 1027 and in 1929 he married Maggie Vanderark, who survives, as does a son, George of East Jordan; two daughters, Mrs. Clifford Vanderark of Ocheyedan, Ia., and Mrs. Peter De Jong, missionary at Jukao, China; 11 grandchildren; a stepson, Evart Vanderark; his mother, Mrs. Kate Klooster of Ellsworth; three brothers, Jake and Elmer of Ellsworth and Bernie of Fremont, and a sister, Mrs. Louis Oosterbaan of Grand Rapids.

Mission Union to Meet Monday

Ellsworth — The Atwood-Ells-Ladies Missionary Union will hold the annual meeting Monday.

An afternoon meeting, starting at 2 p. m., will be held at Atwood Christian Reformed church and an evening session will be held at 8 p. m. at Ellsworth Christian Reformed church.

Several prominent missionaries will speak. Afternoon meeting is of special interest to the ladies and evening meeting is of general interest.

In Ski Troop Maneuvers

Pfc. Charles S. Greeley of Charlevoix was one of 38th Regimental Combat Team who took part in the operation Timberline in the Colorado Rockies. For the first time P-80 pet fighters operated in coordination with the ski troops.

The *experts* are giving contradictory reports about this season's supply of gasoline. Some predict a shortage—others say "maybe." Frankly, we don't know nor can anyone safely forecast what will happen within the next few months. Obviously, inadequate transportation is the limiting factor—if we get the oil you will get the gas . . . Power Flight, that is. In the meantime everyone should ration himself and conserve gasoline. A surprising amount of gasoline can be saved if you drive moderately, avoid gunning, take it easy when stopping and starting. Check the carburetor, valves, rings and spark plugs to get the best mileage—and use Power Flight gasoline which gives top performance with economical operation.

Arend DeYoungs to Observe Their 54th Anniversary

Ellsworth—Next Saturday, Mr. and Mrs. Arend DeYoung of Bentley Hill vicinity, will observe their fifty-fourth wedding anniversary at their farm home, four miles west of here.

Both are natives of The Netherlands and were married at Jamestown on April 24, 1894, shortly after coming to the United States on the same boat. Both are members of Barnard Reformed church and have lived on their present farm many years.

Mr. DeYoung was born Oct. 9, 1805 and Mrs. DeYoung, the former Hendrikje Telgenhof, was born Nov. 17, 1659. They have one daughter, Mrs. Henry Potter of Phelps; 11 grandchildren and 12 great-grandchildren.

City Offers Reward for Dumpers; Turns Down Zone Change

Charlevoix would like to join with neighboring townships in offering a reward for roadside garbage dumpers, but legal pitfalls caused the Council Monday night to hesitate.

The aldermen wished to back the move made by Marion township when it put up $25 as a reward, but it was pointed out that by going outside its boundaries it could get into much trouble. So the Council decided to ask the City attorney to seek a solution and meanwhile it offers $50 for proof of roadside dumping within the city limits.

The Monday session was a special one called to act on the petition for a change of zoning along Bridge street from Garfield south. In the discussion it was stated that another section had just been rezoned as commercial, there was other land available, and that the process of rezoning had been pushed hard of late. All five aldermen present voted to turn down the petition.

ing that the world wes sure e tiny place when she told of her nephew, Dr. Jim Pierce at Ano Arbor who was working on a patient in the deotel school end she happeoed to mention her home was Charlevoix. His petient was Berbsra Todd Bellioger . . .

Mr. and Mrs. Warren Kibbe and children of Cadillac spent Sunday in Charlevoix at the home of his mother, Mrs. W. S. Kibbe. It happened that the birthday of the two daughters were last week and they thought it would be fun to celebrate the occasion at grandma's house. They brought with them chicken to fry and all the trimmings including the birthday cake and had it here. Mrs. D. C. Nettleton was also a dinner guest. Then the family went to the hospital to see Doug, who is on the road to recovery.

Mrs. Dolph Young arrived home this week from Little Traverse hospital where she underwent major surgery. It will be some weeks before she will be able to resume her work at the Betsy-Jo Shop . . . Thursday morning Mrs. Freda Stewart underwent major surgery at the Charlevoix Hospital but is resting easy now . . . Word has been received from Virginia Young Dubas at Lake Arrowhead, Calif., that their baby son has been taken from the hospital and is now at home. The baby had a bad attack of meningitis . . . Belated birthday congratulations to Supt. Roy Bennett.

Pick up any magazine, paper or what have you and one reads about square dancing and how popular it is becoming. And the fun of it is that anyone from teen agers to oldsters enjoy the indoor sport. That brings to mind the Hard Time party recently staged by the Dickens Club in the recreation room of Dr. Nettleton's home. Of course wearing strange and odd clothes helps to break down one's inhibition. Before square dancing became the evening's fun there was a pot luck dinner when everyone ate until . . . then, we had some songs by the Saturday Nighters followed by some brief remarks by the president, Mrs. Harry Craig and her husband. To get one in the proper frame of mind the men staged a style show of hats. So it did not take much persuasion by John Schroeder and his square dance records to get folks on their feet. And if you have not had a good square dance of late, try one out on your basement floor or roll back the living rug and see if it isn't the most fun you have had in a blue moon . . .

"I'm home again," said Mrs. James Meggison over the telephone. And it sounded good to hear her voice again for she has been gone since last November. What a round of it she had. With six children to visit, she made the rounds at their homes in Detroit, Ypsilanti, Flint, Royal Oak, Jackson, etc. Other relatives had to be seen as well. But, housecleaning time beckoned. Mr. and Mrs. Tye Kirby of Detroit brought Mrs. Meggison home Friday.

Ironton Bureau Discusses Roads

Discussion of county road condition and financing took place at the meeting of the Ironton Farm Bureau April 14.

The meeting held at the Arlo Wickersham farm home, endorsed the stand of the Farmers Union which asked that the Road Commission policy and costs be investigated.

Mr. Wickersham presided and reported on the turkey processing plant. Albert Carlson led discussion on loans to Europe. Mrs. Oakley Saunders reported that the Woman's Group goal of a room in the new hospital had been almost reached, and that a possible cancer detection center was being considered as the next project.

The next meeting will be with Ole Neilson on May 12.

Graveside services will be held Thursday at Brookside cemetery for Olina Smedhaug who died Monday at her home in East Lansing.

Messrs Shadko and Burke are the only ones enjoying the fight.

Game Perch Also Line Up for Race

All the excitement during the coming Perch Race on May 7-0-9 will not be above water.

During the last four days, a special investigating committee af fishy minded citizens who insist on complete anonymity have done a remarkable job of piscatorial sleuthing. And have turned up one of the most astounding situations in all natural history. It has to do with Charlevoix perch.

To gain this knowledge they employed several devices. One man spent from midnight to 3 a. m. Sunday night on the end of the Belvedere dock communing with the perch spirits. (He got one whale of a cold.)

Another two nights later burned a secret mixture of cedar bark and pollywog tails over a fire of powdered deer antlers in the middle of Chicago Club Island. This brought up the ghost of Old Chief Per-Ca-Fluv-Ia who knows all about what's going on in the water.

Unlike perch in other places, only the cream of the species come to Lake Charlevoix. They will not associate with or allow ordinary, dull spirited varieties to infest this choicest of all Great Lakes fish territories.

Now these extra game and sporting perch are planning a little perch race of their own. It will be Saturday, May 8. They will line up in ranks in Lake Charlevoix beyond the railway bridge. There will be fathers and mothers, uncles and aunts, cousins and in-laws—in fact the whole kit and kiboodle who are able to flip a fin.

Promptly at 9 a. m. the patriarch of the clan will do a standing nose dive and the race will be on. The perch will swim three round trips between the railway bridge and the end of the pier in Lake Michigan—through Round Lake and the ship channel.

They know the pick of Michigan's anglers will be dunking minnows and other tasty-bits all along the course. The race is to see who, if any, can make three round trips while dodging hooks and wriggling minnows.

Privately, the Old Chief said that the grandfathers of the perch clan figured it was about time to weed out some of the bigger rivals and decide that this sporting event was the answer.

Band Will Go to State Festival

The Charlevoix high school band and their director, C. A. Odmark, will leave Friday for East Lansing to participate in the State Band and Orchestra Festival being held this year at Michigan State College.

The Charlevoix aggregation will be one of 95 organizations, made up of 5,000 young musicians from all over the state who will ho in East Lansing next Sairday.

The Charlevoix group will play at 0:15 a. m. in the Music Building Auditorimm on the college campus. They will play three numbers, "His Honor" by Fillmore, as a warm-up march; "Overture" by Skornicka as their selected number and the "Grand Festival Overture" by Zamechnik, required of all Class C bands. Following this performance which is criticized by three judges, the band will go to the sight-reading room where they will play a march and an overture which they have never seen. This playing is done before one judge. All four judges will rate the band according to divisions, I being the best possible rating down through V which is a poor performance.

The band will leave for Lansing about 10:00 a. m. and will probably arrive home about 1:00 a. m. Sunday morning.

Wayne County Agent Heads Farm Program

Forty veterans whose applications have been accepted will start their on-the-farm training program Monday night at the Charlevoix school.

Two instructors have been lined up for them by the Committee in charge. As pointed out by Supt. Roy G. Bennett, Charlevoix has obtained two men with unusual qualifications.

The men are Ellsworth Besemer and Floyd Ayers. The former for nine years has served as the rural agricultural agent of Wayne County. He gave up that position and accepted this in order that the Besemer's daughter have a more healthful climate.

Mr. Ayres comes from South Haven. A veteran, he was graduated from MSC last semester. Both men will move to Charlevoix.

Of the 00 county veterans who have applied for the farm course, letters will be sent to the 40 who are to appear Monday for the first of their 200 hours of class work. The applications of the other 40 are now being precessed here or at Lansing.

In addition to the class work, the students must do 100 hours of supervised work on the farm.

News of folks, your neighbors and mine . . . but did you know that—

It's getting time for some rhubarb sauce and what tastes better these days? . . . Mont Withers was wearing a big smile this week. There is an 8½ pound grandson down at Flint, the son of Mr. and Mrs. Jack Withers. The young man has been named William John . . . There's a bowl of arbutus on the office desk. Every one who comes in o-o-o-ah and a-a-ahs over it. Sunday 14 folks, guided by Mrs. Ed Edwards, went arbutus hunting at her favorite haunt.

Down at Bellaire, the Northlakes Resort folks had an ad in the Antrim County paper which said a mouthful. It read: "Many of the persons who come up from the cities to visit us during the summer live most of their lives in an atmosphere where ENTERPRISE is spelled in capital letters. They come to us to get away from the bustle and bustle of their daily living, which they find difficult to shake off when they are with us. At heart they are just plain friendly folks, like the rest of us and they have a genuine interest in us and the country we live in. Let's by word and action, invite them to share the pleasures of our community with us—and watch them relax." . . .

Noticed the sleepy eyed looking folks around the streets this week? The men, and some women as well, have spent their time trout, perch and smelt fishing. More folks from down state were on our streets last week-end. Understand that Dorothy Seo is proficient at catching smelt in her hands . . . The David Smiths, living on Route Three, who have wintered in Florida, returned Saturday from Clearwater . . . A recent issue of Michigan History magazine was sent to us and we discovered an article by Lucy Klooster on the Atwood Reformed church, which is of much interest, especially to folks in this section. It was interesting to note that eight families joined together (back in 1889) as a nucleus of the church, being the families of Jacob Klooster, Herman Petter, Miles Klooster, Henry Wassenaar, Corneil Sprick, Gerrit Dykstra, John Adema and John Bos . . .

Since coming to Charlevoix, I had heard much about Erne Eisendrath who lives at Ironton. And Saturday, the lady in question, appeared at The Courier office and introduced herself. She and her good husband, Bill, have been in Charlevoix for a week and plan to be here for this week. She laughed as she told us how to find her place. "We call it Overlook Farm", out beyond the

Phyllis Trimble, Dona Sternberg Are Valedictorian, Salutatorian

Phyllis Trimble

Dona Sternberg

Phyllis Trimble, daughter of Mr. and Mrs. Harrison Trimble of 211 E. Upright, is the valedictorian of the Class of 1948.

Salutatorian is Dona J. Sternberg, daughter of Mr. and Mrs. Oscar A. Sternberg of Bad Axe, who started school here as a sophomore, and has lived with Mr. and Mrs. Conrad H. Sternberg at 10o2 State.

Miss Trimble's four year scholastic average has been 3.821 of a possible 4.0 points. Besides book work, she has been in the school band, the girls' glee club, was sophomore class treasurer, on the school newspaper and senior annual staff, helped on class plays, was a member of the J-Hop committee, and served as Student Council president her senior year.

Miss Sternberg's academic rating is 3.510. She has been in the glee club, Christmas cantata and play, secretary of the Junior class, J-Hop chairman, on the senior annual and newspaper staff, and been on the Student Council.

Seniors who comprise the rest of the top ten scholastically, listed alphabetically, are: Joan Brumm, Janet Bulow, William Carey, James Gibbons, Jacqueline Louiselle, Margaret Houssin, Robert Shanahan and Joy VanZant.

Life Guard Fund Passes $200

With gifts coming in from summer citizens who heartily endorse the idea, and with local benefits boosting the total, the Life Guard Fund is showing climbing toward the goal of $1000.

The object is to get enough to hire qualified life guards to serve this summer at the city's bathing beaches.

Actual cash turned in to The Courier, which is acting as receiving treasurer, so far has been:

Congregators	$58.00
Gordon Freeman	10.00
Macy Brewster Circle	5.00
Julius Gilbert	25.00
Des. McMillan & McClintock	5.00
Alvin Goldman	25.00
Shakespeare Club	25.00
L. E. Towe	10.00
S. E. Coleman	10.00
A. G. Leitch	10.00
James J. Reis	10.00
Dickens Club	25.00
Total	$218.00

Several organizations are planning benefits and contributions, or have made pledges to the Fund.

Several applications for the life guard posts have been received. Don Burke's application has been sent in to the Red Cross Life Saving School. Bill Lusk, who had similar training in the Marines, also has applied for one of the posts.

Girl Scout Board Meets

The JCC committee will stock a boat with smokes, candy, sandwiches, coffee, tackle, minnows, and give boatside service to all who signal for it.

Clean-Up Week Here Will Be May 10-15, Council Decides

Clean Up Week for Charlevoix will be May 10 to 15, the City Council decided Monday.

At that time the city truck will collect all rubbish put at the curb in containers. Details of the plan will be given next week.

Parking meters will be installed this week and go into operation May 1. The extra ones, due to the bridge job, will be installed on Park avenue off Bridge street. Nichols street is to be fixed when weather permits.

W. H. Wallace outlined to the Council the plans of LaBlanc & Co. for its canning plant between Round Lake and Belvedere. It wants to build an 18 by 30 addition to the east end of the LaBlanc fish house for this year. Next year however, it expects to put up a modern plant 60 by 100 at the top of the bluff. It will use oil for fuel so as not to bother the neighbors. The Council gave it permission to use an extra sewage lift pump of the City's.

Build Town Where Young Folks Want to, Can Stay, Speaker Tells Commerce Banquet

Get your town so fixed that the youngsters will want to stay and will be able to stay, was the advice Merrill D. Graham gave Charlevoix when he spoke before the annual Board of Commerce banquet Tuesday night.

Public speaker, community organizer, former C of C secretary, Graham in his talk did two things. He impressed on his hearers the fact they live in the most favored state in the country. And he minced no words in outlining their responsibility to the community.

Michigan has the third oldest city in the nation, the greatest waterway, greatest iron reserves, largest tourist business. Half of all copper in use today came from Michigan. The richest mine in all the world was the Calumet & Hecla. We grow more cherries in Grand Traverse than all the rest of the nation together. Folks in Washington have to buy Michigan apples to learn what flavor is—and we buy Washington apples because they cost more.

Michigan gets its 600 million tourist business in spite of and not because of the tourist associations. Splitting up the state among six competing groups is the height of folly, he said.

Michigan practices the worst kind of economic illiteracy, he charged. Zeeland raises baby chicks and ships them to California, Nebraska and Minnesota. In turn we buy California eggs, Nebraska and Minnesota poultry instead of raising our own.

"This is the only area on earth with enough natural resources so it could be entirely self-supporting at its present level. We can either produce or make everything we use today. It is the most charmed spot on earth. And we are doing nothing or worse than nothing about it."

Bringing the application down from the state to Charlevoix, he said that the retailer owes an obligation to the community; not the community to the merchant. The latter does not create wealth, he only helps distribute goods.

The community can demand that the retailer carry the stock it wants, have a modern store,

New School Plans to Be Aired May 13

Plans for a new high school building and ways and means for getting it will be presented to the citizens of the Charlevoix School District on May 13.

The meeting will be called at 8 p. m. at the high school assembly room.

Last fall the school board was instructed by the voters of the district at a similar meeting to investigate the new building question thoroughly and to report back as soon as the full facts were on hand. The May 13 session is being called to make this report.

It is open to every citizen of the school district.

In broad outline, the proposal which the Board will present will call for the erection at this time of only half of what will eventually be an entirely new high school building.

This first half would house all the special rooms needed badly now, such as agriculture, shop, band, commercial and homemaking. It would be put up just east of the present old high building on the site of the tennis court.

Meanwhile the present structure would be retained strictly as classrooms and would be connected with the new one by a short covered passage. Artist's drawing and plans of the first half will be carried next week.

To finance this, the Board is proposing a bond issue of $225,000 for five years, the limit allowed under present Michigan law. This will call for 15 mills to retire the bonds but will mean that the school will be soon paid for.

Subject to the confirmation of the citizens at the May 13 meeting, the Board plans to ask for a special election on these bonds to be held May 17.

New Firm Formed To Give Public Four Services

A new, four-part company is being formed here.

Owners are Edward Harwood, James Bryan, Gordon Haggerty, and Frank Thornton, formerly all of Detroit.

Harwood, who has been here for some time, opened the Army-Navy Store last winter and more recently started the new garbage and refuse collection service.

Bryan and Haggerty are electricians and will be in charge of a new electrical service here. They will do industrial, residential, commercial work as well as repairing. The former, who has worked for 12 years in Detroit as an electrician, will live at 210 Mason. Mrs. Bryan and their two children are here with him.

Haggerty, who has had 22 years in Detroit in general and contracting electrical work, expects to be joined later by Mrs. Haggerty and their three children.

Frank Thornton, the fourth member, will operate the refrigeration and appliance repair and sales section of the business. For seven years he has been with U. S. Rubber as electrician and maintenance man.

We May Be Missing the Boat

Charlevoix may be missing the boat on this telephone service deal. Monday night the City Council postponed its decision on asking for extended area service for two weeks. The Courier hopes that two weeks may not be too late.

Extended area service provides that a phone user of Charlevoix could call East Jordan, Boyne City and Petoskey at no cost. The other three communities already have signified their approval of such service and will get it. Charlevoix's Council two months ago, acting on advice of the Michigan Municipal League, turned it down.

Only three factors need to be considered in making a decision.

Extended area coverage is an entirely separate issue from Michigan Bell's requested rate increase. A community must decide for itself if it does or does not want the service. Rates on the other hand depend entirely on the decision of the Michigan Public Service Commission.

Second, the only cost for the extra service, which means 5600 phones can be called instead of 1200, ranges from 25 cents a month for a party line house phone to $1 for a business phone.

Third, when the neighboring communities want it, the county seat cannot well afford to turn it down.

The Council delayed action so its members could have an opportunity to learn the wishes of the public. It's up to interested citizens now to say what they want.

Why We Never Use That Word

There's one word which never appears in the news or ad columns of The Courier. Likely a lot of folks who send in news have wondered why we appear squeamish and rewrote the material.

We aren't, but Uncle Sam is. He says that we must never use the word bingo or feather party. Both of them, oh my, have to do with gambling.

It is all right for papers to describe sex crimes, juicy divorce trials, German horror camps, some rich wastrel's lurid love life. But a community newspaper mustn't mention the fact that a veteran's organization plans to have a bingo game to raise money for a civic project.

That terrible information might corrupt society and lead grandma astray to the point of losing a dollar putting kernels of corn on cards at 10 cents each.

It is all right to risk $2 on a nag's nose and take 20 or 30 million away from the workingmen of Detroit in one short racing season. It's all right to carry handicapper's predictions, and election bets, and race results. But as for a bingo game—that would be too much.

I suppose the Post Office department lawyers have good sound reasons for the ruling, but it all sounds pretty silly to me.

So, if you never see that terrible word 'bingo' in The Courier, don't blame us. We're only helping Uncle Sam protect you helpless folks from yourselves.

WaySide Will Reopen Under New Heads About May 1

The Wayside, popular restaurant north of Charlevoix which has been closed since Jan. 1, will open Friday under the management of Mr. and Mrs. William C. Beukema, who have leased the property from Mr. and Mrs. Oscar Stroud.

The dining room will feature family style dinners as well as luncheons, and larger banquets by appointment. The Casbah, the teen-agers hangout, will open at the same time.

Mr. and Mrs. Beukema, who have been in the restaurant business for 16 years, operated the City Hall Restaurant in Grand Rapids for four years and more recently have been in California where they operated the "Hermoyne" in Hollywood.

Roses Building Home

Mr. and Mrs. Glenn Rose are building a new home on State street at the top of the bluff. It will be a cinder block, 34 by 38 feet. Carlton Ikens is in charge of the work.

WHAT'S COOKING . . .

Last week The Courier carried a story about Charlevoix's new industry, smoked fish, the result of two years work by Mr. and Mrs. George LaBlance, Jr.

Folks about town have been experimenting with the fish in the concocting of special dishes, so we asked Mrs. LaBlance if she wouldn't like to submit a few of these recipes so that others could to likewise. She was most generous in complying with the request and here are the rules for you to use:

Mrs. Charles Hamlin's Recipe for Smoked Fish Salad:
1 cup LaBlance's Smoked Fish (flaked).
½ cup chopped celery
1 can peas
1 tsp. minced onion
½ cup mayonnaise
Chopped pimento
Mix in order mentioned and serve on lettuce. Serves 6-8.
Mrs. Hamlin also suggested heating a can of the smoked fish in a pan of boiling water and when heated, serve with creamed potatoes.

Mrs. George LaBlance's recipe for Macaroni and Smoked Fish Salad:
½ package of Sea Shell macaroni
1 can LaBlance's Smoked Fish (flaked)
2 hard boiled eggs (chopped)
1 tsp. minced onion
½ cup chopped celery
6 large stuffed olives
½ cup mayonnaise
Cook macaroni, blanche and then mix all ingredients in order mentioned. Serves 6-8.

Mrs. Joseph Foster's recipe for Smoked Fish loaf:
1 can LaBlance's Smoked Fish
1 cup bread or cracker crumbs
1 cup milk
1 egg (beaten)
1 tsp. salt
½ tsp. pepper
Mash fish with a fork and then mix all ingredients together. Place in loaf tin and bake in moderate oven (350) for about 45 minutes. Serves 4-6.

Mrs. E. D. Hawley's recipe for Creamed Smoked Fish:
½ can LaBlance's Smoked Fish (flaked)
2 hard boiled eggs (diced)
Salt and pepper to taste
White sauce
Combine fish, eggs, seasonings and white sauce and serve hot on toast. Serves 4-6.

Open Face Snack
1 can LeBlance's Smoked Fish (mashed with fork)
Bread
Catsup
Toast bread on one side, spread with the mashed fish, sprinkle catsup thinly over fish and then put bread back in oven and broil.

Mrs. Norman Ance's recipe for Smoked Fish and Potato Chip casserole:
½ can LaBlance's Smoked Fish
1 can cream of mushroom soup (dilute with ½ cup milk)
3½ ounces of Potato chips (crushed)
Place potato chips and fish in alternate layers in a greased casserole and cover with diluted cream of mushroom soup. Bake in moderate oven (350). (½ package of noodles may substitute for the potato chips).

Basic Sandwich Spread
1 can LaBlance's Smoked Fish
¾ cup mayonnaise
½ tsp. minced onion or chive
Variations:
1 tsp. lemon juice
2 tbsp. horseradish
¼ cup chopped olives
2 diced hard boiled eggs
Sandwich spread can be used on crackers for canapes. Either white or dark bread may be used in making sandwiches.

Army Sending Back Body of Private Delta Richardson

The body of Delta Richardson will arrive from Fort Sheridan, Ill., on the 3 p. m. train, Thursday.

The Leslie T. Shapton Post of the American Legion of Charlevoix and the Jansen-Richardson Post of Ellsworth will meet the train and march to the See Funeral Home. Military funeral rites will be held at 2:00 p. m. Friday by Rev. Leo. Zeilinski officiating. Burial will be in the Catholic cemetery.

Pfc. Richardson, son of Mr. and Mrs. Merrill Richardson, of Banks township, Antrim county, was born at Norwood on July 30, 1921. He attended the schools in that district and on Aug. 20, 1942, entered the army. After training at Camp Wheeler, Ga., he went to England the following March where he completed his training and was stationed until going to France with the invasion troops in June, 1944. He was the first Charlevoix casualty reported after the invasion started on June 6.

He held the American theatre ribbon, the Good Conduct medal, and the ETO ribbon. He was awarded the Purple Heart medal posthumously.

Besides his parents he is survived by two brothers, Milton and Doyle, both of Norwood.

Services Held for Former Resident

Funeral services for George A. Dickie, 59, former resident who died Friday in Flint, were held at the See Funeral Home at 2 p.m. Monday with Rev. W. D. Wood officiating.

Burial was in the Sunset Hill cemetery, East Jordan.

Born in Charlevoix, Mr. Dickie resided here until going to Saginaw about 1915. He later moved to Flint where he has resided since 1935. He was employed in the Chevrolet plant there.

He is survived by two brothers, Robert and Roy of Charlevoix and two sisters, Mrs. Sam Peters of this city and Mrs. Clifford Peters of Colorado. His wife preceded him in death.

Charlevoix Wins Opening Track Meet From Harbor Springs, 81 to 27, With Eleven Firsts

Opening their 1948 schedule on the local track Coach S. E. Coleman's track and field team Friday piled up 81½ points to Harbor Springs' 27½.

The dual meet, run off in a rain, saw Charlevoix's participants take 11 first places while allowing the Rams only two.

Coleman did not enter Bob Carey, who has been throwing the shot up to 51 feet, in the contest. Many others were in events in which they do not regularly participate.

220 low hurdles: 1st, W. Carey; 2nd, D. Burke; 3rd, Dave Smith, all of Charlevoix. Time: 26.7.

Baptist Leader Will Present Film Story Of Trip In Europe

Dr. Ralph Taylor Andem, executive secretary of the Michigan Baptist Convention and Mrs. Andem will appear at the Baptist church here Tuesday at 8 p. m. to present their illustrated lecture on their trip to the Baptist World Convention in Copenhagen last July.

Dr. and Mrs. Andem traveled extensively over the different countries of Europe and will give their impressions on World Conditions as gleaned from talking personally with citizens of the different Nations. They will present many startling and interesting facts.

There is no collection or admission.

State Lecturer Lists Grange Work

Mrs. Ila Wermuth, State Grange Lecturer, outlined many of the things which local units can do when she spoke at the Barnard Grange last Friday.

She said that each group should have a bulletin cupboard holding books on subjects of interest to members; and that home vegetable gardens, vegetable canning, frozen foods, first aid and study of school laws are among the programs which the group could well promote.

Potluck lunch was served at noon.

Mrs. Wermuth, who lives at Holly, regretted that she did not have time to stay and try her luck in the trout stream back of the Barnard Grange.

Nurses Will Meet

The newly organized District Nurses Association will hold a general meeting at the Presbyterian church parlors in Petoskey at 8 p. m. Thursday, May 6. All registered nurses in the district may attend.

Entertains for Daughter

Mrs. Florine Krahnke entertained with a party at her home Wednesday honoring her daughter, Gail's twelfth birthday anniversary. Twelve friends gathered for games and refreshments.

• Mr. and Mrs. William Heering had as their week-end guests their daughter, Mrs. Ronald Campbell and son, Ricky of Detroit, and her parents-in-law, Mr. and Mrs. Harry Campbell of Rochester. Ricky, the Heering's only grandchild, celebrated his first birthday anniversary on Tuesday.

A Courier Classified Will Sell It!

• Dr. and Mrs. Russell Palmer of Beaver Island reached Charlevoix on their return from a two weeks vacation trip in Ontario.

IT HAPPENED ON ....
BEAVER ISLAND
By Mrs. J. C. Hanley

Beaver Island is abounding in the loveliness of spring. The grass has suddenly come out green. May flowers are in bloom and the ground is just right for planting.

With an eye towards beating the HCOL, a lot of back yard gardens are under way.

One of the most successful back yard gardeners is Mrs. Wilfred O'Brien. A lover of nature and an authority on plant life, she has assisted many who bring their garden problems to her.

A lot of new vehicles have landed on the Island during the past year, but one at least is quite different. It's a new Ford tractor brought to the Island by Ed Boyle, a former Beaver boy who plans to return in the near future. Ed and Bill (Harlem) Gallagher were here for a week trying out the tractor. In seven hours they plowed nine acres on Ed's farm. When asked what his intentions were when he returned to the Island, Ed replied: "I'm going to raise red polls." And that's cattle, folks, not timber.

Mr. and Mrs. Ed Joseph left the Island last Wednesday for Chicago where they will be this summer.

Joe (Bowery) Gallagher is back in circulation after being "Mumped in" for a couple of weeks.

Bussie LaFreniere has been vacationing on the mainland for the past two weeks.

Mrs. Steve Dubell was the week end guest of Mrs. Joe Sandenburg.

The enthusiasm for cleaning and repairing that accompanies springtime is in evidence.

The King Strang Hotel is having a going over. A number of new fence posts stand out in their freshly peeled cleanliness. Interiors are being scrubbed and touched up. Housewives are bemoaning the condition of their hands.

The winter's collection of tin cans and other rubbish will be taken up this Saturday and the following Saturday by a truck provided by the village. Have all the junk piled conveniently by the roadside, please.

Larry Cull has established a reputation for himself. Last Sunday when the young fellows gathered at one of McDonough's cabins on Sand Bay, Larry prepared white fish bouillon for the crowd and they say it was delicious.

Loyola Malloy, who has been residing in Chicago returned Friday for an indefinite stay with her parents.

A contender for the title of Beaver's Walking Man — Clues: He hails from Charlevoix. He formerly held the key to that fair city. On the Island, he holes his car in the mud and it took a whole lot of courage to walk five miles to the nearest house for help.

Mrs. Arthur Huston and son, Jimmy of Ypsilanti spent a short vacation visiting her parents, Mr. and Mrs. Frank Nackerman.

Pete (the Swede) Peterson and Art Taft are recouperating from an experience which happened during the week. They were the victims of a tree and wagon crash, caused by run-away horses. It seems the team hitched to Pete's wagon became excited and started running wild down the road. To avoid a collision with a car, Pete steered the horses off the side of the road and right into a tree. The impact demolished the wagon and the two men were badly shaken up.

An overheated stove almost caused a fire in the Fred Spalding's home this past week. The smoldering wall behind the stove was quickly chopped down and taken out by Barney Mooney, who happened to be working near by and who answered the call for help.

SCHOOL NEWS

An April Shower Dance was held Friday night under the auspices of the Juniors. The dance consisted of reels, square dances, and modern steps. The young folks enjoyed a swinging good time from 7:30 till 10:00. Soft drinks were served.

The science class is puzzled about the absence of the cars in which the boys had recently been coming to school. Are they afraid of the class' threat to take the cars apart or did the cars break down in their back yards where they made no obstruction for subsequent drivers?

The clothing still continues to roll into the school and the carefully packed boxes to roll out to the post office enroute to their destination in Germany.

Mary Malloy Heads Sodality

Holy Cross Sodality held its April meeting Friday and elected officers.

Mary Malloy, daughter of Mr. and Mrs. Laurence Malloy, was chosen prefect. Joy McDonough, daughter of Mr. and Mrs. Lloyd McDonough, was re-elected secretary. Walter McCauley, son of Mrs. Elizabeth McCauley, was made treasurer. Walter has the distinction of being the second boy to hold an office in the Sodality since its inception.

There will be a solemn installation of officers at the annual May Crowning. The new officers will assume their duties in September.

Plans are being made for the reception of new members into the Sodality after the ceremony of the May Procession.

Art Dry Cleaners are now using Perm-Aseptic, germ and mildew resisting process advertised nationally in LIFE.

It refers to the fact that for each $3 you invest in U. S. Savings Bonds (E Series) today, you will receive $4 ten years from now. That's good interest, and your money is invested in the soundest security in the world. We recommend regular purchase of Savings Bonds. This is a sure-fire way of cultivating the thrift habit. Try it at your house.

Church of God Plans Larger Camp Meeting

Plans for the 1948 Camp Meeting of the Church of God at the grounds south of Charlevoix have been made and the dates set.

The ten-day session will be July 30 to Aug. 8, according to the committee: N. G. Hargett of Petoskey; C. E. Dietrick of Cadillac; H. A. Streeter of Detroit.

Included in the program will be a morning minister's retreat led by Dr. C. E. Brown, editor of the "Gospel Trumpet"; religious education classes taught by Rev. and Mrs. Paul Whalen of Cincinnati; evangelistic services every evening led by Rev. W. T. Wallace of Louisville; and a youth program each evening, at 9:30 which will use visual education, social functions, devotions and conferences.

More Church of God ministers are expected at the 1948 camp than ever before. Sessions are open to the public.

Four Teams Tied For Second Place

Four teams are tied for second place in the Charlevoix Bowling league as a result of some surprise upsets last Thursday.

Schroeder & Hovey, the top team, beat Airport Inn 3 and 1. The Courier team won, 4 to 0, from Swanson; Argonne beat Mathews 3 and 1. Standings now are:

Schroeder & Hovey	39	17
Argonne	28	28
Courier	28	28
Mathews	28	28
Swanson	28	28
Airport Inn	19	37

Methodists to Hold Conference Friday

The fourth Quarterly Conference of the Methodist Church will be held here Friday evening.

It will begin with a potluck dinner at 6:30 p. m. Rev. Leslie J. Nevins, the district superintendent, will be in charge. The conference is open to all church people.

On Insurance Trip

George Block, director of the State Farm Bureau, was one of 30 men from Northern Michigan who spent four days in Illinois investigating the farm insurance program there. They visited Dansville, Champaign and Chicago, returning home Thursday. The Illinois Farm Bureau has been able to save its members considerable amounts on insurance and the Michigan organization may launch a similar program.

Ironton ferry. When we bought it we called it "Overlooked, however." But, time has brought improvements. The couple come from Glencoe, Ill.

Another example of what a small world this is was when a letter came from Ann Arbor to Dorothea Badger. It was from her sister-in-law, Mrs. Paul Geiger, and incidentally one of my best friends in Ann Arbor. Mrs. Geiger wrote that she was in St. Joseph's Hospital and that her roomie was from Charlevoix, Mrs. M. K. Chew. Then she told of the Charlevoix papers coming and what fun they had reading them, although Mrs. Geiger has never seen Charlevoix . . .

In the April 14 issue of The Courier-Charlie Hamlin ran an ad about "Road Map and Travel Service" in connection with the Wolverine Car Insurance. Last week along came a letter from Frederic Fechheimer out in Beverly Hills, Calif., saying "We are planning a trip to leave here May 10 to visit San Francisco with a couple of stops enroute. Noticed your advertisement in The Courier and thought you might help me." Incidentally the couple hope to be in Charlevoix before too long . . .

Ed Fochtman of Chicago was at home for the week-end and on his return took his family with him to make that city their future home. They were accompanied by Mr. and Mrs. Angus Fochtman. Angus and Ella plan to make it a real trip and will be gone a week spending some of their time in Elkhart, Ind., and Benton Harbor . . . Clarence Wood gave up a wonderful outing Sunday to get at his boat so that he could get it in the water. Don Campbell got his boat out Sunday and went as far as Harbor Springs. "Did a little fishing over there," he said. "No luck, should have stayed in Charlevoix if I wanted to catch fish," he added. . . . Mr. and Mrs. Bud Englehardt and youngster of Muskegon spent the week-end with the Barney Engleharts and went smelt fishing. He took back with him two lard cans full of smelt . . . Kenneth Smith of Ann Arbor, and a member of Camp Charlevoix staff was also here for the week-end. He drove up in a brand new bright red Dodge truck for the camp. He will be a popular guy when he gets back to Ann Arbor for he caught a good many smelt too . . .

Dorothy Winnick says that folks come into the Abstract Office and inquire if it is a florist shop, because of Mary Feindt's plants in the window. Monday folks might well have thought it was a florist shop. Cut flowers and beautiful flowering plants were in evidence on the counters. Reason was a wedding anniversary of Mary and Larry Feindt. Folks knowing of Mary's love of flowers had well remembered them. Mary put them in the office instead of the apartment at the rear.

Have missed seeing Bill Supernaw at the Post Office window and then learned he had been ill at home with a bad back. Sorry, Bill . . . Cunningham's Radio Shop is undergoing an interior decorating job . . . Birthday congratulations Margo Davenport who attained that glorious age of nine years last week . . . Seems mighty good to see Manie Fessenden back in Charlevoix again. She says she has been at her painting through the winter months in Muskegon, and has done several things . . . For stamp collectors: two more commemorative stamps will be released next month. On May 28 the Four Chaplains, first day sale at Washington; on May 29 the Wisconsin Centennial at Madison, Wis. . . . This is the time of the year that mothers are thinking about redoing rooms. If boys and gals could furnish their own bedrooms, what do you suppose they would have in them? It might be interesting to find out.

It happened in Schroeder & Hovey's Store last Thursday afternoon. Had been housecleaning all day and tore down there to get some last minute articles. A couple were in the store. Glanced up and looked at the woman. Where had I seen her before? Before I realized what was happening I had walked over to her and said, "Pardon me, but did you ever teach school in Sturgis?" Sure she had, she said, and bless me, if it wasn't a teacher I had. She was Ginnie Turner, now the wife of Walter Horst, superintendent of schools at Three Rivers. With them was Lena Horst Stevenson, who was a teacher in Charlevoix of Latin and Math when Harry Craig was superintendent here.

Mrs. Dick O'Neill is at home from Lockwood General Hospital at Petoskey where she underwent surgical treatment . . . Spring is surely just bursting out at the seams this week.

Alcoholics Anonymous Will Form Unit Here To Practice Golden Rule and Help Selves

On foot now in Charlevoix is a move to form a unit of Alcoholics Anonymous.

Much publicized in recent years in magazine and news stories, AA as it is known is composed of confirmed drinkers who have found a way to quit alcohol. That way is to help another alcoholic, who wants to, to quit.

Members are quick to point out that they do not go around as Carry Nations or orating for temperance. The initial move must come from the other person who honestly wants to quit drinking but does not know how.

Then AA can step in and show how it is done. Knowing that alcoholism is a sickness, both mental and physical, Alcoholics Anonymous have found that it can be cured by one alcoholic talking it over with another.

The local groups, once formed, have one officer who acts as secretary and public contact man. The rest do their good deeds on the quiet. Since the nearest chapters are at Traverse City and Cheboygan, it is felt there is an opening in the Charlevoix County-Petoskey area.

Sticking to the anonymous part of the name until the secretary can be chosen, the sponsors have asked that those interested write Box 50 at The Courier. The letters will be turned over at once.

The story of how AA was started illustrates how it works. Billy G. Wilson had been a successful broker in the East, became an alcoholic, lost his money and finally was in a hospital at Akron.

One day his physician asked him to use himself as a horrible example to a young alcoholic who had just been admitted. He finally agreed if he could have a big drink afterward. He talked with the younger man at length. On coming back to his room he found he didn't want the drink.

It gave him an idea and finally he and an alcoholic physician were brought together. They found that talking with the doctor helped Wilson, but the doctor needed a third alcoholic to help. When they found him, a fourth became necessary and before long what is now known as a chain reaction was set up.

AA follows definite rules since few diseases are as exactly uniform as alcoholism. The first move must come from the sick person. A member is on call any time, any place. No charge ever is made. Membership includes executives and dock hands, movie stars and preachers. The only requirement is a genuine desire to give up alcohol.

Hello, Gorgeous!

Come in:::meet the glamour queen of the motor car world!

If Atlantic City were holding a beauty contest for automobiles this year, there'd be no question about the winner.

It's pictured above—the breath-taking new Packard Convertible.

And it's beauty that's backed by brawn and brains. Its newly engineered chassis gives this Packard a safety, a rigidity, a glued-to-the-road stability new to this type of car. Its low-slung body is the quietest any Packard convertible ever had.

The new engines—whether the 145-h.p. Super or the 160-h.p. Custom—well, you have never known performance that could touch what they give you. And every ultra-smart interior appointment is what you would expect in the finest Packard ever built.

But come in, meet this dazzling darling. From the first glance, there'll be a new love in your life!

Modern Garbage Collecting Truck Will Serve City

A new garbage and refuse truck soon will be in service here.

Of the low-loading, enclosed type, it is the kind of truck used today in most large cities. The truck has been bought and will be used by the new Charlevoix Service Co., in which Edward Harwood is in charge of the collection work.

The truck has a completely enclosed body to prevent papers, trash and odors from being distributed over the neighborhood on windy or even quiet days. At the rear is a hopper into which garbage and most rubbish is dumped. When the operator trips a lever, this hopper is pulled to the top of the truck body where it empties through a quick opening hole.

The new machine, mounted on a GMC chassis, will be painted white and is expected to be put in service May 1.

give good service and show the public he welcomes them.

Far too many business men refuse to work for the community which supports them. They are the natural leaders which any group must have and if they refuse to serve, their community is doomed. "The man to be afraid of is not the open Communist; it's the man who won't vote. For he is destroying self-government.

The Charlevoices, Mrs. Clare Webster, Mrs. Charles Bellinger, and Mrs. E. D. Hawley, sang two groups of numbers. President Robert C. Fochtman introduced the new directors. Charles Bleha paid tribute to E. J. Edwards, retiring director, and presented a gift from the Board. Mr. Edwards told how he had enjoyed service on the Board and welcomed the new Junior Chamber to Charlevoix. Secretary S. E. Coleman introduced guests from neighboring communities.

It's All Right To Rock Baby, Parents Are Told

Many modern theories of child care are being abandoned in favor of a return to old-fashioned ways, said Miss Hazel Hardacre in her lecture at the high school gymnasium last Wednesday.

Rocking the baby, and feeding it when it is hungry rather than just when a rigid schedule allows feeding, are two old ideas that are again receiving approval of child specialists, who have come to realize the necessity of loving care rather than text-book theories in raising children.

Public to Elect New Directors for Chest At May 17 Meeting

Successful in its first year in Charlevoix, the Conununity Chest will hold its annual meeting May 17 at the City Hall.

Started last November, the Chest aimed to combine the many social and welfare fund drives into one and to allocate the funds raised in as fair a way as it could. With a goal of $4250 for its first year, it has done this and saved work and bother for citizens of Charlevoix.

During the winter the Chest was organized legally as a non-profit corporation. The new by-laws required by the state law provide for an annual meeting, at which any resident of the community (both city and rural) can vote. At this meeting nine directors are to be elected.

These nine in turn will elect the usual four officers from their own number. The officers serve for one year only. Directors' terms are for three years, one third of the board retiring every year, thus providing for a more stable organization.

Friday night the directors of the temporary organization started last November met at the City Hall and set May 17 as the date for the annual meeting. They also received the report of Secretary Gordon Freedman for the work done so far.

The Chest has turned over to various causes a total of $3769.14. All administrative costs, including incorporation, have been only $84.88. There is a balance on hand of $522.68 for emergency needs.

Charlevoix to Welcome Fishermen at Perch Race

Steel Will Delay Opening of Bridge Until Late Fall

With good luck, the new bridge may be opened for traffic in October or November according to the present outlook.

The construction schedule called for the foundations to be ready for the first steel April 1. They were ready ten days before that. But no steel.

Now word comes from the Mt. Vernon Bridge Co., that steel may be shipped June 1, which means delivery here about June 10 or 15. If material comes along as fast as it is needed, three months are the estimate for putting the two bascule spans together.

After that remains the job of pouring more concrete, laying the floors of the spans, finishing the installation and testing of the machinery. Then the bridge will be ready for use.

Still remaining after all that is done is the clean-up job. The temporary bridge must be taken out. The dirt in the approaches hauled away, all the litter cleaned up and things put back as nearly in their original condition as possible in the winter. All that means some of the Lamb-Leudtke crews likely will be here into 1049.

Until the first steel arrives, the crews are making a few more pours of concrete and can remove the coffer dam around the south pier.

Band Wins Third Place Rating at State Festival

The Charlevoix high school band and their director, Clarence A. Odmark, will be hosts to one division of the Northern Michigan band festival next Thursday, May 13.

Ten bands of the 20 in District No. 2 of the Michigan Band and Orchestra Association will meet here with the remainder of the bands meeting in East Jordan the following day. This year, for the first time, it has become necessary to have two festivals because the event has grown to a point where one school is unable to care for all the bands in the district.

Included in the one-day event to be held in Charlevoix will be individual numbers by each participating band before an adjudicator; a parade on Bridge St. and a massed band concert Thursday evening at the high school gym under the direction of Ken Bovee, of Oxford, adudicator and guest conductor.

Following this performance, a parade led by the colors, will form at the school, march down Park ave., the length of Bridge street to Antrim St., and back to the gym where a massed band rehearsal will be held.

A 275 piece massed band will present a concert in the gym at 8:15 p. m. Thursday evening included on the program will be four overtures, three variety numbers and four marches concluding with the National Anthem.

J-Hop On May 15 Features End of School Season

Saturday, May 15, has been announced as the date for the annual J-Hop to be given in the high school gym by the Junior class for the graduating class.

Music will be furnished by the Fred Gleason orchestra of Traverse City.

Sally Swinton and Sally King are co-chairmen of the dance and are being assisted by Patsy Hamilton, Don Burke, Don Coney and Dick Jolliffe.

Special committees and chairmen are: music, Sally Swinton; refreshments, Sally King and Dick Jolliffe; bids, Don Coney; chaperones and advertising, Patsy Hamilton; decorations and clean-up Don Burke.

Anyone wishing a bid to the Hop may obtain it by leaving his name with a member of the Junior class or by calling the high school.

Citizens To Discuss Plan for New High School Next Tuesday Night

Citizens of the Charlevoix School District will receive a first hand report on the plans for the proposed new high school building here next Wednesday at the opening meeting in the school assembly room at 8 p. m.

Originally set for Thursday, the meeting has had to be changed to Wednesday.

On display will be the artist's sketch of the building and the floor plan of the new section. As outlined last week, the plan submitted to the Board of Education calls for erecting a new school in two sections. The first would house the now missing and badly needed laboratories and special rooms.

First among these would be an agricultural section and growing room. Because Charlevoix does not have these facilities, it has not been able to get the Smith-Hughes program or aid.

A new music room for the band would be in the new unit, as would a commercial room to take the place of the present small one.

It also would provide shops for both woodworking and metal. The present shop then could be used by the junior high pupils. A new science lab would enable the school to give a program in these fields not now possible.

Because the present heating plant was designed for a larger building, no new equipment would have to be added there, a saving of $15,000 or $20,000 compared to most buildings such as this.

The event next Wednesday will be a two-in-one. Besides the public meeting, the school will have an open house starting at 7 p. m. with the teachers in their rooms ready to confer with parents and patrons.

Father Stands Chance of Losing His Present Job

The question is whether or not father will get kicked out of his job as a result of his youngsters trying to be too helpful.

Stag Card Party To Be May 14

A stag cribbage party as a benefit for the Life Guard Fund will be staged by the Knights of Pythias at their hall May 14.

It will be at 8 p. m. All Pythians have tickets for the affair. Not only do the tickets admit to the hall and a chance to play, but they also include lunch and prizes.

VFW Games Party To Be May 15

Another benefit is being planned for the Life Guard Fund.

The VFW will put on a ham and chicken games party at the VFW Hall May 15 at 8:30 p. m. The proceeds will go to help hire beach guards this summer.

County Has Four Trucks to Trade In

The county is offering four and not six used trucks as trade-ins on the bids being asked by the Road Commission.

Bids are asked on four new 8-ton trucks and will be opened Monday. To trade-in on these the county has one 1935 Ford dump, two 1937 Ford dump and one—not three—1939 Ford dump trucks.

Local Talent Wins Five Show Prizes

Charlevoix talent won five of the six prizes awarded at the second annual Kiwanis Talent show last Thursday.

In the Junior division the Merica Sisters with their acrobatic tap act won first place; Thad Hegerberg, a six year old singer, won second; and Terry Coxo with his pony express recitation took third.

The Girls Trio was first in the adult division. Its members are Jacquellino Louiselle, Dorothy Young and Shirley Saurl. Accompanist was Suzanne Miles. Mrs. Grace Maxfield won second place with her piano solo. Virginio Smith, vocalist, was third. Prizes in each class were $25, $15 and $10.

Flint Couple Buys Tibbets Farm

Mr. and Mrs. Vernon Boyer of Flint have just purchased the 80 acre Douglas Tibbetts farm in Eveline township.

Mr. Boyer, a former Charlevoix County boy, plans to continue to work in Flint for a while. His family will move here as soon as school closes. The farm has a fine young cherry orchard set out by the late Mr. Tibbets.

Use Sturdy Ones!

Cleanup Week starts Saturday.

In order that the street crews can handle the accumulation all rubbish, ashes and other trash must be put in sturdy containers that can be handled conveniently. Have 'em at the curb starting Monday.

New Garbage Truck Is Put In Service Here

The new garbage and rubbish hauling truck of the Ed Harwood company is here now and already in service.

Painted white and green, the truck hauled its first load Tuesday.

Mounted on the rear of the GMC truck chassis is the big enclosed steel box which has a nine cubic yard capacity. At the rear is the steel hopper into which garbage and refuse is dumped. A hydraulic lift carries this hopper to the top of the tank where it automatically opens a trap door and dumps its load. The door promptly closes, this doing away with odor and blowing trash.

At the dump another hydraulic mechanism dumps the load.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

I was much interested in an article that Al Weber had in his column in the Cheboygan Observer last week. Al said in part: "Editor Strong of Grayling, in analyzing the needs of his home town, not only calls attention to local interest but to the interest of every northern Michigan town that seeks to encourage tourist and resort business. First question is "can a summer visitor buy a decent meal in your town (at popular prices)? We have been making the claim that Cheboygan profited more through tourists and summer visitors last year than any other small city in Michigan and we attribute that stepping up of business to our eating places. They are not all good, but some of them are as good as can be found in the State and that WORD HAS BEEN PASSED AROUND." . . . Well, if Grayling and Cheboygan can gain reputations for serving good food, why can't that reputation also be gained for Charlevoix at popular prices? There is nothing kills a town as quickly as to have tourists complain of poor food at excessive prices . . .

Remember all next week is Clean-Up, Paint-Up Week for Charlevoix. The "grime hunters" will be out en masse doing their bit to help the old town live up to its slogan of Charlevoix-the-Beautiful. It just takes the cooperation of every home owner to make his place and yard look as attractive as possible . . . Julius and Edith Gilbert of Dearborn were in town for a few days last week. Julius just had to get in on some of the fishing and friend wife was on the lookout for that winter accumulation of dirt in their Park avenue home.

Blanche Smith plans to go to Detroit to be there in time for Mother's Day. On her return she is planning a new venture. She is going to start a delicatessan shop so to speak. She will have jams, jellies, breads, salads and a hot dish for sale each day. What a boon that will be to the housewife who is also a working gal if she can dash by and get a bowl of chop suey to take on home for the evening meal, especially if the day has been a hard one at the office. Then, Mrs. Smith hopes to work into a Woman's Exchange with her food kitchen . . .

Dan, Alex and Fred McSaubie plan to go to Battle Creek this week to see Louis MsSaubie, who has been there for the past three weeks. Louis was at the Gaylord TB Sanitorium for the past winter months. He was sent to the Percy Jones Hospital so that a kidney operation might be performed . . . Charles A. Snyder was expected back in Ironton this week after spending the past few months in Battle Creek, Lexington and Bradenton, Fla. . . . Did you know there is a Charlevoix Building in downtown Detroit?

Remember Harker Kirby who used to work in the Central Drug Store for years? He is in town and mighty glad to be here. Mr. Kirby hails from Wyandotte where he is a pharmacist. He says that there are many former residents of Charlevoix now down in Detroit and its environs who are eagerly awaiting the day that they can return to the old home town to stay . . . Now we are told that this is the time to hie ourselves to the cellars and get out last year's canned fruit, vegetables, etc., and eat them so that we will have more empty cans to fill with fresh fruits and vegetables of this coming season. Mrs. Bert Staley had tulips in bloom by April 28. Usually they are not out until Decoration Day. Surely we have had a wonderful April.

Evelyn Hayward arrived in town this week. She has spent the winter months in Sioux City, Iowa and Chicago and is anxious to be back again, get her cottage at Sequanote open for the summer . . . "There was more traffic in the woods than on Main Street Sunday," said Clarence Heise, "The woods were full of

Parade Is Added Feature for Saturday; Conservation Head Will Present Fishing Awards

A parade, presentation of prizes by the Deputy Director of the Conservation Department, and a public concert have been added to the plans for the big Perch Race this week end.

Sponsored by the Junior Chamber of Commerce, the Perch Race is expected to pack Charlevoix this week end. All residents with vacant rooms which can be rented are asked to call 75, the Board of Commerce at the City Hall, and leave their names and what rooms they have available.

The JCC is asking this cooperation so that sportsmen who come here will take home good reports of Charlevoix's hospitality, and thus help to insure the success of future events.

The parade will be Saturday at noon. At 11:30 the line of march will assemble at the ball park and will come through the center of town at 12. In the parade will be a float representing winter sports at Mt. McSauba, and possibly one or two others depicting or phases of Charlevoix activities.

Youngsters with bikes are asked to decorate them and compete for two prizes, which will

Nita Brumm Wins Top 4-H Honors

Nita Brumm, daughter of Mr. and Mrs. Howard Brumm, walked off with top honors last Friday at the annual 4-H Achievement Day, held at East Jordan this year.

She was adjudged outstanding girl in the style revue with her tailored suit of brown wool skirt and matching check bolero

jacket. As winner, she will represent Charlevoix County at the Gaylord camp in July.

In the Style Revue, conducted by Miss Emma Fero, Charlevoix girls won six of the first ten places. They were Lois Wagner, Pat Jablinsky, Beverly Richardson, Joyce Murray, Fern Waffle and Nita Brumm. The other four were Aileen White and Joan Mathews of Boyne City, Sally Swafford and Esther Zitka of East Jordan.

Fifteen hundred articles were included in the 384 exhibits on display at the East Jordan school. More than 700 attended the event. Among the displays were a model of Bay Shore village by the club there, led by Ruth Hair. Marion Center Handicraft club had a furniture display, and the Barnard boys showed their barn model. William Parsons' machinery group had an exhibit of tractor parts damaged by improper care.

Annual Poppy Day Sale Will Be Held May 29

"A poppy in every coat—remembrance in every heart" will be the goal of the American Legion Auxiliary for the annual observance of Poppy Day here on Saturday, May 29.

Plans are being made by a committee headed by Lillian Ulrich, Auxiliary Poppy Chairman, for the annual sale. Teams of volunteer workers from the Auxiliary and cooperating organizations who give their time without pay, will be in charge of the sale. Contributions made for the poppies will go to the rehabilitation and child welfare funds and will be used for the benefit of disabled war veterans and needy children of veterans during the coming year.

Pavement Job Let to Company From Wyandotte

Work on the new pavement between here and Bay Shore probably will start this month according to word to The Courier from the State Highway Department.

A letter from Ralph F. Swan of the Department says that last Thursday the low bid on the 8.14 miles of new paving was submitted by the Loselle Construction Co., of Wyandotte. It was $491,815.71.

The paving "will start just west of the railroad tracks and run northeasterly to Bay Shore. Inasmuch as federal aid funds pay approximately half the cost of this project, it is necessary to secure approval from the Public Roads Administration. This bid was in line with the estimates on the cost of the work, and therefore we anticipate that the Public Roads Administration will give its approval to the bids.

Predator Claims Topic At Grange

W. J. Braid, conservation officer from West Branch, entertained 30 guests at a joint meeting of Barnard and Maple Grove Granges Friday evening.

He discussed the topic and answered questions on how to collect damages on sheep, chicken and turkey inflicted by predators. To conclude the program he showed technicolor movies.

Word was received here by Dr. G. B. Saltonstall Tuesday that Dr. Robert McClure of Calumet was killed when his plane crashed near there about 7:30 that evening. Dr. and Mrs. Saltonstall left for Calumet immediately.

Discontented Folks Here Should Visit Europe, Stanley Jancha Tells Kiwanis

If the folks in this country who think that the American way is not the best could live in Czechoslovakia for one week, they would have their eyes opened, Stanley Jancha told the Kiwanis Club Monday night.

Recently returned from a visit to his former homeland, Mr. Jancha spoke only of what he had seen and heard first hand. He told a story which illustrates the difference in conditions.

Russian soldiers were so impressed by the wonderful luxuries which the Moravian peasants had that whole regiments were shipped off to Siberia to keep them from spreading discontent in Russia. And in this country we would feel that the Moravian farmer lived in poverty with little or nothing in the way of conveniences.

The Czechs had to accept the Communist domination. First Germany and then Russia had despoiled their country. They literally were faced with starvation. Help from the United States under the Marshall Plan still was a far away dream. It they wanted to eat, they had to throw in with Russia. And if they had not done so, Russia would have moved in anyway.

Under the German rule, the Czechs were united. Now there is the Czech Communist party which makes for internal division. Mr. Jancha warned that the same split could and probably would happen here if another depression like 1932 came along.

"The Communists are organized here just as they were there and are just waiting for the right monent to take over. Then it's too late to do anything."

The Communists will let no one leave the country. If they want a house or building, they take it over and the owner has to hunt up other places to live. All the big land holdings have been broken up into small farms—and in five years he believes these will be nationalized.

Folks are scared to talk. Everyone has a job; if they don't they soon are put to digging ditches or anything the party orders.

But nobody knows if or when there will be a war. A United Europe, Mr. Jancha believes, is the only hope there. But he doesn't see how it ean be brought about.

Many Farm Groups Back Europe Trip

The sending of Walter Kirkpatrick, Antrim County Farm Agent, to Europe this summer is a project being backed by most or all of the farm organizations of northern Michigan.

Three weeks ago The Courier was informed that the Farm Bureau was sponsoring the trip. Walter Kemp of East Jordan, has brought us word direct from Mr. Kirkpatrick that the sponsoring group is the Northern Michigan Agricultural Planning Commission, which is asking all farm and other organizations to join in helping finance the trip.

Band Wins Third Rating At State Meet

The Charlevoix high school's band received a third division rating at the State Band and Orchestra Festival at East Lansing Saturday, Director Clarence Odmark reports.

The group received three third division ratings in concert work and a second division rating in sight reading.

The band previously received a second division grade at the qualifying festival at Traverse City on April 2.

In an effort to cut down on the number of bands attending the larger festivals, the judges have been instructed to to be more critical in their grades, thus making lower ratings the rule.

Mr. Odmark said the band played well and had gained much valuable experience by going to Lansing.

"Charlevoix can be proud of the way they played, and the way they behaved," he said.

Mrs, Walter Bergeon and Mrs. Odmark accompanied the group as chaperons. The two majorettes, Jackie Louiselle and Joan Stevens, also made the trip.

The members of the school band are:

Flutes: Francis Partridge, Dudley Towe, Barbara Bice.

Clarinets: Sally Swinton, Sue Miles, Dwight Smith, Shirley Smith, Pat Hamlin, Marge Brow, Carolyn Smith, Leona Scott, Dorothy Allers.

Saxes: Nancy Kipke, Joyce Paul, Marilyn Blissett, June Guild.

Cornets: Bob Carey, Glenn Cook, Janet Bulow, Jim Gibbons, John Publow, Dick Donaldson.

Horns: Joan Brumm, Phyllis Trimble, Charles Krahnke.

Baritones: Sue Webster, Pat Hamilton.

Trombones: Bob Shanahan, Bill Carey, Tom Bleha, Nita Brumm.

Basses: Jim Niswander, Bruce Shanahan, Roger Sweet.

Drums: Nick Hamilton, Bob Bartlett, Bobby Richards.

Tympani: Joyce McGhan.

Drum majorettes: Jackie Louiselle and Joan Stevens.

On Thursday, May 13, the Charlevoix band will be hosts to about eight other bands in this district when one section of the Northern Michigan band Festival is held here. Ken Bovee, director of the Oxford high school band, will be the adjudicator and guest conductor.

Ottawas Will Hold Meeting June 5

Miner Postmus Rites Are Held Monday Afternoon

ELLSWORTH — Funeral services for Miner A. Postmus, 81, who died late Friday at the home of a son, August, four miles south of here, after an illness of six months, were held Monday afternoon at the Christian Reformed church, with Rev. G. A. Lyzinga officiating.

Burial was in Ellsworth cemetery. Mr. Postmus was born Feb. 24, 1867 in The Netherlands, came to the United States in 1887 and was employed for 15 years by Phoenix Furniture Co., Grand Rapids.

In 1905 the family moved to the farm on the Banks-Central Lake township line until they moved to Ellsworth in 1929. Mr. Postmus was well known as an agent for books and for the "Banner" and "De Wachter", church papers, and had the unusual distinction of having served as elder with all nine pastors of the local church before retiring Jan. 1.

He married Gertie Bouma at Grand Rapids on Oct. 18, 1891 and the couple celebrated their 53rd wedding anniversary in 1944 before her death on Dec. 4 that year. On April 2, 1946 he married Mrs. Rena Vanderheide, who survives. There are five sons, August of Fairview, Gerrit of Mitchell, Dr. George and Clarence of Grand Rapids, and Sam of Kalamazoo; two daughters, Mrs. Bessie Woldijk of Grand Rapids and Mrs. Albert Fielstra of Ellsworth; 22 grandchildren and six great-grand children, and two brothers, Sam and John of Grand Rapids.

Chest Aids Cancer Fund—So No Drive

The Charlevoix county chapter of the American Cancer Society has opened an educational program in the county to be followed by a campaign to raise $1,064.86, this county's quota in the annual drive for funds to continue research, medical aid and education in the field of cancer. Last year $2,086.78 was raised.

The city of Charlevoix will conduct an educational program carried on by Mrs. Walter Bergeon, county educational chairman, but will have no fund raising drive since they were one of the organizations aided by the 1947 Community Chest drive.

Anyone wishing to make a contribution to the present drive may leave their contribution with Frances Martin, county commander, Mrs. Bergeon, Mrs. Dean Davenport, city captain; Mrs. Gordon Freedman, City campaign chairman. Literature may be obtained from Mrs. Bergeon.

Hospital, Police Cleared In Death

The Charlevoix Hospital, city police and the sheriff's office all were completely cleared Thursday by a coroner's jury of any responsibility in the death of Otto Nelson April 5.

The verdict, which took only five minutes to reach, was that death resulted from alcoholism.

Coroner F. F. McMillan presided at the inquest in the circuit court room. Witnesses who testified were Dr. Robert McClintock, the patient's physician; Drs. G. B. Saltonstall and L. E. Grate, retained by Mr. Nelson's brother; Nurses Leona McDonald and Ann Wilson from the hospital; Officer Homer Brady; and Cecil Kennedy.

Their evidence together gave a connected story of Mr. Nelson's going to the hospital, of being treated there for a bad case of alcoholism; of becoming a danger to other patients. When two nurses could not restrain him, on the advice of his doctor, he was taken ta the jail. There he threshed around despite sedatives and finally fell heavily, dying soon afterward.

A report from the head pathologist of the University Hospital said there was no evidence of fatal head injury but plenty of alcoholism. The testimony of the local doctors was the same. Three other facts were established by the testimony:

No force was used, or had to be used, on Mr. Nelson to get him from the hospital to the jail or at the jail. He did not have the head wound shortly before he fell the second and last time in his cell. Sedatives had little effect and he was out of his head much of the time.

Sam's Hens Wear Spectacles!

Yes, it's a fact! Sam's brood of two dozen hens are wearing spectacles—which he bought from a mail-order house in Capitol City.

Sam says it works (and big poultry raisers say so, too). The hens see each other through soft colored glasses, and instead of fighting and picking at each other, they go around placidly, gain weight, and lay more eggs.

Makes me almost wish we could have rose-colored glasses for human beings, too. So that instead of quarreling and criticizing, like we do so much of the time, we'd live and let live in contentment.

From where I sit, the human race wastes a powerful lot of time in wrangling over minor issues ... whether a man should drink beer or cider ... whether a woman should wear slacks or skirts ... instead of seeing each other through "spectacles" of tolerance that could let us live-and-let-live like Sam's brood of chickens.

SAVE GAS? ... ME?

The *experts* are giving contradictory reports about this season's supply of gasoline. Some predict a shortage—others say "maybe." Frankly, we don't know nor can anyone safely forecast what will happen within the next few months. Obviously, inadequate transportation is the limiting factor—if we get the oil you will get the gas ... Power Flight, that is. In the meantime everyone should ration himself and conserve gasoline. A surprising amount of gasoline can be saved if you drive moderately, avoid gunning, take it easy when stopping and starting. Check the carburetor, valves, rings and spark plugs to get the best mileage—and use Power Flight gasoline which gives top performance with economical operation.

Money Down a Rat Hole

In this issue appears the full report of the County Road Commission. It makes interesting although lengthy reading and tells the citizens of each township just how the money was used in their bailiwick.

To me, the most scandalous information it conveys is the continued and large scale waste of money, year after year which the report reveals. Few right-minded citizens object to using public money to maintain or to build roads which benefit all. But no one likes to see money spent continuously and no permanent benefit obtained for it.

And that is just what snow removal is —money down a rat hole. It is necessary at the time, but all the same when spring comes there is nothing to show for it except a big deficit on the books.

For this reason The Courier is strongly in favor of the program which the Road Commission would like to push faster and cannot. That is to keep the snow off the roads.

Experience has shown this can be done in two ways. First is by better grading in cuts which usually plug full of snow. The other is by planting evergreen windbreaks which are better than snow fences and do not require $4716 a year to put up and take down.

Some snow removal always will be necessary. But road men say the major part of the cost is caused by the bad spots—it costs comparatively little to plow fallen snow—it is the drifted stuff which means red ink.

No one likes the continued cost, especially in these days when public money is becoming scarcer.

The remedy to this one trouble is known. It is up to the public, especially the rural public, to support an aggressive program of roadside tree planting and regrading.

WHAT'S COOKING . . .

SUBSCRIPTION DUE?

Got a letter from The Courier,
Postman brought it just today--
"Dear Subscriber", it was headed,
This is what it had to say:

"Do you like to read our paper,"
It started out in friendliness
And as there's but just one answer,
Nodding head I think "why yes".

Then it says that my subscription
Is past due, remains unpaid,
And if I don't want the paper,
Then the right move I have made.

"We do not want to send to those,
Who do not care to get it,
And will assume unless we hear,
That you just want to quit it."

The Bureau of Circulation,
And it's rules I'd never break,
So please, dear Publisher,
Here's three-fifty you may take.

And, just keep the Courier coming,
For it brings "home-town" to me
And I sure enjoy its reading
And its darn well worth the fee.

—"Old Timer"
Charles Hampton,
Dayton, Ohio.

It would have been fun to have been a little mouse in the Domestic Science room up at high school last week. And you would have seen a real party.

The occasion was a round-up of a cooking project that the 16 girls in the 10th grade under the direction of Aill Gustafson have been working on for some weeks. They prepared and served a tid-bit buffet, under the glamorizing name of Smorgasbord. Some fifty folks were present for the occasion.

Peasant cloths were put on the tables. On the big smorgasbord table four lighted tapers graced the center of the table. Tapers had been placed in 5c custard cups. Water was poured in the cups and daffodils were laid about the tapers.

Then the smorgasbord: the menu consisted of Swedish meat balls, a cold meat plate, baked beans, molded fruit ring, pickled beets and onions, relish dishes of cottage cheese with caraway seed, sweet pickles, cheeses, olives and radishes.

"During the year the girls get the practical side of cooking," said Mrs. Gustafson. "Also, girls get this in their own homes. We wanted to make this occasion a glamourized one to let the girls realize there is real romance in cooking and serving an attractive meal." The girls really did it and I am very proud of them."

We begged Mrs. Gustafson for some of the recipes of the good things they had to eat. Here are some of them:

Swedish Meat Balls

1½ cups soft bread crumbs
¾ cup milk
¼ teaspoon nutmeg
1½ teaspoon salt
⅛ teaspoon pepper
3 tablespoons chopped onion
4 tablespoons butter or margarine
1 pound ground beef
1 egg, slightly beaten
1 can of consomme
1½ tablespoons flour
1½ tablespoons water

Soften bread crumbs in milk. Cook onions in half the margarine for five minutes, add to bread crumbs. Add beef, nutmeg, salt, pepper and egg. Form into balls about 1 inch in diameter and saute in remaining margarine about 10 minutes. Add consomme, cover and simmer gently five minutes. Remove meat to serving dish. Blend flour and water together and add to consomme, stir until smooth and thickened; pour over meat balls. Makes about 40 balls.

Fish-Flake Mold

1½ tablespoon gelatine
1¾ cups cold water
1 can condensed tomato soup
1 teaspoon salt
Dash of pepper
⅛ teaspoon sugar
1 teaspoon horse radish
3 tablespoon lemon juice
1½ cups fish flakes (cooked white fish, canned salmon, grated tuna or LaBlance's smoked fish is excellent in this dish).

Soften gelatine in ½ cup water. Combine remaining water with tomato soup, heat to boiling; add gelatine, stir until dissolved. Add salt, pepper, sugar, horseradish and lemon juice. Chill until slightly thickened. Add fish flakes. Pour into mold and chill until firm. Unmold to serve. Decorate with mayonnaise type salad dressing — plus lemon wedges and slices of stuffed olives.

Pickled Beets and Onions

1 cup cider vinegar
2/3 cup water
½ cup sugar
¼ teaspoon whole cloves
Salt to taste
3 cups sliced, cooked beets
1 large onion, sliced

Combine vinegar, water, sugar, cloves and salt in sauce pan, and bring to boil. Simmer for about 5 minutes. Add beets and onions simmer 5 minutes more. Remove from heat, place in covered container and store in refrigerator several hours. Makes 1 quart.

Life Station Has New Picket Boat

The Charlevoix Lifeboat Station now has a new picket boat which replaces the old boat stationed here for many years. Commanding Officer Joseph Etienne has announced.

The new 38 foot craft is diesel propelled.

The new boat was delivered at Mackinaw City by the tender Mesquite. The local truck picked it up and returned it here.

The Craft Corner is a non-profit, hospital benefit project.

Winnick-Whitley Nuptials Saturday

Miss Dorothy M. Winnick, daughter of Mr. and Mrs. Peter J. Winnick, became the bride of Jerome W. Whitley, son of Mrs. Ray Whitley of Charlevoix and Detroit, at a double ring service performed before the Blessed Virgin altar at St. Mary's church at 11:30 Saturday.

Rev. Leo Zeilinski read the double ring servlce in the presence of 80 guests. The altar was decorated with pink and white snapdragons.

Given in marriage by her father, the bride wore a white satin gown fashioned with fitted bodice and long sleeves. Her cathedral length veil fell from an orange-blossom tiara and she carried a bouquet of white roses. Her only jewelry was a gold cross, a family heirloom which had been worn by 13 other brides in her mother's family.

Miss Delores Winnick, sister of the bride, as maid of honor, wore a pink marquisette and taffeta gown fashioned like the bride's. She wore a matching floral headdress and carried a white satin muff, topped with pink roses.

Miss Bonnie Barber and Miss Delores Pfeiffer of Chicago, cousins of the bride, were bridesmaids. Miss Barber wore a yellow taffeta gown and Miss Pfeiffer, blue marquisette. They wore matching headdresses and carried bouquet of talisman roses.

Charles Bennett assisted the bridegroom as best man. Ray Whitley ,brother of the bridegroom, was groomsman.

For her daughter's wedding, Mrs. Winnick selected a navy and pink print gown with navy and white accessories. Mrs. Whitley wore a black gown with pink accents and pink and black accessories. Both had corsages of pink roses.

Following the service a wedding dinner was held at the home of the bride's parents. Places for 60 were laid at tables decorated with spring bouquets and lighted tapers.

A reception for more than 300 guests was held at Maple Grove on Saturday evening. A four-tiered wedding cake centered the large refreshment table which was decorated with spring flowers.

The couple left on a ten-day wedding trip to Massachusetts. For traveling the bride selected a brown suit, matching accessories and a corsage of roses. They will make their home at 209 W. Hurlbut ave.

Out of town guests included Mrs. Frank Antolik of Sessor, Ill.; Mr. and Mrs. William Pfeiffer and daughter, Delores and son, Edward Gordus, Logan Martin, Miss Sabina Antolik, Mrs. Tony Wertel and son, Toney of Chicago; Joe Domine of St. Louis, Mo.; Mr. and Mrs. Thomas Winnick and son, Gerald and daughter, Rose of Flint; Richard Radford of Evergreen Park, Ill.; Mrs. Allen Winnick of Petoskey, Mr. and Mrs. James Landis, Miss Betty Arsenault and Louis McKenzie of Detroit.

Parade to Be New Feature Of Perch Race

(Continued from page 1)

be awarded on the basis of originality and decorations.

The fire truck will be loaded with some of the veteran fishermen of the community and will take part. The Coast Guard will have some equipment in the line. The band from Charlevoix will play, as will a Little German Band from the Petoskey school.

Several have offered to ride horses in the parade. The Foster Boat Co. will have a display mounted on a truck. The Boy Scouts and Girl Scouts will be out in force as will the American Legion and the VFW who also will be asked to provide the colors.

The prizes for the bike contest and the Perch Race events will be on display in the Geiken Store window Thursday and Friday. Saturday they will be at the JCC information booth tent in the park.

Friday night the Charlevoix City band will give a concert, weather permitting, in the city park.

Saturday night awards will be presented in the park by Robert McLaughlin, deputy commissioner of the State Department of Conservation, who is making a special trip here for the Perch Race.

All contestants who want to take part in the Perch Race events and compete for the prizes must register at the JCC Information Booth starting at 9 a. m. Saturday. The same is true for those wishing to enter the Skeet Shoot Sunday morning.

Negro Tenor Will Sing Here Tuesday

Mrs. Ethel King returned Saturday to Petoskey after a two weeks visit with her daughter and son-in-law, Mr. and Mrs. Frank Paquette.

Mr. and Mrs. Lonney Hamlin are the proud owners of a new Chevrolet.

James O'Brien, Jr., of Detroit visited over the week end with his parents, Mr. and Mrs. James O'Brien, Sr.

Flint was well represented in Charlevoix over the week end as nine members from the staff of Kearsly high school were here for the smelt dip. Also Dale Collett, coach of Gaylord high school, formerly of Kearsly completed their party of ten.

Barney and Grace Englehart of Camp Charlevoix entertained 13 couples at a smelt dip Wednesday evening. After good catch they proceeded to the club house for a big fish fry. Several of the women contacted smelt fever, from which, witnesses say, they never will recover.

Al MacDonald of Ann Arbor is near death in University Hospital with a heart attack.

The Harold Blain and the Tunison homes have been conneeted to electricity this week.

Dr. Gibbons Named Coast Guard Dentist

Dr. Gerald Gibbons has just received his appointment as designated dentist to the Coast Guard here.

The appointment came from the Federal Security Agency of the Public Health Service. A graduate of the universities of St. Louis and Toronto, he taught at St. Louis until 1927 when he started private practice in Detroit. Three years ago he moved to Charlevoix. He is a member of the American, Detroit District and State Dental societies and of Delta Sigma Delta, the professional fraternity.

From where I sit ... by Joe Marsh

"What's Your Opinion, Mister?"

Fellow from one of those public opinion polls was in Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

So long as people can discuss *both* sides of a question that comes up—whether it concerns short skirts versus long, beer compared with cider, or the larger issues of party versus party—we're sure of the individual liberty that has made this country great.

For it isn't differences of opinion that matter. The important thing is *tolerance* for differences of opinion—whether they affect the right of an individual to vote, to speak his mind, or enjoy a glass of beer. They're all parts of the freedom that we cherish!

IT HAPPENED ON . . . .
BEAVER ISLAND

By Mrs. J. C. Hanley

The North Shore has begun daily trips (Sunday excepted) and for the month of May will start from the Island.

The Mary Margaret put in an appearance Tuesday and lay anchored at Gallgher's dock for two days. Captain LeRoy Allers took advantage of the beautiful weather and the filtered Beaver air to paint the deck and touch up the boat.

Mr. and Mrs. W. O. Wright returned to their Island home after spending the winter in Petoskey.

Mrs. Carrie Sonderegger arrived Tuesday. She spent the winter months in New York.

Gus Mielkie and crew have been resurfacing Beaver Island's airport during the past two weeks. Recently Tracy Southworth, Traverse City, member of the State Aeronautics Association, was here to make suggestions for improving the airport.

Beaver Island's whispering man Pat LaFreniere, had to go about using the sign language, writing notes and whispering for almost a week. Being so afflicted from a bad case of laryngitis, Pat was indeed handicapped.

Dr. and Mrs. Russell Palmer have returned from their spring vacation.

Frank Skopp, Chicago, spent several days on the Island visiting among relatives and friends.

Word was received Wednesday of the death of Sister Helen Marie, aunt of one of our teachers, Sister Rose. Sister Helen Marie, who spent several weeks on the Island last fall, died at the Mother house, Marywood, in Grand Rapids.

It was a welcome sight to see the tug, St. Theresa, return to Beaver harbor this past week with Ernie Lonoos aboard. Ernie suffered a severe heart attack during the winter. The Lonoos have been coming to the Beavers for years to fish for suckers and claim the Island as their second home.

Perch is perch when one is pulled out of the harbor weighing 1⅞ lbs. and better than 16 inches long. Father Fabian is the angler who caught this one on the hook. Towards the end of the "fish shanty" season. Art Miller pulled out a perch that weighed three pounds when dressed.

"Lefty" Tonsey, our Toledo ambassador, sends word he won't be up until August, but bets are running high that he'll be up with the first nod of the rag weed.

Sam Rogers, East Jordan, member of the County Road Commission, flew over for a short stay on the Island.

Mr. and Mrs. Lee Gallagher, Chicago, announce the birth of a son, Kenneth Allen, April 27. Mr. and Mrs. James H. Gallagher and Mr. and Mrs. Tony Wojan are the grandparents.

The large wooden water tower that stood for years in the back yard of the King Strang Hotel came down with a BANG Friday. The gasoline powered tank built by the late Everett Cole, one time owner of the hotel, stood high and mighty and was somewhat of an ornament, but is was feared strong winds would some day send it down in the wrong direction. Walter Wojan engineered the down fall of the old tank.

Mr. and Mrs. Vernon LaFreniere flew to the mainland Sunday morning with their son, Leon, They returned Sunday afternoon with their infant son, Paul, who has been a patient in Little Traverse Hospital for the past week.

Baby hats, booties, sweaters, bibs at the Craft Corner. Phone 422.

Better Looking Lawns Is Goal Of Island Contest

"Ladies Night" designated to interest the wives of the members of Beaver Island's Board of Commerce in civic projects, proved to be a successful idea.

At the meeting held Tuesday evening at the King Strang Hotel a representative number of husbands and wives attended.

Fred Spalding, president, welcomed the ladies and asked their cooperation in the work planned. A contest to act as an incentive to encourage beautifying the Island lawns was decided upon. The ladies were asked to undertake this project. Mrs. Margaret Hanley volunteered to act as chairman with Mrs. Fred Spalding, Mrs. James W. Gallagher and Mrs. Rolland McCann as assistants.

Prizes will be divided between two winners, the ones whose yard shows the greatest improvement and the one whose yard is most attractive.

Beaver Island's businessmen are behind this contest and have contributed the following prizes:

McDonough's Store, $5.00 in groceries; LaFreniere's Store, $5.00 in groceries; Shramrock, Case of refreshments, 1 carton cigarettes; Joe Gallagher, 5 lbs. white fish; Bub Burke, Taxi ride around the Island; Pine Tree Dairy, one week's supply of milk; King Strang Hotel, Sunday dinner at the hotel; Lyons Bros., round trip to the mainland; Mike Cull, 5 lbs. fish; Lawrence Malloy, meat for Sunday dinner; James Gallagher, 2 weeks supply of ice or the equivalent in fish; Charlevoix Courier, One years subscription, $2.50 in want ads; Beaver Island Board of Commerce, one year's membership.

Any additional prizes will be listed later.

After the business meeting, refreshments were served in the hotel dining room. Beaver Island's trio, Fred Spalding, Mrs. Walter Wojan and Jewell Gillespie furnished music for the evening.

Bingo Club Closes Year With Dinner

The Wednesday Bingo Club closed their year of fun with a chicken dinner at the Kewadin church, Kewadin, on Wednesday.

Twelve of the 17 members made the trip for the one o'clock dinner. A feature of the meal was a large birthday cake honoring Mrs. Grant Crandall's birthday anniversary.

Those present were Mrs. Plenny Gennett, Mrs. Charles Munyon, Mrs. Frank Allison, Mrs. Alonzo Powers, Mrs. Zilda Plumondon, Mrs. M. Clark, Mrs. Walter Yemmans, Mrs. Fred Bergmann, Mrs. John Bugbee, Mrs. Frank Supernaw and Mrs. Florence King.

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employes reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15½ cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15½ cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employes have accepted. They have called a strike to get more!

Unions refuse rules discussion

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employes in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board, after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of dispates?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and fireman for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

Madonna McDonough Is Honor Student

Madonna McDonough, daughter of Mr. and Mrs. Bert McDonough of Saint James, has been named the honor student of her class. Miss McDonough has merited this distinction by earning the highest number of honor points in her class during her four years in high school.

Beginning her scholastic career at Green-town School on Beaver Island, Madonna spent the next two years in Chicago, returning

to the Island in the third grade when she enrolled in Saint James school which she has since attended.

Miss McDonough has held positions of responsibility throughout her four years in high school. She was elected class president during both her junior and senior year. She was in charge of the Junior-Senior banquet and prom in 1947. She has been an active member of the Sodality and held the office of secretary in her junior year and has been prefect in her senior year.

Miss McDonough has been a member of the Glee Club during her four years in high school and had a leading role in the Christmas play during her junior year.

Explanation of Cash Receipts

It should be noted that the summary of Cash Receipts and Disbursements represents direct credits and debits (charges) to the accounts listed and does not necessarily designate the balance of each account. In the accounting procedure of the Uniform Accounting System made mandatory by the State, these direct entries are made to indicate from where the recipts originate and the disbursements are allocated. To complete the picture of receipts and expenditures, transfers must be made from various accounts to correctly charge that account with its rightful share of income or expense.

Weight and Gasoline Tax Receipts: $102,048.18

From the license plates purchased in Charlevoix County, seven-eights of the amount is returned to the Charlevoix County Road Commission and the balance of one-eighth is pooled into one fund and distributed equally with the 83 counties of the State. The Weight Tax amounted to $91,905.71.

The Gasoline Tax received was Charlevoix County's share of the $2,550,000.00 which was designated by the Legislature to be returned to the counties to defray one-half of the reduction in Weight Tax revenues that were lowered in 1934. It is distributed on the same basis as the Weight Tax and amounted to $10,142.47.

McNitt Fund Payments: $37,146.98

This represents a payment from the Gasoline Tax Revenues of the State of Charlevoix County's share of $4,000,000.00 for Maintaining former township roads merged into the County Road Systems under the McNitt Act. It is distributed among the counties on the basis of certified mileage of such roads in each county. Charlevoix County has 640.5 miles of McNitt (Township) Roads certified as of April 1, 1947. The mileage of each township is designated later under the cost report of each township.

Liquor Tax Payments: $19,453.71

This item was granted the counties effective May 14, 1045 and existed for two years, ending May 14, 1947 by action of the Legislature. This revenue now goes to the State to help recover the loss of Sales Tax revenue through diversion of the tax by public approval of the so-called No. 2 Amendment. The loss of this revenue was the contributing factor to the request given the Townships for payment of snow removal during the 1947-48 season, as this revenue amounted to $32,826.61 in 1940.

Snow Removal Payments: $2,929.06

From the Gasoline Tax Revenues the State allocated $2o0,000.00 to aid in meeting the snow removal costs of County Roads. It is distributed among those counties of the State having 60 inch or over snowfall during the preceding winter. Because of the unprecedented snowfall of 1046, more counties shared this allocation and whereas Charlevoix received $5,120.60 during 1040, the payment in 1947 was less than half of the 1046 figures as more counties shared this revenue.

The above category of receipts constitute the main revenue received from taxes. The balance of the receipts are self-explanatory.

Your County Road Commission enters yearly into a contract with the State Highway Department and maintains 07.8 miles of State Highway within and adjacent to Charlevoix County. This contract pays a stipulated rate for rental of equipment, so that operating expense, ordinary repair and the cost of the equipment used is replaced in its ordinary life expectancy. Compensation Insurance and an overhead percentage is allowed for administration bookkeeping, etc., and this amount covers the salary of the County Engineer-Superintendent and Consulting Engineer, thus relieving the County of the expenditure of the cost of this supervision. This will be noted on the breakdown of General Expense to be found in later pages.

Because we feel that the public is more interested in the expenditure of these funds than from whence they orignate the following is detailed to give as complete a picture as possible of these expenditures.

COUNTY CONSTRUCTION

Cash Expenditures	$ 8,825.27	
Debit Transfers	6,370.75	15,198.02
Cash Receipts	8,329.66	
Credit Transfers	41.33	8,370.00
Total Expenditure for County Construction		$ 6,825.03

This expenditure consisted mainly of work in completing the Ellsworth Road and Bituminous Surface treatment of the same. Plans and preliminary work done on five other projects. The County contracted to blacktop this section and in so doing saved the public considerable amount of money. Inasmuch as this road is considered under the Federal Secondary Road Program the Federal and State Funds compensated for 50% of the work completed. Cash receipts in the above account indicated the amount returned and the Debit transfers designate that amount paid for materials, equipment rental, etc. The Cash expenditures consist mainly of Labor and direct charges for material, etc.

STATE HIGHWAY MAINTENANCE

Cash Expenditures	$38,363.43	
Debit Transfers	42,552.42	80,015.85
Cash Receipts	83,067.10	
Credit Transfers	469.18	83,538.28
Balance due from State Highway Jan. 1, 1948		$17,379.57

Inasmuch as the above expenditures and receipts are from contract arrangements made between the County Road Commission and the State Highway Department and are audited once each year by State Highway Department Auditors a breakdown of these figures is not felt necessary in this report, however, this information is available to anyone who desires to contact the Road Commission office. It is interesting to note, however, that in the above Cash Expenditures the amount of $28,536.83 was for payroll expense and the balance of Cash Expenditures for Materials, etc. The Debit transfers consist of $24,843.23 paid for Equipment Rental, the balance for materials, etc.

COUNTY ROAD MAINTENANCE

This expenditure consists of labor and materials used on the County Roads and a complete breakdown follows. It should be noted that since January 1, 1946 the County Roads are divided into two sections encompassing the former twenty three roads that existed before that date. The Commission adopted this method to simplify the accounting procedure and thus have time to obtain other valuable information with the minimum of office help.

SECTION ONE:

This section consists of all former county roads existing south of a line extending from the State Highway Bridge at Charlevoix, thence in a diagonal line through the center of Lake Charlevoix to Boyne City thence following M-75 to US-131 and south to the County Line.

*This item is for Black Topping of Kings Highway on Beaver Island, the balance of the cost is distributed between St. James and Peaine Townships as it falls into the category of Township Roads Maintenance.

Township Roads Maintenance

The following breakdown of Township or McNitt Roads cost is for the year of 1047 and in the costs of Snowplowing should not be misconstrued to encompass the cost as reported during 1947. Snowplowing costs as billed to the Townships will be from July 1st to July 1st. This will be the expense of erection of snow fences and costs of snowplowing township roads from the date of beginning in the fall of the year to the dismantling of fences in the spring.

Snow Removal costs for the 1946-47 Winter Season is compiled at the end of this report on Township Maintenance and costs will be published as soon as possible for the 1947-1940 season.

Total Cash Expenditures	$30,899.13	
Total Debit Transfers	55,579.03	94,478.10
Total Cash Receipts	$16,003.71	
Total Chedit Transfers	4,424.75	15,328.46
Total cost of Township Roads Maintenance		$79,149.70

It will be noted that the cost of Township Maintenance was more than twice the amount received from the McNitt Fund for this purpose. This cost will be lowered somewhat after the Township payments for Snow Removal.
